**More than 100 years ago, a storm uncovered a fascinating discovery. The ruins of an ancient civilization had been hidden for thousands of years! This high-interest title explores the lives of the people who lived there, from how they lived to why they may have left. A narrative opening sets the tone, and features such as a map, a timeline, and fun facts add even more information. From the illustrator of the #1 smash hit *The Day The Crayons Quit* comes a humorously warm tale of friendship. Now also an animated TV special! What is a boy to do when a lost penguin shows up at his door? Find out where it comes from, of course, and return it. But the journey to the South Pole is long and difficult in the boy's rowboat. There are storms to brave and deep, dark nights. To pass the time, the boy tells the penguin stories. Finally, they arrive. Yet instead of being happy, both are sad. That's when the boy realizes: The penguin hadn't been lost, it had merely been lonely. A poignant, funny, and child-friendly story about friendship lost . . . and then found again.**

In the wake of Hurricane Katrina and on the eve of a national recession, New York Times writer Dan Barry launched a column about America: not the one populated only by cable-news pundits, but the America defined and redefined by those who clean the hotel rooms, tend the beet fields, endure disasters both natural and manmade. As the name of the president changed from Bush to Obama to Trump, Barry was crisscrossing the country, filing deeply moving stories from the tiniest dot on the American map to the city that calls itself the Capital of the World. Complemented by the select images of award-winning Times photographers, these narrative and visual snapshots of American life create a majestic tapestry of our shared experience, capturing how our nation is at once flawed and exceptional, paralyzed and ascendant, as cruel and violent as it can be gentle and benevolent.*

As the story of their visit unfolds, so does the story of Mary—one of the most complex and powerful female figures of our time—and her changing image in culture, art, history, as well as the thousands of recorded sightings that have placed her everywhere from a privet hedge to the dented bumper of a Camaro. ***"A wonderful exploration of the past and the future and, most importantly, of what it means to be present in the here and now. Full of the love of words, the love of family, and the love of falling in love, The Lost and Found Bookshop is a big-hearted gem of a novel that will satisfy and entertain readers from all walks of life. Lovely!"—Garth Stein, New York Times bestselling author of The Art of Racing In The Rain In this thought-provoking, wise and emotionally rich novel, New York Times bestselling author Susan Wiggs explores the meaning of happiness, trust, and faith in oneself as she asks the question, "If you had to start over, what would you do and who would you be?" There is a book for everything . . . Somewhere in the vast Library of the Universe, as Natalie thought of it, there was a book that embodied exactly the things she was worrying about. In the wake of a shocking tragedy, Natalie Harper inherits her mother's charming but financially strapped bookshop in San Francisco. She also becomes caretaker for her ailing grandfather Andrew, her only living relative—not counting her scoundrel father. But the gruff, deeply kind Andrew has begun displaying signs of decline. Natalie thinks it's best to move him to an assisted living facility to ensure the care he needs. To pay for it, she plans to close the bookstore and sell the derelict but valuable building on historic Perdita Street, which is in need of constant fixing. There's only one problem—Grandpa Andrew owns the building and refuses to sell. Natalie adores her grandfather; she'll do whatever it takes to make his final years happy. Besides, she loves the store and its books provide welcome solace for her***

***overwhelming grief. After she moves into the small studio apartment above the shop, Natalie carries out her grandfather's request and hires contractor Peach Gallagher to do the necessary and ongoing repairs. His young daughter, Dorothy, also becomes a regular at the store, and she and Natalie begin reading together while Peach works. To Natalie's surprise, her sorrow begins to dissipate as her life becomes an unexpected journey of new connections, discoveries and revelations, from unearthing artifacts hidden in the bookshop's walls, to discovering the truth about her family, her future, and her own heart.***

***Exuberant storytelling full of wry comedy, dark history, and devastating satire—by the celebrated and original author of the #1 New York Times bestseller, Say You're One of Them. From a suspiciously cheap Hell's Kitchen walk-up, Nigerian editor and winner of a Toni Morrison Publishing Fellowship Ekong Udousoro is about to begin the opportunity of a lifetime: to learn the ins and outs of the publishing industry from its incandescent epicenter. While his sophisticated colleagues meet him with kindness and hospitality, he is soon exposed to a colder, ruthlessly commercial underbelly—callous agents, greedy landlords, boorish and hostile neighbors, and, beneath a superficial cosmopolitanism, a bedrock of white cultural superiority and racist assumptions about Africa, its peoples, and worst of all, its food. Reckoning, at the same time, with the recent history of the devastating and brutal Biafran War, in which Ekong's people were a minority of a minority caught up in the mutual slaughter of majority tribes, Ekong's life in New York becomes a saga of unanticipated strife. The great apartment deal wrangled by his editor turns out to be an illegal sublet crawling with bedbugs. The lights of Times Square slide off the hardened veneer of New Yorkers plowing past the tourists. A collective antagonism toward the "other" consumes Ekong's daily life. Yet in overcoming misunderstandings with his neighbors, Chinese and Latino and African American, and in bonding with his true allies at work and advocating for healing back home, Ekong proves that there is still hope in sharing our stories. Akpan's prose melds humor, tenderness, and pain to explore the myriad ways that tribalisms define life everywhere, from the villages of Nigeria to the villages within New York City. New York, My Village is a triumph of storytelling and a testament to the life-sustaining power of community across borders and across boroughs.***

***In 1979, the Chinese government famously introduced The Single Child Policy to control population growth. Nearly 40 years later, the result is an estimated 20 million "missing girls" in the population from 1980-2010. In Lost and Found, John James Kennedy and Yaojiang Shi focus on village-level implementation of the one-child policy and the level of mutual-noncompliance between officials and rural families. Through in-depth interviews with rural parents and local leaders, they reveal that many had strong incentives not to comply with the birth control policy because larger families meant increased labor and income. In this sober exploration of China's Single Child Policy throughout the reform period, the authors more broadly show how governance by grassroots cadres with greater local autonomy has affected China in the past and the challenges for resolving center-versus-locality contradictions in governance that lie ahead.***

*Based on 30 years of research, Brian May's painstaking excavation of exquisite stereo photographs from the dawn of photography transports readers to the lost world of an Oxfordshire village of the 1850s. At the book's heart is a reproduction of T. R. Williams' 1856 series of stereo photographs, "Scenes In Our Village." Using the viewer supplied with this book, the reader can become absorbed in a village idyll of the early Victorian era: the subjects seem to be on the point of suddenly bursting back into life and continuing with their daily rounds. The book is also something of a detective story, as the village itself was only identified in 2003 as Hinton Waldrist in Oxfordshire, and the authors' research constantly reveals further clues about the society of those distant times, historic photographic techniques, and the life of the enigmatic Williams himself, who appears, Hitchcock-like, from time to time in his own photographs.*

An Annotated Tour of the 1850s series of Stereo Photographs "Scenes in our Village" by T.R. Williams This book is the perfect antidote to the stress of life in the 21st Century. It portrays the idyll of life in an 1850s village, "far from the sound of the train's whistle". The identity of the village was lost to the world for 150 years, and only by a miracle does this magical set of stereoscopic views survive, brought together for the very first time by Brian May and his co-author, photohistorian Elena Vidal. Their research is amazingly in-depth, but the book is utterly readable, and the pictures leap into glorious 3-D, viewed in the new focussing stereoscope which May has designed and produced, to bring the stereos to life, and then fold neatly into the slip-case of the book. The book gives an extraordinary insight into everyday village life at the time - with a woman at her spinning wheel, the blacksmith outside his smithy, three men at the grind stone sharpening a tool, the villagers in the fields, bringing in the harvest as well as often taking time to enjoy a good gossip. In every case the original verse which accompanied the view is reproduced. In addition, May and Vidal have researched and annotated all the views, revealing another layer of meaning, by exploring the history of these real characters, this idyllic village and its links with the present day. The result is a powerfully atmospheric and touching set of photographs." A Village Lost and Found brings master pioneering stereographer T. R. Williams's passionate life-work Scenes in Our Village to a new audience - in glorious 3-D, as never before. For an Electronic Press Kit for A Village Lost and Found [click here](#)

The anonymous messages are hopeful and hopeless, funny and sad"--

Breaking History books offer a front row seat to history as it broke (like "breaking news") and give the blow-by-blow of historical discovery—what we learned, when we learned it, who made the discovery, and how. *Lost America* is an illustrated look at fascinating places in the United States that have existed only in myth and have never been found, those that were abandoned and why, and those that were lost to social upheaval or natural disaster. The book reviews the history behind these places—how they began, how long they endured, why they were lost, and how many have been rediscovered. Included are accounts of the mysterious disappearance of the Anasazi from the Southwest, the abandonment of the Roanoke Colony in 1590, the environmental disaster that caused the population of Centralia, Pennsylvania to evacuate the town in the 1980s, and the nearly-intact ghost town of Bodie, California. The book also includes places that were thought to exist, but did not--or not yet, anyway: legendary Norse settlements, lost cities of gold, and The Fountain of Youth.

Heartwarming stories and heartbreaking tragedies at an animal shelter are related in an account of what goes on behind the scenes.

A native of Bombay, Suketu Mehta gives us an insider’s view of this stunning metropolis. He approaches the city from unexpected angles, taking us into the criminal underworld of rival Muslim and Hindu gangs, following the life of a boy raised amid poverty and abuse, opening the door into the inner sanctums of Bollywood, and delving into the stories of countless villagers who come in search of a better life and end up living on the sidewalks. As each individual story unfolds, Mehta also recounts his own efforts to make a home in Bombay after more than twenty years abroad. Candid, impassioned, and heartrending, *Maximum City* is a revelation of an ancient and ever-changing world.

Her artist father died on 9/11, and Joan—an art historian by training—has spent more than a decade maintaining his legacy. Life in the art world is beginning to wear on her—and then one fateful afternoon her husband drops a bombshell: he's fathered twins with another woman. Furious but secretly pleased to have a reason to blow up her life, Joan impulsively decides to get out of town, booking a last-minute trip to Paris as an art courier: the person museums hire to fly valuable works of art to potential clients, discreetly stowed in their carry-on luggage. Sipping her champagne in business-class, she chats up her seatmate, Nate, a good-looking tech nerd who invites her to dinner in Paris. He doesn't know she's carrying drawings worth hundreds of thousands of dollars. But after a romantic dinner and an even more romantic night together, Joan wakes up next to her new lover to discover the drawings gone. Even more shocking is what's been left in their place: a sketch from her father's journals, which she thought had been lost when he died on 9/11, and a poem that reads like a treasure hunt. With Nate as a sidekick, Joan will follow the clues all over Paris—from its grand cathedrals to the romantic bistros to the twisty side streets of Montmartre—hoping to recover the lost art, and her own sense of adventure. What she finds is even better than she'd expected.
