

Virtual Freedom: How To Work With Virtual Staff To Buy More Time, Become More Productive, And Build Your Dream Business

This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned with determinate sentence prisoners, lifers and recalled prisoners. A wide range of significant issues, and case law, has arisen as a result of these changes, which the contributors to this book, leading authorities in the field, aim to explore.

Gain Flexibility And Freedom By Offering Services Online Are you looking for a business that you can run from the comfort of your home? A business that you can start in just a few simple steps? Maybe you've heard about Virtual Assistants (VAs) but don't really know what they do. Or perhaps you know that starting a VA business would be a great fit, but you're unsure how to get started. Whether you're new to the idea of working online or looking to expand your skills and create a sustainable income, this book is for you. **Make Money As A Virtual Assistant** contains all the essential tools and resources in a step-by-step guide that will help you set up and grow your own business. Drawing on her wealth of experience, Gina Horkey dispels common myths and breaks down each part of the process, leaving you with practical action steps that are simple to follow. Discover how to: * Turn your existing skills into services that are in-demand * Establish your online presence and attract clients * Work out your rate and get paid easily * Find and pitch your ideal clients * Scale your business and increase your profits When you follow the steps in **Make Money As A Virtual Assistant**, you'll see for yourself why becoming a VA is not only a great idea, but is an area that is rapidly growing in the online space. In this book, you'll discover that the opportunities are endless, if you're willing to do the work. Many people dream of creating a work-from-home business but are afraid of pitching their services and marketing their skills. With humor and understanding, the author tackles those fears and provides templates and checklists so you can begin filling your client roster in just a few weeks. If you're looking for a career that provides flexibility, the opportunity to use current skills and learn new ones, hours that suit you and unlimited earning potential, this book will guide you every step of the way. Are you ready to start your dream career as a Virtual Assistant? Get your copy today by clicking 'Buy Now'!

Prior to the abolition of slavery, thousands of African-descended people in the

Americas lived in freedom. Their efforts to navigate daily life and negotiate the boundaries of racial difference challenged the foundations of white authority--and linked the Americas together. In *Black Freedom in the Age of Slavery* John Garrison Marks examines how these individuals built lives in freedom for themselves and their families in two of the Atlantic World's most important urban centers: Cartagena, along the Caribbean coast of modern-day Colombia, and Charleston, in the lowcountry of North America's Atlantic coast. Marks reveals how skills, knowledge, reputation, and personal relationships helped free people of color improve their fortunes and achieve social distinction in ways that undermined whites' claims to racial superiority. Built upon research conducted on three continents, this book takes a comparative approach to understanding the contours of black freedom in the Americas. It reveals in new detail the creative and persistent attempts of free black people to improve their lives and that of their families. It examines how various paths to freedom, responses to the Haitian Revolution, opportunities to engage in skilled labor, involvement with social institutions, and the role of the church all helped shape the lived experience of free people of color in the Atlantic World. As free people of color worked to improve their individual circumstances, staking claims to rights, privileges, and distinctions not typically afforded to those of African descent, they engaged with white elites and state authorities in ways that challenged prevailing racial attitudes. While whites across the Americas shared common doubts about the ability of African-descended people to survive in freedom or contribute meaningfully to society, free black people in Cartagena, Charleston, and beyond conducted themselves in ways that exposed cracks in the foundations of American racial hierarchies. Their actions represented early contributions to the long fight for recognition, civil rights, and racial justice that continues today.

DIV This landmark book looks at what it means to be a multiracial couple in the United States today. *Our Hearts* begins with a look back at a 1925 case in which a two-month marriage ends with a man suing his wife for misrepresentation of her race, and shows how our society has yet to come to terms with interracial marriage. Angela Onwuachi-Willig examines the issue by drawing from a variety of sources, including her own experiences. She argues that housing law, family law, and employment law fail, in important ways, to protect multiracial couples. In a society in which marriage is used to give, withhold, and take away status—in the workplace and elsewhere—she says interracial couples are at a disadvantage, which is only exacerbated by current law. /div

needs right now. Whether it shows up as stress, top-down leadership styles, drama, or uncertainty, fear kills good decision-making, dampens morale, lowers employee engagement, and hurts bottom-line growth. The good news is that there's an antidote: Freedom at Work. More than two decades ago, Traci Fenton started a movement of leaders committed to leading themselves, their teams, and their businesses on the principles of freedom and organizational democracy—rather than fear and control. In this groundbreaking book, Fenton brings together decades of original research, based on her team's work with hundreds of top companies around the world, such as The WD-40 Company, DaVita, Menlo Innovations, Zappos, Widen, HCL Technologies, Mindvalley and more, revealing the proven pathway to leadership success. This powerful leadership strategy will benefit any leader at any level in any type of organization, from entrepreneurs to mid-level managers to the C-suite. Freedom at Work is based on three key pillars: □ Freedom-Centered Mindset, to break through limitations, make better decisions, and act with clarity and confidence. □ Freedom-Centered Leadership, to lead yourself and others from a place of freedom rather than fear □ Freedom-Centered Organizational Design, an optimal model based on the 10 principles of organizational democracy For leaders who are passionate about advancing freedom and democracy in our world through the way we design our business, Freedom at Work is a revolutionary guide that will help make any organization high-performing and highly profitable, while creating a culture people love. What's more, this book features practical strategies to help leaders grow their team or organization, improve revenue growth, and quickly pivot during a crisis or recession—all crucial components of robust companies. Freedom at Work will help leaders to weave freedom and democracy into our global tapestry through the way they run their teams and organizations—ultimately transforming our world for the better.

If you were free from fear, who would you have the freedom to be? #1 New York Times best-selling author Gabrielle Bernstein charts a path to heal trauma, unlearn fear, and remember love. What if you could wake up every day without anxiety? View your past with purpose, not regret? Live happy, peaceful, and free from fear? You can—and Gabrielle Bernstein will show you the way. Gabby has long been loved by her readers as a spiritual teacher, motivational speaker, and catalyst for profound inner change. Her new book presents her most powerful teaching yet: a plan for transforming the pain of your past, whatever that may be, into newfound strength and freedom. You'll learn: □ Why most people feel stuck in patterns that make them unhappy—and what to do about it □ 9 transformational, yet untapped, techniques for

serenity and genuine happiness—from techniques for “reparenting” yourself to bodywork practices for freeing the stuck energy of past trauma □ The mindset shift that can do more for you than decades of personal work □ How to go into the places that scare you—and come away freer than ever before “This book is my gift to you,” Gabby writes. “It will answer your questions about why you feel blocked, scared, anxious, depressed, or alone, and it will liberate you from the belief system that has kept you small for so long. . . . By taking this path you will become the best version of yourself. You will become new.”

Now in its third edition, *The Suitcase Entrepreneur* teaches readers how to package and sell their skills to earn enough money to be able to work and live anywhere, build a profitable online business, and live life on their own terms. With new material pertinent to today’s business world, readers will receive the blueprint to create their ideal lifestyle and become their own digital nomad. After eight years of working in the soul-crushing bureaucracy of the corporate world, Natalie Sisson quit her high-paying job and moved to Canada, started a blog, and cofounded a technology company. In just eighteen months she learned how to build an online platform from scratch, and then left to start her own business—which involved visiting Argentina to eat empanadas, play Ultimate Frisbee, and launch her first digital product. After five years, she now runs a six-figure business from her laptop, while living out of a suitcase and teaching entrepreneurs worldwide how to build a business and lifestyle they love. In *The Suitcase Entrepreneur* you’ll learn how to establish your business online, reach a global audience, and build a virtual team to give you more free time, money, and independence. With a new introduction, as well as updated resources and information, this practical guide uncovers the three key stages of creating a self-sufficient business and how to become a successful digital nomad and live life on your own terms.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Companies all over the world could greatly benefit from moving part of even all their staff to work from home as virtual employees. Using the techniques and strategies inside The Invisible Organization, all that is possible quickly and efficiently. If you are the CEO of a company that could benefit by generating more profits, shedding overhead and thriving staff, this book is a must read. Penned by former CEO of Tony Robbins and Chet Holmes Business Breakthroughs, International, Russo successfully scaled the company with nearly 100% growth per year, and about 300 remote staff, owning no infrastructure. Russo helps clients create the leadership management strategy as outlined in his book and advises CEOs on moving "virtual" with confidence. Why is this book different than other books on working virtually? Because it comes from the CEOs perspective as an operating executive; dealing with the strategy of creating momentum around changing the company, slowly at first

and then accelerating as results prove viable. The book is more of a blueprint designed to accomplish this singular act of internal revolution.

Shows how First Amendment rights are threatened by the privatization of the Internet as corporations are increasingly allowed to control and censor online material and communication, and proposes new legislation to preserve and promote free speech in the Internet Age.

Describes how patterns of information, knowledge, and cultural production are changing. The author shows that the way information and knowledge are made available can either limit or enlarge the ways people create and express themselves. He describes the range of legal and policy choices that confront. Named a Most Anticipated/Best Book of the Month by: NPR * USA Today * Time * Washington Post * Vulture * Women's Wear Daily * Bustle * LitHub * The Millions * Vogue * Nylon * Shondaland * Chicago Review of Books * The Guardian * Los Angeles Times * Kirkus * Publishers Weekly So often deployed as a jingoistic, even menacing rallying cry, or limited by a focus on passing moments of liberation, the rhetoric of freedom both rouses and repels. Does it remain key to our autonomy, justice, and well-being, or is freedom's long star turn coming to a close? Does a continued obsession with the term enliven and emancipate, or reflect a deepening nihilism (or both)? On Freedom examines such questions by tracing the concept's complexities in four distinct realms: art, sex, drugs, and climate. Drawing on a vast range of material, from critical theory to pop culture to the intimacies and plain exchanges of daily life, Maggie Nelson explores how we might think, experience, or talk about freedom in ways responsive to the conditions of our day. Her abiding interest lies in ongoing "practices of freedom" by which we negotiate our interrelation with—indeed, our inseparability from—others, with all the care and constraint that entails, while accepting difference and conflict as integral to our communion. For Nelson, thinking publicly through the knots in our culture—from recent art-world debates to the turbulent legacies of sexual liberation, from the painful paradoxes of addiction to the lure of despair in the face of the climate crisis—is itself a practice of freedom, a means of forging fortitude, courage, and company. On Freedom is an invigorating, essential book for challenging times.

business and making more money? Virtual assistants will make your life easier by taking the stress out of your business life. As a small business owner, you need more time so you can make more money and stay competitive in an ever-changing world. If you're spending less than 70 percent of your time on work that doesn't generate revenue, isn't building relationships, or isn't creating new products, then you're not spending enough time on your business. It means you're spending too much time in your business. This book will show you why Virtual Assistance (VA) is the answer. Hire the Right Virtual Assistant is the complete guide to: Know what a VA is and how they differ from Executive Assistants Understand the benefits and need of a VA - it's more than just outsourcing Hiring the right VA the first time in less time than you think Finally be able to use the VA right away to make the biggest impact in your business and free up your time If you had time right now to work on your business instead of in it, what could you do? Could you make a sale? Visit a client and earn more business? Make another 20 calls a day to land more clients? Work the pipeline? Network? Think about your proven method to gain more clients. Using that method, how many more clients could you have if you had more time? This is where you put a VA to work for you. They work in your business so you can work on your business. I promise that hiring a VA will be the best decision you make for your business. You will get back your time. Scroll up and pick up your copy today!"

This book examines the risks to freedom of expression, particularly in relation to the internet, as a result of regulation introduced in response to terrorist threats. The work explores the challenges of maintaining security in the fight against traditional terrorism while protecting fundamental freedoms, particularly online freedom of expression. The topics discussed include the clash between freedom of speech and national security; the multijurisdictional nature of the internet and the implications for national sovereignty and transnational legal structures; how to determine legitimate and illegitimate association online; and the implications for privacy and data protection. The book presents a theoretical analysis combined with empirical research to demonstrate the difficulty of combatting internet use by terror organizations or individuals and the range of remedies that might be drawn from national and international law. The work will be essential reading for students, researchers and policy makers in the areas of Constitutional law; Criminal Law, European and International law, Information and Technology law and Security Studies. This new edition, which is being reissued in a more artistic format and with many additional illustrations, updates the

original text and adds a chapter showing what progress has been made in the ecological management of landscapes over the past decade."--BOOK JACKET.

The Story: Jenika's life changed in an instant. One day she lived in the countryside with her mother and ten siblings, and the next she moved with her aunt to the city, where she was promised an education but was instead forced into a life of cooking, cleaning, and despair. The only thing that kept her going was her singing. Read this inspiring tale of a girl who overcame the odds, written by girls who understand her struggle. The Story Behind the Story: Written by a team of young women served by the Restavek Freedom Foundation, Jenika Sings For Freedom aims to raise awareness about the inhumanity and injustice of child slavery in Haiti. At the same time, the books give these young women the opportunity to shape the stories of their own lives with power and possibility and hope. This project was a collaboration between Restavek Freedom Foundation and Shout Mouse Press. Restavek Freedom Foundation is a nonprofit organization based in Port-au-Prince, Haiti and Cincinnati, Ohio with a mission to end child slavery in Haiti in our lifetime. Since its inception in 2007, Restavek Freedom has worked on behalf of the 300,000 children living as restavek in Haiti. We advocate for children by providing educational opportunities for those living in restavek, influencing communities to help change cultural norms regarding restavek, and mobilizing community leaders to stand up for freedom. To learn more, visit www.RestavekFreedom.org. Shout Mouse Press is a nonprofit writing program and publishing house for unheard voices. We were founded in Washington, DC in 2014. Shout Mouse partners with nonprofit organizations serving communities in need to design book projects that help further their mission. Our authors have produced original children's books, memoir collections and novels-in-stories. To learn more and to see a full catalog of Shout Mouse titles, visit www.ShoutMousePress.org.

The must-read summary of Chris Ducker's book: "Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive and Build Your Dream Business". This complete summary of the ideas from Chris Ducker's book "Virtual

Freedom" details how many new entrepreneurs believe they have to do everything themselves. This method is impossible for a long period of time. According to Ducker, entrepreneurs should hire virtual staff to manage tasks. This gives them the freedom to focus on bigger tasks and work on their business. Building a virtual team requires three steps; find and hire workers you trust, train those workers and then constantly manage your team. By following these steps, you will be able to create a successful company without doing everything yourself. Added-value of this summary: • Save time • Hire virtual workers you can trust to do smaller tasks • Focus on the bigger picture and tasks that add more value To learn more, read "Virtual Freedom" and find out how you can start devoting your time to improving your business!

Peter Koestenbaum and Peter Block offer you a new perspective for viewing the workplace through the lens of philosophy so that you may have a better understanding of how to reclaim your freedom and accountability and encourage the same in others. They provide a radical new approach to your work-a-day life that will bring true meaning and power to your work. Freedom and Accountability at Work offers you the information you need to: * Gain strength and meaning by transforming your thinking on how you view anxiety, doubt, death, and guilt * Find new ways to bring spiritual and ethical values into your workplace * Engage in profound change that will help you overcome cynicism that comes from superficial change * Replace your loss of organizational loyalty and safety with a sense of freedom and accountability "Both Koestenbaum and Block are such passionate men who bring together what we all seek in our work life-meaning, insight, and humanness. Bless them for this book." --Joyce DeShano, board chair, Ascension Health Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. When you're starting your own business, it's easy to feel overwhelmed by a variety of pressing tasks or feel pressured to handle them all on your own. But the stress of completing mundane tasks can rob you of your sense of vitality and innovation, ultimately hurting your business and leading to burnout. So, if you've ever felt like you had too much to do and not enough time, you don't have to live with that pressure forever; outsourcing to a virtual assistant just might be the answer! Virtual Freedom (2014) is your one-stop guide to virtual outsourcing. By following Chris Ducker's manual, you'll learn everything from the secret to assembling your team to VA hiring etiquette to some top tips for avoiding the most common pitfalls of onboarding a Virtual Assistant. Written from Ducker's firsthand experience with hiring by trial and error, Virtual Freedom offers some unique and genuine insights into the power of virtual delegating.

Embrace connectivity, increase empowerment, and achieve better work-life blending We live in a new age of global companies, hyper-access to information, and accessibility to tools that enable us to bring any idea life. Strangely, our workplaces are lagging behind the promise of this open and collaborative world. Most organizations are rule-based, top-down, dreary environments optimized for conformity and little else. The Work Revolution creates a compelling portrait of a different kind of work. "I believe that freedom in the workplace is worth fighting for and that every person and every organization can be excellent." Julie Clow articulates the rules we follow today in our work force, the reasons they no longer work, and what we can do instead. The Work Revolution deconstructs the magic behind thriving, liberated organizations (such as Google) into clear principles that any individual, leader, and organization can adopt to create sustainable and engaging lives.

Provides actionable changes anyone can make, regardless of where they work, to create a more sustainable work-life blend Details concrete ways to influence existing organizations to change Guides leaders to make tangible changes in their teams to enable greater autonomy and impact Outlines organizational culture principles that support and nurture high-performance and healthy environments, providing clear options for instituting cultural change based on specific organizational challenges Rejecting productivity Band-Aids and quick fixes, The Work Revolution conceptualizes a completely new workplace that embraces the always-connected reality to create organizations in which high achievers can sustainably thrive.

The Ultimate Guide to Finding, Hiring, and Working With Virtual Assistants

The classic guide to working from home and why we should embrace a virtual office, from the bestselling authors of Rework “A paradigm-smashing, compulsively readable case for a radically remote workplace.”—Susan Cain, New York Times bestselling author of Quiet Does working from home—or anywhere else but the office—make sense? In Remote, Jason Fried and David Heinemeier Hansson, the founders of Basecamp, bring new insight to the hotly debated argument. While providing a complete overview of remote work’s challenges, Jason and David persuasively argue that, often, the advantages of working “off-site” far outweigh the drawbacks. In the past decade, the “under one roof” model of conducting work has been steadily declining, owing to technology that is rapidly creating virtual workspaces. Today the new paradigm is “move work to the workers, rather than workers to the workplace.” Companies see advantages in the way remote work increases their talent pool, reduces turnover, lessens their real estate footprint, and improves their ability to conduct business across multiple time zones. But what about the workers? Jason and David point out that remote work means working at the best job (not just one that is nearby) and achieving a harmonious work-life balance while increasing productivity. And those are just some of the perks to be gained from leaving the office behind. Remote reveals a multitude of other benefits, along with in-the-trenches tips for easing your way out of the office door where you control how your workday will unfold. Whether you’re a manager fretting over how to manage workers who

"want out" or a worker who wants to achieve a lifestyle upgrade while still being a top performer professionally, this book is your indispensable guide.

An inspiring tale of creativity and determination on the Underground Railroad from Coretta Scott King Award winner James Ransome and acclaimed author Deborah Hopkinson. Clara, a slave and seamstress on Home Plantation, dreams of freedom—not just for herself, but for her family and friends. When she overhears a conversation about the Underground Railroad, she has a flash of inspiration. Using scraps of cloth from her work in the Big House and scraps of information gathered from other slaves, she fashions a map that the master would never even recognize. . . . From the award-winning author-illustrator team of Deborah Hopkinson and James Ransome, this fictional tale of the Underground Railroad continues to inspire young readers 25 years after its original publication. "Inspiring." —The New York Times "A triumph of the human spirit." —Publishers Weekly, starred review

Virtual Freedom

How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business : Book Review

The basic text for Alcoholics Anonymous.

In late 2014, internationally acclaimed blogger and podcaster Chris Ducker coined the term "Youpreneur" to describe the rise of the personal brand entrepreneur, a new business model that very few people saw coming. Since then, the Youpreneur has risen to the top across sectors. A Youpreneur transcends the old rules of business and builds a sustainable business from the foundation of their experience, interests, and personality—their personal brand. Youpreneurs draw an engaged, loyal audience even as they pursue varying, changing interests. They play by their own rules, and they reap the benefits. Ready to pivot for the last

time, guarantee the success of your business, and become the go-to leader in your industry? Chris Ducker will show you how to develop the Business of You and build a future-proof business model.

"Listening to the story is even more dramatic than reading it. It should be purchased by every public and school library." - School Library Journal

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. But outsourcing expert and "Virtual CEO," Chris Ducker knows how you can get the help you need with resources you can afford. Small business owners, consultants, and online entrepreneurs don't have to go it alone when they discover the power of building teams of virtual employees to help run, support, and grow their businesses. *Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business* is the step-by-step guide every entrepreneur needs to build his or her business with the asset of working with virtual employees. Focusing on business growth, Ducker explains every detail you need to grasp, from figuring out which jobs you should outsource to finding, hiring, training, motivating, and managing virtual assistants. With additional tactics and online resources, *Virtual Freedom* is the ultimate resource of the knowledge and tools necessary for building your dream business with the help of virtual staff.

An introduction to the field of applied ontology with examples derived particularly from biomedicine, covering theoretical components, design practices, and practical applications. In the era of "big data," science is increasingly information driven, and the potential for computers to store, manage, and integrate massive amounts of data has given rise to such new disciplinary fields as biomedical informatics. Applied ontology offers a strategy for the organization of scientific information in computer-tractable form, drawing on concepts not only from computer and information science but also from linguistics, logic, and philosophy. This book provides an introduction to the field of applied ontology that is of particular relevance to biomedicine, covering theoretical components of ontologies, best practices for ontology design, and examples of biomedical ontologies in use. After defining an ontology as a representation of the types of entities in a given domain, the book distinguishes between different kinds of ontologies and taxonomies, and shows how applied ontology draws on more traditional ideas from metaphysics. It presents the core

Download Ebook Virtual Freedom: How To Work With Virtual Staff To Buy More Time, Become More Productive, And Build Your Dream Business

features of the Basic Formal Ontology (BFO), now used by over one hundred ontology projects around the world, and offers examples of domain ontologies that utilize BFO. The book also describes Web Ontology Language (OWL), a common framework for Semantic Web technologies. Throughout, the book provides concrete recommendations for the design and construction of domain ontologies.

Thirty years ago, on Mother's Day, Mary Byrd Thornton's nine-year-old stepbrother was murdered. His killer was never found. At the time, Mary Byrd had been fifteen: in love and caught up in the excitement of the Sixties, but when Stevie died, her family and her life fell apart. For years she has struggled with the knowledge that the murderer is still out there, as well as her own nagging guilt over Stevie's death. Yet she has built a life for herself in Mississippi: she has married a Southern gentleman and has two children she adores. With her ramshackle house, her teeming garden and her menagerie of animals, she is immersed in a comfortable, if somewhat eccentric and occasionally restless day-to-day existence. When a journalist chances upon the mystery of Stevie's death and begins to dig into it, Mary Byrd suddenly finds herself on a reluctant journey back to her childhood home in Virginia. Along the way she encounters help from unexpected quarters and finds herself confronting not only her family's story but the stories of many others ? both the living and the dead.

Often condemned as a form of oppression, fashion could and did allow women to express modern gender identities and promote feminist ideas. Einav Rabinovitch-Fox examines how clothes empowered women, and particularly women barred from positions of influence due to race or class. Moving from 1890s shirtwaists through the miniskirts and unisex styles of the 1970s, Rabinovitch-Fox shows how the rise of mass media culture made fashion a vehicle for women to assert claims over their bodies, femininity, and social roles. She also highlights how trends in women's sartorial practices expressed ideas of independence and equality. As women employed new clothing styles, they expanded feminist activism beyond formal organizations and movements and reclaimed fashion as a realm of pleasure, power, and feminist consciousness. A fascinating account of clothing as an everyday feminist practice, *Dressed for Freedom* brings fashion into discussions of American feminism during the long twentieth century.

Are You Running Your Business or is Your Business Running You? Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you've ever caught yourself thinking there just aren't

Download Ebook Virtual Freedom: How To Work With Virtual Staff To Buy More Time, Become More Productive, And Build Your Dream Business

enough hours in the day, there is a solution. And it won't make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It's written from firsthand experience, NOT theoretical or academic fluff. You'll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You'll free up hours every day to focus on what's really important. In the end, virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It's possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time is Our Most Valuable Resource But it's also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you'll get actionable advice on how to get started with outsourcing. The world's most successful people didn't get there alone; they all had help along the way. What are you waiting for? Hit the Buy Now button and get started today.

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. But outsourcing expert and "Virtual CEO," Chris Ducker knows how you can get the help you need with resources you can afford. Small business owners, consultants, and online entrepreneurs don't have to go it alone when they discover the power of building teams of

An instant #1 Wall Street Journal bestseller and USA Today bestseller! The remote work revolution has been rapidly accelerated by the COVID-19 pandemic. Organizations as big as Twitter have learned their employees didn't need an office to get great results, and employees are using the flexibility of remote work to live where they want, ditch their commutes and live a work-life integration that works for them. Remote work is here to stay, and the companies that do it well will have a clear competitive advantage in the future. As founder and CEO of Acceleration Partners, a 100 percent remote organization with 170 employees who work from home, Robert Glazer has discovered that with the right principles, tactics and tools for managing remote employees, many businesses can excel in a virtual world. In this highly actionable book, Glazer shares how he and his team built a remote organization that has been recognized with dozens of awards for its industry performance and company culture. "A timely, practical, and highly informative guide to effective techniques for remote work; of benefit to practitioners or students of business. Highly recommended."—Library Journal, STARRED review *How to Thrive in the Virtual Workplace* shares insights from the remote employee, manager and leader perspectives, offering a blueprint any person can use to make remote work successful, productive and fulfilling. Learn how to leverage the flexibility of remote work, be more productive while working at home, avoid burnout, lead a team of virtual employees and build an organization that sets the gold standard for virtual work. The remote work revolution is here—the leaders who will build the future are the ones who can lead top performing virtual teams. Learn how to build a world-class organization—office no longer required.
