

Acting Out Culture And Writing 2nd Edition

Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women. A brave and astonishing work, *The Will to Change* is designed to help men reclaim the best part of themselves.

Trans/acting Culture, Writing, and Memory is a collection of essays written in honour of Barbara Godard, one of the most original and wide-ranging literary critics, theorists, teachers, translators, and public intellectuals Canada has ever produced. The contributors, both established and emerging scholars, extend Godard's work through engagements with her published texts in the spirit of creative interchange and intergenerational relay of ideas. Their essays resonate with Godard's innovative scholarship situated at the intersection of such fields as literary studies, cultural studies, translation studies, feminist theory, arts criticism, social activism, institutional analysis, and public memory. In pursuit of unexpected linkages and connections, the essays venture beyond generic and disciplinary borders, zeroing in on Godard's transdisciplinary practice that has been extremely influential in the way that it framed questions and modeled interventions for the study of Canadian, Québécois, and Acadian literatures and cultures. The authors work with the archives ranging from Canadian government policies and documents, to publications concerning white supremacist organizations in Southern Ontario, online materials from a Toronto-based transgender arts festival, a photographic mural installation commemorating the Montreal Massacre, and the works of such writers and artists as Marie Clements, Nicole Brossard, France Daigle, Nancy Huston, Yvette Nolan, Gail Scott, Denise Desautels, Louise Warren, Rebecca Belmore, Vera Frenkel, Robert Lepage, and Janet Cardiff.

The instant #1 NEW YORK TIMES Bestseller "A must read for anyone hoping to live a creative life... I dare you not to be inspired to be brave, to be free, and to be curious." —PopSugar From the worldwide bestselling author of *Eat Pray Love* and *City of Girls: the path to the vibrant, fulfilling life you've dreamed of*. Readers of all ages and walks of life have drawn inspiration and empowerment from Elizabeth Gilbert's books for years. Now this beloved author digs deep into her own generative process to share her wisdom and unique perspective about creativity. With profound empathy and radiant generosity, she offers potent insights into the mysterious nature of inspiration. She asks us to embrace our curiosity and let go of needless suffering. She shows us how to tackle what we most love, and how to face down what we most fear. She discusses the attitudes, approaches, and habits we need in order to live our most creative lives. Balancing between soulful spirituality and cheerful pragmatism, Gilbert encourages us to uncover the "strange jewels" that are hidden within each of us. Whether we are looking to write a book, make art, find new ways to address challenges in our work, embark on a dream long deferred, or simply infuse our everyday lives with more mindfulness and passion, *Big Magic* cracks open a world of wonder and joy.

Winner of the 2021 National Jewish Book Award for Contemporary Jewish Life and Practice Finalist for the 2021 Kirkus Prize in Nonfiction A New York Times Notable Book of the Year A Wall Street Journal, Chicago Public Library, Publishers Weekly, and Kirkus Reviews Best Book of the Year A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition *Auschwitz*, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's *Shylock* to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish

past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

Greenlights

The importance of Antonio Gramsci's work for postcolonial studies can hardly be exaggerated, and in this volume, contributors situate Gramsci's work in the vast and complex oeuvre of postcolonial studies. Specifically, this book endeavors to reassess the impact on postcolonial studies of the central role assigned by Gramsci to culture and literature in the formation of a truly revolutionary idea of the national--a notion that has profoundly shaped the thinking of both Frantz Fanon and Edward Said. Gramsci, as Iain Chambers has argued, has been instrumental in helping scholars rethink their understanding of historical, political, and cultural struggle by substituting the relationship between tradition and modernity with that of subaltern versus hegemonic parts of the world. Combining theoretical reflections and re-interpretations of Gramsci, the scholars in this collection present comparative geo-cultural perspectives on the meaning of the subaltern, passive revolution, hegemony, and the concept of national-popular culture in order to chart out a political map of the postcolonial through the central focus on Gramsci.

A #1 Blackboard Bestseller Voted as one of the top ten books of the year by the Los Angeles Times Alice Andrews is a Newark-bred newspaper reporter living the single girl life in Manhattan, while trying to forget the smooth-talking investment banker she thought was Mr. Right. When she meets Jack Russworm, a handsome, third generation Harvard-educated doctor, it seems as though things are finally falling into place. Their romance builds beautifully, but as the relationship gets serious, their divergent upbringings start to the surface. Will they move beyond or get trapped by the expectations of their different worlds. A delicious, eye-opening look at the world of upper class Black Manhattanites.

The International Psychoanalytic Congress gathered in 1967 to define the clinical concept of "acting out." Thirty years later, our society, which once labeled those who exhibited excessive aggression as delinquent, celebrates outrageous public behavior. In Acting Out in Groups, writers, literary theorists, and cultural critics explore therapeutic descriptions of acting out in relation to the conduct condoned, even encouraged, on daytime TV talk shows, at political rallies, and in performance. Through a deconstruction of "acting out," this collection seeks a new; performative style of critical discourse that incorporates the exuberance and intensity of acting out for analytical ends. Topics include the Jenny Jones murder trial; the response of psychoanalysts to the acclaimed documentary Crumb; the place of the Berlin Wall and other national symbols in German life; and the roles of aggression and discipline in childhood development.

From a highly acclaimed, National Book Award nominee comes a dazzling, career-spanning collection of 12 new and selected stories.

The fifth Culture book from the awesome imagination of Iain M. Banks, a modern master of science fiction. Two and a half millennia ago, the artifact appeared in a remote corner of space, beside a trillion-year-old dying sun from a different universe. It was a perfect black-body sphere, and it did nothing. Then it disappeared. Now it is back. Praise for the Culture series: 'Epic in scope, ambitious in its ideas and absorbing in its execution' Independent on Sunday 'Banks has created one of the most enduring and endearing visions of the future' Guardian 'Jam-packed with extraordinary invention' Scotsman 'Compulsive reading' Sunday Telegraph The Culture series: Consider Phlebas The Player of Games Use of Weapons The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata Other books by Iain M. Banks: Against a Dark Background Feersum Endjinn The Algebraist

Rereading America has remained the most widely adopted book of its kind because of its unique approach to the issue of cultural diversity. Unlike other multicultural composition readers that settle for representing the plurality of American voices and cultures, Rereading America encourages students to grapple with the real differences in perspectives that arise in our complex society. With extensive editorial apparatus that puts readings from the mainstream into conversation with readings from the margins, Rereading America provokes students to explore the foundations and contradictions of our dominant cultural myths.

Named by The Washington Post as one of the 11 Leadership Books to Read in 2018 When it comes to recruiting, motivating, and creating great teams, Patty McCord says most companies have it all wrong. McCord helped create the unique and high-performing culture at Netflix, where she was chief talent officer. In her new book, Powerful: Building a Culture of Freedom and Responsibility, she shares what she learned there and elsewhere in Silicon Valley. McCord advocates practicing radical honesty in the workplace, saying good-bye to employees who don't fit the company's emerging needs, and motivating with challenging work, not promises, perks, and bonus plans. McCord argues that the old standbys of corporate HR—annual performance reviews, retention plans, employee empowerment and engagement programs—often end up being a colossal waste of time and resources. Her road-tested advice, offered with

humor and irreverence, provides readers a different path for creating a culture of high performance and profitability. Powerful will change how you think about work and the way a business should be run.

**Named a Most-Anticipated Book of 2022 by Entertainment Weekly, Lit Hub, and AV Club* Oscar-nominated screenwriter, director, and actor Sarah Polley's Run Towards the Danger explores memory and the dialogue between her past and her present These are the most dangerous stories of my life. The ones I have avoided, the ones I haven't told, the ones that have kept me awake on countless nights. As these stories found echoes in my adult life, and then went another, better way than they did in childhood, they became lighter and easier to carry. Sarah Polley's work as an actor, screenwriter, and director is celebrated for its honesty, complexity, and deep humanity. She brings all those qualities, along with her exquisite storytelling chops, to these six essays. Each one captures a piece of Polley's life as she remembers it, while at the same time examining the fallibility of memory, the mutability of reality in the mind, and the possibility of experiencing the past anew, as the person she is now but was not then. As Polley writes, the past and present are in a "reciprocal pressure dance." Polley contemplates stories from her own life ranging from stage fright to high-risk childbirth to endangerment and more. After struggling with the aftermath of a concussion, Polley met a specialist who gave her wholly new advice: to recover from a traumatic injury, she had to retrain her mind to strength by charging towards the very activities that triggered her symptoms. With riveting clarity, she shows the power of applying that same advice to other areas of her life in order to find a path forward, a way through. Rather than live in a protective crouch, she had to run towards the danger. In this extraordinary book, Polley explores what it is to live in one's body, in a constant state of becoming, learning, and changing.*

Centering the Classroom is a comprehensive, step-by-step practical workbook designed to teach and inspire K-8 teachers to develop engaging and effective learning centers. It offers teachers a wide array of options and examples for structuring learning centers to fit their own teaching approach as well as their students' specific learning styles and needs. Included are collections of activities that demonstrate how learning centers can be used to differentiate instruction in mixed-ability classrooms for different subject areas and grade levels. Written and reviewed by expert teachers in the field, the workbook translates theory into practice and provides methods that are classroom-tested and research-based. Spiral bound.

The debut novel of an astonishing voice in psychological suspense As dusk approaches a small Dublin suburb in the summer of 1984, mothers begin to call their children home. But on this warm evening, three children do not return from the dark and silent woods. When the police arrive, they find only one of the children gripping a tree trunk in terror, wearing blood-filled sneakers, and unable to recall a single detail of the previous hours. Twenty years later, the found boy, Rob Ryan, is a detective on the Dublin Murder Squad and keeps his past a secret. But when a twelve-year-old girl is found murdered in the same woods, he and Detective Cassie Maddox—his partner and closest friend—find themselves investigating a case chillingly similar to the previous unsolved mystery. Now, with only snippets of long-buried memories to guide him, Ryan has the chance to uncover both the mystery of the case before him and that of his own shadowy past. Richly atmospheric, stunning in its complexity, and utterly convincing and surprising to the end, In the Woods is sure to enthrall fans of Mystic River and The Lovely Bones.

"The best and most important book about acting I've ever read."--Nathan Lane From the coauthor of The World Only Spins Forward comes the first cultural history of Method acting--an ebullient account of creative discovery and the birth of classic Hollywood. On stage and screen, we know a great performance when we see it. But how do actors draw from their bodies and minds to turn their selves into art? What is the craft of being an authentic fake? More than a century ago, amid tsarist Russia's crushing repression, one of the most talented actors ever, Konstantin Stanislavski, asked these very questions, reached deep into himself, and emerged with an answer. How his "system" remade itself into the Method and forever transformed American theater and film is an unlikely saga that has never before been fully told. Now, critic and theater director Isaac Butler chronicles the history of the Method in a narrative that transports readers from Moscow to New York to Los Angeles, from The Seagull to A Streetcar Named Desire to Raging Bull. He traces how a cohort of American mavericks--including Stella Adler, Lee Strasberg, and the storied Group Theatre--refashioned Stanislavski's ideas for a Depression-plagued nation that had yet to find its place as an artistic powerhouse. The Group's feuds and rivalries would, in turn, shape generations of actors who enabled Hollywood to become the global dream-factory it is today. Some of these performers the Method would uplift; others, it would destroy. Long after its midcentury heyday, the Method lives on as one of the most influential--and misunderstood--ideas in American culture. Studded with marquee names--from Marlon Brando, Marilyn Monroe, and Elia Kazan, to James Baldwin, Ellen Burstyn, and Dustin Hoffman--The Method is a spirited history of ideas and a must-read for any fan of Broadway or American film.

Stand-Up Comedy

Discusses the social, cultural, intellectual, and aesthetic aspects of American literature

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to

fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

Acting Chinese is a year-long course that, together with the companion website, integrates language learning with the acquisition of cultural knowledge, and treats culture as an integral part of human behavior and communication. Using modern day examples of Chinese discourse and behavioral culture, it trains students to perform in culturally appropriate fashion, whilst developing a systematic awareness and knowledge about Chinese philosophy, values and belief systems that will prepare them for further advanced study of Chinese language and culture. Each lesson contains simulated real-life communication scenarios that aim to provide a concrete opportunity to see how native speakers generally communicate or behave in social situations. An essential guide for intermediate to advanced level second language learners, *Acting Chinese* provides a unique and modern approach to the acquisition of both cultural knowledge and language proficiency.

"This best-selling combination rhetoric and thematically organized reader shows students how to analyze all kinds of arguments, not just essays and editorials, but clothes, smartphone apps, ads, and Web site designs, and then how to use what they learn to write their own effective arguments. Newly streamlined and featuring e-Pages that take argument online, its signature engaging, informal, and jargon-free instruction emphasizes cultural currency, humor, and visual argument."--Back cover.

Run Towards the Danger

Both a critical account of contemporary feminist performance and illustration of its depth and diversity, *Acting Out* is essential reading for anyone interested in feminist theory, sexual difference, queer theory, or the politics of contemporary performance. Contributors include Philip Auslander, C. Carr, Kate Davy, Joyce Devlin, Elin Diamond, Jill Dolan, Hillary Harris, Lynda Hart, Lynda M. Hill, Julie Malnig, Vivian M. Patraka, Peggy Phelan, Janelle Reinelt, Sandra L. Richards, Amy Robinson, Judy C. Rosenthal, Rebecca Schneider, Raewyn Whyte, and Yvonne Yarbro-Bejarano.

A thought-provoking examination of how explanations of social and moral development inform our understandings of morality and culture. A common theme in the latter part of the twentieth century has been to lament the moral state of American society and the decline of morality among youth. A sharp turn toward an extreme form of individualism and a lack of concern for community involvement and civic participation are often blamed for the moral crisis. Turiel challenges these views, drawing on a large body of research from developmental psychology, anthropology, sociology as well as social events, political movements, and journalistic accounts of social and political struggles. Turiel shows that generation after generation has lamented the decline of society and blamed young people. Using historical accounts, he persuasively argues that such characterizations of moral decline entail stereotyping, nostalgia for times past, and a failure to recognize the moral viewpoint of those who challenge traditions.

If you think you 're funny, buy this book! Whether you dream of becoming a star . . . A better public speaker . . . A more effective communicator . . . A funnier, happier human being . . . You can learn to leave 'em laughing! David Letterman learned to do it. Jay Leno learned to do it. Roseanne Barr learned to do it. So can you! Now successful stand-up comic Judy Carter—who went from teaching high school to performing in Las Vegas, Atlantic City, Lake Tahoe, and on over 45 major TV shows—gives you the same hands-on, step-by-step instruction she 's taught to students in her comedy workshops. She shows you how to do it: create an act, perform it, make money with it, or apply it to everyday life. Discover: • The formulas for creating comedy material • How to find your own style • The three steps to putting your act together • Rehearsal do 's and don 'ts • What to do if you bomb • Ways to punch up your everyday life with humor

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor 's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN “ McConaughey 's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand. ” —Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I 've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced,

lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life ' s challenges—how to get relative with the inevitable—you can enjoy a state of success I call “ catching greenlights. ” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it ' s medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot ' s license, going to church without having to be born again, and laughing through the tears. It ' s a love letter. To life. It ' s also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

How Activist Scholarship Made Everything about Race, Gender, and Identity - And Why this Harms Everybody

Reading and Writing

Acting Out

Cultural Contexts for Critical Thinking and Writing

Cultural messages bombard students daily, laden with unstated rules about what makes our work valuable, our bodies ideal, our connections meaningful. Acting Out Culture empowers students to critically read those messages and use writing to speak back to their culture and question its rules. This book appeals especially to those students who are not full participants in the dominant culture, as well as to their instructors, who want to help students see how subtle (and not so subtle) cultural forces can shape their lives--and how they can challenge and resist those forces. The new edition of Acting Out Culture builds on that success, with provocative readings (more than 50 percent of them new) that challenge the rules we live by; pedagogical tools to encourage students to read, think, and write critically about their culture; and instructional support featuring sample syllabi, additional discussion topics, and ideas for teaching with visuals and online content.

BOOK OF THE YEAR in The Times, the Sunday Times and the Financial Times Have you heard that language is violence and that science is sexist? Or been told that being obese is healthy, that there is no such thing as biological sex, or that only white people can be racist? Are you confused by these ideas, and do you wonder how they have managed so quickly to challenge the very logic of Western society? Helen Pluckrose and James Lindsay document the evolution of the dogma behind these ideas, from its origins in French postmodernism to its refinement within activist academic fields. Today this dogma is recognisable as much by its effects, such as cancel culture and social-media pile-ons, as by its assertions, which are all too often taken as read: knowledge is a social construct; science and reason are tools of oppression; all human interactions are sites of oppressive power play; and language is dangerous. As they warn, the unchecked proliferation of these beliefs present a threat to liberal democracy. While acknowledging the need to challenge the complacency of those who think a just society has been fully achieved, Pluckrose and Lindsay break down how often-radical activist scholarship does far more harm than good, not least to those marginalised communities it claims to champion.

"A prominent high-society matron--who happens to be a fierce supporter of the President and founding member of the POTUSSIES--has gone missing at a swank gala. When the wealthy dowager Kiki Pew Fitzsimmons is later found dead in a concrete grave, panic and chaos erupt. The President immediately declares that Kiki Pew was the victim of rampaging immigrant hordes. This, as it turns out, is far from the truth. Meanwhile, a bizarre discovery in the middle of the road brings the First Lady's motorcade to a grinding halt (followed by some grinding between the First Lady and a lovestruck Secret Service agent). Enter Angie Armstrong, wildlife wrangler extraordinaire, who arrives at her own conclusions after she is summoned to the posh island to deal with a mysterious and impolite influx of huge, hungry pythons"--

A “slick page-turner” (Vanity Fair) about the rise of an enigmatic Hollywood star and her legacy, from Columbia MFA graduate Dan Bevacqua. A tragic death was not part of the script. Molly Bit is a great actress. From her first acting classes to her big break she is different from the others struggling to make it. But fame is perilous. She uses—and is used by—the Hollywood system. Her collaborator is an addict. The producer who promises her stardom is ruthless and unhinged by grief. Fans, friends, strangers—they want and want. And one dangerously obsessed fan will take everything. Insightful, witty, and shocking, Molly Bit “delves into the dark corners of fame...[while] managing to be a scathingly funny exposé of celebrity life” (Laura Sims, author of Looker) and explores the high stakes of our culture’s

fascination with the famous and our complicity in their rise and fall. Molly Bit is a “fast, funny, and delightfully fun” (Adam Wilson, author of Flatscreen) debut novel that offers a heartbreaking reflection of fame, obsession, and art’s power to redeem loss.

My Body

Cynical Theories

Big Magic

Black Rednecks and White Liberals

Trans/acting Culture, Writing, and Memory

Acting Out Culture 2nd Ed + Re:writing Plus

Students are bombarded every day with media messages laden with rules: how true patriots should act, how healthy people eat, what real women should look like. Acting Out Culture is the first thematic composition reader to focus students' attention beyond what rules and norms govern their everyday behavior to how the rules themselves have been shaped over time. The author, James Miller, has drawn on his cutting-edge expertise in cultural analysis to help students inquire into those social norms and respond with writing that positions them as citizens making informed decisions about their world. INSTANT NEW YORK TIMES BESTSELLER "My Body offers a lucid examination of the mirrors in which its author has seen herself, and her indoctrination into the cult of beauty as defined by powerful men. In its more transcendent passages . . . the author steps beyond the reach of any 'Pygmalion' and becomes a more dangerous kind of beautiful. She becomes a kind of god in her own right: an artist." –Melissa Febos, The New York Times Book Review A "MOST ANTICIPATED" AND "BEST OF FALL 2021" BOOK FOR * VOGUE * TIME * ESQUIRE * PEOPLE * USA TODAY * CHICAGO TRIBUNE * LOS ANGELES TIMES * SHONDALAND * ALMA * THRILLEST * NYLON * FORTUNE A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the gray area between consent and abuse. Nuanced, fierce, and incisive, My Body marks the debut of a writer brimming with courage and intelligence.

This explosive new book challenges many of the long-prevailing assumptions about blacks, about Jews, about Germans, about slavery, and about education. Plainly written, powerfully reasoned, and backed with a startling array of documented facts, Black Rednecks and White Liberals takes on not only the trendy intellectuals of our times but also suc...
