***Grammar in Use Intermediate is a highly successful grammar text known for its clear, concise explanations and innovative format. The Grammar in Use Intermediate Third edition Workbook provides students with further opportunities to practice difficult grammar points and consolidate their understanding of related topics covered in Grammar in Use Intermediate Third edition. It offers a wide range of challenging activities and opportunities to work with grammar structures in meaningful contexts. This edition, without answers, is ideal for classroom use.***

***Advanced Grammar in Use contains 120 units of grammar explanation and practice exercises. It provides coverage of those language areas advanced-level students will find most rewarding to study. It retains the clarity of presentation of other books in the 'in Use' family. Two-page units present grammar explanation and examples, including typical student mistakes, on left-hand pages, and useful and varied practice on right-hand pages. Extra practice exercises at the back provide further challenging and contrastive practice of grammar points from different units. A study guide helps students find those areas most appropriate for their study. Grammar areas are cross-referenced throughout. There are useful appendices dealing with verb forms, and a glossary and all answers are given at the back.***

English Grammar in Use, is the ideal book for everyone who wants to create writing that is easily understood, concise, and grammatically splendid. Whether you're writing perfect professional documents, spectacular school papers, you'll find this English Grammar in Use indispensable. From word sentences to tenses to punctuation, Tom Gibbons an English Teacher, guides you through getting your thoughts on paper in excellence.Using dozens of examples, and exercise needed to provides guidelines for:* Understanding the parts of speech and elements of a sentence* Avoiding the most common grammar and punctuation mistakes* Using correct punctuating in every sentence* Writing clearly and directlyEasy to follow and authoritative, English Grammar in Use provides all the necessary tools to make you successful with every type of written expression.

Advanced English in a Nutshell is a short, detail free book that sheds light on the highlights and major grammatical points in a clear and effective manner. Getting lost in the endless variations of grammatical rules can be extremely distracting and most of the time disappointing. For this purpose, the book is not designed to dig deep into the limitless details of grammatical rules rather it is a kind of a review to the most necessary forms and structures that students need to use in academic tests in order to get high scores. In all tests candidates' performance is assessed according to the type of grammatical structures they are using while they are speaking or writing. The candidate who sticks to present simple and continuous forms, for instance, is not expected to get a high score in terms of structure because of the use of simple grammatical forms. Thus, it does make sense for candidates to use a variety of complex and simple structures to give the impression that they have a good mastery and command of the language.

***This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Koran grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand. ??? ??? ***The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of The Ministry of Utmost Happiness NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, The God of Small Things is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.***

***This book presents and practises over 1000 of the most useful and frequent idioms in typical contexts. This reference and practice book looks at the most colourful and fun area of English vocabulary - idioms. This book will appeal to students at advanced level who want to understand and use the English really used by native speakers, and students preparing for higher level exams, such as CAE, CPE and IELTS. Over 1,000 of the most useful and frequent idioms, which learners are likely to encounter are presented and practised in typical contexts, so that learners using this book will have hundreds of idioms 'at their fingertips'.***
