"This book taught me a lot about investing, stock, and strategy to become a good investor." - Amazon Customer. How I learned to Invest When I started investing in the stock market, at 16 years old, it was

Online Library A Beginners Guide To Stock Market

overwhelming. There were many technical terms that I did not understand. I did not know how to find a good stock or even when to buy a stock. It was even more overwhelming that there were so many investing strategies- short selling, day trading, long-term

Online Library A Beginners Guide To Stock Market

investing; I did not know which one was the best for me. Even worse was that I did not know how to get started without the fear of losing my money. For many days, months and years, I studied the strategies that successful investors like Warren Buffet

Online Library A Beginners Guide To Stock Market

have used to become the best. After discovering an easy-to-learn formula for investing in stocks, I decided to create my portfolio. My first stock quickly jumped over 30%, and my second one increased by over 15% in less than 3 months. With an average investor

Online Library A Beginners Guide To Stock Market

gaining 8% per year, I destroyed the market, gaining 25% in only 3 months. After my success, I knew that my strategy is the best and foolproof. This strategy is so simple and effective that a 16-year-old kid was able to learn it and implement it. The strategy was created

by a beginner
investor, and for
beginner investors.

This is one of the only
strategies that require
no previous investing
knowledge and can be
easily understood.

Bearing everything
else in mind,
remember that you
most likely aren't

Online Library A Beginners Guide To Stock Market

going to become a millionaire just by buying and selling stocks. That's not a totally realistic thing to expect. However, you aren't going to bottom out and go bankrupt from it, either, if you have any sort of common sense. It's really not as scary as I've managed to

Online Library A Beginners Guide To Stock Market

make it seem! Keep learning. Just because you've read a book doesn't mean you're ready to go and invest ten thousand dollars without any sort of real guidance. Be humble and avoid arrogance. With all of that said, investing is truly not hard. There's no reason to be afraid
