

Airbrush Art In Japan

Project Japan is the product of a long journey by author Graham Cooper. A sustained rolling programme relating to contemporary art and architecture in Japan, this project involved over a decade of commitment, more than a dozen research and documentation trips to Japan. *Airbrush Art In Japan* is a **A NEW YORK TIMES BESTSELLER** One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly" An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." – Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Central Postal Directory Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and

enduring.

The volume is the first monograph by the Japanese artist Kazuki Takamatsu, published on the occasion of his comeback with the solo show "Even a Doll Can Do It", from February 14th to April 4th, at the Dorothy Circus Gallery in Rome, the diamond point in the European Pop Surrealist

scene. The artist puts up feminine bodies, half dolls, with Japanese features, painted in black and white through the depth mapping technique, which gets from digital research to gouache and acrylic painting, achieving a multilayered and tridimensional effect, full of transparencies, inspired by the holograms and the X-ray vision. The book, with its elegant cover and numerous images, allows the reader to discover Kazuki Takamatsu's iconography, its roots - from nature to manga - and the dialogue between popular culture, technology and the study of moods and states of mind. The result is an intimate universe, permeated by melancholy, in which the choice of monochromatism recalls the fight between the good and the evil, the marginal area between the light and the darkness.

This beautifully designed book is a celebration of one of the world's most creative, dynamic and fascinating cities: Tokyo. It spans 400 years, with highlights including Kano school paintings; the iconic woodblock prints of Hiroshige; Tokyo Pop Art posters; the photography of Moriyama Daido and Ninagawa Mika; manga; film; and contemporary art by Murakami Takashi and Aida Makoto. Visually bold and richly detailed, this publication looks at a city which has undergone constant destruction and renewal and it tells the stories of the people who have made Tokyo so famous with their insatiable appetite for the new

and innovative - from the samurai to avantgarde artists today. Co-edited by Japanese art specialists and curators Lena Fritsch and Clare Pollard from Oxford University, this accessible volume features 28 texts by international experts of Japanese culture, as well as original statements by influential artists.

BODY ART & TATTOOING. Body Painting uses a wealth of photos to show just how the application of colourful paint can transform a child's face or a woman's body into another dimension. The best teachers are the men and women who have already mastered a skill. Body Painting uses interviews with the artists to explore their preference for tools, their favourite techniques and how they learned their skills. The discussion of paint choices includes airbrushed body make up, textile acrylics, liquid latex and even markers from companies like Crayola. The definitive monograph on the work of celebrated mind-altering artist and album cover designer, Leif Podhajsky.

A fascinating study of Edward Hopper's iconic Nighthawks painting and its deep significance for understanding American culture. *Staying up Much Too Late* discusses the painting *Nighthawks* and the painter Edward Hopper and their central importance to twentieth-century American culture. Topics include individualism, New York City, Arthur "Weegee" Fellig, diners, pornography, capitalism, advertising, cigarettes, American philosophy, World War II, *Gravity's Rainbow*, *Blade Runner*, *Pulp Fiction*, Russ Meyer, R. Crumb, David Lynch, and film noir. What links these together is the painting's pessimistic take on American culture, which it also seems to epitomize. Despite its desolate feel, *Nighthawks* has become a familiar icon, reproduced on posters and postcards, in movies and on television shows. But *Nighthawks* is more than just a masterful

The Restoration of Engravings, Drawings, Books, and Other Works on Paper

A documentary manga biography of the influential artist and the birth and evolution of manga and anime in Japan.

A conclusive account of the rise of airbrush art and of the equally bright and glossy 1970s culture that produced it. Inspired by surf graphics,

psychadelia and the slick shine of Hollywood, an entire generation of young artists began to make every lip and palm tree glisten and every album cover shine. At the centre of the movement were the four artists featured

in this volume: Charles E. White III, Peter Palombi, Dave Willardson and Peter Lloyd.

Also known as opaque watercolor, gouache is the most brilliant of all painting mediums, possessing the greatest degree of opacity and capable of the finest detail work. Often erroneously thought to be impermanent--and therefore used only for commercial work that is not meant to be saved--gouache in fact provides the artist with as many permanent colors as oil, watercolor, or acrylic. Not only is it the favorite medium of illustrators and graphic artists, but it is also prized by watercolor artists for adding color and special effects to their paintings. Despite this popularity, gouache has received scant attention in art instruction books. *Gouache for Illustration*, the first book on gouache materials and techniques, provides all the information illustrators and fine artists need to know about this rewarding medium. Among this book's special features are: Comprehensive consumer guide comparing professional

paint brands Series of simple tests for evaluating paints and brushes Section on color recipes for rendering various surfaces Gallery of step-by-step demonstrations of illustrations, for which gouache is often the medium of choice In this one-of-a-kind book, Rob Howard demonstrates how fine artists and illustrators can master this dynamic medium. Rob Howard, co-owner of the Studio for Illustration in Boston, has over forty years of experience in all aspects of art and now operates his own portrait studio. He has illustrated eleven books, and he authored *The Illustrator's Bible*, the top-selling definitive sourcebook of illustration techniques. Over the years, his illustrations toured numerous shows and museums. His advertising client list includes major advertising agencies and dozens of high-profile business corporations.

This thick tome is a reference catalogue to Sorayama's rich work adding new illustrations. Printed in high-density and best possible quality his XL-Masterworks edition sparkle of extra-ordinary talent, wondrous

imagination and impeccable skill.
