I was somewhat skeptical of purchasing your strategies and practice in fear it would not help. Reluctantly, I purchased your product (a practice exam and the strategies to pass) before sitting for the CPC exam. I received my results yesterday. I MADE A 92! I used all of the strategies you recommended (time management, highlighting, etc), which made all the difference in the world. Thank you so much!!!" - Heather T. "This is very good... I used your practice exam bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers which helped me learn while I corrected the test. When I took the practice test, I set a timer for 5 hr 40 min. and was able to complete in 3 hours with a score of 89%." - Linda B, CPC. "I purchased your practice exam package and think it's great. Using your tips, I completed all 150 questions in 297 minutes and scored an 84%." - Elizabeth H. "I am thrilled to report Greg that I passed my CPC Exam on December 12th!" - Kathleen C. "Your test was amazing, it help me out a lot." - Vickey L. "Well the practice test helped me pass my CPC exam. I got he good news last week!" - Erica J. "I wanted to thank you for the CPC practice exam. Thanks to the practice I was able to pass the CPC and CCA exams on the first take. Your exam really helped me work on timing and the lab questions were especially helpful." - Mark T. "Woooohooooo, I passed! I also went for the Medical Administration certificate and passed that as well. Thanks for all your hints and practice exams to help me pass. Wow I am glad that's over. Thanks again!" - Deanna A. "I did purchase the practice exam from you before the new year and I passed my CPC. I found out literally new years eve! Thanks for the great exam!" - Sabrina. "I took the CPC exam Dec. 7. As a matter of fact, I did pass the CPC exam and your practice exam helped. Thanks! Go ahead and list my name in your Certified Coders section." - Lester B. "I have passed the CPC and thank you for all of your help with the preparation materials." - Victoria S.*

Updated to accompany the Tenth Edition of Human Anatomy & Physiology, the Study Guide offers a wide variety of exercises that address different learning styles and call on students to develop their critical-thinking abilities. The three major sections, Building the Framework, Challenging Yourself, and Covering All Your Bases, help students build a base of knowledge using recall, reasoning, and imagination that can be applied to solving problems in both clinical and non-clinical situations.

The body is the most incredible of God's creations! The complexity of even a single cell is amazing and points to an awesome Intelligent Designer, and His name is God! Come study the wonderful systems within the body and learn that we are incredibly made. Learn how to refute the errors of evolutionary thinking. The complex body system defies Neo-Darwinian evolution. More and more scientists now realize that evolution just does not have all the answers. Shouldn't your children understand why? This study includes easy to follow lesson plans, a teaching outline for K-12, over 300

activities and experiments (including Francesco Redi's experiment that proves life only comes from life!), the body systems, original research, human history, language information, vocabulary list, recommended reading (not necessary to complete this study), math activities, book reviews, reproducible sheets and much more! "Other science books I've read are like recipes, but the information in these books is presented well." - Parent from Montana "I read through the teaching outline, astounding! Never has real science made so much sense to me before." - Mary from New York This book was selected as one of the 100 and 101 Top Picks for Homeschool Curriculum

Body by Design defines the basic anatomy and physiology in each of 11 body systems from a creational viewpoint. Every chapter explores the wonder, beauty, and creation of the human body, giving evidence for creation, while exposing faulty evolutionistic reasoning. Special explorations into each body system look closely at disease aspects, current events, and discoveries, while profiling the classic and contemporary scientists and physicians who have made remarkable breakthrough in studies of the different areas of the human body. Body by Design is an ideal textbook for Christians high school or college students. It utilizes tables, graphs, focus sections, diagrams, and illustrations to provide clear examples and explanations of the ideas presented. Questions at the end of each chapter challenge the student to think through the evidence presented.

Including numerous views, cross-sections, and other diagrams, this entertaining instruction guide includes careful, scientifically accurate line renderings of the body's organs and major systems: skeletal, muscular, nervous, reproductive, and more. Each remarkably clear and detailed illustration is accompanied by concise, informative text and suggestions for coloring. 43 plates.
