Most scientists believe that mankind was originally spawned in the salty waters of the seas, and that over millennia creatures managed to evolve into today's primates. If this is so, the

oceans have  
made it  
abundantly clear  
that have no

the time of the

numerous lives  
were quickly lost.  
In fact, the  
planet's waters

even though  
lifelong sailors

the stories died  
down again, as it  
became easier to

also known as the Devil's Triangle, is a loosely defined region in the western part of the North Atlantic Ocean. Several aircraft and ships are said to have disappeared under mysterious circumstances. Most reputable sources dismiss the idea that there is any mystery. The vicinity of the

## Get Free Where Is The Bermuda Triangle?

Bermuda Triangle is one of the most heavily traveled shipping lanes in the world, with ships frequently crossing through it for ports in the Americas, Europe, and the Caribbean islands. Cruise ships and pleasure craft regularly sail through the region, and commercial and private aircraft routinely fly over it. There's a lot
