

A Chinese Character A Day Practice Pad Volume 2 Tuttle Practice Pads

This is an invaluable study guide for learning basic Chinese characters. 250 Essential Chinese Characters Volume 1 is a second edition, completely revised and with 50 percent new material. Featuring a new design; tips for mastery throughout; exercises in AP-exam format; progressive review sections; and several indices, this volume is a crucial learning tool for anyone interested in the Chinese language and a great way to learn Chinese characters. Master each character's radical, stroke count and meaning. Grow in proficiency by learning compound words. Example sentences show how to use them in context. Review activities reinforce your learning progress. Helpful writing guides and practice grids for every character. After studying this book together with its companion, 250 Essential Chinese Characters, Volume 2, you'll have learned 500 of the most important characters in Chinese, and thousands of words in which they appear. Whether you're new to Chinese or coming back for review, each of these 250 characters offers you ways to improve your abilities to read Chinese and write Chinese.

By arranging frequently used characters under the phonetic element they have in common, rather than only under their radical, the Dictionary encourages the student to link characters according to their phonetic. The system of cross-referencing then allows the student to find easily all the characters in the dictionary which have the same phonetic element, thus helping to fix in the memory the link between a character and its sound and meaning. This innovative resource will be an excellent study-aid for students with a basic grasp of Chinese, whether they are studying with a teacher or learning on their own.

A great Notebook for practicing Chinese Characters by writing them every day! Cover : High Quality Soft Cover (Matte) Size : 8.5 x 11 inches (21.59 x 27.94 cm) Interior: Blank White Squares for Chinese Characters 120 pages with 300 squares per page (15x20 squares) This workbook is specially designed for practicing Chinese characters. Each page includes 300 large squares which hold one character and each square is divided into four quadrants for practicing the perfect positioning of each character. Why You Should Buy this Chinese Writing Practice Notebook : All pages include a large amount of squares (a Chinese manuscript paper) that can be used in horizontal or vertical position. The squares are designed to be next to each other in order to maximize the real estate of the book and offer more practice possibilities than other workbooks. Chinese Practice Paper have been used for years in Chinese schools throughout China and have been proven to help students to learn and improve their writing. This notebook is recommended by Chinese Teachers for children, students, adults, language learners, learning Chinese and needing consistent practice to improve their handwriting skills. Why not have a Look Inside the book (using the Look Inside feature above) to see exactly how this Chinese writing workbook can fit your needs. Buy this Chinese Writing Practice Notebook today and start improving your writing!

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine

languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Chinese Character a Day Practice Pad

This highly-visual book introduces an effective new method for learning Chinese characters using visual stimuli and pictographs. Learning the necessary characters used to write even simple Chinese sentences can be a long and arduous process. Chinese Characters Made Easy makes the learning process fun and easy by presenting the 1,000 most common characters using a new mnemonic approach that associates each character with a memorable visual and verbal clue—making memorization easy. The character for person, for example, is superimposed over a sketch of a man representing "a person standing on two legs"—drawing the reader's attention to the distinctive shape of the character and associating the sketch with the character's meaning. The Chinese characters are presented in groups or clusters all sharing common elements and meanings, for context and ease of identification. These groups of characters all share common root symbols known as radicals or relate to a particular theme or topic such as colors, numbers, animals, or body parts. Pronunciations, meanings and vocabulary compounds are provided for each character in the group. Key features of Chinese Characters Made Easy include: An introduction to the history and structure of the Chinese writing system 1,000 characters and over 3,000 words for beginning learners of Chinese This Chinese character book's visual approach is a powerful learning tool. It can be used by serious students and is entertaining and useful to general readers who are curious about how the Chinese writing system works and how it developed.

Everything you need to learn the 349 most basic Chinese characters quickly and easily is in this box - our #1 Chinese language learning kit! 349 Flash Cards. A Handy Organizing Ring . Audio Recordings of More than 2000 words and phrases . Plus a 32-page study booklet. To succeed in mastering Chinese

characters, there are just 3 secrets: begin with the most useful characters, study them in the most effective order, and use repetition galore! Flash cards remain one of the most effective tools for rapid memorization, and Tuttle's flash cards are the best available today. Whether on a train from Beijing to Shanghai or sitting under a tree in Berkeley, you can be study Chinese with this well-designed, easy-to-use set of flashcards. Developed with HSK study and AP test-prep in mind, the front of Tuttle's Chinese Flash Cards give one Chinese character, a stroke order guide, 4 words and phrases, and look-alike alerts to help avoid confusion. On the reverse is as much information as a dictionary entry: Romanized pronunciation and English meanings, sample sentences for correct usage, plus helpful mnemonics and learning tips. An audio CD gives native-speaker pronunciations and a handy organizing ring is the perfect way to keep the cards all together when you're on the go.

A tour-de-force by rising indy comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. *American Born Chinese* is an amazing ride, all the way up to the astonishing climax. *American Born Chinese* is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. This title has Common Core Connections

"Sam Song has a way with words. To teach, he's the best you have heard. The books that he writes are such marvelous sights learning Chinese each day word by word. Chinese words we can learn very fast. And when learned we cry Goodie, at last! For I must know the end. How that story doth wend and to know how it ends is a blast!"-- Poet Mrs. Carol Creed This books will be a huge help for you, if you are thinking about to get better at understanding or remembering Chinese characters. It visually illustrates and explains pieces of every character in three popular Chinese stories. For practicing pronunciation or learning to read the popular Chinese stories in the book, the free downloadable audio files on author site ensure that readers learn the correct pronunciation and tone of each character in the book. (This book and the book, *Learning Learning Chinese The Easy Way: Simplified Characters, Level 1: 3 stories in one book*, share the same audio files.) The Language Revolution That Made China Modern

Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the basic Chinese characters that are fundamental to the language. Intended for self-study and classroom use, this character workbook presents 178 Chinese characters and over 534 common words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a very simple and clear way. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process and an index at the back allow you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most basic Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

Chinese Characters: learning to read and write, just one each day...library edition, book 4, english an astonishingly fun and playful way to learn to read and write chinese characters... this simple and highly interactive guide takes you through mastering one - yes, just one - new character each day... the little guide is filled with entertaining and informative stories, ideas, and bite-size bits of chinese culture and wisdom... anyone who follows the system is practically guaranteed an end result of a confident ability to read and write these beautiful artistic characters... each book in the series contains 25 new characters...understanding to use each new character builds clearly and enjoyably on the characters the reader has learned before... SPECIAL NOTE: PLEASE DO NOT READ OR USE ANY OF THE BOOKS IN THIS SERIES WITHOUT USING THE ONE(S) WHICH COME BEFORE IT! (we use a special system where new characters build on the ones which appear earlier in the series - and that relates to their meanings, their look, the styles of writing involved, and all the chinese culture stories...in all cases what is presented will refer to ideas and techniques appearing earlier...)

THANK YOU! www.mead-hill.com

"The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters. Remembering Simplified Hanzi covers the writing and meaning of the 1,000 most commonly used characters in the traditional Chinese writing system, plus another 500 that are best learned at an early stage." "Of critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory. In the Chinese writing system, strokes and simple components are nested within relatively simple characters, which can, in turn, serve as parts of more complicated

characters and so on. Taking advantage of this allows a logical ordering, making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process."--BOOK JACKET.

This user-friendly book is aimed at helping students of Mandarin Chinese learn and remember Chinese characters. At last—there is a truly effective and enjoyable way to learn Chinese characters! This book helps students to learn and remember both the meanings and the pronunciations of over 800 characters. This otherwise daunting task is made easier by the use of techniques based on the psychology of learning and memory. Key principles include the use of visual imagery, the visualization of short "stories," and the systematic building up of more complicated characters from basic building blocks. Although Learning Chinese Characters is primarily a book for serious learners of Mandarin Chinese, it can be used by anyone with an interest in Chinese characters, without any prior knowledge of Chinese. It can be used alongside (or after, or even before) a course in the Chinese language. All characters are simplified (as in mainland China) but traditional characters are also given, when available. Key features: Specially designed pictures and stories are used in a structured way to make the learning process more enjoyable and effective, reducing the need for rote learning to the absolute minimum. The emphasis throughout is on learning and remembering the meanings and pronunciations of the characters. Tips are also included on learning techniques and how to avoid common problems. Characters are introduced in a logical sequence, which also gives priority to learning the most common characters first. Modern simplified characters are used, with pronunciations given in pinyin. Key information is given for each character, including radical, stroke-count, traditional form, compounds, and guidance on writing the character. This is a practical guide with a clear, concise and appealing layout, and it is well-indexed with easy look-up methods. The 800 Chinese characters and 1,033 compounds specified for the original HSK Level A proficiency test are covered.

American Born Chinese

Chinese Character a Day Practice Pad Volume 1

A Dictionary of Chinese Characters

Integrated Chinese, Level 1

A mother and son practice writing Chinese characters in the snow in a story which introduces the characters for ten simple words.

This calendar-like practice pad allows you to effectively practice Chinese characters and learn a year's worth of characters in just minutes a day. Although more people are studying the Chinese language than ever before, others are still wary of starting because they believe, "it's too difficult." But A Chinese Character A Day, Volume 2 will show beginner-intermediate students that learning Mandarin Chinese characters is highly manageable when absorbed in small doses. It will help intermediate and advanced Chinese learners review and improve upon their past studies and practice written Chinese every day. Chinese characters (hanzi) are fascinating pictographic symbols that each have a specific meaning. After a few weeks of gradual progress your ability to read Chinese, write Chinese and pronounce Chinese will grow tremendously. This calendar like desk companion starts with the most basic Chinese characters and builds upon itself, one day at a time. For easy reference and review, a booklet listing the 365 Chinese characters is included. Each of the 365 pages contain these six components: The featured Chinese character. The English meaning. The pronunciation written in romanized Chinese (hanyu pinyin). Related compounds with their meanings and pronunciations. Stroke-order diagrams. 28 practice squares. To get started with A Chinese Character a Day, turn to Day One and begin by studying the character, its readings, meanings and sample compounds. Then tear off the sheet and, using the stroke-order guide, practice writing the character in the spaces provided. In a matter of days you'll be on your way to reading and writing Chinese with ease!

A Chinese Phrase A Day is a fun, less-intimidating way to learn Chinese! Part of Tuttle's best-selling page-a-day line, this

new edition teaches useful everyday phrases and words. Although more people are studying the Chinese language than ever before, others are still wary of starting because they believe, "it's too difficult." But A Chinese Phrase A Day will show absolute beginners that Chinese is in many ways much easier than other languages and it will help intermediate Chinese learners review and improve upon their past studies and practice Chinese everyday. With almost no grammar or tense, no verb conjugation and a consistency that English, Spanish, French and Japanese learners can only wish for, Chinese enables you to start conversing relatively quickly. After a few weeks of gradual progress your ability to read Chinese, write Chinese and speak Chinese will grow tremendously. This calendar like desk companion is divided into monthly topics and builds upon itself, one day at a time. Chinese phrases are kept short, simple and functional. Each of the 365 pages include these four components: The simplified Chinese characters. The romanized Chinese (hanyu pinyin). The English phrase. A related cultural note to put the phrase into context. Audio for all of the A Chinese Phrase A Day entries is available online. Listening and repeating after the native speakers in the audio files will help you to practice Chinese regularly and polish your spoken Mandarin Chinese and Mandarin listening comprehension. To get started, turn to Day One and begin studying the phrase, its meaning, pronunciation and cultural context. Then tear off the sheet and practice writing it a few times. In a matter of days you'll be on your way to reading and writing Chinese!

The Quick and Easy Way to Learn Chinese Characters! (HSK Level 1 & AP Exam Prep)

Learn Chinese characters by associating them with memorable images.

What does it take to reinvent a language? After a meteoric rise, China today is one of the world's most powerful nations. Just a century ago, it

was a crumbling empire with literacy reserved for the elite few, as the world underwent a massive technological transformation that threatened to leave them behind. In Kingdom of Characters, Jing Tsu argues that China's most daunting challenge was a linguistic one: the century-long fight to make the formidable Chinese language accessible to the modern world of global trade and digital technology. Kingdom of Characters follows the bold innovators who reinvented the Chinese language, among them an exiled reformer who risked a death sentence to advocate for Mandarin as a national language, a Chinese-Muslim poet who laid the groundwork for Chairman Mao's phonetic writing system, and a computer engineer who devised input codes for Chinese characters on the lid of a teacup from the floor of a jail cell. Without their advances, China might never have become the dominating force we know today. With larger-than-life characters and an unexpected perspective on the major events of China's tumultuous twentieth century, Tsu reveals how language is both a technology to be perfected and a subtle, yet potent, power to be exercised and expanded.

Through the use of photographs, local language and cultural details, a day in the life of seven-year-old Ren Yikang is explored. Ren lives in Changzhi city with her family. She must get to school early in the morning as she is part of the cleaning crew that day. In the evening, she sits down with her mother and father to a typical meal of rice and stirfried Chinese celery with doufu (bean curd), sweet and sour eggplant and sliced pig livers. Finally, before bed, she takes time to practise her English letters.

This handy Mandarin dictionary allows you to look up words quickly and easily—and be understood while speaking. The Periplus Pocket Mandarin Chinese Dictionary is a pocket-sized dictionary designed for travelers, business people and beginning Chinese language students. It contains all the most common Chinese vocabulary you will need. This new edition has been extensively revised and expanded to include over 12,000 entries. A reference guide to the essentials of Chinese grammar and pronunciation are provided to ensure you will be understood when speaking. Features of this Chinese dictionary include: Complete English-Chinese and Chinese-English sections Headwords are printed in bold for easy reference Alternate meanings of the same word (in English or Chinese) are clearly distinguished Includes the latest IT, mobile phone, Internet and social media terminology

Chinese Character a Day Practice Pad Volume 1 Simplified Character Edition Tuttle Publishing

My First Book of Chinese Words introduces young children to basic words and concepts in the Chinese language through colorful rhymes and beautiful imagery. It is a book that parents and young children will enjoy reading together. The Chinese words in the book are all common, everyday items, and the rhymes are informative and fun for children. The goal of My First Book of Chinese Words is to familiarize children with the basic sounds and written characters of Chinese, to introduce core concepts of Chinese culture and to illustrate the ways in which Chinese sounds differ from English ones. Teachers and parents will welcome the cultural notes at the back of the book and appreciate how the book is organized using a familiar ABC structure. Each word is presented in Chinese characters (both Simplified and Traditional) as well as Romanized Pinyin for easy pronunciation. With the help of this book, we hope more children (and adults) will soon join the more than one billion people worldwide who speak Chinese!

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

Mandarin Chinese Language Composition Notebook

Language standardization is the process by which conventional forms of a language are established and maintained. Bringing together internationally renowned experts, this Handbook provides a comprehensive overview of standardization, norms and standard languages. Chapters are grouped into five thematic areas: models and theories of standardization, questions of authority and legitimacy, literacy and education, borders and boundaries, and standardization in Late Modernity. Each chapter addresses a specific issue in detail, illustrating it with linguistic case studies and taking into account the particular political, social and cultural context. Showcasing cutting-edge research, it offers fresh perspectives that go beyond traditional accounts of the standardization of national European languages, and affords new insights into minoritized, indigenous and stateless languages. Surveying a wide range of languages and

approaches, this Handbook is an essential resource for all those interested in language standards and standard languages.

With A Chinese Character A Day you can master 365 essential Chinese characters in just minutes a day! Each sheet introduces a new character in bold, easy-to-read type, with pronunciation, meanings, stroke order, and four compounds illustrating usage. Five minutes a day and you're on your way to writing Chinese like a native! For easy reference and review, 365 characters are listed.

Five minutes a day is all it takes to begin learning Chinese! The perfect guide for busy people who want to learn Chinese, Mandarin Chinese Characters Language Practice Pad helps even those completely unfamiliar with the language learn and write the 332 most essential Chinese characters—in just five minutes a day! Each page introduces one new character—showing how it is pronounced and written, along with its meaning and related vocabulary. The reverse side offers sample phrases and sentences to demonstrate how to use the words in their correct context. After studying the character and its compound forms, users can practice writing these in a notebook, with the ability to reference the mnemonic visual aids and stroke order included on each page. This is an ideal resource for HSK Levels 1 & 2 as well as AP Chinese Language and Culture Exam prep.

"DeFrancis's book is first rate. It entertains. It teaches. It demystifies. It counteracts popular ignorance as well as sophisticated (cocktail party) ignorance. Who could ask for anything more? There is no other book like it. ... It is one of a kind, a first, and I would not only buy it but I would recommend it to friends and colleagues, many of whom are visiting China now and are adding 'two-week-expert' ignorance to the two kinds that existed before. This is a book for everyone."
--Joshua A. Fishman, research professor of social sciences, Yeshiva University, New York "Professor De Francis has produced a work of great effectiveness that should appeal to a wide-ranging audience. It is at once instructive and entertaining. While being delighted by the flair of his novel approach, the reader will also be led to ponder on some of the most fundamental problems concerning the relations between written languages and spoken languages. Specifically, he will be served a variety of information on the languages of East Asia, not as dry pedantic facts, but as appealing tidbits that whet the intellectual appetite. The expert will find much to reflect on in this book, for Professor DeFrancis takes nothing for granted."
--William S. Y. Wang, professor of linguistics, University of California at Berkeley

A Practical Guide to Learning Mandarin

The Colourful Biography of Chinese Characters, Volume 1

Pictorial Chinese Characters in Popular Chinese Stories

The Chinese Language

Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: "The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." - Geoff van der Meer, VP engineering "This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." - Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

An analysis of 1000 Sino-Japanese characters.

The complete book of Chinese characters that covers every aspect of, and therefore answers all the questions one might have for, these fascinating ancient language symbols from script evolution to colour-illustrated biographies including proper Stroke sequences and from the complete Compound anatomy to the trinity of Sounds, Semantics, and Synopses. This series of books is the ultimate guide and reference for first-time learners as well as masters of the language. It is for

both the teachers and self-motivated students. This is the 1st volume of the series, covering the 1st 100 most frequently used Chinese characters as presented with their full colour illustrations and arranged in columns from right to left on the front cover. For its extensive colour illustrations throughout, this book is best read with a colour screen reader. Gordon and Li Li are cousins. Gordon lives in Brooklyn, New York and Li Li is from Beijing, China. When Li Li visits Gordon for the first time, they learn to communicate with each other with simple, everyday words in English and Mandarin.
