New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Martin Luther's nailing of the Ninety-Five Theses on the church door at Wittenberg was a pivotal moment in the birth of what would become known as the Reformation. More than five hundred years later, historians and theologians continue to discuss the impact of these events and their ongoing relevance for the church today. The collection of essays contained in this volume not only engages the history and theology of this sixteenth-century movement, but also focuses on how the message and praxis of the Protestant reformers can be translated into a post-Christendom West.

Explores the critical battle of Carrhae, a fascinating tale of treachery, tactics, and topography in which Rome experienced one of its most humiliating defeats. The Battle of Carrhae is from a heady moment in Roman history - that of the clever carve-up of power between the 'First Triumvirate' of Caius Iulius Caesar, Cnaeus Pompeius Magnus and Marcus Licinius Crassus (the Roman general who had famously put down the Spartacan revolt). It is a fascinating tale of treachery, tactics, and topography in which Rome experienced one of its most humiliating defeats at the hands of the Parthians, not far from a trade-route town hunkered down on the fringes of the arid wastes of northern Mesopotamia, sending shock waves through the Roman power structure. Join classical historian Dr Nic Fields as he draws out the crucial psychological and political factors (including Crassus' lust for military glory and popular acclaim) that played a key role in this brutal battle. Relive in full detail how, despite being heavily outnumbered, the Parthian general Surena's horsemen completely outmanoeuvered Crassus' legionaries, killing or capturing most of the Roman soldiers. Explore the tactics and techniques of the Parthian horse archers, uncover details of Roman and Parthian equipment and weaponry, and experience the last stand of Publius Crassus, son of Marcus Licinius.

This volume by Gracia Grindal introduces English-speaking readers to several significant yet unsung Lutheran women hymn writers from the sixteenth century to the present. After a brief introductory discussion of Elisabeth Cruciger, the first woman hymn writer of the Reformation, Grindal provides fascinating profiles of these talented Scandinavian women who "preached from home": Dorothe Engelbretsdatter, Birgitte Hertz Boye, Berthe Canutte Aarflot, Lina Sandell, Britt G. Hallqvist, and Lisbeth Smedegaard Andersen. Grindal not only gives a biographical account of each woman her life, her piety, her times but also offers sparking new English translations of each writer s key hymns. In the last chapter Grindal recounts her own inspiring journey as a Lutheran woman hymn writer. Her Preaching from Home will open the door to a world previously unknown to most North Americans.

The basic message of the Bible can be understood in any language. At the same time, many biblical texts are hard to understand because they don't quite make sense when translated into English. Something is missing. Quite frequently, what readers miss has been lost in translation. Maybe there is a pun or wordplay in the original. Sometimes names like Adam, Eve, Cain, Abel, and Eden just seem like names to us but have meanings that are essential to the story. Many Hebrew words have multiple meanings, but the English translators have to just pick one (for example, the same Hebrew word can mean both hear and obey). Even more common are Hebrew words that have much wider meanings than their English translations. A few examples are the Hebrew words rendered as remember, covenant, walk, gates, love, cleanliness, holiness, glory, wisdom, and fear. The original language allows various parts to click together like well-constructed puzzle pieces. With Hebrew in mind, interpreters see new details they didn't realize were missing before. They make new connections. They immerse themselves in scripture more fully. That's where this book comes in. Learning a language is like learning a worldview. Those who learn biblical Hebrew can better understand not only what biblical authors wrote, but also how they thought. Unfortunately, those insights come only after years of study. This book is about getting right to the important, exciting insights. It's an opportunity to be transformed by the renewing of our minds as we better understand how biblical authors used their language to express their experience of God and the world. If you are just beginning to study Hebrew and want the insights and motivation to continue or if you have no intention of learning biblical Hebrew but want to better understand the Bible, this book is for you!

Often we read the book of Daniel in one of two ways—either as a book about a heroic man whose righteousness should inspire us to keep the faith no matter what our circumstances, or as a roadmap to the end times that can, through careful study, perhaps tell us the day and hour (or nearly so) of Christ’s return. Both, says Bryan Chapell, are sadly missing the bigger picture, that God is the hero of this story and he is in the midst of his unrelenting plan to rescue his people from their sin and its consequences. We mustn’t simply make the man Daniel the object of our worship nor the subject of our debates. We may differ about prophetic details, Chapell says, but we should never miss the point that the book of Daniel is, like all of Old Testament Scripture, pointing us toward the grace of God, ultimately revealed in Christ. Pastors, teachers, and individual Christians studying the book of Daniel will find this volume a welcome addition to their library.

Worst New Year's resolution...ever. Of course, Cinderella Charming, C.C. to the world, had heard of "marriages of convenience." After all, her parents had named her and her siblings after fairytale characters, even though she resembled one of Cinderella's cute mice friends rather than a princess. She was also an avid romance reader. But when her boss, the insanely handsome star quarterback and playboy Michael Campbell, proposed the fake marriage plan, her rational self screamed its objections. True, she'd be given a generous bonus when the marriage was annulled, so she could open her own restaurant. True, the fake marriage would help improve Michael's image. True, she was in Scotland, one of her favorite places of all time. But C.C.'s main objection, and this was a big one, was that she feared she'd already fallen in love with Michael, and they would be spending New Year's Eve together...alone.

Post-Enlightenment theology has frequently rejected the historic Christian doctrine of substitutionary atonement. For theologians standing in the tradition of the Lutheran Confessions, rejection of substitutionary atonement is particularly problematic because it endangers the unconditional nature of the justification through faith. If one rejects vicarious satisfaction, then the only alternative is to make redemption dependent on what sinners do for themselves. In this study, Jack Kilcrease argues for substitutionary atonement within the perspective of what he calls the "Confessional Lutheran Paradigm." The author also critiques a

wide variety of modern Lutheran theologians' understandings of atonement: Werner Elert, Gustaf Aulen, Gustaf Wingren, Robert Jensen, Eberhard Jungel, Wolfhart Pannenberg, and Gerhard Forde. As Kilcrease demonstrates, although these authors often give many fine theological insights, their distortion or misrepresentation of the doctrine of atonement carriers over to a problematic understanding of law, gospel, and justification through faith.
