Seymour Forbes Hunt is a British Investment Bank and a British institution. Considering itself the standard bearer for tradition and propriety, SPH demands excellence from its staff. On Black Thursday, the names of three girls dominate the Managing Director's meeting. It transpires one snuck into the system with a fake degree. Another has slept with a client while the other broke the banks stringent rules. All three girls will have to go. The barman in The Bull and Gate cannot believe his eyes when Clara, Ella and Virginia, the holy trinity of disgraced employees, spend the afternoon crying, drinking and getting angry in his usually desolate pub. By the time they leave, the girls have hatched a plan. They intend to seek revenge. They may not be Charlie's Angels, but the girls soon discover a talent for pro-active trouble making as they execute their hilarious revenge.

For readers of Elin Hilderbrand, Susannah Marren's A Palm Beach Wife is a delicious and irresistible commercial novel set among the high society galas and gossip of Palm Beach. Amid the glamour and galas and parties of Palm Beach, Faith knows that image often counts as much if not more than reality. She glides effortlessly among the highest of the high

society so perfectly that you would never suspect she wasn't born to this. But it wasn't always so; though she hides it well, Faith has fought hard for the wonderful life she has, for her loving, successful husband, for her daughter's future. In this town of secrets and gossip and rumors, Faith has kept a desperate grip on everything she holds so dear, built from so little. And yet even she—the only one who knows just how far she has to fall—never suspects from which direction, or how many directions all at once, betrayal will come.

Some said that the killer couldn't be a local. Others claimed that he was the wealthy son of a prominent Morgantown family. Whispers spread that Mared and Karen were sacrificed by a satanic cult or had been victims of a madman poised to strike again. Then the handwritten letters began to arrive: "You will locate the bodies of the girls covered over with brush--look carefully. The animals are now on the move." Investigators didn't find too few suspects--they had far too many. There was the campus janitor with a fur fetish, the "harmless" deliveryman who beat a woman nearly to death, the nursing home orderly with the bloody broomstick and the bouncer with the "girlish" laugh who threatened to cut off people's heads. Local authors Geoffrey C. Fuller and S. James McLaughlin tell the complete story of the murders for the first time.
