

A Bloody Day The Irish At Waterloo

The Battle of Arnhem was a major World War II battle at the vanguard of the Allied Operation Market Garden, the dramatic but unsuccessful campaign fought by the British Army in the Netherlands from 17 to 25 September 1944. This was the first-time airborne troops were used by the Allies on such a scale, and the objective was a series of nine bridges that might have provided an Allied invasion route into Germany. Airborne and Land Forces successfully liberated Eindhoven and Nijmegen but were thwarted by the Nazis at the Battle of Arnhem, in their efforts to secure the last bridge over the River Rhine. Only a small British force was able to reach the Arnhem Road Bridge but was overwhelmed by Nazi defenders and, after nine days of fighting, the shattered remains of the Division were withdrawn. The British 1st Airborne Division lost most of its strength and didn't see combat again. What is less well known in this famous saga, however, is the vital contribution of hundreds of Irish soldiers from a host of backgrounds, with a mixture of experience and range of ranks. Men from the north of Ireland and men from the south gave their all to this Allied campaign, and in A Bloody Week, their dramatic story is finally being told.

It’s 1903. Nora Kelly, twenty-four, is talented, outspoken, progressive, and climbing the ladder of opportunity, until she falls for an attractive but dangerous man who sends her running back to the Old World her family had fled. Nora takes on Paris, mixing with couturiers, artists, and "les femmes Americaines" of the Left Bank such as Gertrude Stein and Sylvia Beach. But when she stumbles into the centuries-old Collège des Irlandais, a good-looking scholar, an unconventional priest, and Ireland’s revolutionary women challenge Nora to honor her Irish blood and join the struggle to free Ireland. Author Mary Pat Kelly weaves historical characters such as Maud Gonne, William Butler Yeats, Countess Markievicz, Michael Collins, and Eamon de Valera, as well as Gabrielle Chanel, Gertrude Stein, James Joyce, and Nora Barnicle, into Of Irish Blood, a vivid and compelling story inspired by the life of her great-aunt. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

This book is called ‘An Agony Continued’ because it was simply that: an agony. It was an agony which commenced at the end of the 1960s and as the new decade of the 80s arrived, so the pain, the grief, the loss and the economic destruction of Northern Ireland continued. Little did any of us know at the time, but it was to do so for almost a further two decades. Between January 1980 and December 1989, around 1,000

people died; many were soldiers and policemen; some were Prison Officers; and some were innocent civilians. The Provisional IRA (PIRA) and their slightly more psychopathic cousins in the Irish National Liberation Army (INLA) would continue to kill innocent civilians by the score during this decade. Across the sectarian divide the Ulster Freedom Fighters (UFF) and the equally vicious Ulster Volunteer Force (UVF) would continue to slaughter Catholics in streets, in pubs and in restaurants. This book will look at the period which encompassed the 48 months of 1980 and 1983. It was a near half-decade which saw the Hyde Park and Regent’s Park massacre of soldiers and horses from the Blues and Royals and the cowardly bombing of the Royal Green Jackets’ band. It further witnessed the murder of 18 people by the INLA at a disco held in the Droppin’ Well in Ballykelly and also the death of the leader of the Shankill Butchers: Lenny Murphy. The years under study include the 1981 deaths of ten Republican paramilitaries who starved themselves to death in protest against the loss of their status as ‘political prisoners’. As ever, this book pulls no punches in its absolute detestation of both Republican and Loyalist paramilitaries.

This book continues Ken Wharton’s epic journey through the Troubles in Northern Ireland, viewed primarily through the eyes of the British Army squaddies on the ground.

This book explores the wilful self-destruction of Ireland since the mid-1990s. It proposes that a Celtic confederation should co-exist with the UK in IONA. The high resource, low population density countries of Ireland and Scotland should reach out to their peers in Wales and England with an offer of belonging. An immense and beautiful new possibility is proposed to replace the current illegal congeries.

NEW YORK TIMES BESTSELLER * From the author of Empire of Pain--a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book--as finely paced as a novel--Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga." --New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--Say Nothing conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, Empire of Pain

Within the grand narrative of the Battle of Waterloo - one that marks the end of Napoleon's career as conqueror and the beginning of an extended peace in western Europe - little is known of the formidable efforts made by the Irish who supplemented the strength of the British Army and, in no small measure, directed the outcome of this vital moment in the history of the world. Through empirical research, Dan Harvey has delivered a book that reveals the manoeuvres that the Irish mounted against the French and the courage that they displayed at so many points within the confrontation. Harvey examines attacks from the French infantry, cavalry and Imperial Guard, revealing how Irish soldiers bore the brunt of Napoleon's frontal assault; they suffered many casualties but were also witness to countless feats of valour. A Bloody Day brings the actions of the Irish at Waterloo into focus, unravelling the true import of their deeds on Sunday, 18 June 1815.

A Bloody Week

The First World War was the biggest conflict in Irish history. More men served and more men died than in all the wars before or since that the Irish fought in. Often forgotten at home and written out of Irish history, the Irish soldiers and their regiments found themselves more honoured in foreign fields. From the first shot monument in Mons to the plaque to the Royal Irish Lancers who liberated the town on Armistice Day 1918, Ronan McGreevy takes a tour of the Western Front. At a time when Ireland is revisiting its history and its place in the world, McGreevy looks at those places where the Irish made their mark and are remembered in the monuments, cemeteries and landscapes of France and Flanders.

A brilliant true crime account of the assassinations that altered the course of Irish history from the “ compulsively readable ” writer (The Guardian). One sunlit evening, May 6, 1882, Lord Frederick Cavendish and Thomas Burke, Chief Secretary and Undersecretary for Ireland, were ambushed and stabbed to death while strolling through Phoenix Park in Dublin. The murders were funded by American supporters of Irish independence and carried out by the Invincibles, a militant faction of republicans armed with specially made surgeon ’ s blades. They put an end to the new spirit of goodwill that had been burgeoning between British Prime Minister William Gladstone and Ireland ’ s leader Charles Stewart Parnell as the men forged a secret pact to achieve peace and independence in Ireland—with the newly appointed Cavendish, Gladstone ’ s protégé, to play an instrumental role in helping to do so. In a story that spans Donegal, Dublin, London, Paris, New York, Cannes, and Cape Town, Julie Kavanagh thrillingly traces the crucial events that came before and after the murders. From the adulterous affair that caused Parnell ’ s downfall; to Queen Victoria ’ s prurient obsession with the assassinations; to the investigation spearheaded by Superintendent John Mallon, also known as the “ Irish Sherlock Holmes, ” culminating in the eventual betrayal and clandestine escape of leading Invincible James Carey and his murder on the high seas, The Irish Assassins brings us intimately into this fascinating story that shaped Irish politics and engulfed an Empire. Praise for Julie Kavanagh ’ s Nureyev: The Life “ Easily the best biography of the year. ” —The Philadelphia Inquirer “ The definitive biography of ballet ’ s greatest star whose ego was as supersized as his talent. ” —Tina Brown, award-winning journalist and author

In the summer of 1862, two great armies met outside of Richmond in a series of battles that would determine the course of the Civil War. The Union had time, men and materiel on its side, while the Confederates had mobility, esprit de corps and aggressive leadership. Untried General Robert E. Lee was tasked with driving the Yankees from their almost impregnable positions to save Richmond and end the war. Lee planned to isolate part of the Union Army, crush it, and then destroy the only supply base the remaining Federals had. To do so, he had to move thousands of troops hundreds of miles, bringing multiple forces together with intricate timing, all without the Yankees or their spies finding out. The largest and most important of these battles occurred at Gaines ’ Mill.

Presents eyewitness accounts of the massacre which took place January 30, 1972 in Derry, Northern Ireland during an anti-internment march in which the British Army opened fire and consequently killed fourteen people and wounded thirteen.

***** 'There have been many books written about the events of Bloody Sunday, however, none has wrenched the reader as violently back to those CS gas-choked streets, dumping them right in the heart of the screaming, running, shooting and crying, as Julieann Campbell's On Bloody Sunday. A powerful chronicle of one of the darkest episodes of modern times.' - Sunday Times 'Powerful and moving ... The strength of this important new book lies in the artistry the author brings to the tasks of portraying both the community upon which the massacre was perpetrated, and the individuals within it.' - Irish Times 'Meticulous.... On Bloody Sunday possesses a veracity and cumulative power that sets it apart from previous accounts' - Observer 'A momentous chronicle, timely and vital, which highlights that the burden of change rests, as always, upon the shoulders of those who suffered and yet, have nurtured the desire that lessons be learned.' - Michael Mansfield QC, who represented a number of families during the Bloody Sunday Inquiry. 'It is a vital record of the time, the city, and its people, and more impressive still it does so almost entirely in their own words, their heartbreak, their anger, their resilience, their humour. Julieann Campbell has given their voices, so long silenced, the dignity they deserve. It is a staggering achievement.' - Séamas O'Reilly 'It's a wonderful book. The technique used - multiple voices speaking directly to us - is very simple but it has a profound effect. It puts us into the middle of the chaos of Bloody Sunday and keeps us there throughout the grief and anger that follow. A wonderful, wonderful book.' - Jimmy McGovern, BAFTA winning screenwriter, creator of 'Sunday' (2002) In January 1972, a peaceful civil rights march in Northern Ireland ended in bloodshed. Troops from Britain's 1st Battalion Parachute Regiment opened fire on marchers, leaving 13 dead and 15 wounded. Seven of those killed were teenage boys. The day became known as 'Bloody Sunday'. The events occurred in broad daylight and in the full glare of the press. Within hours, the British military informed the world that they had won an 'IRA gun battle'. This became the official narrative for decades until a family-led campaign instigated one of the most complex inquiries in history. In 2010, the victims of Bloody Sunday were fully exonerated when Lord Saville found that the majority of the victims were either shot in the back as they ran away or were helping someone in need. The report made headlines all over the world. While many buried the trauma of that day, historian and campaigner Juliann Campbell - whose teenage uncle was the first to be killed that day - felt the need to keep recording these interviews, and collecting rare and unpublished accounts, aware of just how precious they were. Fifty years on, in this book, survivors, relatives, eyewitnesses and politicians, shine a light on the events of Bloody Sunday, together, for the first time. As they tell their stories, the tension, confusion and anger build with an awful power. ON BLOODY SUNDAY unfolds before us an extraordinary human drama, as we experience one of the darkest moments in modern history - and witness the true human cost of conflict.

Contains color illustrations and photographs of a variety of uniforms and gear worn by both sides during the Civil War.

Full account of the events of that day, and the impact its had on the families and communities involved

The word Zulu means ‘heaven’, but for the suddenly besieged and minute British garrison at Rorke’s Drift, among them a key faction of Irish soldiers, it represented a hellish horde of warriors from the Zulu nation. A Bloody Night documents the terrifying struggle of these Irishmen as thousands of poorly armed but well-trained Zulus unexpectedly hurled themselves in a head-long, deadly onslaught against their hastily barricaded trading station and mission hospital. The battle, a defining clash in the 1879 Anglo-Zulu war, was a bare struggle for survival; the deeds and heroics of the Irish soldiers, subdued within the grand narrative, were no less exceptional than that of their English counterparts. Dan Harvey brings examples of their sheer resilience to the fore. The defence of Rorke’s Drift was an epic encounter and an exceptional piece of soldiering. Its tale of courage in adversity against impossible odds endures; the little-known but significant role of those Irishmen present is no less absorbing a story, and all the more intriguing for its unheralded heroism.

Stoddard uses the Anglophone Caribbean and Ireland to examine the complex inflections of women and race as articulated in-between the colonial discursive and material formations of the eighteenth century and those of the (post)colonial twentieth century, as structured by the defined spaces of the colonizers' estates.

Can this deeply divided island ever be united? Malachi O’Doherty’s ground-breaking new book explores this salient question and many more. Considering centuries of history alongside contemporary issues, he looks for answers by talking to those who know the island best: those who live there. O’Doherty speaks to politicians, journalists, writers, lawyers, sportspeople and residents of both the North and the Republic, to produce the most comprehensive picture yet of a divided nation and its uncertain future. This book asks the big political questions about the prospects of reconciliation between North and South, but it also goes behind the upfront attitudes of parties and factions to ask what really drives people’s sense of who they are, and whether a more inclusive national identity can be reached. The Irish nation still defines itself by the legacy of a freedom struggle, a legacy cherished and celebrated by major political parties while at the same time aspiring to absorb a people and a region which is determinedly British.

Can two parts of a partitioned island put that legacy behind them, and if so, how would they jointly define Ireland’s sovereign national character after that? In Can Ireland Be One?, Malachi O’Doherty confronts the real-world implications of this incendiary debate.

A Novel

From the Reign of Queen Elizabeth to the Settlement Under King William. With the State of the Irish Catholics from that Settlement to the Relaxation of the Popery Laws in the Year 1778

Conspiracy, Revenge, and the Phoenix Park Murders That Stunned Victorian England

Post D-Day, with the Allies on the newly created 'Second Front' driving fast eastwards beyond Paris, and the Russians on the 'Eastern Front' pressing westwards, the fervour of the fanatical Fascist Nazi Regime remained undiminished. For the Third Reich it was intolerable to believe that they must now concede. Instead of ending the war and suing for peace, the levels of hostility, hatred, and horror heightened, and the brutality, viciousness and terror increased. The resistance to the Allied advances across Europe, first towards, then within, Germany intensified, and every inch of the Fatherland was bitterly contested. With the Allies, in their thousands, were the Irish. A Bloody Victory unearths these people from the corners of Irish history and transports them back to the D-Day beaches and the bridge at Arnhem, to the frozen landscapes at the Battle of the Bulge, the banks of the River Rhine, to the unimaginable horrors of Bergen-Belsen and Buchenwald concentration camps, and finally to the ruinous Battle of Berlin. There was no one individual 'Irish narrative' in the Second World War, but there was a narrative of Irish Individuals, and in A Bloody Victory, Dan Harvey pays due tribute to their significant contribution.

This is the first complete history of the Curragh Camp, from its foundation in 1855 to the present day, under both British and Irish occupation. Dan Harvey, a military historian and an experienced senior officer, presents a compelling and fascinating narrative of the camp's many evocative eras and episodes. This unique establishment has been key in shaping Irish history while being shaped in turn by the great national and international conflicts that it was founded to respond to: the Crimean War, the Boer War, the Great War, the Easter Rising and War of Independence are all accounted for under the banner of the British Army. The first tricolour hoisted overhead of the camp signalled no change to its level of service as the Curragh's forces were quickly embroiled in the Irish Civil War, later oversaw the years of the modern Troubles, and forged an international role with the Irish Defence Forces. These grand narratives are interlaced with smaller yet significant tales that personalise the institution and lend vitality to the many facets that keep service, work, and a livelihood in check on world-renowned plains once covered by 'St. Brigid's cloak'. Prince Edward's royal visit and training, and the 'Wrens' less welcome visits to the soldiers after dark - everyday and extraordinary matters are described to give the most authoritative history, compelling and meticulously written, of a camp inextricable to Ireland for over one hundred and fifty years

Stories of boys who have influenced the history of their times. Contains the childhood stories of Emperor Marcus Aurelius Antoninus, William the Conqueror, Louis XIV of France, Pope Leo X. and many more. Originally published in 1886.

A True Story of Murder and Memory in Northern Ireland

Historic Boys: Their Endeavours, Their Achievements, and Their Times is a book by Elbridge S. Brooks. It presents twelve boys who influenced historical events through courage, perseverance and fortitude.

The Battle of Britain, regarded by historians as one of the greatest air battles in the history of warfare, was an early turning point in the Second World War. In the summer of 1940, the German army had, with astonishing speed, mercilessly swept aside all before them and were perched on the northern coastline of France. Outright victory over all of Europe was impeded only by the expanse of the English Channel. The supremely confident, yet-to-be defeated Luftwaffe (German Air Force) were eager for continued action, to claim air superiority and victory over an outnumbered RAF and clear the skies for the amphibious invasions of Britain and Ireland. It was vital that the RAF deny them, and so a ferocious and highly strategic aerial battle began that was to rage for more than three months. Among those in the RAF's Spitfire and Hurricane fighter squadrons were Irishmen, who were in the thick of the aerial exchanges, daring 'dog-fights', and intrepid interceptions of German bombers. *A Bloody Summer: The Irish at the Battle of Britain for the first time tells the true and full story of their heretofore underestimated involvement in this epic aerial encounter.*
