Allyn Bacon Guide To Writing 5th Edition

The Allyn & Bacon Guide to Writing Center Theory and Practice offers, in unparalleled breadth and depth, the major scholarship on writing centers. This up-to-date resource for students, instructors, and scholars anthologizes essays on all major areas of interest to writing center theorists and practitioners. Seven sections provide a comprehensive view of writing centers: history, progress, theorizing the writing center, defining the writing center's place, writing-across-the curriculum, the practice of tutoring, cultural issues, and technology. For writing tutors, educators, or anyone affiliated with writing centers.

This book offers systematic instruction and evidence-based guidance to academic authors. It demystifies scholarly writing and helps build

both confidence and skill in aspiring and experienced authors. The first part of the book focuses on the author ' s role, writing ' s risks and rewards, practical strategies for improving writing, and ethical issues. Part Two focuses on the most common writing tasks: conference proposals, practical articles, research articles, and books. Each chapter is replete with specific examples, templates to generate a first draft, and checklists or rubrics for self-evaluation. The final section of the book counsels graduate students and professors on selecting the most promising projects; generating multiple related, yet distinctive, publications from the same body of work; and using writing as a tool for professional development. Written by a team that represents outstanding teaching, award-winning writing, and extensive editorial experience, the book leads teacher/scholar/authors to replace the old “ publish or perish ”

dictum with a different, growth-seeking orientation: publish and flourish.

Grounded in current writing center theory and practice, *The Allyn & Bacon Guide to Peer Tutoring* provides students with a comprehensive introduction to effective tutoring. Throughout the text, readers hear the voices of tutors and writers in first-person peer tutor accounts, reflective essays, and transcripts from actual sessions. Within each chapter, techniques, models, and exercises provide instruction appropriate for any level of tutoring.
