The Asmaul Husna

The Quran, holy Book of Islam, is a collection of the revelations that angel Gabriel dictated word for word, rather letter for letter, under Divine Will to Prophet Muhammad (Mohammed) around the year 610 CE.

Translated by Roberta

Sebagai umat Islam dan orangtua, tentu kita wajib mengenalkan kisah-kisah para nabi dan rasul kepada anak-anak sejak dini. Banyak sekali kisah teladan dan hikmah yang bisa kita ambil dalam kehidupan 25 nabi

of Islam and its prophet; but not much is said about the god of the religion. One reason is the assumption that the god of Islam and the God of Christianity are one and the same. When, on September 11, 2001, some Muslims carried out a well-organized attack, destroying the The World Trade Center and damaging the Pentagon, a letter of last instruction from the leaders of the terrorist network was discovered. Written in Arabic, it says their mission was a service to God. Actually this was a mistranslation. The word the terrorists used is not the Arabic word for God but

Allah. The Arabic word for God is Ilah. So they believed they were working for Allah, not God. Who is this Allah? Were these terrorists extremists, or were they serving the Allah of the Qur'an? The war against terrorism goes beyond overthrowing the Taliban regime in Afghanistan or even killing Osama bin Laden. The war on terror may not be won unless we understand the Allah the terrorists say inspires them. Not all Muslims are terrorists. But the terrorists' letter, which is quoted fully in chapter three, gives great insight into the Islamic religion

and the motivation for religious terrorism in the world. Why have we shied away from probing the identity of the Allah of Islam? Possibly it is because if Allah is not the God of the Bible, it would force us to face many ugly facts. For example, if Allah is the true God, and the Qur'an, Islam's sacred book, is true, then Christians can be sure they are lost, no matter how zealous they may be. The reverse would also be true. It is necessary, therefore, to provide sufficient information to enable you to determine your own verdict, and answer the question: Who is this Allah?

It argues that the meaning of Islam—submission to the will of God—has been steadily corrupted by minority elements in the community. Instead of spreading peace, the religion has been abused by fanatics and made an excuse for violence and the spread of terror, both inside and outside the faith. In any theistic religion, the concept of God rests at the core of its beliefs, tenets and practices, and it determines what its adherents regard as admissible or otherwise. preserved. Furthermore the sisters who are mostly unable to attend the Jummah prayer in many countries do not get the chance to learn from the weekly sermons. The males can easily record their learning and teach the women at their home. All the sermons are from the Imams from the Masjids I attend weekly and the Hadiths mentioned are from their own sermons. Sometimes the Imams may tend to refer to weak Hadiths, I have tried my best to classify them as much as possible. May Allah have mercy upon us all and may we get guided to the Straight Path, Ameen.

seekers of truth have closely associated to the Holy Quran which carries the Word of Allah (SWT) to humanity. With increasing focus and attention to the Holy Quran, efforts has been done to provide a pure, correct and accurate translation of this divine book. But sometimes it is difficult for the readers to understand all of the apparent and hidden meanings and it is the duty of every Muslim, man or woman, to read, understand and contemplate on the Holy Qur'an according to his own capacity. written for everyone, and its stories will appeal to many, if not most, people who will find in them beauty and universality: There is One God, one human family started by Adam and Eve, one truth, one heaven, one hell, one right and one wrong... and one religion. Call any of these by any name, it does not matter, for calling a rose by any other name does not change its beauty, hue, aroma or anything else. So is the case particularly with God whom the Muslims prefer to call "Allāh" for reasons which the book explains. This Volume discusses the "99 Attributes of Allāh" or how Muslims view their Creator. Knowing a maker is done by knowing what he makes. It discusses not only prominent figures but other beings as well: jinns (or genies), angels, demons, etc. It narrates
