The emotional and complex legacy of September 11, 2001, made the efforts to rebuild the World Trade Center site an unprecedented challenge for the architecture profession. What ensued at Ground Zero was to be an amalgam of programmatic, urbanistic, design and political elements, produced in a charged atmosphere - with the world watching. This book chronicles the work of one team of designers, THINK, a collaboration of four distinguished principals: Shigeru Ban, Ken Smith, Frederic Schwartz and Rafael Vinoly, was a finalist in the master planning competition. From each designer's immediate response to the loss of the Twin Towers, to the team's work for the Lower Manhattan Development Corporation's Innovative Design Study, this book covers the eighteen month period between the attacks and the selection of a master plan in February 2003.

The first book to close the perilous gaps in—and enhance the performance of—asset allocation
Asset allocation is one of today's bestknown investment approaches. Problem is, its major precept—that a magic-number, fixed-percentage asset mix will provide superior results for investors who have dramatically different goals and needs—is scientifically unproven and fundamentally flawed. Asset Dedication updates the asset allocation model, outlining a seven-step process designed to more effectively meet the real needs of real investors. Showing investors how to design low-risk portfolios that more accurately and successfully dedicate assets, this breakthrough book helps investors fill in the gaps inherent to asset allocation by demonstrating: Techniques for ascertaining the best asset mix by determining individual needs and goals
How asset dedication provides superior protection against inflation and market risk
Investing strategies for the three investment life phases—accumulation, distribution, and transfer

Follows the course of a darkly comic modern relationship between the seemingly perfect Wally Yez and lingerie designer Imogene Gilfeather, who meet while waiting in line for apple pie and embark on an unbalanced love affair marked by their disparate priorities. The evolution of an arid desert area into the verdant oasis that is the Wigwam Resort was ultimately brought about by an unlikely crop needed by an important American corporation in the early 20th century. The crop was long-staple cotton and the corporation was the Goodyear Tire and Rubber Company. When the U.S. Department of Agriculture discovered that Arizona's Salt River Valley was an ideal location to domestically grow long-staple cotton, Goodyear purchased 16,000 acres in the desert west of Phoenix to cultivate the crop for their newly developed pneumatic tire. The company built a three-room lodge, originally called the "Organization House," for the executives that came to oversee the farming operations. The location became a popular winter retreat within the company, and in 1929, Goodyear expanded the facilities and opened "The Wigwam" as a hotel. As the years progressed, amenities such as golf and fine dining were added, and the Wigwam Resort became one of the premier luxury destinations in the Southwest.

Beware of the Dog is a short, gripping story of life in wartime from Roald Dahl, the master of the shocking tale. In Beware of the Dog, Roald Dahl, one of the world's favourite authors, tells of an injured pilot recovering in hospital who makes a disturbing discovery . . . Beware of the Dog is taken from the short story collection Over to You, which includes nine other dramatic and terrifying tales of life as a wartime fighter pilot, and is drawn from Dahl's own experiences during the Second World War. This story is also available as a Penguin digital audio download read by Cillian Murphy. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. ?? The Most Dangerous Game by Richard Connell ?? The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ?? The Most Dangerous Game by Richard Connell ?? Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes off on the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ?? The Most Dangerous Game by Richard Connell ?? Zaroff, another big-game hunter, knows of Rainsford from his previous hunting trips. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then at last, Whitney goes off on the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks.
