This book is crammed with puzzles designed to stimulate each of your brain's cognitive functions, keeping it strong and fit. Many different types of puzzles are included, and each of the five levels increases the challenge of solving them. Includes three self-evaluations that allow you to assess your improvement in areas such as focus, attention, memory, and more. With these puzzles, exercising your brain can be fun! The consultant is Dr. Elkhorn Goldberg, a Ph.D. neuropsychologist who created the Manhattan-based Cognitive Enhancement Program, a fitness center for the brain and who wrote *The Executive Brain: Frontal Lobes and the Civilized Mind*; and *The Wisdom Paradox: How Your Mind Can Grow Stronger as Your Brain Grows Older*. Antonio Bernal is a Guatemalan refugee in Los Angeles haunted by memories of his wife and child, who were murdered at the hands of a man marked with yellow ink. In a park near Antonio's apartment, Guillermo Longoria extends his arm and reveals a sinister tattoo—yellow pelt, black spots, red mouth. It is the sign of the death squad, the Jaguar Battalion of the Guatemalan army. This chance encounter between Antonio and his family's killer ignites a psychological showdown between these two men. Each will discover that the war in Central America has migrated with them as they are engulfed by the

quemazones—"the great burning" of the Los Angeles riots. A tragic tale of loss and destiny in the underbelly of an American city, *The Tattooed Soldier* is Pulitzer Prize-winning reporter Héctor Tobar's mesmerizing exploration of violence and the marks it leaves upon us.

Nana's band Blast is taking off in a big way--from sold-out club dates to a record label waving a contract at them. But the Trapnest menace still lurks, stealing away everything she cares for.

A thousand years ago, a young Japanese girl embarked on a journey from deep in the countryside of eastern Japan to the capital. Forty years later, with the long account of that journey as a foundation, the mature woman skillfully created an autobiography that incorporates many moments of heightened awareness from her long life. Married at age thirty-three, she identified herself as a reader and writer more than as a wife and mother; enthralled by fiction, she bore witness to the dangers of romantic fantasy as well as the enduring consolation of self-expression. This reader's edition streamlines Sonja Arntzen and Moriyuki Itō's acclaimed translation of the *Sarashina Diary* for general readers and classroom use. This translation

captures the lyrical richness of the original text while revealing its subtle structure and ironic meaning, highlighting the author's deep concern for Buddhist belief and practice and the juxtaposition of poetic passages and narrative prose. The translators' commentary offers insight into the author's family and world, as well as the style, structure, and textual history of her work.

**"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.**
