"Kathryn Casey is one of the best true crime writers today." —Ann Rule With true crime classics like Descent into Hell and Die My Love, author Kathryn Casey has peered into the darkest corners of the Lone Star State, shedding a fascinating, chilling light on a series of notorious Texas murders. In Shattered, she explores in riveting detail an infamous Houston area crime: the brutal slaying of a young mother and her unborn child by the person closest to them. Evie Manieri's Blood's Pride is the first book of The Shattered Kingdoms, an engaging, action-packed, and "highly imaginative" (Kirkus Reviews) series of fantasy novels with epic scope and "the perfect mix of romance, family ties, betrayals, and agonizing dilemmas" (RT Book Reviews). Rising from their sea-torn ships like vengeful, pale phantoms, the Norlanders laid waste to the Shadar under cover of darkness. They forced the once-peaceful fisher folk into slavery and forged an alliance with their former trading partners, the desert-dwelling Nomas tribe, cutting off any hope of salvation. Now, two decades after the invasion, a rebellion gathers strength in the dark corridors of the city. A small faction of Shadari have hired the Mongrel, an infamous mercenary, to aid their fledgling uprising—but with her own shadowy ties to the region, she is a frighteningly volatile ally. Has she really come to lead a revolution, or for a more sinister purpose all her own? Set in a fictional quasi-Medieval Mediterranean region with a strong cast of male and female characters, the series "presents a striking world with civilizations similar to those of the Vikings and the nomadic cultures of the Middle East, and with the Mediterranean sensibilities of the ancient Greeks. Her characters are passionate and memorable, lending a personal touch to a complex tale of clashing cultures and philosophies. Fans of Sharon Shinn, Elspeth Cooper, and Gail Z. Martin should enjoy Manieri's approach to culture and drama." A Family Shattered

New York Times bestseller Allison Brennan’s two series collide in Shattered, a powerful, enthralling read about the craving for revenge and the desire for justice. Over a span of twenty years, four boys have been kidnapped from their bedrooms, suffocated, and buried nearby in a shallow grave. Serial killer or coincidence? That’s the question investigative reporter Maxine Revere sets out to answer when an old friend begs her to help exonerate his wife, who has been charged with their son’s recent murder. But Max can do little to help because the police and D.A. won’t talk to her—they think they have the right woman. Instead, Max turns her attention to three similar cold cases. If she can solve them, she might be able to help her friend. Justin Stanton was killed twenty years ago, and his father wants closure—so he is willing to help Max with her investigation on one condition: that she work with his former sister-in-law— Justin’s aunt, FBI Agent Lucy Kincaid. Trouble is, Max works alone, and she’s livid that her only access to the case files, lead detective and witnesses depends on her partnering with a federal agent on vacation. She wants the career-making story almost as much as the truth—but if she gets this wrong, she could lose everything. Haunted by Justin’s death for years, Lucy yearns to give her family—and herself—the closure they need. More important, she wants to catch a killer. Lucy finds Max’s theory on all three cases compelling—with Max’s research added to Lucy’s training and experience, Lucy believes they can find the killer so justice can finally be served. But the very private Lucy doesn’t trust the reporter any more than Max trusts her.
