**A RECOMMENDED SUMMER READ BY THE NEW YORK TIMES, USA TODAY, TIME, AND NEWSWEEK** Longtime Jeopardy! host and television icon Alex Trebek reflects on his life and career. Since debuting as the host of Jeopardy! in 1984, Alex Trebek has been something like a family member to millions of television viewers, bringing entertainment and education into their homes five nights a week. Last year, he made the stunning announcement that he had been diagnosed with stage four pancreatic cancer. What followed was an incredible outpouring of love and kindness. Social media was flooded with messages of support, and the Jeopardy! studio received boxes of cards and letters offering guidance, encouragement, and prayers. For over three decades, Trebek had resisted countless appeals to write a book about his life. Yet he was moved so much by all the goodwill, he felt compelled to finally share his story. “I want people to know a little more about the person they have been cheering on for the past year,” he writes in *The Answer Is...: Reflections on My Life*. The book combines illuminating personal anecdotes with Trebek’s thoughts on a range of topics, including marriage, parenthood, education, success, spirituality, and philanthropy. Trebek also addresses the questions he gets asked most often by Jeopardy! fans, such as what prompted him to shave his signature mustache, his insights on legendary players like Ken Jennings and James Holzhauer, and his opinion of Will Ferrell’s Saturday Night Live impersonation. The book uses a novel structure inspired by Jeopardy!, with each chapter title in the form of a question, and features dozens of never-before-seen photos that candidly capture Trebek over the years. This wise, charming, and inspiring book is further evidence why Trebek has long been considered one of the most beloved and respected figures in entertainment.

Im on the road again in my car. I think Ive been here before it looks familiar to me. The ocean looks different when the moon hits it at night. Even the road looks longer from the shine. The same mountains and curves, nothing has changed since I last came out this way. Somehow I feel this trip is different though like it has a reason for my coming. Im in the driveway now. Lots of cars are here. The house is the same as always. Im looking up at the window no one is there as usual inside. It seems like I should know Im home but this isnt my house. Its always the same feeling and I tell myself maybe tonight will be different. I reach the stairs and there he is waiting for me. His hand is outstretched but I wont take it I cant breathe. I have to leave. Im in my car now and driving away fast. Hes in the window now looking at me as I drive away. I can see you standing there in the distance. I know youre there. I can hear your voice. I know youre near me. You are just a dream since I was 13 years old \*\*\*

What if marriage was the only answer? Alex moved to Ireland for two reasons: to take on his inheritance—an old dilapidated inn—and to find a distraction. And when that distraction presents itself in the form of an irresistible woman who sets his heart on fire, thoughts of his ex quickly become a distant memory. But when citizenship becomes a necessity and the requirements seem impossible, Alex has to consider every option to stay—including marriage. There was just one minor detail he had to sort out... Who else would a marriage of convenience benefit in the twenty-first century? Bridg’s always been under pressure to follow her daddy’s traditions. But when she discovers she’s pregnant and her ex is marrying someone else, she knows she’s running out of time to do something about it before she’s cast out from her family. “Both a mystery and a survival story, here is a novel written with a naturalist’s eye for detail and an unrelenting pace. It reminded me of the best of Nevada Barr.” —James Rollins, #1 New York Times bestselling author of The Last Odyssey The first book in a thrilling series featuring an intrepid wildlife biologist who’s dedicated to saving endangered species...and relies on her superior survival skills to thwart those who aim to stop her. While studying wolverines on a wildlife sanctuary in Montana, biologist Alex Carter is run off the road and threatened by locals to force her off the land. Underdeterred in her mission to help save this threatened species, Alex tracks wolverines on foot and by cameras positioned in remote regions of the preserve. But when she reviews the photos, she discovers disturbing images of an animal of a different kind. A severely injured man seemingly lost and wandering in the wilds. After searches for the unknown man come up empty, local law enforcement is strangely set on dismissing the case altogether, raising Alex’s suspicions. Then another invasive predator trespasses onto the preserve. The hunter turns out to be another human—and the prey is the wildlife biologist herself. Alex realizes too late that she has seen too much—she’s stumbled onto a far-reaching illegal operation and now has become the biggest threat. In this wild and dangerous landscape, Alex’s life depends on staying one step ahead—using all she knows about the animal world and what it takes to win the brutal battle for survival.

Lena decides to go to Italy on her honeymoon. That was sixteen years ago. Instead, she settles for cooking Spaghetti Bolognaise for her two children while her husband, Alex, is on yet another business trip to Florence without her. Lena deals with his absences in the same stoic way she deals with all her responsibilities. And then comes the call that changes everything—the one from Alex’s Italian mistress. Stunned and heart sick, Lena flies to Florence to confront Alex. The city is every bit as beautiful as she imagined, from its glittering fountains to the golden sunsets over rolling hills. But the further she goes to salvage her marriage, the less Lena recognizes herself—or the husband she’s trying to win back. Instead, she’s catching glimpses of the person she once hoped to be and the life and family she truly wants. Most of all, she’s wondering if the real journey is only just beginning. . . . In a novel as warm and vibrant as its rich Italian setting, author Mary Carter explores the intricacies of marriage, the ways love can both liberate and confine, and the journey to happiness that begins with one surprising Praise for Mary Carter’s My Sister’s Voice “At once a story about love and loss, family and friends, the world of the hearing and that of the deaf, My Sister’s Voice satisfies on many levels.” --Holly Chamberlin, author of Last Summer “Gripping, entertaining and honest. Fresh off her wolverine study in Montana, wildlife biologist Alex Carter lands a job studying a threatened population of polar bears in the Canadian Arctic. Embedded with a small team of Arctic researchers, she tracks the majestic bears by air, following them over vast, snowy terrain, spending days learning precariously out of a helicopter with a tranquilizer gun, until she can get down on the ice to examine them up close. But as her study progresses, and she gathers data on the health of individual bears, things start to go awry. Her helicopter pilot quits unexpectedly, equipment goes missing, and a late-night intruder breaks into her lab and steals the samples she’s collected. She realizes that someone doesn’t want her to complete her study, but Alex is not easily deterred. Managing to find a replacement pilot, she returns to the icy expanses of Hudson Bay. But helicopter catches fire in midflight, forcing the team to land on a vast sheet of white far from civilization. Surviving on the frozen landscape is difficult enough, but as armed assassins close in on snowmobiles, Alex must rely on her skills and tenacity to survive this onslaught and carry out her mission.

An instant Wall Street Journal bestseller and “a joy to read” (Douglas Stone and Sheila Heen, authors of Difficult Conversations), Ask for More shows that by asking better questions, you get better answers—and better results from any negotiation. Negotiation is not a zero-sum game. It’s an essential skill for your career that can also improve your closest relationships and your everyday life. Still, people often shy away from it, feeling defeated before they’ve even started. In this groundbreaking new book on negotiation, Alexandra Carter—Columbia law professor and mediation expert who has helped students, business professionals, the United Nations, and more—offers a straightforward accessible approach anyone can use to ask for and receive more. We’ve been taught incorrectly that the loudest and most assertive voice prevails in any negotiation, or otherwise, both sides compromise, ending up with less. Instead, Carter shows that you get far more value by asking the right questions of the person you’re negotiating with than you do from arguing with them. She offers a simple yet powerful ten-question framework for successful negotiation where both sides emerge victorious. Carter’s proven method extends far beyond one “yes” and instead creates value that lasts a lifetime. Ask for More is “like having a negotiation coach in your corner” (Linda Babcock, author of Women Don’t Ask) and gives you the tools to bring clarity and perspective to any critical discussion, no matter the topic.

The Education of Little Tree tells of a boy orphaned very young, who is adopted by his Cherokee grandmother and half-Cherokee grandfather in the Appalachian mountains of Tennessee during the Great Depression. "Little Tree" as his grandparents call him is shown how to hunt and survive in the mountains, to respect nature in the Cherokee Way, taking only what is needed, leaving the rest for nature to run its course. Little Tree also learns the often callous ways of white businessmen and tax collectors, and how Grampa, in hilarious vignettes, scares them away from his illegal attempts to enter the cash economy. Granma teaches Little Tree the joys of reading and education. But when Little Tree is taken away by whites for schooling, we learn of the cruelty meted out to Indian children in an attempt to assimilate them and of Little Tree's perception of the Anglo world and how it differs from the Cherokee Way. A classic of its era, and an enduring book for all ages, The Education of Little Tree has now been redesigned for this twenty-fifth anniversary edition.

Tempting, inked and highly addictive. Alex is all that and more...I’ve made a lot of mistakes - ones I’m not proud of, and definitely ones that have left their marks both mentally and physically. Things got lonely. I got lost in my own fucked up mind and in the end it left me fucked out of my mind and unable to fight - or at least win. That life’s over for me and I’ve moved on. Six months into tattooing at Blue’s and already I’m the most wanted and sought out tattooist. My biggest clientele consists of women. They come into the shop, end up in my bed and we both come out happy. It’s been my release since I’ve stopped fighting. It’s become part of the “new” me. But when Trripp reappears in my life, I can’t deny the fact that I would do anything for that girl. So when she asks me to move in with her and her ‘boyfriend’ - our other childhood friend - I never expected for things to get so fucked up and twisted that I would find myself only more attracted to her by each passing second or wanting to protect her from everything that isn’t me. I have worked so hard over the years to suppress my feelings for her but when I find out that her and Lucas have been having an open relationship, I have the strong urge to rip his heart straight from his chest - to destroy the very thing that keeps him breathing. What I didn’t expect was for Lucas to ask what he did. For him to ask me to do the one thing I have secretly longed for since I was old enough to know what the need was. The second thing I never expected was the look of need that I saw in Trripp’s eyes when he asked. One night of free passion could change our lives forever. I never said that was a good thing either...
