

Agent Storm A Spy Inside Al Qaeda

A New York Times bestseller! A GMA3 Summer Reading Squad Selection! “Ingeniously plotted, and a grin-inducing delight.” —People “Will keep young readers glued to the page...So when do I get the sequel?!” —Beth McMullen, author of Mrs. Smith’s Spy School for Girls In this thrilling new series that Stuart Gibbs called “a must-read,” Edgar Award winner James Ponti brings together five kids from all over the world and transforms them into real-life spies—perfect for fans of Spy School and Mrs. Smith’s Spy School for Girls. Sara Martinez is a hacker. She recently broke into the New York City foster care system to expose her foster parents as cheats and lawbreakers. However, instead of being hailed as a hero, Sara finds herself facing years in a juvenile detention facility and banned from using computers for the same stretch of time. Enter Mother, a British spy who not only gets Sara released from jail but also offers her a chance to make a home for herself within a secret MI6 agency. Operating out of a base in Scotland, the City Spies are five kids from various parts of the world. When they’re not attending the local boarding school, they’re honing their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can’t. Before she knows what she’s doing, Sara is heading to Paris for an international youth summit, hacking into a rival school’s computer to prevent them from winning a million euros, dangling thirty feet off the side of a building, and trying to stop a villain...all while navigating the complex dynamics of her new team. No one said saving the world was easy...

Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel”—Philip Caputo, New York Times Book Review (cover review) The winner of the Pulitzer Prize for Fiction, as well as seven other awards, The Sympathizer is one of the most acclaimed books of the twenty-first century. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Vladimir Nabokov, The Sympathizer is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who comes to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. The Sympathizer is a blistering exploration of identity and America, a gripping spy novel, and a powerful story of love and friendship.

In this book we look at the history of the South African Nuclear Weapons Program, long denied but always winked about, an open secret to many although the details were always vague with rumours of Israeli assistance in designing the bombs. In fact, the Israeli input was negligible as the South African nuclear weapons worked in an entirely unique way, yielding about what the Hiroshima bomb did and considered "sufficient" as a deterrent against a Soviet Union originated and supported conventional attack. This attack almost came to be in 1988 - 1989 via Angola into what was then South West Africa and today Namibia. Masses of conventional forces were gathered, and plans were made - in history the same as the attack on South Vietnam by North Vietnamese Forces the decade before. History always repeats itself. A brilliant South African "Maskirovka" from the Chief of Staff in Pretoria stopped the planned invasion as well as the very public mobilising order of 400,000 men from the Army Reserves.South Africa also had the means to deliver nuclear bombs accurately, all discussed in this book and may even have done so, although, we don't know. It is one of the big "ifs" in history. As said, the invasion never took place and in no small way due to the Battle of Cuito Cuanavale which is often written about in GMJ Books. It was the largest tank battle in Africa since the Second World War and South African Forces won hands down.It is beyond maddening to the author that no Western "Expert" today knows that in 1978, South Africa produced working nuclear weapons. They either don't know, forgot history, or are incompetent, or more probably, both.Just before Mr. Mandela took office as the newly democratically elected president, the atomic devices were handed over to the US Government for dismantling. That act was until now the only time in the world where a country willingly got rid of its nuclear arsenal. Everyone applauded. Yet, the means to manufacture such weapons did not disappear with the weapons, something no one in the West realises. If a place like Iran wants a nuclear weapon, they merely need to ask the South Africans that have the know-how and proven capability to produce them in record time. It is old technology. In Code Name Angel we deal with nuclear weapons and the risk of such weapons in the hands of terrorists using them against the West. You should not doubt that terrorists will use nuclear devices if they have them - they stated their intentions to do so many times in the past. The normal rules of MAD, retaliation, do not apply to them. There is no reason to doubt that they would flatten a Western city if given the opportunity and such opportunities can be created easily enough as this book explains. Description: Spymaster extraordinaire, Angelique Dawson and her team must recover lost or roguery manufactured South African nukes on their way to Iran or Al-Qaeda or both for all we know. The warheads are escorted by Zimbabwean Intelligence operatives in cahoots with Iranian Intelligence. This was one of the first major Egg Breaker operations that never made the newspapers and took place mostly in southern Mozambique, the chosen exfiltration point for the weapons. Major Geoffrey Foxtrot, under command of his handler, Angelique Dawson, later his wife and soul, tracks the weapons down in a combined operation with Mossad Agents but that is only the first step. Disarming the devices is another story as Angelique insists on doing so herself, plus the Zimbabweans are also around to prevent the bombs from being intercepted in the first place. A clash between the two groups is unavoidable. If you wish to read about Covert and Special Forces Operations in sub-Saharan Africa, the GMJ Books are the place to start. You will learn about covert operations, Special Forces techniques, and military history not known outside the select few. Code Name Angel is the 7th book of the popular GMJ Series.

Throughout its history, Philadelphia has been home to international intrigue and some of America’s most celebrated spies. This illustrated guidebook reveals the places and people of Philadelphia’s hidden history, inviting the reader to explore over 150 spy sites in Philadelphia and its neighboring towns and counties.

Spy in a Little Black Dress

The Grey Line: Modern Corporate Espionage and Counterintelligence offers a unique look beyond the veil of absolute secrecy which has surrounded the world of private intelligence since its inception. Corporate espionage is an inescapable reality of the modern global business world. Privately run intelligence operations are increasingly being targeted against individual’s personal information as well as companies of all sizes. The Grey Line is the comprehensive examination of how modern day private sector spies operate, who they target, how they penetrate secure systems and subvert vulnerable employees. The book provides invaluable resources to use in deterring and defeating corporate spies. Never before has the subject of private intelligence been covered in such detail.

The true account of the Nicholsons, the father and son who sold national secrets to Russia. “One of the strangest spy stories in American history” (Robert Lindsey, author of The Falcon and the Snowman). Investigative reporter and Pulitzer Prize–finalist Bryan Denson tells the riveting story of the father and son co-conspirators who betrayed the United States. Jim Nicholson was one of the CIA’s top veteran case officers. By day, he taught spycraft at the CIA’s clandestine training center, The Farm. By night, he was a minivan-driving single father racing home to have dinner with his kids. But Nicholson led a double life. For more than two years, he had met covertly with agents of Russia’s foreign intelligence service and turned over troves of classified documents. In 1997, Nicholson became the highest-ranking CIA officer ever convicted of espionage. But his duplicity didn’t stop there. While behind the bars of a federal prison, the former mole systematically groomed the one person he trusted most to serve as his stand-in: his youngest son, Nathan. When asked to smuggle messages out of prison to Russian contacts, Nathan saw an opportunity to be heroic and to make his father proud. “Filled with fascinating details of the cloak-and-dagger techniques of KGB and CIA operatives, double agents, and spy catchers . . . A poignant and painful tale of family love, loyalty, manipulation and betrayal.” –The Oregonian

Freezing Order, the follow-up to Red Notice, is available now! “[Red Notice] does for investing in Russia and the former Soviet Union what Liar’s Poker did for our understanding of Salomon Brothers, Wall Street, and the mortgage-backed securities business in the 1980s. Browder’s business saga meshes well with the story of corruption and murder in Vladimir Putin’s Russia, making Red Notice an early candidate for any list of the year’s best books” (Fortune). “Part John Grisham-like thriller, part business and political memoir.” –The New York Times This is a story about an accidental activist. Bill Browder started out his adult life as the Wall Street maverick whose instincts led him to Russia just after the breakup of the Soviet Union, where he made his fortune. Along the way he exposed corruption, and when he did, he barely escaped with his life. His Russian lawyer Sergei Magnitsky wasn’t so lucky: he ended up in jail, where he was tortured to death. That changed Browder forever. He saw the murderous heart of the Putin regime and has spent the last half decade on a campaign to expose it. Because of that, he became Putin’s number one enemy, especially after Browder succeeded in having a law passed in the United States–The Magnitsky Act–that punishes a list of Russians implicated in the lawyer’s murder. Putin famously retaliated with a law that bans Americans from adopting Russian orphans. A financial caper, a crime thriller, and a political crusade, Red Notice is the story of one man taking on overpowering odds to change the world, and also the story of how, without intending to, he found meaning in his life.

As one of Al Qaeda’s most respected scholars and bomb-makers, Aimen Dean rubbed shoulders with the mastermind of the 9/11 attacks and met Osama Bin Laden himself. His job was already one of the most dangerous in the world. But what the others didn’t know was that he was working undercover for MI6.

Agent Storm

The Dark Lives of Klaus Fuchs

An insider’s tour of the past half-century’s espionage technologies also recounts some of the CIA’s most secretive operations and how they have been performed using state-of-the-art spy instruments.

From the winner of an Ian Fleming Silver Dagger Award, a spy who came in from the cold for today’s wars. British by birth, foreign by descent, and agnostic by conviction, Edward Henry Malik is an MI6 handler—an agent runner. For four years he has been running an agent codenamed Nightingale inside Pakistan’s notorious ISI, keeping watch on its links to Al Qaeda and the Taliban and its machinations in neighboring Afghanistan, but mostly monitoring for threats to the British homeland. Then, in the aftermath of Osama bin Laden’s killing, Nightingale is exposed and Ed’s world falls apart. Dismissed from MI6 and with his reputation in tatters, Ed returns to his roots in the immigrant enclave of Whitechapel in London’s East End. He takes a job at a freight forwarding office and unexpectedly falls in love with the proprietor’s daughter. It seems as if he has finally found respite from his demons. But you can’t escape your past. Ed knows too much, and he has come to the attention of Major General Javid Aslam Khan—Pakistan’s legendary spymaster, known as the Hidden Hand. This lean, propulsive thriller tells a classic story of love, trust, and betrayal set against today’s Great Game, while in the background swirl rumors of a one-legged mullah and a shadowy militia with the means to detonate a dirty bomb. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

"Nancy Greenspan dives into the mysteries of the Klaus Fuchs espionage case and emerges with a classic Cold War biography of intrigue and torn loyalties. Atomic Spy is a mesmerizing morality tale, told with fresh sources and empathy." --Kai Bird, author of The Good Spy and coauthor of American Prometheus: The Triumph and Tragedy of J. Robert Oppenheimer The gripping biography of a notorious Cold War villain--the German-born British scientist who handed the Soviets top-secret American plans for the plutonium bomb--showing a man torn between conventional loyalties and a sense of obligation to a greater good. German by birth, British by naturalization, Communist by conviction, Klaus Fuchs was a fearless Nazi resister, a brilliant scientist, and an infamous spy. He was convicted of espionage by Britain in 1950 for handing over the designs of the plutonium bomb to the Russians, and has gone down in history as one of the most dangerous agents in American and British history. He put an end to America's nuclear hegemony and single-handedly heated up the Cold War. But, was Klaus Fuchs really evil? Using archives long hidden in Germany as well as intimate family correspondence, Nancy Thorndike Greenspan brings into sharp focus the moral and political ambiguity of the times in which Fuchs lived and the ideals with which he struggled. As a university student in Germany, he stood up to Nazi terror without flinching, and joined the Communists largely because they were the only ones resisting the Nazis. After escaping to Britain in 1933, he was arrested as a German émigré--an "enemy alien"--in 1940 and sent to an internment camp in Canada. His mentor at university, renowned physicist Max Born, worked to facilitate his release. After years of struggle and ideological conflict, when Fuchs joined the atomic bomb project, his loyalties were firmly split. He started handing over top secret research to the Soviets in 1941, and continued for years from deep within the Manhattan Project at Los Alamos. Greenspan's insights into his motivations make us realize how he was driven not just by his Communist convictions but seemingly by a dedication to peace, seeking to level the playing field of the world powers. With thrilling detail from never-before-seen sources, Atomic Spy travels across the Germany of an ascendant Nazi party; the British university classroom of Max Born; a British internment camp in Canada; the secret laboratories of Los Alamos; and Eastern Germany at the height of the Cold War. Atomic Spy shows the real Klaus Fuchs--who he was, what he did, why he did it, and how he was caught. His extraordinary life is a cautionary tale about the ambiguity of morality and loyalty, as pertinent today as in the 1940s.

Between 1994 and 2000, Omar Nasiri worked as a secret agent for Europe’s top foreign intelligence services—including France’s DGSE (Direction Générale de la Sécurité Extérieure), and Britain’s MI5 and MI6. From the netherworld of Islamist cells in Belgium, to the training camps of Afghanistan, to the radical mosques of London, he risked his life to defeat the emerging global network that the West would come to know as Al Qaeda. Now, for the first time, Nasiri shares the story of his life—a life balanced precariously between the world of Islamic jihadists and the spies who pursue them. As an Arab and a Muslim, he was able to infiltrate the rigidly controlled Afghan training camps, where he encountered men who would later be known as the most-wanted terrorists on earth: Ibn al-Sheikh al-Libi, Abu Zubayda, and Abu Khabab al-Masri. Sent back to Europe with instructions to form a sleeper cell, Nasiri became a conduit for messages going back and forth between Al Qaeda’s top recruiter in Pakistan and London’s radical cleric Abu Qatada.

My Life Inside al-Qaeda

Agent Zigzag

NOIR is a two-part White Paper, written by David L. Charney, M.D., a psychiatrist who had the unique experience of interviewing former FBI counterintelligence officer Robert Hanssen in jail, weekly, for approximately two hours per visit, for a year. Dr. Charney did the same with two other incarcerated insider spies: Earl Pitts (former FBI Special Agent revealed as a KGB spy), and Brian Regan (former Air Force/NRO). Dr. Charney’s interest was to better understand the minds of spies for the sake of strengthening our national security. Over the eighteen years of his work with these cases, Dr. Charney developed a greater understanding of insider spy psychology and formulated new approaches and fresh proposals for better managing the problem of insider spies. Dr. Charney’s first paper, “True Psychology of the Insider Spy,” Part One of his two-part White Paper on insider spies, was published in late 2010 in the AFIO Intelligencer. This paper can be viewed on the NCIX (National Counterintelligence Executive) website. Most Insider Threat management initiatives have been technology driven. While clever and useful up to a point, they are subject to the Law of Diminishing Returns and can backfire by creating a negative, distrustful workplace atmosphere. A well-motivated insider can defeat nearly any technology-based system. They will always find a way. By contrast, Dr. Charney’s NOIR proposals center on the minds of potential or current insider threats: their psychologies and their inner worlds. The battle must be won there. NOIR focuses on “classic” state-sponsored espionage. However, many of its points are applicable for dealing with Snowden-type threats. NOIR for USA is a 501(c)3 entity to educate the US Intelligence Community, other government components, including the Congress, the courts, responsible journalists, and the general public, about the NOIR concepts and proposals. Dr. Charney and his colleagues at NOIR for USA would appreciate any comments, criticisms, or additional thoughts you may have about NOIR concepts and proposals: Contact@NOIR4USA.org

The Soviet Union and United States Star Wars race escalates, Colonel Mikkail Filtov, America’s agent in the Kremlin, is about to be betrayed, and only Jack Ryan can save Filtov--and world peace.

A Pulitzer Prize-winning intelligence reporter presents a narrative account of a mysterious Jordanian agent that describes how he infiltrated both al-Qaeda and the CIA before killing himself and seven CIA operatives in a suicide bombing, an event that revealed sobering agency weaknesses. Reprint.

“Ben Macintyre’s rollicking, spellbinding Agent Zigzag blends the spy-versus-spy machinations of John le Carré with the high farce of Evelyn Waugh.”—William Grimes, The New York Times (Editors’ Choice) “Wildly improbable but entirely true. . . [a] compellingly cinematic spy thriller with verve.”—Entertainment Weekly NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY ENTERTAINMENT WEEKLY AND ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE WASHINGTON POST Eddie Chapman was a charming criminal, a con man, and a philanderer. He was also one of the most remarkable double agents Britain has ever produced. In 1941, after training as German spy in occupied France, Chapman was parachuted into Britain with a revolver, a wireless, and a cyanide pill, with orders from the Abwehr to blow up an airplane factory. Instead, he contacted M15, the British Secret service, and for the next four years, Chapman worked as a double agent, a lone British spy at the heart of the German Secret Service. Inside the traitor was a man of loyalty; inside the villain was a hero. The problem for Chapman, his spymasters, and his lovers was to know where one persona ended and the other began. Based on recently declassified files, Agent Zigzag tells Chapman’s full story for the first time. It’s a gripping tale of loyalty, love, treachery, espionage, and the thin and shifting line between fidelity and betrayal.

Polish Spies, the CIA, and the Forging of an Unlikely Alliance

Red Notice

The Al-Qaeda Mole Who Infiltrated the CIA

The Cardinal of the Kremlin

A True Story of Nazi Espionage, Love, and Betrayal

The Spy’s Son

Before the Internet became widely known as a global tool for terrorists, one perceptive U.S. citizen recognized its ominous potential. Armed with clear evidence of computer espionage, he began a highly personal quest to expose a hidden network of spies that threatened national security. But would the authorities back him up? Cliff Stoll’s dramatic firsthand account is "a computer-age detective story, instantly fascinating [and] astonishingly gripping" (Smithsonian). Cliff Stoll was an astronomer turned systems manager at Lawrence Berkeley Lab when a 75-cent accounting error alerted him to the presence of an unauthorized user on his system. The hacker’s code name was "Hunter"—a mysterious invader who managed to break into U.S. computer systems and steal sensitive military and security information. Stoll began a one-man hunt of his own: spying on the spy. It was a dangerous game of deception, broken codes, satellites, and missile bases—a one-man sting operation that finally gained the attention of the CIA. . . . and ultimately trapped an international spy ring fueled by cash, cocaine, and the KGB.

Detective novel about an attempt to blow up Greenwich Observatory, a story of the underworld of London, of anarchists and spies.

Bestselling author Ally Carter returns with an exciting stand-alone novel, about a girl stranded in the middle of the Alaskan wilderness with the boy who wronged her... as an assassin moves in.

The explosive New York Times bestselling memoir of a Muslim American FBI agent fighting terror from the inside. A longtime undercover agent, Tamer Elnoury joined an elite counterterrorism unit after September 11, 2001. Its express purpose was to gain the trust of terrorists whose goals were to take out as many Americans in as public and devastating a way as possible. It was a furious race against the clock for Elnoury and his unit to stop them before they could implement their plans. Yet the techniques were as old as time: listen, record, and prove terrorist intent. It's no secret that federal agencies have waged a broad, global war against terror, through and after the war in Afghanistan. But for the first time, in this memoir, an active Muslim American federal agent reveals his experience infiltrating and bringing down a terror cell in North America. Due to his ongoing work for the FBI, Elnoury writes under a pseudonym. An Arabic-speaking Muslim American, a patriot, a hero: To many Americans, it will be a revelation that he and his team even existed, let alone the vital and dangerous work they have done keeping all Americans safe.

A Derrick Storm Thriller

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct

A Novel

Imagine you are dying with a secret. Something you’ve never had the courage to tell your friends and family. Or a last wish – a task you need carried out before you can rest in peace. Now imagine

there’s a man who can take care of all that, who has no respect for the living, who will do anything for the dead. Bill Edgar is the Coffin Confessor - a one-of-a-kind professional, a man on a mission to make good on these last requests on behalf of his soon-to-be-deceased clients. And this is the extraordinary story of how he became that man. Bill has been many things in this life: son of one of Australia’s most notorious gangsters, homeless street-kid, maximum-security prisoner, hard man, family man, car thief, professional punching bag, philosopher, inventor, private investigator, victim of horrific childhood sexual abuse and an activist fighting to bring down the institutions that let it happen. A survivor. As a little boy, he learned the hard way that society is full of people who fall through the cracks - who die without their stories being told. Now his life’s work is to make sure his clients’ voices are heard, and their last wishes delivered: the small-town grandfather who needs his tastefully decorated sex dungeon destroyed before the kids find it. The woman who endured an abusive marriage for decades before finding freedom. The outlaw biker who is afraid of nothing . . . except telling the world he is in love with another man. The dad who desperately needs to track down his estranged daughter so he can find a way to say he’s sorry, with one final gift. Confronting and confounding, heartwarming and heartbreaking, *The Coffin Confessor* is a compelling story of survival and redemption, of a life lived on the fringes of society, on both sides of the law - and what that can teach you about living your best life . . . and death.

After the death of the uncle who had been his guardian, fourteen-year-old Alex Rider is coerced to continue his uncle's dangerous work for Britain's intelligence agency, MI6. From Tokyo, to Bonn, to London, high-level bankers are being tortured - and murdered. The killer, caught in a fleeting glimpse on a surveillance camera, has been described as a psychopath with an eye patch. And that means Gregor Volkov, Derrick Storm's old nemesis, has returned. Knowing only one man can match Volkov's strength and cunning, the CIA calls on Storm to track him down, figure out who he's working for and why. With the help of a beautiful and mysterious foreign agent, Storm discovers a plot that could destroy the global economy - bringing with it untold chaos - and the time he has to stop it is running short. It's the novel *Castle* fans have been clamoring for: there's a **STORM FRONT coming!**

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

CUCKOO'S EGG

The Spies of Warsaw

A Memoir

Stormbreaker

The Coffin Confessor

The Explosive National Bestseller A memoir by the highest-ranking covert warrior to lift the veil of secrecy and offer a glimpse into the shadow wars that America has fought since the Vietnam Era. Enrique Prado found himself in his first firefight at age seven. The son of a middle-class Cuban family caught in the midst of the Castro Revolution, his family fled their war-torn home for the hope of a better life in America. Fifty years later, the Cuban refugee retired from the Central Intelligence Agency as the CIA equivalent of a two-star general. *Black Ops* is the story of Ric’s legendary career that spanned two eras, the Cold War and the Age of Terrorism. Operating in the shadows, Ric and his fellow CIA officers fought a little-seen and virtually unknown war to keep USA safe from those who would do it harm. After duty stations in Central, South America, and the Philippines, *Black Ops* follows Ric into the highest echelons of the CIA’s headquarters at Langley, Virginia. In late 1995, he became Deputy Chief of Station and co-founding member of the Bin Laden Task Force. Three years later, after serving as head of Korean Operations, Ric took on one of the most dangerous missions of his career: to re-establish a once-abandoned CIA station inside a hostile nation long since considered a front line of the fight against Islamic terrorism. He and his team carried out covert operations and developed assets that proved pivotal in the coming War on Terror. A harrowing memoir of life in the shadowy world of assassins, terrorists, spies and revolutionaries, *Black Ops* is a testament to the courage, creativity and dedication of the Agency’s Special Activities Group and its elite shadow warriors.

SOON TO BE A MAJOR MOTION PICTURE starring Jennifer Lawrence, Joel Edgerton and Jeremy Irons. Dominika Egorov, former prima ballerina, is sucked into the heart of Putin's Russia, the country she loved, as the twists and turns of a betrayal and counter-betrayal unravel. American Nate Nash, idealistic and ambitious, handles the double agent, codenamed MARBLE, considered one of CIA's biggest assets. He needs to keep his identity secret for as long as the mole can keep supplying golden information. Will Dominika be able to unmask MARBLE, or will the mission see her faith destroyed in the country she has always passionately defended? 'A great and dangerous spy-game is being played today between Russian intelligence and the CIA. Very few people know about it, including many of our politicians in Washington. But Jason Matthews does, and his thrilling *Red Sparrow* takes us deep inside this treacherous world. He's an insider's insider. He knows the secrets. And he is also a masterful story-teller. I loved this book and could not put it down. Neither will you' Vince Flynn 'Not since the good old days of the Cold War has a classic spy thriller like *Red Sparrow* come along. Jason Matthews is not making it up; he has lived this life and this story, and it shows on every page. High-level espionage, pulse-pounding danger, sex, double agents and double crosses. What more can any reader want?' Nelson DeMille

After being outwitted by an Iranian agent in London, CIA contract agent, Mako Storm follows his prey to the British Virgin Islands to redeem himself. But the plot thickens when an exotic Chinese woman and her mother, an infamous spy enter the picture. With the help of an old antagonist , Mako and his team unravel the threat to rebuild the Persian empire - but are they in time ...

As one of al-Qaeda’s most respected bomb-makers, Aimen Dean rubbed shoulders with the mastermind of the 9/11 attacks and swore allegiance to Osama bin Laden. As a double agent at the heart of al-Qaeda’s chemical weapons programme, he foiled attacks on civilians and saved countless lives, brushing with death so often that his handlers began to call him their spy with nine lives. This is the story of how a young Muslim, determined to defend his faith, found himself fighting on the wrong side - and his fateful decision to work undercover for his sworn enemy. From the killing fields of Bosnia to the training camps of Afghanistan, from running money and equipment in Britain to dodging barrel bombs in Syria, we discover what life is like inside the global jihad, and what it will take to stop it once and for all.

My Time As MI6’s Top Spy Inside al-Qaeda

A Novel (Pulitzer Prize for Fiction)

City Spies

The Triple Agent

A True Story of High Finance, Murder, and One Man's Fight for Justice

Tiger Trap

The author describes his early life, growing up in a dysfunctional family, and how he ended up becoming a CIA case officer.

NOW A MINISERIES ON BBC AMERICA STARRING DAVID TENNANT An autumn evening in 1937. A German engineer arrives at the Warsaw railway station. Tonight, he will be with his Polish mistress; tomorrow, at a workers' bar in the city’s factory district, he will meet with the military attaché from the French embassy. Information will be exchanged for money. So begins *The Spies of Warsaw*, the brilliant new novel by Alan Furst, lauded by *The New York Times* as “America’s preeminent spy novelist.” War is coming to Europe. French and German intelligence operatives are locked in a life-and-death struggle on the espionage battlefield. At the French embassy, the new military attaché, Colonel Jean-Francois Mercier, a decorated hero of the 1914 war, is drawn into a world of abduction, betrayal, and intrigue in the diplomatic salons and back alleys of Warsaw. At the same time, the handsome aristocrat finds himself in a passionate love affair with a Parisian woman of Polish heritage, a lawyer for the League of Nations. Colonel Mercier must work in the shadows, amid an extraordinary cast of venal and dangerous characters—Colonel Anton Vyborg of Polish military intelligence; the mysterious and sophisticated Dr. Lapp, senior German Abwehr officer in Warsaw; Malka and Viktor Rozen, at work for the Russian secret service; and Mercier’s brutal and vindictive opponent, Major August Voss of SS counterintelligence. And there are many more, some known to Mercier as spies, some never to be revealed. *The Houston Chronicle* has described Furst as “the greatest living writer of espionage fiction.” *The Spies of Warsaw* is his finest novel to date—the history precise, the writing evocative and powerful, more a novel about spies than a spy novel, exciting, atmospheric, erotic, and impossible to put down. “As close to heaven as popular fiction can get.” —*Los Angeles Times*, about *The Foreign Correspondent* “What gleams on the surface in Furst’s books is his vivid, precise evocation of mood, time, place, a letter-perfect re-creation of the quotidian details of World War II Europe that wraps around us like the rich fug of a wartime railway station.” —*Time* “A rich, deeply moving novel of suspense that is equal parts espionage thriller, European history and love story.” —Herbert Mitgang, *The New York Times*, about *Dark Star* “Some books you read. Others you live. They seep into your dreams and haunt your waking hours until eventually they seem the stuff of memory and experience. Such are the novels of Alan Furst, who uses the shadowy world of espionage to illuminate history and politics with immediacy.” —Nancy Pate, *Orlando Sentinel*

"Damascus Station is the best spy novel I have ever read." —General David Petraeus, former director of the CIA A CIA officer and his recruit arrive in war-ravaged Damascus to hunt for a killer in this page-turner that offers the "most authentic depiction of modern-day tradecraft in print." (Navy SEAL sniper and *New York Times* bestselling author Jack Carr). CIA case officer Sam Joseph is dispatched to Paris to recruit Syrian Palace official Mariam Haddad. The two fall into a forbidden relationship, which supercharges Haddad's recruitment and creates unspeakable danger when they enter Damascus to find the man responsible for the disappearance of an American spy. But the cat and mouse chase for the killer soon leads to a trail of high-profile assassinations and the discovery of a dark secret at the heart of the Syrian regime, bringing the pair under the all-seeing eyes of Assad's spy catcher, Ali Hassan, and his brother Rustum, the head of the feared Republican Guard. Set against the backdrop of a Syria pulsing with fear and rebellion, Damascus Station is a gripping thriller that offers a textured portrayal of espionage, love, loyalty, and betrayal in one of the most difficult CIA assignments on the planet.

Agent Storm - My Life Inside al-Qaeda by Morten Storm Morten Storm was an unlikely Jihadist. A 6'1" red-haired Dane, Storm spent his teens with a biker gang or in jail. But after converting to Islam he embarked on a transformation that led from a militant madrasa in Yemen to a close friendship with Anwar al-Awlaki, the American-born cleric who would emerge as al-Qaeda's greatest threat to the West. Then Storm's story took another dramatic twist. He lost his faith and was recruited by the CIA, MI6 and MI5, becoming a double agent. His ultimate mission: to bring down his mentor al-Awlaki. This is the searing memoir of a man who sought purpose in a community of believers before rejecting their extremist ideology. In a quest for atonement he lived undercover for five years, travelling the world to complete high profile missions. As well as single-handedly thwarting multiple terrorist attacks, he led the intelligence services to some of al-Qaeda's most dangerous terrorists, all the while knowing his own life was expendable. Agent Storm takes readers inside the Jihadist world like never before, showing the daily life of zealous men set on mass murder: from dodging drones with al-Qaeda leaders in the Arabian desert to Jihadist gyms in Birmingham. It also gives a rare look inside the world's most powerful spy agencies, including their tradecraft, after-hours carousing - and their ruthless use of a beautiful blonde in a honey trap. Filled with hair-raising close calls, coded messages and chilling duplicity, Agent Storm is a captivating real-life thriller.

The Formative Years of an African-American Spy

From Warsaw with Love is the epic story of how Polish intelligence officers forged an alliance with the CIA in the twilight of the Cold War, told by the award-winning author John Pomfret. Spanning decades and continents, from the battlefields of the Balkans to secret nuclear research labs in Iran and embassy grounds in North Korea, this saga begins in 1990. As the United States cobbles together a coalition to undo Saddam Hussein’s invasion of Kuwait, six US officers are trapped in Iraq with intelligence that could ruin Operation Desert Storm if it is obtained by the brutal Iraqi dictator. Desperate, the CIA asks Poland, a longtime Cold War foe famed for its excellent spies, for help. Just months after the Polish people voted in their first democratic election since the 1930s, the young Solidarity government in Warsaw sends a veteran ex-Communist spy who’d battled the West for decades to rescue the six Americans. John Pomfret’s gripping account of the 1990 cliffhanger in Iraq is just the beginning of the tale about intelligence cooperation between Poland and the United States, cooperation that one CIA director would later describe as “one of the two foremost intelligence relationships that the United States has ever had.” Pomfret uncovers new details about the CIA’s black site program that held suspected terrorists in Poland after 9/11 as well as the role of Polish spies in the hunt for Osama bin Laden. In the tradition of the most memorable works on espionage, Pomfret’s book tells a distressing and disquieting tale of moral ambiguity in which right and wrong, black and white, are not conveniently distinguishable. As the United States teeters on the edge of a new cold war with Russia and China, Pomfret explores how these little-known events serve as a reminder of the importance of alliances in a dangerous world.

An “inventive spy romp that’s fast, playful and fun” inspired by an actual letter in the John F. Kennedy Library written by Jackie Kennedy, revealing her job offer from the newly formed CIA (Chris Ewan, author of *The Good Thief’s Guide to Venice*). When young Jackie Bouvier receives her second assignment from the CIA, she knows it will go better than her first. She managed to survive the Paris job-while looking her best in Givenchy, no less-but now she’s completed her official CIA training. So she’s excited to show her boss exactly what she can do for her country. Her new mission: Go undercover in sultry Havana and investigate a young revolutionary named Fidel Castro. But before Jackie can infiltrate the communist cabal, she’s in past her helmine in danger. In another exciting adventure, she colludes with Grace Kelly, dances with Frank Sinatra, and flirts with an up-and-coming congressman from Massachusetts. As the international intrigue escalates, Jackie must use all her finely honed skills to stay ahead of her enemies . . . and make sure spying never goes out of fashion.

“A stunningly detailed history . . . from sexy socialite double agents to ‘kill switches’ implanted offshore in the computer chips for our electric grid” (R. James Woolsey, former director of Central Intelligence). For decades, while America obsessed over Soviet spies, China quietly penetrated the highest levels of government. Now, for the first time, based on numerous interviews with key insiders at the FBI and CIA as well as with Chinese agents and people close to them, David Wise tells the full story of China’s many victories and defeats in its American spy wars. Two key cases interweave throughout: Katrina Leung, code-named Parlor Maid, worked for the FBI for years even after she became a secret double agent for China, aided by love affairs with both of her FBI handlers. Here, too, is the inside story of the case, code-named Tiger Trap, of a key Chinese-American scientist suspected of stealing nuclear weapons secrets. These two cases led to many others, involving famous names from Wen Ho Lee to Richard Nixon, stunning national security leaks, sophisticated cyberspying, and a West Coast spy ring whose members were sentenced in 2010. As concerns swirl about US-China relations and the challenges faced by our intelligence community, *Tiger Trap* provides an important overview from “America’s premier writer on espionage” (*The Washington Post Book World*). “Wise’s conclusion is sobering—China’s spying on America is ongoing, current, and shows no signs of diminishing—and his book is a fascinating history of Chinese espionage.” —Publishers Weekly “A fact-filled inside account, with sources named and no one spared.” —Seymour M. Hersh

The true story of a jihadi convert seeking redemption in “a rollicking read and a rare insider’s account of Western spying in the age of al Qaeda” (*The New York Times Book Review*). Standing over six feet tall with flaming red hair, Morten Storm was an unlikely jihadi. But after a troubled youth in his native Denmark, Storm found peace and purpose in his conversion to Islam. His absolute devotion only grew after he attended a militant madrasa in Yemen, named his son Osama, and became close friends with American-born terrorist cleric Anwar al-Awlaki. Then, after a decade of jihadi life, he not only rejected extremism—he began a quest for atonement, becoming a double agent for the CIA as well as British and Danish intelligence agencies. Agent Storm takes readers inside the fanatical jihadist mindset and into the shadows of the world’s most powerful spy agencies in an action-packed account that “reads like a screenplay for a James Bond movie written by Joel and Ethan Coen” (*The Washington Post*).
