

Alter Ego Plus A1

Ever tried to learn French and found it too hard? Bestselling language coach Paul Noble has a quick and easy way to get you back on track with his unique tried-and-tested method. You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for more than 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more! This indispensable guide takes students through each step of the essay writing process, enabling them to tackle written assignments with confidence. Students will develop their

ability to analyse complex concepts, evaluate and critically engage with arguments, communicate their ideas clearly and concisely and generate more ideas of their own. Chapters are short and succinct and cover topics such as reading purposefully, note-taking, essay writing in exams and avoiding plagiarism. Packed with practical activities and handy hints which students can apply to their own writing, this is an ideal resource for students looking to improve the quality and clarity of their academic writing. This book will be a source of guidance and inspiration for students of all disciplines and levels who need to write essays as part of their course. New to this Edition: - Brand new chapters on topics such as learning from feedback, finding your voice and using the right vocabulary - Expanded companion website featuring videos, interactive exercises, sample essays and lecturer resources - Exclusive web-only chapter on improving your memory

ALTER ego 1 workbook serves as a complement to the student's book and is based on the same structure. It reinforces students' skills through a wide range of activities on :- vocabulary,- grammar,- communication skills,- written comprehension and expression. The students can carry out the activities in the classroom or on their own. The portfolio at the end of the workbook is designed to help students reflect on and improve their language learning. ALTER ego 1 also includes:- a student's book with a CD,- a teacher's book,- three class audio CDs,- one video DVD.

- Clear explanations that make even the most complex principles easy to understand
- More than 350 varied exercises with detailed answer key
- Example sentences that illustrate and clarify each grammatical point
- Practical, high-frequency vocabulary throughout
- Streaming audio of the answers to more than 200 exercises, via app and online

NEW to this edition: native-speaker recordings of hundreds of model sentences and key verb conjugations

Shows how everyone has the capacity to succeed and how most use only a small portion of their talents.

Alter Ego, fruit de l'expérience de cinq professeurs-formateurs de terrain, est une méthode sur quatre niveaux, adaptée à la réalité de la classe et - prête à l'emploi -, grâce à une structure qui suit le déroulement du cours. Alter Ego est le reflet des trois approches du CECR - apprendre, enseigner, évaluer.

The Phantom of the Opera (1910) is a novel by French writer Gaston Leroux. Originally serialized in *Le Galois*, the novel was inspired by legends revolving around the Paris Opera from the early nineteenth century. Originally a journalist, Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe. Despite its lack of success relative to Leroux's other novels, *The Phantom of the Opera* has become legendary through several adaptations for film, theater, and television, including Andrew Lloyd Webber's celebrated 1986 Broadway musical of the same name. In 1880s Paris, the legendary Palais Garnier Opera House is rumored to be haunted by a malignant entity.

Known as the Phantom of the Opera, he has been linked to the hanging death of a stagehand in addition to several strange and mysterious occurrences. Just before a gala performance, a young Swedish soprano named Christine is called on to replace the opera's lead, who is suffering from a last-minute illness. From the audience, the Vicomte Raoul de Chagny recognizes Christine, his childhood sweetheart, and goes backstage after the opera has ended to reintroduce himself. While waiting by her dressing room, he hears her talking to an unknown man, but upon entering finds himself alone with Christine. Pressing her for information, she reveals that she has been receiving lessons from a figure she calls the Angel of Music, prompting suspicion and terror in Raoul, who is familiar with the legend of the Phantom. As Raoul makes his feelings for Christine known, the Phantom professes his love for his protégé, and a battle for her affection ensues. Caught in this love triangle, threatened on all sides by jealousy and pursuit, Christine struggles to hold on as her star in the Paris Opera rises. With a beautifully designed cover and professionally typeset manuscript, this edition of Gaston Leroux's The Phantom of the Opera is a classic of French literature reimagined for modern readers.

The Last Lecture

This book was written for those who have made a conscious decision to improve the quality of their lives and have decided to take control. The author provides the tools and the guidelines necessary for step by step personal development in every area of life. Based on the concept of Whole Mind Integration, the book is presented in five parts. Exercises at the end of each chapter provide the opportunity for guided practical application of the concepts presented. A great story can lead a reader on a journey of discovery—especially if it's presented in two languages! Beautifully illustrated in a traditional style, Japanese Stories for Language

Learners offers five compelling stories with English and Japanese language versions appearing on facing pages. Taking learners on an exciting cultural and linguistic journey, each story is followed by detailed translator's notes, Japanese vocabulary lists, and grammar points along with a set of discussion questions and exercises. The first two stories are very famous traditional Japanese folktales: Urashima Taro (Tale of a Fisherman) and Yuki Onna (The Snow Woman). These are followed by three short stories by notable 20th century authors: Kumo no Ito (The Spider's Thread) by Akutagawa Ryunosuke (1892-1927) Oborekaketa Kyodai (The Siblings Who Almost Drowned) by Arishima Takeo (1878-1923) Serohiki no Goshu (Gauche the Cellist) by Miyazawa Kenji (1896-1933) Reading these stories in the original Japanese script—and hearing native-speakers read them aloud in the accompanying free audio recording—helps students at every level deepen their comprehension of the beauty and subtlety of the Japanese language. Learn Japanese the fun way—through the country's rich literary history.

A brand new title in this popular series of Tests that teach, designed to help improve student's exam performance and increase language competence. The PTE Academic Testbuilder supplies four complete practice tests for the entirely computer-based Pearson Test of English Academic exam.

** Consolidates and extends essential language covered in the Students' Book * 'Improve your writing' and 'Listen and read' sections systematically develop skills * Pronunciation and spelling sections improve student confidence in typical problem areas * Accompanied by an optional Student Audio CD with exercises on grammar and pronunciation * Includes answer key*

EARLY CHILDHOOD EXPERIENCES IN LANGUAGE ARTS: EARLY LITERACY, Eleventh Edition responds to national legislation, professional standards, and public concern about the development of young children's language and foundational literacy skills by providing current research-based instructional strategies in early language development. Activities throughout emphasize the relationship between listening, speaking, reading, writing (print), and viewing in language arts areas. This text addresses the cultural and ethnic diversity of children and provides techniques and tips for adapting curricula. Theory is followed by how-to suggestions and plentiful examples of classic books and stories, poems, finger plays, flannel board and alphabet experiences, puppetry, language games, drama, and phonemic and phonetic awareness activities. Students will also learn how, as teachers, they can best interact with children to promote appropriate language development, and how they can create a print-rich environment in the classroom. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Noel has always been in love with her best friend Elena, but she's never been able to find the courage to confess her feelings. Then, when her friend starts dating a boy, Noel's world collapses as she sees her chance at love slipping away. One night, in a moment of desperation, Noel ends up confessing her feelings for Elena to a complete stranger — but as fate would have it, this stranger turns out to be a girl named June, Elena's other best friend... and Noel's rival in love! Worst of all, now June knows Noel's secret. With everything suddenly going wrong, how can Noel ever win the girl of her dreams? The heart-pounding romantic drama by breakout Spanish artist Ana C. Sánchez!

How to Develop Self-Discipline, Resist Temptations and Reach Your Long-Term Goals If you want to make positive changes in your life and achieve your long-term goals, I can't think of a better way to do it than to learn how to become more self-disciplined. Science has figured out a lot of interesting aspects of self-discipline and willpower, but most of this knowledge is buried deep inside long and boring scientific papers. If you'd like to benefit from these studies without actually reading them, this book is for you. I've done the job for you and researched the most useful and viable scientific findings that will help you improve your self-discipline. Here are just a couple things you will learn from the book: - what a bank robber with lemon juice on his face can teach you about self-control. The story will make you laugh out loud, but its implications will make you think twice about your ability to control your urges. - how \$50 chocolate bars can motivate you to keep going when faced with an overwhelming temptation to give in. - why President Obama wears only gray and blue suits and what it has to do with self-control (it's also a possible reason why the poor stay poor). - why the popular way of visualization can actually prevent you from reaching your goals and destroy your self-control (and what to do instead). - what dopamine is and why it's crucial to understand its role to break your bad habits and form good ones. - 5 practical ways to train your self-discipline. Discover some of the most important techniques to increase your self-control and become better at resisting instant gratification. - why the status quo bias will threaten your goals and what to do to reduce its effect on your resolutions. - why extreme diets help people achieve long-term results, and how to apply these findings in your own life. - why and when indulging yourself can actually help you build your self-discipline. Yes, you can stuff yourself (from time to time) and still lose weight. Instead of sharing with you the detailed "why" (with confusing and boring descriptions of studies), I will share with you the "how" - advice that will change your life if you decide to follow it. You too can master the art of self-discipline and learn how to resist temptations. Your long term goals are worth it. Scroll up and buy the book now. As a gift for buying my book, you'll get my another book, "Grit: How to Keep Going When You Want to Give Up." Keywords: Develop self discipline, willpower and self discipline, self-discipline, self control books, stress, reach your

goals, self-control, achieve your goals, instant gratification, long term goals, goal setting success, goal setting books, how to reach your goals, how to achieve your goals, persistence, how not to give up, stick to a diet, stay motivated, build habits, delayed gratification, personal development

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Taking authentic texts from a variety of sources - the human body on CD-ROM, a fish recipe, 'L'Etranger' and many others - this book uses them as a starting point for the illustration and explanation of key areas of French grammar. It includes a range of exercises, many of them text-based.

Concepts for Today

Unlocking French with Paul Noble

Every gardener needs to know their Latin names. They may look confusing at first, but once you understand what certain key words mean, impenetrable-sounding and hard-to-pronounce species names are suddenly demystified. Many Latin names hide the secrets of where the plant is found, its colour, flowering times, leaf pattern, natural habitat and all sorts of other information that's extremely useful to the gardener: if you want a plant for a shady place, choose one with a name ending in sylvestris ('of woods'), while if your garden is dry, look out for the suffix epigeios ('of dry places'). More than just a dictionary of plant names, this fascinating book explains the meaning of hundreds of Latin plant terms, grouped into handily themed sections such as plants that are named after famous women, plants that are named after the shape of their leaves, plants that are named after their fragrance or the time of year that they flower. Within these pages you'll learn that Digitalis purpurea (the common foxglove) is purple, that the sanguineum in Geranium sanguineum means 'bloody' (its common name is the bloody cranesbill), and to steer clear of any plant whose Latin name ends in infestus.

Chinese Made Easy adopts a new approach to teaching Chinese as a second or foreign language. It is designed for young students taking GCSE/IGCSE/A-Level Mandarin Chinese Exams (UK), SAT II / AP-Chinese Examinations (USA), IB Chinese Exam, Australian Chinese exams, HSK (Mainland China), or for those students who are starting to learn Chinese on their own. *Chinese Made Easy* has two levels: level 1-Book 1, 2 and 3; and level 2-Book 4 and 5. After completing this series, learners will acquire a vocabulary of approximately 1,700 Chinese characters and several thousand phrases. This course features task-based learning coupled with a focus on form and function. Textbooks are in full color and it includes both simplified and traditional Chinese characters in its vocabulary lists.

This is a resource for pupils studying English at Key Stage four. Through investigative project work, activities and exercises, it seeks to stimulate pupils to consider central areas of language study. It covers the requirements for language study as defined by the National Curriculum.

Learn beginner French grammar painlessly with step-by-step lessons that focus on the essentials and help you build a learning habit. Inside "French Grammar for Beginners" you'll find: 30 beginner-level French grammar lessons: This reference and practice book covers everything you need to know about beginner French grammar. Resist Temptations and Reach Your Long-Term Goals

Now a Wall Street Journal bestseller. What if the games we played as children were the greatest gift to helping us achieve more today? Before stage fright, impostor syndrome, emotional baggage, and the other dubious gifts of adulthood, everyone pretended to be a superhero, a favorite athlete, an inspiring entertainer, a nurse, a

firefighter, a lion, or whatever else captured our imaginations. And yet, that natural creativity is slowly squeezed out of us because we think it's childish or it's "time to grow up." Now Todd Herman—backed by scientific research and countless stories from the real world—will show us how to tap into the human imagination to unleash new versions of ourselves, ready-made to kick ass. Herman has been coaching champions in every field for over twenty years, and he's helped them bring out their Heroic Self to transcend the forces pulling them into the Ordinary World. Anyone attempting ambitious things faces adversity, resistance, and challenges, but Herman confronts these obstacles with a question: Who or what needs to show up to make success inevitable? In *The Alter Ego Effect*, Herman presents countless stories from salespeople, executives, entertainers, athletes, entrepreneurs, creatives, and historical figures to illustrate how to activate the Heroic Self already nested inside each of us. And he reveals that we may not be using those traits in the moments when we need them the most. From the creative entrepreneur who resisted their craft, to the accomplished military officer who wanted to be a warmer dad at home, Todd Herman's clients have discovered there is no end to the parts of their lives they could improve by using Alter Egos.

Join BTS's ARMY and learn the history of the international K-POP sensation! BTS (aka Bangtan Sonyeondan) has become one of K-POP's most well-known singing groups. The seven-member Korean boy band formed in 2013 and has slowly grown to worldwide fame through their music. Despite slow beginnings, the K-POP group now has millions of listeners around the world. They led the Korean Wave of music into the United States in 2017, and as of 2019, they are the only Korean group to top the US Billboard 200, and the first group since the Beatles to have three number-one albums in less than a year. BTS is also known for breaking the mold of K-POP, including social topics such as mental health, individualism, and social commentary in their hip-hop lyrics. TIME Magazine named the Korean Pop group as one of the 25 most influential people on the internet and named them as one of TIME's 100 most influential people of 2019. In the *BTS Bible*, you'll learn everything you could want to know about the sensational singing group, including: Individual member profiles Band concept and style History of their six-year rise to fame Chart-topping songs and videos Interviews with worldwide fans and music experts And more! Don't get left behind in the wake of the BTS success. Read all about the K-POP group that is changing the face of international music in the *Unofficial BTS Bible*.

A fresh, crisp new design re-launches this perennial bestseller. More user-friendly thanks to improved color-coding and new categories, this is the phrase book created by the people for the people.

Enid Blyton's timeless collection of Christmas stories - an ideal gift for anyone who loved the stories during their own childhood to pass on to the next generation of readers. Here is a wonderful selection to read and share. From Santa Claus and his helpers to a family putting up their tree, the characters in these stories embrace the

Christmas spirit. The Language Book

Are you looking for a new Korean challenge after mastering the basics? Welcome to the Intermediate level! The Korean language is constantly advancing and conquering new markets. Whether it's with their television series, their incredible music or simply the culture and tourism, the Korean tongue is currently taking over the world! And we guess that you don't want to be left behind in not understanding and speaking Korean, right? Because of this, we have created the next level of Korean stories for the students who have already surpassed the beginner level: Intermediate Korean Short Stories! In this book we have compiled 12 challenging, compelling and fun stories that will allow you to expand your vocabulary, educate you on the culture and give you the tools to boost your grasp of the wonderful Korean tongue. How Intermediate Korean Short Stories works: - Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to discover more about the Korean way of life. The last two are even more challenging in length and level for those of you getting ready for Advanced Korean! - The summaries follow the story: a synopsis in Korean and in

English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. Use them if you're having trouble. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Korean, allowing you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after (and in English), but no cheating! We want you to feel comfortable while mastering the Korean tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Intermediate Korean Short Stories and level up your Korean language learning right now!

Gay pornography, online and onscreen, is a controversial and significantly under-researched area of cultural production. In the first book of its kind, *Gay Pornography: Representations of Sexuality and Masculinity* explores the iconography, themes and ideals that the genre presents. Indeed, John Mercer argues that gay pornography cannot be regarded as one-dimensional, but that it offers its audience a vision of plural masculinities that are more nuanced and ambiguous than they might seem. Mercer examines how the internet has generated an exponential growth in the sheer volume and variety of this material, and facilitated far greater access to it. He uses both professional and amateur examples to explore how gay pornography has become part of a wider cultural context in which modern masculinities have become 'saturated' by their constantly evolving status and function in popular culture.

Simple, science-based tools to stop procrastination Even with overflowing inboxes, thousands of unread notifications, and unmet deadlines, most people still can't manage to take control of their time and stop procrastinating. *The End of Procrastination* tackles this ubiquitous issue head on, helping you stop putting off work and reclaim your time. Author Petr Ludwig shows that ending procrastination is more than a wise time management strategy—it's essential to developing a sense of purpose and leading a happier more fulfilled life. The keys to overcoming procrastination are simple. With eight clear, approachable tools—from quick daily worksheets to shift your perspective to to-do lists that actually help you get things done—*The End of Procrastination* provides everything you need to change the way you manage your time and live your life. Based on the latest research, *The End of Procrastination* synthesizes over one hundred scientific studies to create a program that is based on the way our brains actually work. By understanding exactly why procrastination happens and how our brains respond to motivation and self-discipline, the book provides readers with the

knowledge to conquer procrastination on an everyday basis.
