First published in 2002, the landmark *Psychotherapy Relationships That Work* broke new ground by focusing renewed and corrective attention on the substantial research behind the crucial (but often overlooked) client-therapist relationship. This highly cited, widely adopted classic is now presented in two volumes: *Evidence-based Therapist Contributions*, edited by John C. Norcross and Michael J. Lambert; and *Evidence-based Therapist Responsiveness*, edited by John C. Norcross and Bruce E. Wampold. Each chapter in the two volumes features a specific therapist behavior that improves treatment outcome, or a transdiagnostic patient characteristic by which clinicians can effectively tailor psychotherapy. In addition to updates to existing chapters, the third edition features new chapters on the real relationship, emotional expression, immediacy, therapist self-disclosure, promoting treatment credibility, and adapting therapy to the patient's gender identity and sexual orientation. All chapters provide original meta-analyses, clinical examples, landmark studies, diversity considerations, training implications, and most importantly, research-infused therapeutic practices by distinguished contributors. Featuring expanded coverage and an enhanced practice focus, the third edition of the seminal *Psychotherapy Relationships That Work* offers a compelling synthesis of the best available research,

Kitt-----What would you do, if you found out your husband was secretly calling into phonesex lines?

Confront him? Throw him out? Divorce him? Nope!

Instead of getting angry, curious Tara decides to start listening in on John's steamy conversations. She can't help herself, because her laconic husband has never shared a fantasy with his wife during their entire marriage. But it turns out he's been leading a double life, telling other women what he really wants in the bedroom!When a frustrated Tara turns to her best friend, Kelly, for advice, her much more adventurous partner-in-crime hatches a plan to bring John and Tara together. Once the trap is set, using Kelly as bait, the two women spring it on one unsuspecting man whose fantasies are about to become a very sexy reality.

Research Series is to provide an up-to-date summary of how recent advances in cancer research are being applied to the care of children with solid tumors. The interface of cancer research with clinical practice in pediatric oncology has never been more intimate than today. While researchers are identifying oncogenes and tumor suppressor genes and are studying their specific functions, clinicians are using knowledge of oncogenes and tumor suppressor genes for diagnosing cancer in children, for therapeutic decision-making purposes, and for prognostic purposes. The first three chapters in this book describe models for understanding the causes of childhood cancer that were perhaps initially identified by clinicians and that are now being studied and understood by researchers. These chapters will describe research evidence that supports roles for the involvement of normal developmental regulatory genes in childhood oncogenesis, of abnormal immune regulation in childhood oncogenesis, and of heredity in childhood oncogenesis. The next eight chapters are devoted to descriptions of the application of new research developments to clinical practice with reference to the most common forms of solid tumors of childhood outside the central nervous system. The final chapter will describe late effects of childhood cancer and its therapy and the impact research is having on understanding and perhaps preventing these late effects.

“Lead us not into temptation...” ~Matthew 6:13 What happens when you fall in love with your best friend's father? Leah is a good, Catholic girl, and she and Erica have been best friends since their first communion. Sure, Erica's father is handsome and charming, but Leah spends so much time at the Nolan's—just Erica and her famous, photographer father now, since Erica's mother died—that she's practically part of the family. Both girls have led privileged, sheltered lives and are on the “good girl” track at St. Mary Magdalene's Preparatory College, Leah pursuing her love of dance and Erica sating her endless curiosity as editor of the newspaper. Neither of them could have ever imagined that one fateful discovery will not only push the boundaries of their strict, repressive upbringing, but the bonds of their friendship as well. Leah certainly never could have imagined finding herself torn between her best friend and her best friend's father. Sure, Leah's mother had always talked about Mr. Nolan as “a catch,” but Leah herself had never thought of him as anything other than just Erica's dad—until the girls discover something darkly erotic under Mr. Nolan's bed, a deep, shameful secret that will not only lead them into temptation, but will deliver them into a far greater revelation than any of them could ever have imagined. If you read the original *Under Mr. Nolan's Bed*, you will find this retelling a richer experience with deeper secrets to reveal—and don't miss *Under Mr. Nolan's Bed*:

CONFESSION, the second installment in the three-part series!

Janie has moved to New York to try to make it as a writer, all the while serving as part-time lover in a polyamorous relationship with Veronica and TJ and full-time nanny to their daughter, Beth. Janie's life is already incredibly full when she runs into an agent one morning who sees great potential in her—and not just as an author. As Janie's relationship with Josh blooms and her career takes off, Ronnie's happy surprise turns into a problem that even a vacation in a mountain cabin with the Baumgartners can't fix, throwing everyone's life off-kilter. Janie, especially, is spread thin, trying to please everyone while keeping Josh from finding out the true nature of her relationship with her benefactors. She knows she has to tell him eventually, but fear holds her back. Will she lose him? Will she be forced to make an impossible choice? Or will she, perhaps, find that the capacity for the human heart to love is, indeed, endless?-----Warnings: This title contains erotic situations, graphic language, a ménage a trois (MFF threesome), lesbian sex and a hookup turned romance that will curl your toes!-----IF YOU LIKED BAUMGARTNER GENERATIONS: JANIE, you may want to have more fun with this family! were silver in the moonlight, his breath full of sake. "No," I whispered, putting my arms around his neck. "It would be really wrong not to do it, though." "You think?" His lips met mine before I could think of a response, before I could think at all. He tasted like sake, too, but so did I. I wasn't sure it was the sake, though, that was sending the fire flowing through my veins as we kissed. I slipped a hand through his hair, all those dark curls, as his mouth slanted across mine and our tongues began to explore. I forgot where we were, I forgot everything but the feel of his body against mine, my breasts pressed against his chest as he pulled me in closer. "Janie, I want you," he whispered, kissing my neck, enveloping me in his arms. I could feel that—his cock hard through his trousers, pressed against my belly. "Would it be wrong to take you home with me tonight?" I shivered as he lavished kisses over my neck and shoulders, his breath hot, coming almost as fast as mine. I wanted to answer him, to tell him yes, but I was too afraid. What would happen then, I wondered? What would it be like, waking up with Josh but having to face Catherine in the morning? How was this going to work?" Josh," I murmured as his hands moved down my back, cupping my ass, squeezing gently as his tongue made little circles over my collarbone. God, if he kept that up, I was going to be inviting him back to my place, and I didn't even want to think about the consequences of that, what Ronnie and TJ would say. "You feel so good," he groaned, and before I knew it, we were kissing on a park bench, Josh pulling me into his lap. My dress was too tight to allow

me to straddle him properly, so he pushed it up and grabbed my hips, crushing the red silk of my panties directly against the heat of his erection. I could feel it through his trousers, riding up and down as we rocked together. "Oh god," I moaned softly when he broke off to stroke my breasts through my dress, kissing the swell of my cleavage. I could see the hunger in his eyes when he looked up at me in the glow of a street light. "Please, Josh..." He slipped a hand behind my neck, pulling my mouth down to his, kissing me breathless. When I slid my hand between us to feel the length of his cock through the thin material, he groaned...

While their parents went to parties at Delhi's Roshanara Club, the children of the Das family brought themselves up, reading Byron, listening to the gramophone, and watching over sad, alcoholic Mira masi. Many years later, the youngest, Tara—now a mother of two—has returned from America to the scene of her unusual, lonesome childhood. Here, as always, is her sister Bim, doggedly single college-lecturer and caretaker of all. In her presence, Tara sinks into the blissful torpor of home, at once her dreamy old self but careful as ever around her older sister. For at the heart of this reunion are numerous tensions: Tara feels the persistent guilt of having, like the others, abandoned Bim; their autistic brother Baba is increasingly unquiet; and Bim has not spoken to their other brother, Raja, for years and refuses to go to his daughter's wedding. *Clear Light of Day* is vintage Anita Desai, a novel as wonderfully contemplative as a cup of afternoon

Supramolecular materials have a great number of applications due to the reversibility of their non-covalent molecular interactions, such as reversible hydrogen bonding, host–guest interactions and electrostatic interactions. This book provides a comprehensive source of information on the structure and function of organic and metal–organic supramolecular materials. The chapters of this book provide an overview of supramolecular material assembly at various scales, including the formation of 2D polymers and molecular cages. The role of intermolecular interactions in solid and solution state self-assembly is discussed, as is the role of mechanochemistry on molecular and supramolecular architectures. Finally, novel applications of these materials in molecular recognition, catalysis, light harvesting and environmental remediation are covered. Functional Supramolecular Materials will be of interest to graduate students and researchers in academia and industry in the fields of supramolecular chemistry and functional materials science.

Generations: Henry By Selena Kitt Henry Baumgartner's in trouble. He used to be a big fish in a little pond, but now he's in college, and the world sure seems a lot bigger! Instead of passing him because of his athletic ability like they did in high school, he discovers his professors actually mean it when they say he needs to do the work or he's going to fail his classes—and be kicked off the all-star hockey team. Turns out, Henry's been keeping a secret, and while he desperately continues to try to keep it, from the girl he's got a crush on, from his roommate who's after the same girl, from his parents and teachers and coaches, he knows he can't go on keeping it forever. So when his parents hire him a tutor, he turns to this angel of mercy for help, but little does he realize that Mrs. Toni Franklin is going to complicate his life in ways he never could have foreseen...

They call him Beast because he fights and f\*cks like one. Because he's built like the tanks he rode in Afghanistan. Beneath Conrad "Beast" Beeston III's fierce, intense gaze, his brooding temperament, his knuckles scarred from fighting, lurks a wild man, his strong, broad back darkly inked with his own hard truths. He only has one mode, and "Beast" is it. He ripped through Tilly's life, tearing it to shreds, and then he was gone, giving a stiff middle finger to a life of entitlement. He left her like he leaves them all-with little more than a broken heart. But for Tilly, there was one more thing. He left her with an unbearable secret she's been forced to keep for years. Tilly's privileged life, after her recent graduation from Mt. Holyoke, has come to a screeching halt under tragic circumstances. Had she really believed she'd never see her Devil Dog stepbrother again? Now he's coming home-and she's forced

This book will broaden readers' understanding of the links between the music and fashion industries. It highlights the challenges currently facing the fashion industry in terms of hyper-competition, definition of ever-faster trends, changing consumer demands etc. In fact, the fashion industry is heavily influenced by the digital revolution in the music industry, which has changed the face of individual music consumption and social reference, and therefore, also has impacts on fashion consumption and social reference. This understanding is crucial in order to realign any fashion company's strategies to the demands of modern fashion consumers. In terms of content, the book first discusses the social perspective of fashion and music. This includes an analysis of music as a key influencer of fashion trends, both theoretically and on the basis of a case study on grunge music. Then the role of music in the fashion business is addressed, and covers in-store music and the role of music in fashion communication. Following up, the role of fashion in the music business is analyzed. This includes the

trend of co-design of fashion collections, music artists' role of differentiation by style, and the market for music fashion merchandise articles (both theoretically and drawing on a case study). In closing, potential lessons learned from the music industry are developed for the fashion industry. This includes an analysis of the digital revolution and the advent of the crowdfunding idea (both theoretically and in a case study).

Cosmogenic radionuclides are radioactive isotopes which are produced by natural processes and distributed within the Earth system. With a holistic view of the environment the authors show in this book how cosmogenic radionuclides can be used to trace and to reconstruct the history of a large variety of processes. They discuss the way in which cosmogenic radionuclides can assist in the quantification of complex processes in the present-day environment. The book aims to demonstrate to the reader the strength of analytic tools based on cosmogenic radionuclides, their contribution to almost any field of modern science, and how these tools may assist in the solution of many present and future problems that we face here on Earth. The book provides a comprehensive discussion of the basic principles behind the applications of cosmogenic (and other) radionuclides as environmental tracers and dating tools. The second section of the book discusses in some detail the production of radionuclides by cosmic radiation, their transport and distribution in the atmosphere and the hydrosphere, their storage in natural archives, and how they are measured. The third section of the book presents a number of examples selected to

illustrate typical tracer and dating applications in a number of different spheres (atmosphere, hydrosphere, geosphere, biosphere, solar physics and astronomy). At the same time the authors have outlined the limitations of the use of cosmogenic radionuclides. Written on a level understandable by graduate students without specialist skills in physics or mathematics, the book addresses a wide audience, ranging from archaeology, biophysics, and geophysics, to atmospheric physics, hydrology, astrophysics and space science.

"Kentucky's Famous Feuds and Tragedies:

Authentic History of the World Renowned Vendettas of the Dark and Bloody Ground," is an historical book by Charles Gustavus Mutzenberg. The author begins his retelling of feud stories by giving credit to the "culture of fighting the Indians" in the late 1700s for toughening up frontiersmen and making them quick to go to arms. It is a book on the subject of feudal wars with facts and exemplary descriptions.

the coop and she's finally got her sexy, energetic husband all to herself! Doc suggests they take advantage of this newfound freedom, and his adventurous wife has no objections. She intends to enjoy their little nest, preferably in every room, in every position they can possibly imagine. But an empty house has its echoes, and while Doc buys a new muscle car and considers retiring from his practice to mark his mid-life crisis, his wife experiences a much deeper quandry. Carrie has been in communication with someone from her past, and their relationship has blossomed into something no one expected. Things with Jody are so intense, it scares her a little, and even her usually open-minded husband has his reservations. When Carrie and Doc go on a hot, fun-in-the-sun vacation to their Florida Keys timeshare, couple time is interrupted by a very sexy, but distraught third. Jody's in trouble and has nowhere else to turn. Of course, the Baumgartners offer their assistance--and even their bed. But this is the kind of threesome the polyamorous couple could never have imagined, even in their wildest fantasies, and it's about to turn everything upside down. If you thought the Baumgartners were uninhibited before, you're about to see what it's like when they really let their freak-flag fly. Mother had taken to wearing black since Father had crossed over, and her mood was ever changeable, but lately she seemed often cross and hard to please. Mother tapped her toe in front of Peep's knee, folding her arms over her ample breasts that were pushed up high in her black corset, but covered with the sheer, lace peignoir that she always wore, unbuttoned to the floor. "Mother, please," Peep pleaded. "I will go tend them, if you let me." Mother walked over to the cabinet and the girl moaned, the sound caught halfway between regret and anticipation. "I think we need a little correction, don't you?" Mother's voice drifted over her shoulder as she chose a small cat o'nine tails from her collection. "Please," Peep pleaded again, her eyes downcast. "I'll be a good girl." "Yes," Mother murmured, coming to caress the her cheek with her soft hand. "You will." Mother reached behind the girl and began untying the pink satin ribbon that bound her. Peep sighed in relief, rolling her tired shoulders once her arms were free. She leaned forward onto her hands and knees as Mother began to untie her feet, but then the older woman stopped. "No... this is good," Mother said, tightening the sashes at the girl's ankles, chuckling. "Turn around, Little Bo Peep, who's lost her sheep, and doesn't know were to find them." Peep did as she was told, turning her face toward the wall on her hands and knees, using her hands to slowly work herself around. She felt Mother's hand caressing her ass, and she shivered, looking back over her shoulder at the older woman. Mother was squatting down behind her, beginning to drip the many straps of the cat o'nine tails over Peep's behind like a little leather waterfall. "Peep's little puss," Mother whispered, parting the dark blonde fuzz with her fingers

to peer in at the pink treasure. "I love peeping at Peep's little puss." Mother giggled, wiggling her fingers through and finding the girl's clit. "Oh, Mother!" Peep moaned, lifting her bottom in the air as much as she could with her feet tied together at the ankles.

The whole Baumgartner clan has now welcomed Doc and Carrie's latest romantic interest, Jody, a changeable, charming Southern belle whose colloquialisms keep everyone delightfully amused. While Carrie's love for Jody goes way back, now Doc has fully embraced her, too—in so many ways. In fact, on the eve of the Baumgartners' anniversary, Doc has a wonderful surprise for both of his girls...

understanding of the ways in which current laws, systems, and programs affect their well-being. Individuals who identify as lesbian, gay, bisexual, asexual, transgender, non-binary, queer, or intersex, as well as those who express same-sex or -gender attractions or behaviors, will have experiences across their life course that differ from those of cisgender and heterosexual individuals.

Characteristics such as age, race and ethnicity, and geographic location intersect to play a distinct role in the challenges and opportunities SGD people face.

Understanding the Well-Being of LGBTQI+ Populations reviews the available evidence and identifies future research needs related to the well-being of SDG populations across the life course. This report focuses on eight domains of well-being; the effects of various laws and the legal system on SGD populations; the effects of various public policies and structural stigma; community and civic engagement; families and social relationships; education, including school climate and level of attainment; economic experiences (e.g., employment, compensation, and housing); physical and mental health; and health care access and gender-affirming interventions. recommendations of Understanding the Well-Being of LGBTQI+ Populations aim to identify opportunities to advance understanding of how individuals experience sexuality and gender and how sexual orientation, gender identity, and intersex status affect SGD people over the life course.

Whether the result of an oil well blowout, vessel collision or grounding, leaking pipeline, or other incident at sea, each marine oil spill will present unique circumstances and challenges. The oil type and properties, location, time of year, duration of spill, water depth, environmental conditions, affected biomes, potential human community impact, and available resources may vary significantly. Also, each spill may be governed by policy guidelines, such as those set forth in the National Response Plan, Regional Response Plans, or Area Contingency Plans. To respond effectively to the specific conditions presented during an oil spill, spill responders have used a variety of response options—including mechanical recovery of oil using skimmers and booms, in situ burning of oil, monitored natural attenuation of oil, and dispersion of oil by chemical dispersants. Because each response method has advantages and disadvantages, it

is important to understand specific scenarios where a net benefit may be achieved by using a particular tool or combination of tools. This report builds on two previous National Research Council reports on dispersant use to provide a current understanding of the state of science and to inform future marine oil spill response operations. The response to the 2010 Deepwater Horizon spill included an unprecedented use of dispersants via both surface application and subsea injection. The magnitude of the spill stimulated interest and funding for research on oil spill response, and dispersant use in particular. This study assesses the effects and efficacy of dispersants as an oil spill response tool and evaluates trade-offs associated with dispersant use.

This book provides all aspects of the physiology, stress responses and tolerance to abiotic stresses of the Brassicaceae plants. Different plant families have been providing food, fodder, fuel, medicine and other basic needs for the human and animal since the ancient time. Among the plant families, Brassicaceae has special importance for their agri-horticultural importance and multifarious uses apart from the basic needs. Interest understanding the response of

Brassicaceae plants toward abiotic stresses is growing considering the economic importance and the special adaptive mechanisms. The knowledge needs to be translated into improved elite lines that can contribute to achieve food security. The physiological and molecular mechanisms acting on Brassicaceae introduced in this book are useful to students and researchers working on biology, physiology, environmental interactions and biotechnology of Brassicaceae plants.

discover, thanks to the Baumgartners' insights and her own sense of sexual discovery, that she may not have to choose after all. *Baumgartner Generations: Janie* By Selena Kitt Janie has moved to New York to try to make it as a writer, all the while serving as part-time lover in a polyamorous relationship with Veronica and TJ and full-time nanny to their daughter, Beth. Janie's life is already incredibly full when she runs into an agent one morning who sees great potential in her—and not just as an author. As Janie's relationship with Josh blooms and her career takes off, Ronnie's happy surprise turns into a problem that even a vacation in a mountain cabin with the Baumgartners can't fix, throwing everyone's life off-kilter. Janie, especially, is spread thin, trying to please everyone while keeping Josh from finding out the true nature of her relationship with her benefactors. She knows she has to tell him eventually, but fear holds her back. Will she lose him? Will she be forced to make an impossible choice? Or will she, perhaps, find that the capacity for the human heart to love is, indeed, endless? *Warnings:* This title contains erotic situations, graphic language, a ménage a trois (MFF threesome), lesbian sex and a hookup turned romance that will

Sarah told David to make himself comfortable and we went to change. Her work clothes gave way to a pair of blue sweats and a U of M t-shirt. I noticed she wasn't wearing a bra, and her nipples were still hard from her run through the rain.She offered me her robe while my clothes dried. I was struck with an eerie sense of déjà vu as I slipped on her old terrycloth robe, pale pink and fraying at the edges, the most un-sexy thing I could imagine. I sighed as I tossed my blouse and skirt—which I'd been so sure would entice home some young hottie tonight—into the dryer.Sarah slipped her hands under my robe before I tied it, one hand kneading the sensitive flesh of my belly just above my pubic hair, the other slipping behind me to my lower back. I knew everything I was feeling showed in my eyes because I could see it reflected in her own, and she kissed my eyelids closed and then kissed my mouth, a gentle, tender and reassuring kiss.I breathed a shaky sigh and she spent a moment feathering kisses on the sweet spot on my neck, just*

*below and behind my ear, which she knew made me instantly wet. Her hand on my belly kneaded lower, slipping under the elastic of my panties and through my pubic hair. I heard and felt her breath quicken with my own when she found and parted my pussy lips, slipping two fingers through my slit, one on each side of my already swollen clit. I moaned when she wiggled her fingers and she stopped the sound with her mouth against mine. I wondered at her boldness, and glanced toward the door, which was open, but out of the line of sight of the living room where we'd left David. Her two fingers moved easily—so wet already!—and found the thin and sensitive sheath of skin covering my clit. The sensation was exquisite, her touch practiced and deft. She applied just a small amount of pressure to the tiny bud of flesh, not so much directly on my clit, just allowing that sweet layer of skin to do the work, rubbing it in slow and easy circles with the flat of her fingers. Her hand on my lower back allowed her to guide me, support me, and I let my head fall back, pushing my hips forward to meet her hand. She pushed me back against the wall, making faster circles now, easing me gently upward. She pressed her mouth to my ear so I could feel her breath and I whimpered. My nipples rubbed against the terrycloth as I rocked my hips, and I sighed when she slipped both fingers down and pressed them into me as deeply as she could. "He's got a big, hard cock for you, Lizzie," she whispered, stretching me open even further with both fingers, and then slowly sliding in a third. My eyes flew open at the sensation and the thought. Henry's in trouble. He's gone from being a big fish in a little pond in his home town to being a very small fish in a much bigger pond at college, and he's just not keeping up. Instead of passing him through his classes because of his athletic ability like they did in high school, he discovers his professors actually mean it when they say he needs to do the work or he's going to fail his classes—and be kicked off the all-star hockey team. Adjusting to life at university sure isn't as easy or fun as he thought it was going to be—his roommate likes the same girl he does, and it looks like she likes him, too; he's failing English for sure and the dragon-lady who teaches the class seems to have a personal vendetta against him; and his hockey coach has even gone so far as to bench him! When his parents hire him a tutor, he turns to this angel of mercy for help, but little does he realize that Mrs. Toni Franklin is going to complicate his life in ways he never could have foreseen...-----Warning: This title contains erotic situations, graphic language, sex, and a sex toy and masturbation scene that you have to read to believe!-----IF YOU LIKED BAUMGARTNER GENERATIONS: HENRY, you may want to have more fun with this family! Instead she began inching it slowly upward and he held his breath, his eyes half-closed and glazed over. He didn't know how long it took for her to reach his crotch. Half an hour? An hour? It was an agonizingly slow progression, but he didn't dare move. On the screen, Brando and the girl had found a myriad of ways to have sex, only making things worse off-screen. Henry was so turned on he thought he just might come in his pants when he felt her long, red fingernails graze over his erection through his jeans. When he pressed his hips up toward her hand, he heard her swallow, her palm resting now against his zipper. Her face was turned toward the screen, as if the movie and whatever Brando was doing with a stick of butter was the most interesting thing she'd ever seen, but she was exploring the outline of his cock with her fingers in the dark. He wanted to touch her, too, but he didn't want to break the spell they were under, was too afraid she would stop, say no. He let out a soft cry when she rubbed her thumb over the head of his dick through the denim. She shifted in her seat, crossing and uncrossing her legs, and he could hear her breath coming faster, almost as fast as his. He let his knees fall further open, feeling her thigh brush his. Her sweet, bare leg. He glanced down and saw that her skirt was up, far up over her knees, up the long, slim expanse of her thigh. She was too sexy for words. His eyes searched for her hemline, but it*

The thought of her touching herself, right there next to him in the dark, made his cock swell in response. He slowly covered her hand, the one cupping his erection, with his own. She whimpered when he did that and he saw her close her eyes as he rocked up against her, with her. Then she searched for and found his zipper. She inched it down, not even unsnapping his jeans, just sliding her hand into the opening to feel him through his boxers.*

*and what someone else wants for her--or are they, after all, one in the same?-----Warning: This title contains erotic situations, graphic language, sex, and so much a ménage a trois (MFF threesome) action you just may begin to chafe!-----EXCERPT: "Come on, Ronnie..." His hand massaged my scalp, his eyes tender but questioning. "We've been married for almost seven years. You can't tell me you've never been attracted to anyone else? I know you have!" I blinked, trying not to think about the way Hector at work smiled and winked whenever I passed his classroom, how he often showed up in the tiny copy room the same time I did, brushing up against me from behind, his hand cupping the side of my hip, to get a ream of legal paper. So I felt a little twinge when he did, a warmth between my thighs, a tug in my belly. It didn't mean anything. It didn't mean—"Just because I'm attracted to someone doesn't mean I'm going to act on it." TJ's eyes searched mine, lazily rubbing the head of his cock back and forth against my lower lip. "But why not?" "Because we made a commitment." I raked my teeth lightly across the spongy tip and he jumped. "Don't be so literal." He rolled me over, pressing his weight onto me, opening my legs. I acquiesced with a sigh, loving the feel of his hardness rubbing up and down between my slit, but hating his words. "Our commitment is what we say it is..." His lips murmured against the pulse in my throat and I let*

His words were supposed to reassure me, but I felt my throat constrict. "So basically, you're saying I'm not enough for you." "No, baby." He rocked, slow and easy—god, he knew how I loved that, opening me, a slow split, a gentle friction, up and up. "You're more than enough..." More reassuring words—but why didn't I feel reassured? His mouth covered mine, the kiss deep and searching, his tongue slowly drawing me in, drawing me out, teasing me as he rubbed his stiff heat between my thighs. It throbbed there, insistent, making me squirm. "God, you're so sweet..." His words were hot against my ear now, his teeth gently biting and tugging at the lobe. "I never want you to think you're not enough, you're so very much more than enough..." His cock found me with a shift of his hips, seeking entrance, and I gasped as he slid forward until he felt resistance, about halfway there. His breath caught and he gave a low moan that went through me like shiver, and still, he didn't stop talking, telling me... "There's no other woman like you. I want you and I want to share you, baby. I want the whole world to know how good you are, how sweet, how fucking hot..." He pulled back and plunged forward, so deep I clutched his shoulders, digging my nails in. TJ's eyes sought mine, dark and full of hunger. "How fucking mine you are."*
