An Intelligent Persons Guide To Philosophy

A lucid analysis of the 'revolutionary' changes in the Indian economy. In this important book two of India's leading economists rescue the current economic debate from jargon and dogma and present it in language accessible to ordinary Indians who, finally, must bear the brunt of the reforms. Cutting through the euphoria and hype that prevent any serious appraisal of liberalization, they highlight the advantages of a free market as

Freud. Since Freud, theory has been shown to be largely without empirical basis, what is to stop the whole psychotherapeutic edifice from collapsing into the quicksands on which it is built?

This book is Bert Pluymen's story of struggle and triumph over alcohol addiction. It also contains insightful, witty, uplifting, and wryly humorous stories of the many people Pluymen met who were also searching for sobriety. This is an informative book that will shed new light on how alcohol abuse can ruin people's lives--even if they thought it could never happen to them.

analyst James Hillman, "comes from understanding the widest spectrum of possibilities for embracing power." If food means only meat and potatoes, your body suffers from your ignorance. When your idea of food expands, so does your strength. So it is with power.

"James Hillman," says Robert Bly, "is the most lively and original psychologist we have had in America since William James." In Kinds Of Power, Hillman addresses himself for the first time to a subject of great interest to business people. He gives much needed substance to the subject by showing us a broad experience of power, rooted

Read Online An Intelligent Persons Guide To Philosophy

in the body, the mind, and the emotions, rather than the customary narrow interpretation that simply equates power with strength. Hillman's "anatomy" of power explores two dozen expressions of power every artful leader must understand and use, including: the language of power, control, influence, resistance, leadership, prestige, authority, exhibitionism, charisma, ambition, reputation, fearsomeness, tyranny, purism, subtle power, growth, and efficiency. Though we think we know what it is, the definition of fascism is remarkably elusive. In general consciousness it has become a collective

The year 2021 marks the 700th anniversary of the death of Dante Alighieri, a poet who, as T. S. Eliot put it, 'divides the world with Shakespeare, there being no third'. His, like ours, was a world of moral uncertainty and political violence, all of which made not only for the agony of exile but for an ever deeper meditation on the nature of human happiness. In *Why Dante Matters*, John Took offers by way of three in particular of Dante's works – the *Vita*

Nova as the great work of his youth, the Convivio as the great work of his middle years and the Commedia as the great work of his maturity – an account, not merely of Dante's development as a poet and philosopher, but of his continuing presence to us as a guide to man's wellbeing as man. Committed as he was to the welfare not only of his contemporaries but of those 'who will deem this time ancient', Dante's is in this sense a discourse overarching the centuries, a discourse confirming him in his status, not merely as a cultural icon, but as a fellow traveller.

Tony Little is The Head Master of Eton. One of the most progressive and imaginative people in British education today he has hitherto kept a low profile. This book, published to coincide with his retirement, sets out his educational fundamentals. There is a crisis in the British education system. Year on year GCSE and A

Level pupils post better exam results, with more students achieving top grades. Yet business leaders and employers complain bitterly that our schools are not producing people fit for purpose. Far from being locked in an ivory tower, a bastion of privilege, Mr Little has used his time as a teacher and headmaster to get to grips with fundamental questions concerning education. He wants to produce people fit to work in the modern world. How do children absorb information? What kind of people does society need? What is education for? Not only is the author one of the great reforming headmasters of our time but he has planted Academies in the East end of London, founded a state boarding school near Windsor and yet is a passionate advocate of single sex schools. This book is not a text book for colleges of education - it is a book to enlighten the teaching profession and just as much for anxious parents. The book

Modern Culture

The author sets out to define what is to be considered high culture in today's society. Atheism has always been open to the attack that it is a sterile concept and that atheists clearly don't believe in anything. In this remarkable book, Daniel Harbour turns this disadvantage into the spearhead of his defense of atheism and incisive attack on religion, whether Christian, Muslim, Buddhist or Zen. He argues that the battle between the two has wrongly been fought on the narrow issue of the existence of God. In reality, the question is based on what is morally

We live, allegedly, in a postmodern age in which we have cast aside the narrative fantasies of the pre-modern era. If postmodernism represents the final abandonment of all grand theories, where does religion stand? If religion is a particularly unbelievable form of explanation, why does it power still affect social and political change? Here, like the skeptics of our age, the author asks, What has theology ever had to say that was of the slightest use to anyone? He argues that religion without God is like a car without an engine, and draws on many aspects of human culture to offer a defense of religion that is not

poet's life and thought before and after his exile in 1302. Beginning with the often violent circumstances of Dante's life, the book examines his successive works as testimony to the course of his passionate humanity: his lyric poetry through to the Vita nova as the great work of his first period; the Convivio, De vulgari eloquentia and the poems of his early years in exile; and the Monarchia and the Commedia as the product of his maturity. Describing as it does a journey of the mind, the book confirms the nature of Dante's undertaking as an exploration of what he himself speaks of as "maturity in the flame of love." The result is an original synthesis of Dante's life and work.
