Is the idea of self-publishing daunting to you? According to a New York Times report, 81% of Americans aspire to write a book but few actually write one and even fewer ever publish a book. The obstacles seem great, but as Martin Luther King said, "You don't have to see the whole staircase - just take the next step." Whether you're an aspiring writer, have already written a book or are a trade published author looking in a different publishing direction, there is no better time than now to get your words out there through self-publishing. This is not a motivational book. Instead, this book walks you through the steps of self-publishing; from ideas on how to flex your writing muscles to word processing choices to finally seeing your book sold on Amazon.
