Dragons, bonded mates, and irreversible decisions. After a car accident left my only parent – my father in the hospital, I was swept away to the Dragon Born Academy by my estranged grandmother. If I had to be there, I'd be an observer of this place with its rituals and superstitions... After all, everyone's made it clear I don't belong. But then it happened...and Ashe Carrick – my impossibly irresistible bond-mate happened. Being Cracked Open changed everything... Who I thought I was, WHAT I thought I was... DRAGON BORN. The words alone bring to mind monsters and princesses in castles. I am the princess and the monster they locked away. However, my story has no damsels in distress, waiting to be rescued. It's self-rescue time, and I'm done playing nice. “the chemistry, the romance, the anger, the betrayal just wow!... in my top 5 2020 reads!” – Goodreads reviewer “Wonderfully written... impossible to put down.” – Goodreads reviewer “Wow! You are not a newt are you? I've not seen one with wings before said Alex. The little creature opened one of his wings and blew over it trying to disperse some of the droplets of water remaining on its greeny black finely scaled skin. This first encounter was the start of a magical adventure that by pure chance happened to just an ordinary boy and his family.

*The Fairy Dragons of Rainbow Mountain tells of a magical family of fairy dragons who have been asleep inside their Rainbow Mountain home for many, many centuries. Their awakening coincides with the return of the Magic to the earth in order to break the spell that the Darkness has held over the minds and hearts of the humanfolk for many aeons. As the fairy dragons enter a much-changed world from the one they remember, their experiences present some very interesting challenges. The most important thing to know about fairy dragons, however, is that as well as the magical powers they possess, they are also filled with love and compassion for the humanfolk and so are able to touch the hearts and minds of all those they encounter.*

*A Darker Shade of Magic, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari--magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes--Red London--and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive.*

*When Julius overthrew his mother and took control of his clan, he thought he was doing right by everyone. But sharing power isn't part of any proper dragon's vocabulary, and with one seat still open on the new ruling Council, all of Heartstriker is ready to do whatever it takes to get their claws on it, including killing the Nice Dragon who got them into this mess in the first place. To keep his clan together and his skin intact, Julius is going to have to find a way to make his bloodthirsty siblings play fair. But there's more going on in Heartstriker Mountain than politics. Every family has its secrets, but the skeletons in Bethesda's closet are dragon sized, and with Algonquin's war looming over them all, breaking his clan wide open might just be the only hope Julius has of saving it.*

*"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. “From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees.”*

*And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.*

Sink your teeth into 700 pages of pulse-pounding paranormal romance. Welcome to my corner of the Zodiac Shifter universe. Wylde Magick is pure, untamed source material. Ancient and wise, it's existed since the dawn of time. No matter how old it is, though, it's under attack from evil that threatens the very fabric of its existence. He takes his responsibilities seriously, which hasn't left time for much of anything, and it's about to get worse. Mages are in trouble. A few signed on with vampires, causing human deaths. Because of them, all mages are being smeared with the traitor brush. It might be too late to make a difference, but that's never stopped him before. A BIOTECH RACE AGAINST TIME TO DEVELOP MILITARY-GRADE DRAGONS. Brilliant genetic engineer Noah Parker is pitted head-to-head against the founder of Build-a-Dragon to design custom dragons for the military. Genetic engineer Noah Parker has at last landed the job he's long coveted: director of dragon design for the Build-A-Dragon Company. With a combination of genetic engineering and a cryptic device known as the Redwood Codex, he and his team can produce living, breathing dragons made-to-order. But sales of dragons have plummeted, and the Build-A-Dragon Company will have to find new revenue streams if it hopes to stay in business. A contract to develop dragons for the U.S. military promises a much-needed lifeline. Yet the specs are more challenging than any crypting Noah has ever designed. Worse, he learns that a shadow company headed by former CEO Robert Greaves has stolen the dragon-making technology to make a competing bid. Noah’s dragons will face off against those of his old adversary. It’s a head-to-head design competition, with the ethical future of domesticated dragons hanging in the balance. At the publisher’s request, this title is sold without DRM (Digital Rights Management). About Domesticating Dragons: “Koboldt delivers a funny and immersive look at the world of genetic engineering. . . . With characteristic verve, Koboldt contrasts the playful adventure plot with eerie dystopian setting and a searing examination of corporate greed and ambition. Fans of inventive speculative fiction are sure to be pleased.” —Publishers Weekly About Dan Koboldt: “. . . very readable and highly enjoyable. . . . *“It is time to speak of that which we never mention: the prophecy, the omen, the fact that I have come of age...” In the decades since an innocent human slave was taken to Castle Dragon, against her will, for the sole purpose of bearing a son for the monarchy, much has changed in the Realm: Alliances made in secret have flourished; sons born of veiled paternity have grown to adulthood; and dangerous warlocks, seasoned witches, and cunning shades have risen to powerful positions. Yet all is not as it seems. Beneath the shadow of an eerie double moon, a dark, tormented evil is rising... Stirring. Awakening. A prophecy is beckoning: “It is time. It is time.” And a lethal dragon prince is growing restless to seize the throne of his bestial ancestors. King Demitri will never step aside. Mina Louvet—indeed, all the Sklavos Ahavi are caught between worlds. And the web of lies spun by the eldest dragon prince—the treachery, deception, and perversion—may very well spark a war of fire and fury unlike anything the Realm has ever seen—or hoped to survive. Great reward requires greater risk, and every beating heart will be wagered in this high-stakes game of blood and reckoning.*

Armed with a scroll, a shield and a sword, Gentry sets out on his quest. As Gentry heads towards The Destination, he is expecting to face fierce dragons that he heard so many stories about growing up. He pictured himself doing battle with a large scaly beast. But what he found surprised him. The dragons were not the fire breathing animal he expected but much more deceiving. Gentry had to face each dragon before he can travel on towards The Destination or be sent back to the town as a failure. Each dragon, however, has a different name and affect on Gentry. He must use the wisdom he finds in the scroll in order to defeat each of the dragons. As we each travel the journey to success, we are often times side tracked by dragons of our own. Structophis is a heartwarming YA adventure from the author of The Book of Deacon, Bypass Gemini, and Free-Wrench. It is based upon a concept and artwork by ProjectENDO. In a small town in Colorado, Markus Spiros was just getting his life on track. By day he worked as a veterinary tech, by night he took classes. His steady little routine was rolling along nicely when his impulsive Uncle Dimitrios threw a wrench in the works. Thanks to an unannounced trip, Markus had to swing by his uncle’s bistro to tend to the ‘special oven.’ When he arrived, he discovered it wasn’t the oven that was special, it was the rare and exotic egg that had been incubating inside it. And now it had hatched. Suddenly, Markus found his life had become a good deal more complicated. The creature was a Structophis Gastrignae—a strange creature that was equal parts dragon and oven—and she’d become quite a big girl. Large as a refrigerator and curious as a toddler, the creature he’d dubbed Blodgette would have been a handful in any situation. Markus had bigger problems than figuring out how to take care of her, though. Owning such a rare and special beast was illegal, so should the cops learn of it, Markus would be destined for jail. Worse, there were certain unscrupulous people who would do anything to acquire Blodgette. Now, with the help of his old classmate Gale, Markus must scramble to stay two steps ahead of the authorities and a corrupt CEO, all while being the best ‘mommy’ he can be to his brand-new pizza dragon.
