SECRETS LURK IN THE DARKEST CORNERS... The longer Hazel and her fellow Shadians stay in Nevertide, the more of a mystery the hidden land becomes to them - and when events within Hellswan take a more sinister, disturbing turn, it's becoming harder to know who to trust. That hot guy tied to Lissianna Argenaeu's bed? He's not dessert—he's the main course! Lissianna has been spending her centuries pining for Mr. Right, not just a quick snack, and this sexy guy she finds in her bed looks like he might be a candidate. But there's another, more pressing issue: her tendency to faint at the sight of blood... an especially annoying quirk for a vampire. Of course it doesn't hurt that this man has a delicious-looking neck. What kind of cold-blooded vampire woman could resist a bite of that? Dr. Gregory Hewitt recovers from the shock of waking up in a stranger's bedroom pretty quickly—once he sees a gorgeous woman about to treat him to a wild night of passion. But is it possible for the good doctor to find true love with a vampire vixen, or will he be just a good meal? That's a question Dr. Greg might be willing to sink his teeth into...if he can just get Lissianna to bite.

Ken and Bay are rich young men who like to party, make love together, and party some more. They also happen to be twins. Estranged from their father since their mother died when they were small children, they've learned to rely only on each other and not depend on anyone else. When their father hires a pair of bodyguards, Rick and Simon, to watch their every move, they think it's just a bid on his part to keep them under his thumb, and Ken and Bay do their best to get rid of their babysitters. Rick and Simon aren't thrilled with the assignment, either. Their break-up went badly, and they have one last job to do before they can get rid of the company they run together. Then an all too real explosion rocks the mansion, and their bodyguards split the twins up, running in a different direction to keep them safe. Will Ken and Bay survive the threat that hangs over them? Will they survive being apart for the first time in their lives? And will Simon and Rick learn to deal with the twins, and with each other, before the threat is over?

Blindsight is the Hugo Award-nominated novel by Peter Watts, "a hard science fiction writer through and through and one of the very best alive" (The Globe and Mail). Two months have past since a myriad of alien objects clenched about the Earth, screaming as they burned. The heavens have been silent since—until a derelict space probe hears whispers from a distant comet. Something talks out there; but not to us. Who should we send to meet the alien, when the alien doesn't want to meet? Send a linguist with multiple-personality disorder and a biologist so spliced with machinery that he can't feel his own flesh. Send a pacifist warrior and a vampire recalled from the grave by the voodoo of paleogenetics. Send a man with half his mind gone since childhood. Send them to the edge of the solar system, praying you can trust such freaks and monsters with the fate of a world. You fear they may be more alien than the thing they've been sent to find—but you'd give anything for that to be true, if you knew what was waiting for them. . . .
