

Nutritrac 5.0, the latest version of Mosby's premier nutrition and exercise management program that features over 1,000 new foods and enhanced functionality. Evidence-Based Practice boxes emphasize the importance of using research to achieve the best possible patient outcomes. Expanded health promotion coverage includes the World Health Organization's definition of "health," the concept of wellness, and patient education. An in-depth discussion of childhood obesity explores the impact and prevention of this major health concern. Additional information on metabolic syndrome examines its effects on the cardiovascular system. Coverage of nutrition support includes the use of adapted feeding tools to aid patients in various disease states. Perspective in Practice boxes offer quick access to practical applications of nutrition principles. Choose Your Foods: Exchange Lists for Diabetes features the latest updates from the American Dietetic Association.

Highly praised for its clear organization and approachable presentation, Abrams' Clinical Drug Therapy, Twelfth Edition continues a long tradition of guiding students and instructors through the practice of safe and effective medication administration. Expert pharmacology educators and clinicians explain the "why" behind each nursing action and emphasize individualized nursing care and drug therapy to promote optimal outcomes in every care setting. This updated edition is filled with case studies, concept maps, and other engaging features, and is complemented by robust online resources that reinforce understanding and establish a solid foundation for success from the classroom to the NCLEX® to clinical practice.
