

American Government Term Paper Topics

ROUNDTABLE VIEWPOINTS: AMERICAN GOVERNMENT AND TERRORISM offers varying perspectives on important issues and provides readers with balanced and fair coverage of a topic to form their own opinion or to support their research. This reader is designed to provide a variety of different issues regarding the American government and terrorism. Each issue question is relevant to the topic and guides readers through the readings. The controversy and different views among the captivating readings is readily apparent to the reader. Each issue includes a list of selections per issue are current, culled from a variety of sources, and relate to the most popular issues surrounding the topic. In addition to the issue questions and selections, ROUNDTABLE VIEWPOINTS: AMERICAN GOVERNMENT AND TERRORISM includes an issue summary/overview; highlights; critical thinking; challenge questions; and additional reading and/or websites.

Known for its extremely student-friendly, jargon-free style, the new edition of American Government: Policy and Politics introduces the essentials of American government in a way that any student can understand. Public policy is emphasized throughout to show how government has on their lives. The text also offers an abundance of new debate-style boxes and revised active learning exercises to involve and engage students in the course material and encourage them to become participants in their government. The new edition includes a battery of chapter tests for student study and practice, the results of the 2006 midterm election, and discussion of some of the hottest political issues of the day, such as immigration reform and the challenge posed by nuclear programs in Iran and North Korea. This volume compiles and reprints the responses of 37 organizations to a series of questions issued by the House Committee on Agriculture in anticipation of debates concerning the Research Title of the 1995 Farm Bill due for updating and revision. The questions cover a wide range of topics: the role of the federal government in agricultural research, coordination and relations with other federal agencies, the suitability of various regulations and procedures, setting research priorities, integrating federal-state-industry research pools, efficiency and accountability in administration of these federal funds, partnerships with other types of organizations, guidelines for use of federal funds, land grant universities' roles, fund allocation formulas, and regional research and extension cooperation. Responded to these questions include the Department of Agriculture, the Coalition on Funding Agricultural Research Mission, professional societies such as the Phytopathological Society and the Entomological Society of America, individual higher education institutions such as Minnesota and Ohio State University, international organizations such as the World Bank and the International Food Policy Research Institute, and Associations such as the American Feed Industry Association and the Association of American Veterinarians. American Government and Politics is intended to fill a void in many introductory American government courses -- a lack of focus on primary source materials. While most instructors have little trouble teaching the workings of government, few are able to introduce the core theorists and theories of government. By introducing students to vital primary sources and supplementing these with insightful secondary readings, this volume encourages students to think critically about key components of the American political system. Politics features readers on topics such as voter turnout, political parties in America, and influences on decisions made within the political system. Organized thematically, the reading selections explore the foundations of the American political system, the structure of government, and the psychological nature of political behavior. Lee Ballestero earned her Ph.D. at University of California, Irvine and is a social and behavioral sciences faculty member at Moorpark College. Her research focuses on elections, media, and institutions, and her teaching focuses on helping students better understand their government in order to develop an appreciation for the political world.

The Everything New Teacher Book

Understanding American Government

Gateways to Democracy: An Introduction to American Government

Perspectives on American Government

Power and Purpose

Challenge your students to ENGAGE in the conversation and process; THINK about the ideas, history, structure, and function; and DEBATE the merits of American government and politics in the 21st century. In a storytelling approach that weaves contemporary examples together with historical context, By the People: Debating American Government, Brief Edition, explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like Who governs? How does our system of government work? What does government do? and Who are we? By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics. Ideal for professors who prefer a shorter text, By the People, Brief Edition, condenses the content of the comprehensive edition while also preserving its essential insights, organization, and approach. Approximately 20% shorter and less expensive than its parent text, the full-color Brief Edition features a more streamlined narrative, deletes the "Comparing Nations" boxes, and is enhanced by the same extensive support package as the longer edition. FEATURES: ENGAGE * "By the Numbers" boxes containing fun facts help frame the quizzical reality of American politics and government * "See For Yourself" features enable students to connect with the click of a smart phone to videos and other interactive online content THINK * Chapter One introduces students to seven key American ideas, which are revisited throughout the text * "The Bottom Line" summaries conclude each chapter section, underscoring the most important aspects of the discussion DEBATE * "What Do You Think?" boxes encourage students to use their critical-thinking skills and debate and/or take a stand on important issues * Four major themes, in the form of questions to spark debate, are presented to students in Chapter One and appear throughout the text ENSURING STUDENT SUCCESS We offer qualified adopters a comprehensive ancillary package: Dashboard Online homework made easy! Tired of learning management systems that promise the world but are too difficult to use? Oxford offers you Dashboard, a simply, nationally hosted, online learning course--including study, review, interactive, and assessment materials--in an easy-to-use system that requires less than fifteen minutes to master. Assignment and assessment results flow into a straightforward, color-coded gradebook, allowing you a clear view into your students' progress. The system works on every major platform and device, including mobile devices. Only \$5 with the price of a new book! Also available for sale on its own. Contact your local OUP representative to order By the People, Brief Edition + the Access Code Card for Dashboard. Instructor's Resource Manual with Test Item File: The Instructor's Resource Manual includes chapter objectives, detailed chapter outlines, lecture suggestions and activities, discussion

In The Rise of the States, noted urban historian Jon C. Teaford explores the development of state government in the United States from the end of the nineteenth century to the so-called renaissance of states at the end of the twentieth. Arguing that state governments were not lethargic backwaters that suddenly stirred to life in the 1980s, Teaford shows instead how state governments were continually adapting and expanding throughout the past century. While previous historical scholarship focused on the states, if at all, as retrograde relics of simpler times, Teaford describes how states actively assumed new responsibilities, developed new sources of revenue, and created new institutions. Teaford examines the evolution of the structure, function, and finances of state government during the Progressive Era, the 1920s, the Great Depression, the post--World War II years, and the post--reapportionment era beginning in the late 1960s. State governments, he explains, played an active role not only in the creation, governance, and management of the political units that made up the state but also in dealing with the growth of business, industries, and education. Not all states chose the same solutions to common problems. For Teaford, the diversity of responses points to the growing vitality and maturity of state governments as the twentieth century unfolded.

"The book's focus on applied urban research would seem to make it particularly useful to nonacademic researchers. Because it condenses a lot of information into a limited amount of space, however, the work will benefit from use in a classroom setting, where an experienced researcher can elaborate on points made or examples used in the text, supplement its contents with material from additional sources, and guide students through the exercises suggested at the end of each chapter." --Canadian Journal of Urban Research What is the current spatial form and structure of our urban environment? How can we study the factors and forces that account for the specific structure of urban space, its social and political processes, population distribution, and land use? Addressing these and other important issues, Gregory D. Andranovich and Gerry Riposa highlight specific urban research questions and the ways in which they can be approached by offering a framework for doing urban research. Covering such topics as how to choose a research design, secondary research methods for data collection, and how to enhance research utilization, the authors demonstrate ways to pair research questions with specific analysis and national-level analysis. Students and researchers in sociology, political science, psychology, public policy, and anthropology will find this book a useful guide for planning and executing urban research.

Published every six months, CQ's Guide to Current American Government is a collection of the best of CQ reporting for the last six months of the CQ Weekly. The annual Fall and Spring editions cover the major issues under debate in Congress, Supreme Court decisions, and controversies among conflicting interests. The new Fall 1999 edition covers over 25 topics, including such important issues as: -- Health care reform measures -- IRS restructuring update -- Efforts to overhaul the Medicare system -- The plan to privatize Social Security Ideal for either specific research of general reporting, these selections represent the critical issues and controversies of the past six months. CQ's Guide to Current American Government provides up-to-date examination and analysis of these current issues and controversies and allows readers to put today's headlines into historical perspective. CQ's Guide to Current American Government is the ideal reference tool for students, researchers, and everyone who wants a more complete perspective on the major issues of our day. To facilitate additional research, the original date of publication along with the page number references related and background articles in the CQ Weekly and CQ Almanac.

The Federalist Papers

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website.

Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines, o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New 'Analyzing the Evidence' units use bold graphics to show students 'how we know what we know' about certain political phenomena. 'Core of the Analysis' boxes on the first page of every chapter preview the chapter's analysis. 'In Brief' boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. 'Key Terms' are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize--This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn--This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect--This section contains: o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new 'Analyzing the Evidence' units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in a new 2011 edition, American Government: Roots and Reform provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.

Being a great teacher is more than lesson plans and seating charts. In this revised and expanded new edition of the classic bestseller, you learn what it takes to be the very best educator you can be, starting from day one in your new classroom! Filled with real-world life lessons from experienced teachers as well as practical tips and techniques, you'll gain the skill and confidence you need to create a successful learning environment for you and your students, including how to: Organize a classroom Create engaging lesson plans Set ground rules and use proper behavior management Deal with prejudice, controversy, and violence Work with colleagues and navigate the chain of command Incorporate mandatory test preparation within the curriculum Implement the latest educational theories In this book, veteran teacher Melissa Kelly provides you with the confidence you'll need to step into class and teach right from the start.

A Research Companion to American Government

The Rise of the States

The dual mission of the USAF Institute for National Security Studies is to promote national security research for the Department of Defense within the military academic community and to support the Air Force national security education program. INSS coordinates and focuses outside thinking in various disciplines and across services to develop new ideas for USAF and DOD policy making. Located within the staff of the Dean of the Faculty at the USAF Academy in Colorado Springs, INSS is an independent research center supported by various DOD organizations. In addition to the USAF Academy Dean, the primary INSS sponsor is the National Security Policy Division, Nuclear and Counterproliferation Directorate, Headquarters US Air Force (AF/XONP). The Institute helps to develop research topics, select researchers, administer sponsored research, and host conferences and workshops that facilitate the dissemination of information to a wide range of private and government organizations. Its research centers on arms control, proliferation, regional security, environmental security, information operations, Air Force policy, and space policy.

AMERICA AT ODDS: ESSENTIALS takes the same irreverent and issues-oriented approach as the longer text of the same name, but in a briefer format. It addresses all of the major topics of an American government course, such as elections, Congress, and public policy. It looks at government and politics in this country as a series of conflicts that have led to compromises. Each chapter includes a discussion of a significant political issue and presents both sides of that issue, exploring how Americans truly are "at odds" with each other politically. And, wired for today's student, AMERICA AT ODDS: ESSENTIALS incorporates the Internet and other multimedia extensively into the text and ancillary package.

"American Democracy and Citizenship: A Reader" uses thought-provoking contemporary articles and book chapters by well-known authors and political commentators to address a wide variety of subjects some controversial in American government. Students will explore topics such as citizenship, constitutional foundations, federalism, and civil liberties. Reading selections also examine civil rights, political participation and voting behavior, and public opinion and political socialization. Students will learn about the important role interest groups play in politics and expand their understanding of congress, the presidency, and the judiciary. With its fresh take on familiar institutions and ideas, "American Democracy and Citizenship" is designed to spark interest and generate debate. The book serves as an ideal companion reader to standard textbooks for introductory American government courses. Mark Ellickson holds a Ph.D. from Southern Illinois University Carbondale. A professor of political science at Missouri State University, his course offerings include American government, quantitative methods and organizational behavior. A past recipient of the University Award for Research, Dr. Ellickson's research interests have focused primarily on state legislative politics, where he has published articles in journals such as "Legislative Studies Quarterly," "Women & Politics," "The American Review of Politics," "Politics & Policy," "Political Research Quarterly," "Journal of Political Science," "State and Local Government Review," and "Public Personnel Management." " "

AP® U.S. Government and Politics Crash Course® – updated for today's exam A Higher Score in Less Time! At REA, we invented the quick-review study guide for AP® exams. The Challenge of Democracy, 2018 Election Update

Roots and Reform

This book is designed to serve as a reliable research companion to students of American government as they navigate their undergraduate programs. It is a no-nonsense guide that assists

students as they develop research questions, explore the literature, make use of Web-base resources, analyze data, and present findings. Understand the “how” and the “why” behind research in political science. Political Science Research Methods by Janet Buttolph Johnson, H. T. Reynolds, and Jason D. Mycoff helps you to understand the logic behind research design by guiding you through a step-by-step process that explains when and why a researcher would pursue different kinds of methods. The highly anticipated Ninth Edition of this trusted resource provides more international examples, an increased focus on the role ethics play in the research process, increased attention to qualitative research methods, and expanded coverage on the role of the internet in research and analysis. This book provides research assistance for 99 current and provocative issues students can use to write a brief argumentative paper. * Each jumpstart topic contains a photograph, chart, or drawing * Bibliography collects all book and audio-video selections used in the jumpstarts, and can be used for library collections This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women’s rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

CLEP® American Government

American Government and Politics

This reader offers succinct overviews of classic ideas and foundations of American government framed by contemporary issues and writings. Students are introduced to the classic debates, institutions, and individuals that shape American politics through key primary documents and shown how these issues remain at the core of policy making today. The included readings highlight questions about contemporary topics such as homeland security and affirmative action without losing touch with the timeless dilemmas of liberty, equality, and power.

Perspectives on American Government offers an accessible and coherent selection of readings to students of American politics. Grounded in foundational debates, classic political science scholarship, and the best contemporary analysis of developmental trends, this reader invites students to probe the historical dynamics that brought the United States to where it is today and how those dynamics are likely to affect its future course. Even a full-length textbook can do no more than hit the high points of broad and complicated topics like federalism, the role of government, labor, race, gender, parties and interest groups, polarization, the presidency, and America’s place in the world. This well-designed reader is an invitation to instructors to draw your students into a deeper conversation on the key themes and topics in each section of your course. Jillson and Robertson have carefully edited each selection to ensure readability and fidelity to the original arguments. Their insightful editorial introductions frame the context in which these topics are studied and understood. Several key pedagogical tools help students along the way: An introductory essay providing an overview of American political development Chapter introductions to provide necessary context situating the readings in broader debates Head notes at the start of each reading to contextualize that selection Questions for Discussion at the end of each chapter, prompting students to draw out the implications and connections across readings Further Reading lists at the end of each chapter to guide student research The broad readings in this volume take seriously the effort to present materials that help students make sense of the historical changes and institutional developments that are essential for understanding American government and politics today.

Let trusted author Anthony Bennett build your students political knowledge and understanding with our bestselling textbook, fully updated for the new specifications. Combining informed discussion with the latest facts and figures, this textbook provides accessible coverage of key topics for all exam boards. - Comprehensive coverage of the latest developments in US politics including the 2016 elections - Analysis and evaluation of the similarities and differences to UK politics - Definitions of key terms and concepts to help clarify knowledge and understanding of political language - Exam focus sections at the end of each chapter to test and develop understanding of key topics, offering practice for short and essay questions

REA’s CLEP American Government Test Prep with Online Practice Exams Earns You College Credits! If you’re looking for an easy and inexpensive way to earn college credit, why not take the CLEP American Government exam? CLEP American Government test prep with online practice is the latest addition to REA’s CLEP library. Our CLEP test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. A Survival Guide for the First Year and Beyond

AP® U.S. Government & Politics Crash Course, For the 2020 Exam, Book + Online

Known for the extremely student-friendly, jargon-free style of the two books from which it was made, the new American and Texas Government: Policy and Politics introduces the essentials of American and Texas government in a way that any student can understand. Neal Tannahill’s American Government and Texas Government are offered together in one comprehensive and accessible text. This new version features the same public policy emphasis that shows students the impact that government has on their lives, and offers the wealth of useful study aids and exercises to engage students in the course material and encourage them to become active participants in their government. This new edition is published as a Longman Study Edition and therefore contains a battery of chapter tests for student study and practice. It also offers the latest coverage of issues in both American and Texas government, including the results of the 2008 elections, immigration reform, and the challenge posed by nuclear programs in Iran and North Korea.

This textbook introduces the scientific study of politics, supplying students with the basic tools to be critical consumers and producers of scholarly research.

Presents one hundred term paper topics regarding American Indian history, from their relationships with early explorers to American legal disputes and battles, and modern civil rights activities.

In Writing a Research Paper in Political Science, author Lisa Baglione breaks down the research paper into its constituent parts and shows students precisely how to complete each component. The author provides encouragement at each stage and faces pitfalls head on, giving advice and examples so that students move through each task successfully. Students are shown how to craft the right research question, find good sources and properly summarize them, operationalize concepts, design good tests for their hypotheses, and present and analyze quantitative and qualitative data. Even writing an introduction, coming up with effective headings and titles, presenting a conclusion, and the important steps of editing and revising are covered. Practical summaries, recipes for success, worksheets, exercises, and a series of handy checklists make this a must-have supplement for any writing-intensive political science course. In this Third Edition, updated sample research topics come from American government, gender studies, comparative politics, and international relations. And now, more extensive materials are available on the web, including checklists and worksheets that help students tackle each step, calendar ideas to help them complete their paper on time, and a glossary.

Suggested Research Topics

Each chapter contains a summary; outline; key terms, concepts, events, and people; multiple-choice questions; essay topics; and critical thinking exercises. One version accompanies both versions of the text.

No legislature in the world has a greater influence over its nation’s public affairs than the US Congress. The Congress’s centrality in the US system of government has placed research on Congress at the heart of scholarship on American politics. Scholars working in a wide range of methodological traditions have focused their analysis on understanding Congress, both as a lawmaking and a representative institution. The purpose of this volume is to take stock of this impressive and accomplished and promising directions for future work. The editors have commissioned 37 chapters by leading scholars in the field, each chapter critically engages the scholarship focusing on a particular aspect of congressional politics, from the American public, its procedures and capacities for policymaking, its internal procedures and development, relationships between the branches of government, and the scholarly methodologies for approaching these topics. The Handbooks address timely questions, including partisan polarization, congressional war powers, and the supermajoritarian procedures of the contemporary Senate. Beyond simply bringing readers up to speed on the current state of research, the volume offers a critical perspective on how the field has progressed - or failed to progress - in recent decades. The chapters identify the major questions posed by each line of research and assess the degree to which the answers developed in the literature are persuasive. The goal is not simply to set an agenda for research on Congress for the next decade. The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics from every aspect of the field. The project is under the General Editorship of George C. Edwards III, and distinguished specialists in their respective fields edit each volume. The Handbooks aim not just to report on the discipline, but also to shape it as a discipline on a topic and propose directions in which it needs to move. The series is an indispensable reference for anyone working in American politics. General Editor for The Oxford Handbooks of American Politics: George C. Edwards III

A walkthrough of the full, annotated Constitution follows Chapter 2, and each chapter thereafter examines a topic in light of the Constitution. Students must first know how our American government developed to fully understand the issues it faces today. Living Constitution and Politics Now features support this philosophy. A Brief Guide in the front of the book helps students read and understand tables, charts and graphs, maps, news photographs, and political cartoons. This is the Study Guide to American Government and Change. 9th ed.

GATEWAYS TO DEMOCRACY introduces the American political system to students, pointing out in each chapter the gateways that facilitate, or at times block, participation. In emphasizing how the political system works-and how individuals and groups influence public policy-the text helps students see the relevance of government in their lives. The third edition provides coverage of the 2014 midterm elections as well as enhanced discussion of the politics, policies, and issues affecting the American political system.
