

American Government And Politics Today Chapter 2

Bardes/Shelley/Schmidt's AMERICAN GOVERNMENT AND POLITICS TODAY, THE ESSENTIALS, 20th Edition, equips you with the tools and knowledge you need to become an active, informed participant in the U.S. political process. Making politics personal, it focuses on how government impacts you -- now and in the future. Unbiased, concisely organized and updated with 2020 election analysis, it delivers thorough coverage in a streamlined, easy-to-read format. Emphasizing critical thinking about political issues, it encourages you to become involved in the political process. Current, compelling and thought-provoking examples offer insight into such pressing issues as the global COVID-19 pandemic, racial injustice, police brutality, economic inequality and more. **Important Notice:** Media content referenced within the product description or the product text may not be available in the ebook version.

A raucous history of American democracy at its wildest--and a bold rethinking of the relationship between the people and their politics. Democracy was broken. Or that was what many Americans believed in the decades after the Civil War. Shaken by economic and technological disruption, they sought safety in aggressive, tribal partisanship. The results were the loudest, closest, most violent elections in U.S. history, driven by vibrant campaigns that drew our highest-ever voter turnouts. At the century's end, reformers finally restrained this wild system, trading away participation for civility in the process. They built a calmer, cleaner democracy, but also a more distant one. Americans' voting rates crashed and never fully recovered. This is the origin story of the "normal" politics of the 20th century. Only by exploring where that civility and restraint came from can we understand what is happening to our democracy today. The Age of Acrimony charts the rise and fall of 19th-century America's unruly politics through the lives of a remarkable father-daughter dynasty. The radical congressman William "Pig Iron" Kelley and his fiery, Progressive daughter Florence Kelley led lives packed with drama, intimately tied to their nation's politics. Through their friendships and feuds, campaigns and crusades, Will and Florie trace the narrative of a democracy in crisis. In telling the tale of what it cost to cool our republic, historian Jon Grinspan reveals our divisive political system's enduring capacity to reinvent itself. Experience the excitement that comes with being an active, engaged, and informed citizen. This latest edition includes a variety of updates including in-depth coverage of the 2012 elections and will help you understand the basic foundations of American government and why it all matters. - Back cover.

The Essentials

Essentials Edition

The Increasingly United States

American Government and Politics Today: The Essentials 2008

"Keep your government hands off my Medicare!" Such comments spotlight a central question animating Suzanne Mettler's provocative and timely book: why are many Americans unaware of government social benefits and so hostile to them in principle, even though they receive them? The Obama administration has been roundly criticized for its inability to convey how much it has accomplished for ordinary citizens. Mettler argues that this difficulty is not merely a failure of communication; rather it is endemic to the formidable presence of the "submerged state." In recent decades, federal policymakers have increasingly shunned the outright disbursing of benefits to individuals and families and favored instead less visible and more indirect incentives and subsidies, from tax breaks to payments for services to private companies. These submerged policies, Mettler shows, obscure the role of government and exaggerate that of the market. As a result, citizens are unaware not only of the benefits they receive, but of the massive advantages given to powerful interests, such as insurance companies and the financial industry. Neither do they realize that the policies of the submerged state shower their largest benefits on the most affluent Americans, exacerbating inequality. Mettler analyzes three Obama reforms--student aid, tax relief, and health care--to reveal the submerged state and its consequences, demonstrating how structurally difficult it is to enact policy reforms and even to obtain public recognition for achieving them. She concludes with recommendations for reform to help make hidden policies more visible and governance more comprehensible to all Americans. The sad truth is that many American citizens do not know how major social programs work--or even whether they benefit from them. Suzanne Mettler's important new book will bring government policies back to the surface and encourage citizens to reclaim their voice in the political process.

The Fifth Edition of American Politics Today is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

American Government and Politics is a completely new introductory textbook designed and written for all students of politics coming to the subject for the first time. It provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex contemporary political systems in the world. From the impeachment of Bill Clinton, to the controversy surrounding the 2000 presidential election, and the Bush administration's responses to September 11, students will gain a balanced and critical understanding of all the key issues and debates in contemporary American government and politics today. A number of key underlying themes include: · the nature of American values and identity · the influence of the constitution on political development · the ways in which key governing institutions function to produce domestic and foreign policy. Key features include: · comprehensive glossary of key terms · discussion and summary boxes · web links and guides to further reading Robert Singh is a lecturer in politics at Birkbeck College, London. American Government and Politics: A Concise Introduction is the foundation companion text to Contemporary American Politics: Issues and Controversies also published by SAGE. Rob Singh has written a finely organized and informative textbook that combines to an unusually high degree analytical clarity, accessibility of style and form, and an enlightened scepticism about received wisdom. This is an admirable book - Nigel Bowles, St Anne's College, Oxford "Full of topical information and written with sparkling clarity, this book is a short-cut to excellence for the discriminating student" - Rhodri Jeffreys-Jones, Professor of American History, University of Edinburgh "In American Government and Politics Robert Singh provides an excellent introduction to the subject. His approach is wide ranging, his examples well selected and his style is accessible. It will make an ideal book for introductory and more advanced university courses on US government. I strongly recommend the book to teachers and students" - Desmond King, Mellon Professor of American Government, University of Oxford "This is a well written and lively book that is an important addition to the ranks of textbooks on American politics. One of its many virtues is its recognition that the textbook today is useful to a student only if it links to the world of web-based resources. Highly recommended" - Alan Ware, Worcester College, Oxford

American Government and Politics Today 2011-2012 Edition, AP Edition

American Government and Politics Today Enhanced, Brief, Loose-Leaf Version

How and Why American Political Behavior Nationalized

In a campaign for state or local office these days, you're as likely today to hear accusations that an opponent advanced Obamacare or supported Donald Trump as you are to hear about issues affecting the state or local community. This is because American political behavior has become substantially more nationalized. American voters are far more engaged with and knowledgeable about what's happening in Washington, DC, than in similar messages whether they are in the South, the Northeast, or the Midwest. Gone are the days when all politics was local. With The Increasingly United States, Daniel J. Hopkins explores this trend and its implications for the American political system. The change is significant in part because it works against a key rationale of America's federalist system, which was built on the assumption that citizens would be more strongly attached to their states and localities. It also has profound implications for how voters are represented. If voters are well informed about state politics, for example, the governor has an incentive to deliver what voters--or at least a pivotal segment of them--want. But if voters are likely to back the same party in gubernatorial as in presidential elections irrespective of the governor's actions in office, governors may instead come to see their ambitions as tethered more closely to their status in the national party.

Politics and Political Science

American Government and Politics Today

American Government and Politics Today: The Essentials

Written for all students of politics coming to the subject for the first time, this textbook provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex political systems in the world.

American Government and Politics Today, 2018 Election UpdateEssentials EditionCengage Learning

Though Americans rarely appreciate it, federalism has profoundly shaped their nation's past, present, and future. Federalism--the division of government authority between the national government and the states--affects the prosperity, security, and daily life of every American. Some of the most spectacular political conflicts in American history have been fought on the battlefield of federalism, including states' rights to leave the union, government power to regulate business, and responses to the problems of race, poverty, pollution, abortion, and gay rights. In the second edition of this nuanced and comprehensive text, David Brian Robertson shows that past choices shape present circumstances, and that a deep understanding of American government, public policy, political processes, and society requires an understanding of the key steps in federalism's evolution in American history. New to the Second Edition Emphasizes that federalism is a battleground that shapes every life in America.

Extensively revised and updated, including new coverage of recent controversies like Ferguson, immigration, climate change, Obamacare, gay rights, the minimum wage, political polarization, voter identification, fracking, and marijuana legalization. Brings together the newest developments in history, political science, law, and related disciplines to show how federalism influences government and politics today. Includes chapter-opening vignettes that deal with contemporary cases and policy challenges.

American Government and Politics in the Information Age

Analyzing American Democracy

2018 Elections and Updates Edition

20 Ed

Following one of the most contentious and truth-challenged presidential administrations and elections in U.S. history, there has never been a greater need for an American government text like this--evidence-based, critically thoughtful, and contemporary in tone and touch. This text teaches students to think analytically by presenting current political science theories and research in answering the engaging, big questions facing American politics today. It serves as an introduction to the discipline--covering the Constitution, political behavior, formal and informal institutions, and public policy--by reflecting the theoretical developments and types of empirical inquiry conducted by researchers. For introductory courses in American government, this text covers theory and methods as well. New to the Fourth Edition Provides 2020 election data updates throughout and examines policy implications of the ensuing changes in election laws across the country. Recaps controversial Trump administration policies and looks into the Biden administration's early days. Offers strategic updates on the Covid-19 pandemic and the resulting economic crisis both in terms of questions of federalism as well as public policy. Considers the rise of new interest groups and social movements as well as the reckoning with racial injustice. Examines contemporary questions of social justice in light of civil rights and liberties as well as in terms of policy. Covers the death of Supreme Court Justice Ruth Bader Ginsberg, the battle to confirm her replacement, the addition of Justice Coney Barrett, and the policy implications of the shift in the ideological balance of the Court. For the fourth edition, a new co-author comes to the book with award-winning experience in diversity and teacher education as well as research interests in the presidency, women and politics, and foreign policy.

Students are often hesitant to become involved in the political process. Until now. AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010 uses intriguing, real-life examples and hands-on exercises to engage students in the fascinating intricacies of American government and inspires them to participate in the political process. It's the ideal text for the hybrid American Government course as well as instructors who want to require just one book. As it introduces concepts, the text illustrates specific ways students can participate, showing through exciting examples how individuals "including students" can make a profound impact. Through topic-based discussions, the text illustrates that active participation can be as simple as calling a local politician to share an opinion on a local issue, registering to vote, or viewing a town council meeting on local access cable demonstrating how these seemingly small steps can make a difference. Critical thinking is promoted throughout with issue discussion, comparison, and debate. The new edition also includes expanded coverage of the 2008 presidential election. A powerful new administrative DVD and an innovative online Resource Center help you maximize your time and student results. Engaging and inspiring, AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010 helps students discover the importance of active, informed citizenship. Again and again, students see the power of one to make a difference. **Important Notice:** Media content referenced within the product description or the product text may not be available in the ebook version.

For courses in American Government Learn how American politics affects public policy Revel(TM) Government in America: People, Politics, and Policy takes a public-policy approach to show how politics influences the policies that governments produce. Authors George Edwards, Martin Wattenberg, and William Howell provide a framework for students to understand the difficult questions that decision makers of both political parties are facing: how should we govern and what should government do? By emphasizing the scope of government -- the key issue in American politics today -- the authors help students see how politics matters in their own lives. The 2018 Elections and Updates Edition offers new narrative coverage of the major issues from today's headlines including the 2018 midterm elections, recent policy under the Trump administration, and the nomination of Brett Kavanaugh to the Supreme Court. This digital package includes Revel California Government and Politics Today, 15th Edition, allowing instructors to easily integrate coverage of California government and politics into the American Government survey course. Focusing on California's ethnic and cultural diversity as well as the global economy's impact on California (and vice versa), author Mona Field explains California's ever-changing political situation in the context of social and economic trends. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Study Guide for Schmidt, Shelley, and Bardes's American Government and Politics Today

How Americans Fought to Fix Their Democracy, 1865-1915

Essentials 2015-2016 Edition

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website.

Seymour Martin Lipset pronounced over a decade ago, "Someone who knows only one country knows no country." It is well established that students learn the intricacies of American politics better when they are presented in a comparative context. In today's globalized society and workforce, it is all the more important for students to understand that the American political system is in many ways the exception and not the rule. Introductory textbooks on American government, however, rarely emphasize in sufficient depth how the United States compares to other political systems. And introductions to comparative politics infrequently situate the United States in their analysis. The American Anomaly systematically analyzes the U.S. political system by way of comparison with other countries, especially other industrialized democracies. It is organized into four sections, respectively covering the constitutional order, governmental institutions, political participation, and public policy. Extended case studies in each chapter draw on all the major regions of the world.

Thoroughly revised throughout, the third edition includes: Updates throughout to reflect recent developments, including battles for control of Congress and the White House in 2010 and 2012, the challenges and successes of the Obama presidency, and political developments including the rise of the Tea Party and Occupy Wall Street. The addition of a ready-reference glossary defining key terms, along with a key terms list at the end of each chapter. Updates to examples from other countries, such as changes to the European Union in light of the Eurozone crisis, the weakening of the Mexican state due to surges in drug-related crime, and the growth of China's global role. A substantive update to the domestic policy and foreign policy chapters. A significant update on online/web-based activism, with particular regard to the expanding role of social media. New tables and charts in each chapter. A companion website also offers overview slides, links, and other supporting features.

AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2011-2012 encourages students to experience the excitement that comes with being an engaged and informed citizen. This text is known nationwide for its balanced, unbiased, and up-to-date coverage of constitutional, governmental, political, social, and economic structures and their processes. The addition of Texas authors Maxwell, Crain and Santos add ten more chapters to the Table of Contents, offers substantial coverage of Texas politics. The book's theme remains the importance of being an active and informed citizen, and it provides tools for students to become involved in the political process such as Politics with a Purpose features that show how a group or individual has impacted our political system and You Can Make a Difference features which highlight politically active young people and provide paths to participation. In a market where boxed features are beginning to overwhelm the core material, Schmidt's streamlined presentation of content helps students stay focused on what is most important. In addition, Questions to Consider, which appear in the chapter opener to help students target their reading, are now revisited in the chapter summary. **Important Notice:** Media content referenced within the product description or the product text may not be available in the ebook version.
