Sample Book Insights:
#1 Naples is the capital of southern Italy, and it is a beautiful and chaotic city. It is a great place to visit if you like Italy as far south as Rome.
#2 Naples is an ideal day trip from Rome or Sorrento. Those who are not comfortable with chaotic cities should not spend the night in Naples.
#3 For three centuries, Naples was one of the world’s richest and most sophisticated cities. But when it was conquered by the Romans, the city never fully adopted the Latin language and Roman ways. It remained feudal and agricultural, with the church owning much of the land.
#4 The lack of a postwar economic recovery actually is a boon to tourists. It preserved an independent way of life that dates back centuries. Visitors today enjoy a rare sight: a city that has been continuously inhabited and self-sustaining for 2,500 years.

Valvona & Crolla has been described as 'the Sistine chapel of continental delis'. Founded in 1934 by the Continis' ancestors, the Italian shop and restaurant is legendary in food circles for its excellent food and drink. Now, co-owners Mary (author of the bestselling Dear Francesca and co-author of the Easy Peasy cooking series) presents 200 delicious and authentic recipes. Organised season by season, the book offers a year of sumptuous delights from around the country of her heritage, together with recommendations for wines to match them. Starting with the festive flavours of winter, such as a creamy chestnut soup with smoked pancetta, moving on to the best of spring's vegetables with a broad bean and spinach frittata, fresh seafood dishes in the summer, and finishing with the truffles, olive pressings and slow-cooked casseroles of the autumn, this beautifully written and evocatively photographed book adds up to a food diary of personal stories, history, anecdotes and recipes, all imbued with the warmth and local knowledge that only a true Italian family, passionate about food, can deliver.

Walking on the Amalfi Coast describes 32 day-walks, ranging from 3km to 11km in length. The walks explore the Sorrento Peninsula, Amalfi Coast and Monti Lattari, as well as the islands of Capri and Ischia in the Gulf of Naples. The whole area is crisscrossed by ancient mule tracks, pilgrim routes and goat tracks, offering a variety of walking from family strolls to strenuous treks across terrain from paved paths to verdant hillside paths and rough volcanic scree. Split into the five sections of Ischia, Capri, Sorrento, Positano and Amalfi, each walk is accompanied by relevant public transport information as well as a sketch map. The book also provides local and practical information, accommodation options and an Italian-English glossary. The steep southern edge of the Sorrento peninsula, famous for its medieval villages perched atop plunging cliffs, with their near-vertical vineyards and lemon orchards, is recognised as a World Heritage Site. This coastline, the rugged landscape behind, crowned by the Monti Lattari, and the idyllic islands of Capri and Ischia together make a perfect holiday destination for walkers.
