Building upon previous editions of Advanced Accounting, author Debra C. Jeter continues to deliver a balanced and detailed approach to the conceptual and technical aspects of advanced accounting. This new and enhanced edition features more in-depth information about international accounting, the upcoming globalization of accounting standards, changes with FASB's, and the latest developments and differences between U.S. GAAP and IFRS.

Intended for a senior level

course in advanced accounting taught at many four-year schools, the book's primary objective is to provide a comprehensive treatment of selected topics in a clear and understandable manner. The third edition reflects current issues in advanced accounting, integrates all three alternative recording methods (cost, partial equity, complete equity) for teaching consolidation concepts using worksheet icons and labels to distinguish among the three methods and new, enhanced
