Drop the Rock—The Ripple Effect provides multiple perspectives from people successfully working a Twelve Step Program, showing Step 10 as a key to a sober life free of fear and resentment and filled with serenity and gratitude. When Drop the Rock: Removing Character Defects was first published in 1999, it quickly became the standard resource for working Steps 6 and 7, two of the most challenging of the Twelve Steps for many people in recovery. Learning what it means to fully surrender character defects frees you to make amends with Steps 8 and 9, realize the Big Book's "Promises," and move on to Step 10. In this new follow-up resource, Fred H. explores what he calls "the ripple effect" that can be created by using Step 10 to practice Steps 6 and 7 every day and avoid picking up "the rock" again. Drawing on his years of lecturing on the Big Book of Alcoholics Anonymous and Twelve Steps and Twelve Traditions, he reveals Step 10 as the natural culmination of working the previous Steps, providing a crash course on renewing your recovery program through the daily practice of Twelve Step principles. Like its predecessor, Drop the Rock—The Ripple Effect provides multiple perspectives from people successfully working a Twelve Step Program, showing Step 10 as a key to a sober life free of fear and resentment and filled with serenity and gratitude. Fred H. has worked in the field of addiction and recovery for over three decades and is the director of the retreat center for a leading addiction treatment program. He is a popular international speaker on the Big Book and the principles of the Twelve Steps.

'The Faces of Friendship' is one woman's mapping of the interlocking dynamics of friendship that penetrate to the deepest roots within us--our innate sense of belonging both to God and to each other. Isabel Anders, author of personal reflections that reverberate with spiritual insight (Arthur Livingston in New Oxford Review)--Awaiting the Child, Soul Moments, and Seasons for the Soul--has collected here in one volume her insights on the various faces of friendship that we encounter daily, with hints of paths we may follow for our souls' instruction and delight. But this is no simple prescription for everyone or every situation. Anders's strong theological grounding in the underlying meaning of friendship teems with biblical and classical understandings that stretch the reader and invite ongoing interaction--with questions, quotes, and further insights for individuals and groups at the end of each chapter.

***The central problem in the study of addiction is to explain why people repeatedly behave in ways they know are bad for them. For much of the previous century and until the present day, the majority of scientific and medical attempts to solve this problem were couched in terms of involuntary behaviour; if people behave in ways they do not want, then this must be because the behaviour is beyond their control and outside the realm of choice. An opposing tradition, which finds current support among scientists and scholars as well as members of the general public, is that so-called addictive behavior reflects an ordinary choice just like any other and that the concept of addiction is a myth. The editors and authors of this book tend to take neither view. There has been an increasing recognition in recent literature on addiction that restricting possible conceptions of it to either of these extreme positions is unhelpful and is retarding progress on understanding the nature of addiction and what could be done about it. This book contains a range of views from philosophy, neuroscience, psychiatry, psychology and the law on what exactly this middle ground between free choice and no choice consists of and what its implications are for theory, practice and policy on addiction. The result amounts to a profound change in our thinking on addiction and how its devastating consequences can be ameliorated. Addiction and Choice is a thought provoking new volume for all those with an interest in this global issue.***

***“Having had a spiritual awakening as the result of these Steps, we tried to carry this message to others, and to practice these principles in all our affairs.” -STEP 12 of the TWELVE STEPS Sponsorship is a key construct in A. A. and other Twelve Step groups, and the twelfth step is the foundation of the sponsorship dynamic essential to recover - both for the sponsor and the sponsoree. This book addresses the concern of many in the A. A. community that sponsors have lost some skills in working with alcoholics. By offering tools for helping others find recovery and new life through the Twelve Step program, Joe McQ has created a guide for sponsors to use in working with others. By refocusing his readers on the Big Book, the Twelve Steps, and their message, McQ appeals for a return to the roots and essence of the A. A. program. Moreover, he issues a strong call to action, for return to the fullness and the integrity of the miraculous recovery program.***

***The newly compiled 12 Step Prayer Book offers adapted and traditional prayers to complement any Twelve Step program or any mindful recovery experience. Collected and compiled from varied authors, faiths, and lifestyles, these prayers of strength and healing will give you a thought for each day. These are the faithful words of the world. From Bill P., the author of the recovery classics Easy Does It and Drop the Rock, and Lisa D., comes this cherished set of prayers, now presented for the first time as part of Hazelden's beloved series of daily readings. Bookended by morning and nightly prayers, this new edition now provides prayers and readings based on themes related to each Step. Regardless of your religious affiliation or a lack thereof, prayer houses infinite power: it is the spiritual language of the unified human experience. In a modern approach to prayer and meditation, The 12 Step Prayer Book utilizes sources from across the world to support your recovery. Treatment, counseling, and other forms of therapy are unquestionably necessary for sobriety. They are, however, finite. Once they end, what becomes our source of hope, strength, and wisdom? Twelve Step recovery demands continuous spiritual growth, and spiritual growth demands a Higher Power. Our faith needn't be perfect, but it must be present. Through prayer and daily connection with the spiritual, our hearts remain full and open to the life recovery promises.***
