

American Pageant Ap Edition

For this twelfth edition of The American Pageant, we have worked together closely to incorporate the most recent scholarship about American history, and to preserve the readability that has long been the Pageant's hallmark. We are often told that the Pageant is the sole American history text that has a distinctive personality -- defined by clarity, concreteness, a consistent chronological narrative, strong emphasis on major themes, avoidance of clutter, access to a variety of interpretive perspectives, and a colorful writing style leavened, as appropriate, with wit. - Preface.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today. Combines a biography of M. Sanger with a social history of the birth control movement.

The Struggle to Shape America

Equip your students to excel on the AP® United States History Exam, as updated for 2016 Features "flexibility designed to use in a one-semester or one-year course" "divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts" "each period features a one-page overview summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework" "each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test" "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways" "the chapter conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events" "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions" "period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course.

Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

This book examines how it was possible and what it meant for ordinary factory workers to become effective unionists and national political participants by the mid-1930s. We follow Chicago workers as they make choices about whether to attend ethnic benefit society meetings or to go to the movies, whether to shop in local neighborhood stores or patronize the new A & P. As they made daily decisions like these, they declared their loyalty in ways that would ultimately have political significance. When the depression worsened in the 1930s, workers adopted new ideological perspectives and overcame longstanding divisions among themselves to mount new kinds of collective action. Chicago workers' experiences all converged to make them into New Deal Democrats and CIO unionists. First printed in 1990, Making a New Deal has become an established classic in American history. The second edition includes a new preface by Lizabeth Cohen.

America's History

This Is the Teacher

The American Pageant (AP* Edition)

This text introduces you to both primary sources -- straight from the frontlines of history -- and analytical essays, and is designed to encourage critical thinking about the history and culture of African Americans. The carefully selected readings give you many opportunities to evaluate primary sources, test the interpretations of distinguished historians, and draw your own conclusions.

"The inside story of American history. One of the most popular American history texts ever written, The American Pageant combines colorful anecdotes, first-person quotations, and the authors' trademark wit to engage students like no other text. This revised edition includes in-depth explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. New in-text features present primary sources, scholarly debates, and key historical figures, and offer context for the major periods in American history -- giving you the tools you need to analyze key events and eras like a historian!"--Back cover.

Traces the history of the United States from the arrival of the first Indian people to the present day.

The American Pageant

Kaplan's, 5-Steps, Crash Course and other review books are great resources for that last month before the exam, but Tamm's Textbook Tools student activity books are meant to be an accompaniment all year long. This AP* U.S. History companion is filled with vocab and assignments that follow the Kennedy/Cohen sixteenth edition for all 41 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers began putting their content online, a niche for traditional classwork was opened, a void filled by this series. And whether the textbook itself is written in ink or electrons, many students still find it more valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, and diagram every chapter. Find TTT on FB.

In this signal work of history, Bancroft Prize winner and Pulitzer Prize finalist Lizabeth Cohen shows how the pursuit of prosperity after World War II fueled our pervasive consumer mentality and transformed American life. Trumpeted as a means to promote the general welfare, mass consumption quickly outgrew its economic objectives and became synonymous with patriotism, social equality, and the American Dream. Material goods came to embody the promise of America, and the power of consumers to purchase everything from vacuum cleaners to convertibles gave rise to the power of citizens to purchase political influence and effect social change. Yet despite undeniable successes and unprecedented affluence, mass consumption also fostered economic inequality and the fracturing of society along gender, class, and racial lines. In charting the complex legacy of our "Consumers' Republic" Lizabeth Cohen has written a bold, encompassing, and profoundly influential book.

In this brash reworking of Chekhov's Uncle Vanya, a group of old friends, ex-lovers, estranged in-laws, and lifelong enemies gather to grapple with life's thorniest questions—and each other. What could possibly go wrong? Incurably lustful and lonely, hapless and hopeful, these seven souls collide and stumble their way towards a new understanding that LIFE SUCKS! Or does it?

The American Yawp

American Pageant

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make *THE AMERICAN PAGEANT* accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: *THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1–41)*; *Volume 1: To 1877 (Chapters 1–22)*; *Volume 2: Since 1865 (Chapters 22–41)*. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Winner of the Bancroft Prize In twenty-first-century America, some cities are flourishing and others are struggling, but they all must contend with deteriorating infrastructure, economic inequality, and unaffordable housing. Cities have limited tools to address these problems, and many must rely on the private market to support the public good. It wasn't always this way. For almost three decades after World War II, even as national policies promoted suburban sprawl, the federal government underwrote renewal efforts for cities that had suffered during the Great Depression and the war and were now bleeding residents into the suburbs. In Saving America's Cities, the prizewinning historian Lizabeth Cohen follows the career of Edward J. Logue, whose shifting approach to the urban crisis tracked the changing balance between government-funded public programs and private interests that would culminate in the neoliberal rush to privatize efforts to solve entrenched social problems. A Yale-trained lawyer, rival of Robert Moses, and sometime critic of Jane Jacobs, Logue saw renewing cities as an extension of the liberal New Deal. He worked to revive a declining New Haven, became the architect of the "New Boston" of the 1960s, and, later, led New York State's Urban Development Corporation, which built entire new towns, including Roosevelt Island in New York City. Logue's era of urban renewal has a complicated legacy: Neighborhoods were demolished and residents dislocated, but there were also genuine successes and progressive goals. Saving America's Cities is a dramatic story of heartbreak and destruction but also of human idealism and resourcefulness, opening up possibilities for our own time.

"The Impending Crisis of the South" by Hinton Rowan Helper. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

American Pageant Ap Version Plus Study Guide 12th Edition

Daily Assignments Tailor-Made to the Kennedy/Cohen Textbook

The new edition of American Pageant, the leading program for AP U.S. history, now reflects the redesigned AP Course and Exam that began with the 2014-2015 school year. The 16th edition helps prepare students for success on the AP Exam by 1) helping them practice historical thinking skills, pulling together concepts with events, and 2) giving them practice answering questions modeled after those they'll find on the exam. The new edition adds a two-page opener/preview to every chapter, guiding students through the main points of the chapter and questions and elements tied to the AP Curriculum Framework to help them internalize the chapter more conceptually. Also new are additional End-of-Part multiple-choice and short answer questions reflecting the changes to the exam. Practice DBQs and other free response essay questions will still be found at the back of the book.

Barron's, 5-Steps and the others are great resources for reviewing at the end of the year, but Tamm's Textbook Tools workbooks accompany students all year long. They are filled with assignments that follow the regular text throughout the year, all 40 chapters. They can also be used as reviews. All you need is the textbook, physical or online. Teachers can copy at will, and parents can use the book as a student consumable. The rationale for having this workbook is that publishers now put so much of their extra content online, traditional classroom materials are left lacking. No matter if the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, create a diagram every chapter, and think things through with the authors. Find TTT on FB, or click author name at the top of this page for other titles in this series.

Organized for easy reference and crucial practice, coverage of all the essential topics presented as 500 AP-style questions with detailed answer explanations 5 Steps to a 5: 500 AP English Literature Questions to Know by Test Day is tailored to meet your study needs—whether you've left it to the last minute to prepare or you have been studying for months. You will benefit from going over the questions written in a format parallel the topic, format, and degree of difficulty of the questions contained in the AP exam, accompanied by answers with comprehensive explanations. Features: 500 AP-style questions and answers referenced to core AP materials Review explanations for right and wrong answers Additional online practice Close simulations of the real AP exams Updated material reflects the latest tests Online practice exams

A Consumers' Republic

Ap Version

* Winner of the 2017 National Book Critics Circle Award * National Book Award Finalist * Time magazine Top 10 Nonfiction Book of the Year * New York Times Notable Book * Publishers Weekly Best Books of 2017 This “epic history” (The Boston Globe) from Pulitzer Prize-winning historian Frances FitzGerald is the first to tell the powerful, dramatic story of the Evangelical movement in America—from the Puritan era to the 2016 election. “We have long needed a fair-minded overview of this vitally important religious sensibility, and FitzGerald has now provided it” (The New York Times Book Review). The evangelical movement began in the revivals of the eighteenth and nineteenth centuries, known in America as the Great Awakenings. A populist rebellion against the established churches, it became the dominant religious force in the country. During the nineteenth century white evangelicals split apart, first North versus South, and then, modernist versus fundamentalist. After World War II, Billy Graham attracted enormous crowds and tried to gather all Protestants under his big tent, but the civil rights movement and the social revolution of the sixties drove them apart again. By the 1980s Jerry Falwell and other southern televangelists, such as Pat Robertson, had formed the Christian right. Protesting abortion and gay rights, they led the South into the Republican Party, and for thirty-five years they were the sole voice of evangelicals to be heard nationally. Eventually a younger generation proposed a broader agenda of issues, such as climate change, gender equality, and immigration reform. Evangelicals now constitute twenty-five percent of the American population, but they are no longer monolithic in their politics. They range from Tea Party supporters to social reformers. Still, with the decline of religious faith generally, FitzGerald suggests that evangelical churches must embrace ethnic minorities if they are to survive. “A well-written, thought-provoking, and deeply researched history that is impressive for its scope and level of detail” (The Wall Street Journal). Her “brilliant book could not have been more timely, more well-researched, more well-written, or more necessary” (The American Scholar).

Your Life in Christ: Foundations in Catholic Morality introduces students to a traditional understanding of morality, encouraging them to undergo a deep and regular examination of conscience while making daily decisions to live a moral life.
