

Adventures In Time And Place Mcgraw Hill

Snow falls through the night and when Lana wakes in the morning it is to discover school has been canceled. Lana, Jada, and Jack take advantage of the Snow Day to do all their favorite winter activities. Join LJJ on their next adventure, as they play in the snow and create memories to last a lifetime.

In the year 2110, fourteen-year-old Val returns home to find that the time machine her father created has returned home without him. Having lost her mother to illness two years earlier, Val decides to use the machine to go back in time to find her father and bring him home. She does a test landing in a remote area of the U.S. in the year 2010 and meets three brothers: sixteen-year-old football star James, thirteen-year-old Luke and an amazing seven-year-old named Wumpy. They decide to join her and help find her father. Val believes her father would have gone back to the first century to see Jesus Christ, who Val's dad considers the most important person in history. Val knows her father wanted to see for himself if the stories about Jesus in the Bible are true. She and the three brothers go back in time to first century Jerusalem and begin the search, looking for Val's dad at some of the major events of Jesus' life. During their quest they meet Jesus and see amazing things. They also have to outwit local authorities and an assortment of villains who threaten to strand them in the first century or - even worse - end their short lives two thousand years before they were born. The adventure is non-stop, but in the end this is a story about friendship and faith and the truth of 1 John 4:18: "Perfect love expels all fear."

Some people are meant to travel the globe, to unwrap its secrets and share them with the world. And some people have no sense of direction, are terrified of pigeons, and get motion sickness from tying their shoes. These people are meant to stay home and eat nachos. Geraldine DeRuiter is the latter. But she won't let that stop her. Hilarious, irreverent, and heartfelt, *All Over the Place* chronicles the years Geraldine spent traveling the world after getting laid off from a job she loved. Those years taught her a great number of things, though the ability to read a map was not one of them. She has only a vague idea of where Russia is, but she now understands her Russian father better than ever before. She learned that what she thought was her mother's functional insanity was actually an equally incurable condition called "being Italian." She learned what it's like to travel the world with someone you already know and love--how that person can help you make sense of things and make far-off places feel like home. She learned about unemployment and brain

tumors, lost luggage and lost opportunities, and just getting lost in countless terminals and cabs and hotel lobbies across the globe. And she learned that sometimes you can find yourself exactly where you need to be--even if you aren't quite sure where you are.
