rest must be done by the teacher There is no limit to what is available to a chess student today: you can find gigabytes of books, software, and video - a jungle in which the student can go astray. It is well known that strong players see a position broken

down into elementary groups (chunks), each having specific, known characteristics. This is due to the huge number of games they have played, analyzed and retained in memory. As a result, they immediately recognize winning patterns. This book includes

NO puzzles, BUT a selection of 101 patterns chosen from among the essential patterns. They need to be engraved in your mind, so that you recognize them immediately (regardless of which side of the board you are on), without any doubt or

hesitation. These are all patterns that are essential to know in order to be able to play well. They are not endless lists of moves, which would be impossible to remember, but rather positions that occur frequently, that you can learn to recognize without

thinking, the way Masters do. Are all these patterns known? Sure they are, but this is not the point. A GM knows over ten thousand, a CM about 200, but what about you? Can you afford not to know these few key patterns? Novice and intermediate players are

the target of this book, class B (1700 rating or less). Periodically going through these patterns will help you avoid losses, win more games, and reduce your thinking time. If only one of these patterns was unknown to you (or you were uncertain what to do

Date 12.5x15 Cm

days, months, and years until one day, the older cat has to go. And he doesn't come back. This is a poignant story, told in measured text and bold black-and-white illustrations about the act of moving on.

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy,

the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear?

Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, The Book of Disquiet is a
