

Amor Y Respeto

You’ve forgiven a thousand times. You’ve bent over backwards to make your partner feel loved and accepted. But the only reward for your loyalty has been anger, indifference, infidelity, or abuse. Your spouse may even be ready to walk out the door. Do you feel like all is lost? Are you ready to give up? There IS still hope. Dr. James Dobson’s “tough love” principles have proven to be uniquely valuable and effective. Unlike most approaches to marriage crisis, the strategy in this groundbreaking classic does not require the willing cooperation of both spouses. Love Must Be Tough offers the guidance that gives you the best chance of rekindling romance, renewing your relationship, and drawing your partner back into your arms.

A Revolutionary Solution to the #1 Marriage Problem Why does communication between couples remain the number one marriage issue? “Because,” says Dr. Emerson Eggerichs, “most spouses don’t know that they speak two different languages. They are sending each other messages in ‘code,’ but they won’t crack that code until they see that she listens to hear the language of love and he listens to hear the language of respect.” Dr. Eggerichs’ best-selling book, *Love & Respect*, launched a revolution in how couples relate to each other. In *The Language of Love & Respect*, he presents a practical, step-by-step approach for how husbands and wives can learn to speak each other’s distinctly different language—respect for him, love for her. The result is mutual understanding and a successful, happy marriage. Previously released as *Cracking the Communication Code*

Self-concept is destiny! What is the most important judgement you will ever make? The judgement you pass on yourself. Self-esteem is the key to success or failure. “Tell me how a person judges his or her self-esteem,” says pioneering psychologist Nathaniel Branden, “and I will tell you how that person operates at work, in love, in sex, in parenting, in every important aspect of existence—and how high he or she is likely to rise. The reputation you have with yourself—your self-esteem—is the single most important factor for a fulfilling life.”
• How to grow in self-confidence and self-respect.
• How to nurture self-esteem in children.
• How to break free of guilt and fear of others’ disapproval.
• How to honor the self—the ethics of self-interest.

A Devotional Unlike Any Other! Through the millions of products sold on Love & Respect, Emerson Eggerichs has transformed marriages around the world with his biblically based approach to understanding the love that she most desires and the respect that he desperately needs. Now, in this long-awaited release, Emerson has created an experience for couples that is effective, flexible and life-changing. To build this couples devotional, Eggerichs has taken the top concerns that surfaced in a survey of thousands of couples and has developed 52 devotionals around the three cycles that are at the heart of Love and Respect. On one occasion the couple will be talking about how to stop the Crazy Cycle or keep it at bay. The very next devotional will talk about a concept built upon the Rewarded Cycle, which stresses the ultimate purpose for marriage. And the next may have both people talking about ways to use the Energizing Cycle in their efforts to love and respect each other. Some may ask, “Why 52 and not 365, like other couples devotionals I have seen?” The author’s research shows that married couples don’t want to deal with that much material, that often. Therefore, the specific devotionals, which can be done weekly or at any chosen pace, are specifically guided to what couples say they most need. And this is a husband-friendly devotional, having been written and designed in such a way that the husband can feel comfortable in the entire process. With this wealth of new material and video devotionals available online to support the product, *The Love & Respect Experience* will be indispensable to anyone wishing to better their marital relationship.

When will we learn? With every sunrise we are given plenty of new examples of people “Hitting Send” and soon regretting it. Social media means what it says: it is social! Our methods of communication today allow for something to potentially be broadcast to everyone from Pekin, Illinois to Peking, China. But it’s not only Twitter fanatics who can find themselves in trouble. Every single one of us is capable of falling prey to this growing plague. Every day we have the potential of both verbal and written blunders. It makes no difference if we are talking to a stranger over a meat counter, chatting on a cell phone with our mother, or sending an e-mail to a coworker; we can and do miscommunicate and people can and do get the wrong idea. When we don’t pause long enough to think before speaking or writing, it commonly yields a misunderstanding and leads to a clash. We end up being the person who said, “You know that sphere of the brain that stops you from saying something that you shouldn’t? Well, I don’t have one of those.” This book is about preventing that misunderstanding and allowing for understanding. Said another way, preempting people from getting the wrong idea and enabling them to get the right idea! We all need work in this area in far more ways than just glancing through a checklist. From external examples to internal turmoil, *Before You Hit Send* is about the four things we must think through before communicating. In all things we wish to say or write, we would be wise to ask ourselves, Is it true? Is it kind? Is it necessary? Is it clear? When we ask and answer these four questions honestly, we will be thinking wisely before we speak. But to explore this fully, we need to find out a whole lot more about ourselves and uncover why we consciously and subconsciously get into these communication disasters to begin with. You may be surprised what you discover about yourself. Shall we begin?

An anthology of the complex issues of the ego, ambition, power and destructiveness from the perspective of a contemporary mystic. Osho shows the way to liberation from the illusions of the personality through an internal revolution - the psychology of the Buddhas. The ego is just the opposite of your real self. The ego is not you. It never allows you even a glimpse of your real authentic self, and your life is there, in your authenticity. Hence, this ego only produces misery, suffering, fighting, frustration, madness, suicide, murder -- all kinds of crime.

Children need love. Parents need respect. It is as simple and complex as that! When frustrated with an unresponsive child, a parent doesn’t declare, “You don’t love me.” Instead the parent asserts, “You are being disrespectful right now.” A parent needs to feel respected, especially during conflicts. When upset a child does not whine, “You don’t respect me.” Instead, a child pouts, “You don’t love me.” A child needs to feel loved, especially during disputes. But here’s the rub: An unloved child (or teen) negatively reacts in a way that feels disrespectful to a parent. A disrespected parent negatively reacts in a way that feels unloving to the child. This dynamic gives birth to the FAMILY CRAZY CYCLE. So how is one to break out of this cycle? Best-selling author Emerson Eggerichs has studied the family dynamic for more than 30 years, having his Ph.D. in Child and Family Ecology. As a senior pastor for nearly two decades, Eggerichs builds on a foundation of strong biblical principles, walking the reader through an entirely new way to approach the family dynamic. For instance, God reveals ways to defuse the craziness with our children from preschooler to teen, plus how to motivate them to obey and how to deal with them when they don’t. In the Bible, God has spoken specifically to parents on how to parent. This book is about that revelation.

"Cuando hablo por primera vez con alguien sobre el tema de una "educación libre", es lo más común que enseguida surjan objeciones más o menos apasionadas sobre la "necesidad de límites". Pero las preguntas sobre este tema tampoco disminuyen cuando los padres o cuidadores se aventuran a dar sus propios pasos hacia un trato respetuoso con los niños. Más bien al contrario: En sinnúmero de situaciones nuevas y en cada nueva etapa de desarrollo asoman también nuevas dudas e incertidumbres. Para nosotros -adultos que a menudo hemos sido educados y restringidos por límites- no es fácil comprender que en realidad los límites pueden tener la función de definir un espacio en el cual se puede actuar con independencia y libertad y en el cual se pueda dar un verdadero desarrollo humano. Pero en la medida en que logramos hacer esta distinción, nos damos cuenta de que los límites no definen el ser del otro, sino -por el contrario- sirven para mantener el entorno relajado, de manera que todos -niños y adultos- se sientan cómodos en él, vivan nuevas experiencias gracias a la toma de decisiones personales y aprendan a diferenciar entre necesidades auténticas y sustitutivas".
