Created with young learners in mind, this book is an easy-to-understand read. Grab a copy today!

"A must for anyone interested in the Roman Empire and its impact on world history." —Tony Robinson star of Blackadder and Time Team. This entertaining and informative guide introduces readers to the amazing world of ancient Rome and its emperors, epic wars, awesome architecture, heroes, and villains. With a complete rundown of Roman history alongside fascinating insights into the lives of everyday Romans, readers will discover the amazing people and events involved in the rise and fall of one of the greatest of all ancient civilisations and how its influence can still be felt around the world today. Guy de la Bédoyère is a historian, archaeologist, and Roman expert, he is well known for his numerous books and appearances on TV, especially Channel 4's Time Team.

The story of Ancient Rome often polarizes opinion: for accusers, the Romans were mean and grasping imperialists with murderous megalomaniac tendencies and the world was well rid of them, but for passionate advocates the Romans were keen administrators and construction engineers who provided the greatest and most long-lasting civilizing force in history. It took a very long time - over thirteen centuries - for the Roman Empire to grow and then fragment. The Romans did not have it their own way all the time. They were defeated on their own ground several times by Hannibal and - albeit temporarily - by Cleopatra in Egypt, Boudica in Britain, and Zenobia in Syria. Patricia Southern's masterly new book narrates the history of Rome from a settlement of primitive huts to a sophisticated city ruling and then losing an Empire, the lives of such towering figures as Julius Caesar, Augustus, Caligula and Nero, the successes and setbacks and what the Romans learned on their way to Imperial rule and final disintegration.

The History of the Rise and Fall of the Roman Empire in the Words of Those Who Were There

Historical Atlas of Ancient Rome

If you want to discover captivating stories of people and events of ancient Rome then keep reading... For over 2000 years, Rome has influenced our world with its rich past and colorful history. Ancient Rome was a powerful and important civilization that ruled almost all Europe for nearly a thousand years. Many aspects of Western culture come from Ancient Rome, especially in areas such as government, engineering, architecture, language, and literature.

Let Dinobilli guide you through a discovery of Ancient Rome, with fascinating leaders, great betrayals, amazing battles, and landmarks built thousands of years ago, but still stand today. Ancient Rome is one civilization that demands exploration, so let's go!

This is the story of the greatest empire the world has ever known. Simon Baker charts the rise and fall of the world's first superpower, focusing on six momentous turning points that shaped Roman history. Welcome to Rome as you've never seen it before - awesome and splendid, gritty and squalid. From the conquest of the Mediterranean beginning in the third century BC to the destruction of the Roman Empire at the hands of barbarian invaders some seven centuries later, we discover the most critical episodes in Roman history: the spectacular collapse of the 'free' republic, the birth of the age of the 'Caesars', the violent suppression of the strongest rebellion against Roman power, and the bloody civil war that launched Christianity as a world religion. At the heart of this account are the dynamic, complex but flawed characters of some of the most powerful rulers in history: men such as Pompey the Great, Julius Caesar, Augustus, Nero and Constantine. Putting flesh on the bones of these distant, legendary figures, Simon Baker looks beyond the dusty, toga-clad caricatures and explores their real motivations and ambitions, intrigues and rivalries. The superb narrative, full of energy and imagination, is a brilliant distillation of the latest scholarship and a wonderfully evocative account of Ancient Rome.

Ancient Rome Ancient Rome is indeed an intriguing subject of history. The Roman Empire maintained European hegemony for half a millennium; it had legendary rulers like Augustus who as they say "foud Rome a city of bricks and left it a city of marble." Inside you will learn about... The Rise of RomeThe Roman KingdomThe Roman RepublicThe Roman EmpireThe Fall of RomeTen Little Known Facts about Ancient RomeThis eBook relates the history of Ancient Rome from its dawn to dusk: The Roman Kingdom, the Roman Republic and the Roman Empire. The tumultuous wars, the celebrated rulers, the factors that occasioned the fall of Rome-every prominent event of this epoch is discussed thoroughly. Structured in a very convenient style, the eBook provides a full account of Ancient Rome.

Author and historian Tom Holland returns to his roots in Roman history and the audience he cultivated with Rubicon--his masterful, witty, brilliantly researched popular history of the fall of the Roman republic--with Dynasty, a luridly fascinating history of the reign of the first five Roman emperors. Dynasty continues Rubicon's story, opening where that book ended: with the murder of Julius Caesar. This is the period of the first and perhaps greatest Roman Emperors and it's a colorful story of rule and ruination, running from the rise of Augustus through to the death of Nero. Holland's expansive history also has distinct shades of I Claudius, with five wonderfully vivid (and in three cases, thoroughly depraved) Emperors--Augustus, Tiberius, Caligula, Claudius, and Nero--featured, along with numerous fascinating secondary characters. Intrigue, murder, naked ambition and treachery, greed, gluttony, lust, incest, pagentry, decadence--the tale of these five Caesars continues to cast a mesmerizing spell across the millennia.

An Introductory History

Life, Liberty, and the Death of the Republic

Ruling the Roman Empire

The History of the Decline and Fall of the Roman Empire Volume 8

The Rise and Fall of the House of Caesar

The Mammoth Book of Eyewitness Ancient Rome is the history of the rise and fall of the Roman Empire in the words of those who saw it firsthand. Never before in such detail has there been a history of this great and influential civilization that continues to mark the landscape (the Colosseum, the Roman roads, the aqueduct at Nimes), our language, our calendar ("Jul" for Julius Caesar), our laws, our traditions (carrying a bride across the threshold), and our very thoughts. With all the gossip of I. Claudius and the excitement of Gladiator (but none of the historical inaccuracy), The Mammoth Book of Eyewitness Ancient Rome is a unique tour into the most important civilization in the West.

*Ancient Rome: The Rise and Fall of an Empire*Random House

The Roman Empire may have fallen thousands of years ago, but the lessons and the legacy left behind lives on to this day From a tiny settlement on the banks of the Tiber River, Rome grew into a colossal, unstoppable force. At its peak, The Empire dominated the world from Europe, West Asia, North Africa, and many more territories. Never again would the world see such an influential power. In this epic narrative, History Brought Alive presents an intriguing dive into Roman History, Legends, Facts, Myths and much more. Covering thousands of years the study of Roman history is vast and complex.

Much like the Ancient Romans themselves, in order to study them, we need to follow structure and have an open mind. By doing so, we can begin to unlock the secrets of The Roman Empire In the first part of this book you will find; The timeline of Roman history - How did it all begin? And how did it end? Characters - Any serious study of Rome has to begin with a look at the Emperor's, Gladiators and the Characters that shaped it's destiny. Life in Ancient Rome - What was it like? Then, in part two and onwards you will find; Military - The Roman military was amongst the most powerful in the world. How did they get that way? The victory and defeat. Mythology - Delve into the fascinating world of Roman mythology. The Fall of The Empire All of this, and much, much more in an enjoyable to read format! So if you're looking for a definitive history of The Roman Empire, then this is the book!

Spanning a thousand years, and following the shifting fortunes of two families though the ages, this is the epic saga of Rome, the city and its people. Weaving history, legend, and new archaeological discoveries into a spellbinding narrative, critically acclaimed novelist Steven Saylor gives new life to the drama of the city's first thousand years—from the founding of the city by the ill-fated twins Romulus and Remus, through Rome's astonishing ascent to become the capital of the most powerful empire in history. Roma recounts the tragedy of the hero-traitor Coriolanus, the capture of the city by the Gauls, the invasion of Hannibal, the bitter political struggle of the patricians and plebeians, and the ultimate death of Rome's republic with the triumph, and assassination, of Julius Caesar. Witnessing this history, and sometimes playing key roles, are the descendants of two of Rome's first families, the Potitius and Plurcius clans: One is the confidant of Romulus. One is born a slave and inherits a Vestal virgin to break her vows. One becomes a mass murderer. And one becomes the heir of Julius Caesar. Linking the generations is a mysterious talisman as ancient as the city itself. Epic in every sense of the word, Roma is a panoramic historical saga and Saylor's finest achievement to date.

Julius Caesar

The Roman Republic

The Making of the World's Greatest Empire

Arguably the greatest Empire to ever exist, Rome has indelibly left a significant mark on the modern world. The posthumous influence of the Roman Republic and Empire have no equal in all of history. Their varied culture, stunning art, brilliant philosophy, and towering architecture is embedded in our modern world. Roman innovation has left behind a legacy that has remained admired and emulated for over a thousand years. They built massive networks of roads before the birth of Christ. They constructed elaborate public sewer systems over 1,500 years before the United States became a Nation, and had networks of aqueducts bringing running water. Their leaders in battle are still studied by historians and military leaders of today. Their history is filled with great conflicts, compelling love stories, and the most treacherous of leaders. Hollywood has explored their culture time and again on the silver screen. Larger than life commanders like Julius Caesar would help shape their ultimate destiny. In his book entitled The Rise and Fall of the Roman Empire: Life, Liberty, and the Death of the Republic author Barry Lunt highlights the epic struggles and contributions that have made Rome so well known. Join us as we explore the meteoric rise, monumental life, inevitable death, and eventual rebirth of Rome.

Gaius Julius Caesar cut a twenty-year swath across Europe, Africa, and Asia, the result of which was the end of the Roman Republic and the rise of the Roman Empire. He was one of the first Romans to ever set foot in Germany, took the capital city of Rome with no bloodshed, installed Cleopatra to power, and was so feared that many of his bitterest enemy's chose suicide, rather than face him in battle. Caesar was a brilliant tactician, but was also an extremely lucky guy, and Ancient Rome: The Great Roman Civil War goes to great lengths to frankly discuss victories during the five years of the Second Roman Civil War where which. You will be surprised to learn just how often Caesar found himself in an untenable situation that would have spelled disaster had one of his enemies just pushed an advantage. Despite this fact, Caesar's brilliant tactical mind always found a way out of even the darkest situations, and this book provides as much information on each battle as is currently available in the modern world. Gaius Julius Caesar was a brilliant tactician, and the five years covered in detail within detail his greatest Inside you will find a detailed discussion of the following battles: The Siege of Dyrrachion The Battle of Pharsalus The Siege of Alexandria The Battle of the Nile The Battle of Zela The Battle of Ruspina The Siege of Thapsus And More...

New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Cundill Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors' Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows how the Roman Empire became a Nation, and had networks of aqueducts bringing running water. Their leaders in battle are still studied by historians and military leaders of today. Their history is filled with great conflicts, compelling love stories, and the most treacherous of leaders. Hollywood has explored their culture time and again on the silver screen. Larger than life commanders like Julius Caesar would help shape their ultimate destiny. Join us as we explore the meteoric rise, monumental life, inevitable death, and eventual rebirth of Rome.

History, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical narrative for centuries, SPQR will to shape our view of Roman history for decades to come.

Figuring in myth, religion, law, the military, commerce, and transportation, rivers were at the heart of Rome's increasing exploitation of the environment of the Mediterranean world. In Rivers and the Power of Ancient Rome, Brian Campbell explores the role and influence of rivers and their surrounding landscape on the society and culture of the Roman Empire. Examining artistic representations of rivers, related architecture, and the work of ancient geographers and topographers, as well as writers who describe rivers, Campbell reveals how Romans defined the geographical areas they conquered and how geography and natural surroundings related to their society and activities. In addition, he illuminates the prominence and value of rivers in the control and expansion of the Roman Empire. Through the legal regulation of riverine activities, the exploitation of rivers in military tactics, and the use of rivers as routes of communication and movement, Campbell shows how a technological understanding of—and even mastery over—the forces of the river helped Rome rise to its central place in the ancient world.

The Rise and Fall of the Roman Empire

Ancient Rome: The Rise and Fall of an Empire

The Rise of the Roman Empire

History for Kids: A Captivating Guide to the Roman Republic, The Rise and Fall of the Roman Empire

The rise of the Roman Empire laid the foundations for the development of much of Europe. This book is a chronological account of the formation, battles and campaigns of the Roman state, from the foundation and growth of the city under the Seven Kings, to the epic Republican struggle with Carthage, and the expansion throughout the Mediterranean.

An in-depth look at the first chapter of Ancient Roman history, this book takes a personal and compelling approach that makes the already rich story of Ancient Rome that much more engaging. "The Rise and Fall of the Roman Kingdom" takes the reader from the mythical earliest days of Rome through to its transformation into a unified city of diverse tribes. Explore the unique mix of legend and truth that defines the early kings of Rome and learn about the first steps Rome took toward Republic and eventual Empire.

This book makes history relevant and entertaining, and is a must-read for any fan of the ancient world. Follow the rest of the story of Rome with the second and third books in this trilogy, "The Rise and Fall of the Roman Republic" and "The Rise and Fall of the Roman Empire."

The events and personalities of ancient Rome spring to life in this history, from its founding in 753 B.C. to the death of the philosopher-emperor Marcus Aurelius in A.D. 180. Paul A. Zoch presents, in contemporary language, the history of Rome and the stories of its protagonists such as Romulus and Remus, Horatius, and Nero—which are so often omitted from more specialized studies. With an eye detail, Zoch guides his readers through the military campaigns and political developments that shaped Rome ’s rise from a small Italian city to the greatest imperial power the world had ever known. We witness the long struggle against the enemy city of Carthage. We follow Caesar as he campaigns in Britain, and we observe the ebb and flow of Rome ’s fortunes in the Hellenistic East. Writing with the belief that such stories contain moral lessons that are relevant today, Zoch presents a narrative that is both entertaining and informative. An afterword takes the history to the fall of the Roman Empire in the West in A.D. 476.

Ancient Rome masterfully synthesizes the vast period from the second millennium BCE to the sixth century CE, carrying readers through the succession of fateful steps and agonizing crises that marked Roman evolution from an early village settlement to the capital of an extraordinary realm extending from northern Britain to the deserts of Arabia. A host of world-famous figures come to life in these pages, including Alexander the Great, Hannibal, Julius Caesar, Cleopatra, Augustus, Livia, Cicero, Nero, Hadrian, Diocletian, Constantine, Justinian, and Theodora. Filled with chilling narratives of violence, lust, and political expediency, this book not only describes empire-shaping political and military events but also treats social and cultural developments as integral to Roman history. William E. Dunstan highlights such key topics as the physical environment, women, law, the roles of slaves and freedmen, the plight of unprivileged free people, the composition and power of the ruling class, education, popular entertainment, food and clothing, marriage and divorce, sex, death and burial, finance and trade, scientific and medical achievements, religious institutions and practices, and artistic and literary masterpieces. All readers interested in the classical world will find this a fascinating and compelling history.

The Fall of an Empire and the Fate of America

The Romans For Dummies

The Rise and Fall of an Empire, 753 B.C.–A.D. 476

Rome

Beginning in the eighth century B.C., Ancient Rome grew from a small town on central Italy's Tiber River into an empire that at its peak encompassed most of continental Europe, Britain, much of western Asia, northern Africa and the Mediterranean islands. Among the many legacies of Roman dominance are the widespread use of the Romance languages (Italian, French, Spanish, Portuguese and Romanian) derived from Latin, the modern Western alphabet and calendar and the emergence of Christianity as a major world religion. After 450 years as a republic, Rome became an empire in the wake of Julius Caesar's rise and fall in the first century B.C. The long and triumphant reign of its first emperor, Augustus, began a golden age of peace and prosperity; by contrast, the empire's decline and fall by the fifth century A.D. was one of the most dramatic implosions in the history of human civilization. As legend has it, Rome was founded by Romulus and Remus, twin sons of Mars, the god of war. Left to drown in a basket on the Tiber by a king of nearby Alba Longa and rescued by a she-wolf, the twins lived to defeat that king and found their own city on the river's banks in 753 B.C. After killing his brother, Romulus became the first king of Rome, which is named for him. A line of Sabine, Latin and Etruscan (earlier Italian civilizations) kings followed in a non-hereditary succession. Rome's era as a monarchy ended in 509 B.C. with the overthrow of its seventh king, Lucius Tarquinius Superbus, whom ancient historians portrayed as cruel and tyrannical, compared to his benevolent predecessors. A popular uprising was said to have arisen over the rape of a virtuous noblewoman, Lucretia, by the king's son. Whatever the cause, Rome turned from a monarchy into a republic, a world derived from res publica, or "property of the people." Scroll to the top of the page and click buy now to learn more about this exciting period of history.

Explore the Captivating History of the Roman Republic When we think of ancient Rome, the first notion that comes to mind is the one of the empire, followed by the image of a mighty emperor, his legions, colossal buildings, and the Gladiators (or the rhetoric and poetry, depending on your preferences). Some may recall the image of a "unified" Europe under a single sovereign - the emperor of Rome. However, Rome did not become remarkable at this considerably late phase. In fact, many historians see the history of Rome under the Emperors as a long, gradual decline. It was during the Republic that Rome gained an empire. Most of the achievements that the first emperor of Rome, Octavian Augustus, claimed to have completed were, in fact, earned during the Roman Republic. In this book, we'll have a close look at the beginning of Roman civilization, the foundation of the city and the Senate, the expansion of the Roman Republic, its glory, and its end. Some of the topics covered in this book include: The Past that Made It Possible: The Foundation of Rome between Myth and History

Down with the Kings: The Past that Made It Happen Early Republic Military Achievements of Early Republic: Taking Italy Middle Republic: The Punic Wars and Mediterranean Dominance The Military vs. Cultural Dominance: The Roman Civilization meets the Greek World Limitless Power and the Beginning of the End: The Late Republic The Age of the Generals: Pompeius, Crassus, and Caesar Senatus Populus-Que Romanus (SPQR) and Its Downfall The Rise and Fall of Julius Caesar and the End of the Roman Republic And a Great Deal More

The rise and fall of the Roman World is one of the most fascinating stories in history. This book traces the historical, cultural and political development of the small Iron Age tribe on the banks of the River Tiber who developed into the rulers of an empire that dominated the Western world. While her legionaries brought Roman rule to the far corners of Europe and the Middle East, her poets, architects, politicians and philosophers were creating a cultural legacy that still survives today. In this ambitious and lavishly illustrated book, the history of this remarkable people has been traced, allowing readers a clear and concise insight into the Roman World. Use the well-researched text, superb maps, specially commissioned artwork, and copious photographs the Atlas of Ancient Rome to follow the origins, rise, decline, and fall of the greatest empire the world has ever known.

Starting with Julius Caesar, the author "charts the rise and fall of Roman power over 600 years."--Jacket.

Dynasty

Ancient Rome the Rise A

From the Iron Age to the Punic Wars

SPQR: A History of Ancient Rome

The Rise of the Romans

By the third century BC, the once-modest settlement of Rome had conquered most of Italy and was poised to build an empire throughout the Mediterranean basin. What transformed a humble city into the preeminent power of the region? In *The Rise of Rome*, the historian and archaeologist Kathryn Lomas reconstructs the diplomatic ploys, political stratagems, and cultural exchanges whereby Rome established itself as a dominant player in a region already brimming with competitors. The Latin world, she argues, was not so much subjugated by Rome as unified by it. This new type of society that emerged from Rome's conquest and unification of Italy would serve as a political model for centuries to come. Archaic Italy was home to a vast range of ethnic communities, each with its own language and customs. Some such as the Etruscans, and later the Samnites, were major rivals of Rome. From the late Iron Age onward, these groups interacted in increasingly dynamic ways within Italy and beyond, expanding trade and influencing religion, dress, architecture, weaponry, and government throughout the region. Rome manipulated preexisting social and political structures in the conquered territories with great care, extending strategic invitations to citizenship and thereby allowing a degree of local independence while also fostering a sense of imperial belonging. In the story of Rome's rise, Lomas identifies nascent political structures that unified the empire's diverse populations, and finds the beginnings of Italian peopelhood.

Are you intrigued by ancient Rome's myths, culture, and unimaginable rise to power? If so, this powerful history of ancient Rome will draw you in and keep you turning pages! Rome's astonishing history now spans 28 centuries, growing from obscurity into a massive empire stretching from Britain to the Middle East and south to Africa. Rome's culture and institutions left an enduring legacy that continues to impact civilizations around the world. In this engaging history of ancient Rome, we will unwrap the intriguing myths of the twin babies Romulus and Remus - left exposed to certain death-and their ancestor Aeneas, who escaped burning Troy and made his epic journey to central Italy. We will discover how all the drama, politics, and empire-building unfolded. We will explore the captivating stories of the brilliant and indomitable people who built Rome and the chaotically destructive people who destroyed it from within. This thoroughly-researched history vividly presents a fascinating insight into ancient Rome. The clear and compelling narrative overview without being pretentious and boring. A glimpse of the questions this book will uncover includes: What happened when a goddess met a handsome shepherd on a lonely hilltop? Who escaped from burning Troy to later become a king in Italy? What ill-fated romance impelled Queen Dido of Carthage to commit suicide? How did a Vestal Virgin get pregnant? Why were the babies floating down the river in a basket - and what happened to them? Did Romulus get blown away in a windstorm? Or was he torn to pieces by the senators? How did abuse of power by tyrannical kings lead to a democratic Republic? What led to the Celtic Gauls invading and sacking Rome? How did Rome rise from the ashes to reassert its dominant power? What strategies did the Romans learn to fight against war elephants? And how did Hannibal get those elephants through the snow and over the Alps? Which disastrous wars led to the term "pyrrhic victory"? Who was the Roman gladiator who led a slave revolt of 40,000 people? Did Caligula make his horse a priest? Why did Nero blame the great fire of Rome on the Christians? How did Rome copy the Great Wall of China? How did the Great Wall of Britain come to be? Which Scottish people were covered with blue tattoos? Which power-hungry Grandma had one of her grandsons assassinated to put another one on the throne? What happened when Diocletian tried to convert or kill all the Christians in the empire? What vision eventually led Constantine to abandon paganism for Christianity? And much, much more! Scroll up and click the "add to cart" button to learn the stories of the incredible ancient Rome!

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE KANSAS CITY STAR From Anthony Everitt, the bestselling author of acclaimed biographies of Cicero, Augustus, and Hadrian, comes a riveting, magisterial account of Rome and its remarkable ascent from an obscure agrarian backwater to the greatest empire the world has ever known. Emerging as a market town from a cluster of hill villages in the eighth and seventh centuries B.C., Rome grew to become the ancient world's preeminent power. Everitt fashions the story of Rome's rise to glory into an erudite page-turner filled with lasting lessons for our time. He chronicles the clash between patricians and plebeians that defined the politics of the Republic. He shows how Rome's shrewd strategy of offering citizenship to her defeated subjects was instrumental in expanding the reach of her burgeoning empire. And he outlines the corrosion of constitutional norms that accompanied Rome's imperial expansion, as old habits of political compromise gave way, leading to violence and civil war. In the end, unimaginable wealth and power corrupted the traditional virtues of the Republic, and Rome was left triumphant everywhere except within its own borders. Everitt paints indelible portraits of the great Romans—and non-Romans—who left their mark on the world out of which the mighty empire grew: Cincinnatus, Rome's George Washington, the very model of the patrician warrior/aristocrat; the brilliant general Scipio Africanus, who turned back a challenge from the Carthaginian legend Hannibal; and Alexander the Great, the invincible Macedonian conqueror who became a role model for generations of would-be Roman rulers. Here also are the intellectual and philosophical leaders whose observations on the art of government and "the good life" have inspired every Western power from antiquity to the present: Cato the Elder, the famously incorruptible statesman who spoke out against the decadence of his times, and Cicero, the consummate orator whose championing of republican institutions put him on a collision course with Julius Caesar and whose writings on justice and liberty continue to inform our political discourse today. Rome's decline and fall have long fascinated historians, but the story of how the empire was won is every bit as compelling. With *The Rise of Rome*, one of our most revered chroniclers of the ancient world tells that tale in a way that will galvanize, inform, and enlighten modern readers. Praise for *The Rise of Rome*: "Fascinating history and a great read."—Chicago Sun-Times "An engrossing history of a relentlessly pugnacious city's 500-year rise to empire."—Kirkus Reviews "Rome's history abounds with remarkable figures. . . . Everitt writes for the informed and the uninformed general reader alike, in a brisk, conversational style, with a modern attitude of skepticism and realism."—The Dallas Morning News "[A] lively and readable account . . . Roman history has an uncanny ability to resonate with contemporary events."—Maclean's "Elegant, swift and faultless as an introduction to his subject."—The Spectator "[AN] engaging work that will captivate and inform from beginning to end."—Booklist

"The Twelve Tables" by Anonymous (translated by Paul R. Coleman-Norton). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Novel of Ancient Rome

An Enthralling Overview of Roman History, Starting From the Romulus and Remus Myth Through the Republic to the Fall of the Roman Empire

The Rise and Fall of Ancient Rome

The Mammoth Book of Eyewitness Ancient Rome

What Went Wrong in Imperial Rome

What went wrong in imperial Rome, and how we can avoid it: "If you want to understand where America stands in the world today, read this." —Thomas E. Ricks The rise and fall of ancient Rome has been on American minds since the beginning of our republic. Depending on who's doing the talking, the history of Rome serves as either a triumphal call to action—or a dire warning of imminent collapse. In this "provocative and lively" book, Cullen Murphy points out that today we focus less on the Roman Republic than on the Empire

that took its place, and reveals a wide array of similarities between the two societies (*The New York Times*). Looking at the blinkered, insular culture of our capitals; the debilitating effect of bribery in public life; the paradoxical issue of borders; and the weakening of the body politic through various forms of privatization, Murphy persuasively argues that we most resemble Rome in the burgeoning corruption of our government and in our arrogant ignorance of the world outside—two things that must be changed if we are to avoid Rome's fate. "Are We Rome? is just about a perfect book. . . . I wish every politician would spend an evening with this book." —James Fallows

Are We Rome?
