"This book offers a unique interpretation of traditional workshop instruction by showing teachers how to integrate their separate reading and writing workshops into one 'literacy workshop' (periodically and as dictated by student needs) that takes advantage of the inherent reciprocity between reading and writing. Through narrative discussion, student samples, photographs, instructional resources, online content, suggested lessons and various mentor texts, the book explains the structure of the literacy workshop, tells readers how to get started with it, and shows them how to decide when it's best to merge the two workshops into one. The book is divided into two parts. Part I (Chapters 1-4) lays the foundation and gives the nuts and bolts of literacy workshop. Part II (Chapters 5-9) includes engagement/strategy/topic focused demonstration lessons - which includes a primary and an intermediate level example lesson for each Big Idea"--

Forget cute fairies in pretty dresses. In the world of Aluvia, most fairies are more like irritable, moody insects. Almost everyone in the world of Aluvia views the fairy keeper mark as a gift, but not fourteen-year-old Sierra. She hates being a fairy keeper, but the birthmark is right there on the back of her neck. It shows everyone she was born with the natural ability to communicate, attract, and even control the tiny fairies whose nectar is amazingly powerful. Fairy nectar can heal people, but it is also a key ingredient in synthesizing Flight, an illegal elixir that produces dreaminess, apathy and hallucinations. She's forced to care for a whole hive of the bee-like beasties by her Flight-dealing, dark alchemist father. Then one day, Sierra discovers the fairies of her hatch are mysteriously dead. The fairy queen is missing. Her father's Flight operation is halted, and he plans to make up for the lost income by trading her little sister to be an elixir runner for another dark alchemist, a dangerous thug. Desperate to protect her sister, Sierra convinces her father she can retrieve the lost queen and get his operation up and running. The problem? Sierra's queen wasn't the only queen to disappear. They're all gone, every single one, and getting them back will be deadly dangerous. Sierra journeys with her best friend and her worst enemy -- assigned by her

father to dog her every step -- to find the missing queens. Along the way, they learn that more than just her sister's life is at stake if they fail. There are secrets in the Skyclad Mountains where the last wild fairies were seen. The magic Sierra finds there has the power to transform their world, but only if she can first embrace her calling as a fairy keeper.

series, brings to life the magic and craft of storytelling. This modern spin on the Scheherazade story is perfect for fans of Coraline and A Tale Dark and Grimm. With interwoven tips on writing with suspense, adding in plot twists, hooks, interior logic, and dealing with writer's block, this is the ideal book for budding writers and all readers of delightfully just-dark-enough tales. * Summer 2018 Kids' Indie Next List * YALSA Best Fiction for Young Adults Nomination * 2019-2020 Florida Sunshine State Young Readers Award * 2020 Rhode Island Children's Book Award Nominee * Bank Street Best Children's Book of the Year 2019 (9-12) * 2020-2021 Missouri Association of School Librarians Truman Readers Award Preliminary Nominee * Texas Bluebonnet Award List 2020-2021 * South Carolina Junior Book Award Nominee (2021-2022) * Plus return to the world of Nightbooks—if you dare—with J. Longlisted for the PEN/John Kenneth Galbraith Award for Nonfiction Winner of the Goddard Riverside Stephan Russo Book Prize for Social Justice *A Newsweek Favorite Book of 2021 *An NPR 2021 "Books We Love" selection *A Washington Post Notable Work of Nonfiction *A Kirkus "2021's Best, Most Urgent Books of Current Affairs" selection Based on the acclaimed series—a finalist for the Pulitzer Prize—an intimate account of the devastating effects of gun violence on our nation's children, and a call to action for a new way forward In 2017, seven-year-old Ava in South Carolina wrote a letter to Tyshaun, an eight-year-old boy from Washington, DC. She asked him to be her pen pal; Ava thought they could help each other. The kids had a tragic connection—both were traumatized by gun violence. Ava's best friend had been killed in a campus shooting at her elementary school, and Tyshaun's father had been shot to death outside of the boy's elementary school. Ava's and Tyshaun's stories are extraordinary, but not unique. In the past decade, 15,000 children have been killed from gunfire, though that number does not account for the kids who weren't shot and aren't considered victims but have nevertheless been irreparably harmed by gun violence. In *Children Under Fire*, John Woodrow Cox investigates the effectiveness of gun safety reforms as well as efforts to manage children's trauma in the wake of neighborhood shootings and campus massacres, from Columbine to Marjory Stoneman Douglas. Through deep reporting, Cox addresses how we can effect change now, and help children like Ava and Tyshaun. He explores their stories and more, including a couple in South Carolina whose eleven-year-old son shot himself, a Republican politician fighting for gun safety laws, and the charlatans infiltrating the school safety business. In a moment when the country is desperate to better understand and address gun violence, *Children Under Fire* offers a way to do just that, weaving wrenching personal stories into a critical call for the United States to embrace practical reforms that would save thousands of young lives.
