The Quest for a Theory of Everything

Why Mahler? Why does his music affect us in the way it does? Norman Lebrecht, one of the world 's most widely read cultural commentators, has been wrestling obsessively with Mahler for half his life. Following Mahler 's every footstep from birthplace to grave, scrutinizing his manuscripts, talking to those who knew him, Lebrecht constructs a compelling new portrait of Mahler as a man who lived determinedly outside his own times. Mahler was—along with Picasso, Einstein, Freud, Kafka, and Joyce—a maker of our modern world.Why Mahler?is a book that shows how music can change our lives.

(Guitar Recorded Versions). 16 songs transcribed note for note from the live album that captured Joe's tribute to Muddy Waters and Howlin' Wolf at the iconic Colorado theater. Includes: All Aboard * The Ballad of John Henry * Evil (Is Going On) * Hey Baby (New Rising Sun) * How Many More Years * I Can't Be Satisfied * Killing Floor * My Home Is on the Delta * Sloe Gin * You Shook Me * and more.

Bill Boyd has masterfully arranged these wonderful, familiar, but hard-to-find melodies from Handel's classic work. Titles include: And the Glory Of The Lord * O Thou That Tellest Good Tidings * Worthy Is The Lamb * and of course Hallelujah.

The Pathways of Song series offers concert songs in easy vocal ranges for the voice student, by composers such as Schubert, Brahms, Handel, Bach, Mozart, Beethoven, and Haydn. You don't have to be an opera fan to appreciate this beautifully written memoir by world-famous tenor Andrea Bocelli. Born among the vineyards of Tuscany, Bocelli was still an infant when he developed glaucoma. Music filtering into his room soothed the unsettled child. By the age of twelve he was completely blind, but his passion for music brought light back into his life. Here Bocelli reveals the anguish of his blindness and the transcendent experience of singing. He writes about his loving parents, who nurtured his musical interests, the challenges of learning to read music in Braille and of competing in talent shows, his struggles with law school, and his desire to turn an avocation into a way of life. He describes falling in love and singing in piano bars until his big break in 1992, when a stunned Pavarotti heard him sing "Misereere." The international acclaim and success that have followed Bocelli ever since have done nothing to dull his sense of gratitude and wonder about the world. No classical music fan can afford to be without this engaging and humble memoir of a fascinating and triumphant star.

Music from Bocelli's album, celebrating the great songs of the movies. (Amadeus). The New York Philharmonic, from Bernstein to Maazel continues the story of America's oldest orchestra as told in Howard Shanet's Philharmonic: A History of New York's Orchestra . That volume ended with the 1970-71 season, just before the arrival of Pierre Boulez as music director. Obviously, much has happened since. This book begins, however, with a retrospective account of the controversial last years of the tenure of Dimitri Mitropoulos and the ascendancy of Leonard Bernstein to the music directorship. Having been a Philharmonic assistant conductor during Bernstein's tenure, and an inveterate Philharmonic watcher ever since, the author brings some personal insights to the story as well as moments of humor. A sub-theme of the book concerns the way the Philharmonic and its music directors have been treated by the New York press, the Times in particular. Howard Taubman's attacks on Mitropoulos, Harold Schonberg's on Bernstein, and Donal Henahan's on Zubin Mehta are all covered here, as are the writings of various critics on those and other conductors, and on the orchestra itself. The New York Philharmonic is the only orchestra ever to undertake a foreign tour solely on the initiative of its musicians, without benefit or support from management. How this came about is chronicled, as are the opening of Lincoln Center, the Parks Concerts, Promenades, Prospective Encounters, Rug Concerts, tours, and, of course, the subscription seasons. John Canarina shows how the New York Philharmonic weathered extraordinary ups and downs during this period, while remaining a vital component of New York's cultural life.

(Guitar Solo). One hundred timeless songs from a wide variety of musical genres are featured in this collection of solo guitar arrangements in standard notation and tab. Includes: Angel * Bless the Broken Road * Chances Are * Don't Know Why * Faithfully * Hallelujah * I Will Always Love You * Killing Me Softly with His Song * Memory * Stardust * Tears in Heaven * Woman * You Raise Me Up * and many more.

The Imagined Immigrant

In 1798, the armies of the French Revolution tried to transform Rome from the capital of the Papal States to a Jacobin Republic. For the next two decades, Rome was the subject of power struggles between the forces of the Empire and the Papacy, while Romans endured the unsuccessful efforts of Napoleon's best and brightest to pull the ancient city into the modern world. Against this historical backdrop, Nicasio weaves together an absorbing social, cultural, and political history of Rome and its people. Based on primary sources and incorporating two centuries of Italian, French, and international research, her work reveals what life was like for Romans in the age of Napoleon. "A remarkable book that wonderfully vivifies an understudied era in the history of Rome. . . . This book will engage anyone interested in early modern cities, the relationship between religion and daily life, and the history of the city of Rome."—Journal of Modern History "An engaging account of Tosa's Rome. . . . Nicasio provides a fluent introduction to her subject."—History Today "Meticulously researched, drawing on a host of original manuscripts, memoirs, personal letters, and secondary sources, enabling [Nicasio] to bring her story to life."—History

Ivor Novello (born David Ivor Davies) was a Welsh composer, singer and actor who became one of the most popular British entertainers of the early 20th century. He first became well known through the song Keep the Home Fires Burning which he composed during World War I. After the war, he began a film career, and also appeared on stage in the West End, in musical shows of his own devising, most notably The Dancing Years. Novello starred in two early Hitchcock films before heading to Hollywood and appeared in some successful films. He died in 1951, at a fairly young age of 58. Titles: And Her Mother Came Too * Music in May * Rose of England * I Can Give You the Starlight * My Dearest Dear * My Life Belongs to You * Waltz of My Heart * Fold Your Wings * Glamorous Night * Shine * Through My Dreams * Fly Home, Little Heart * Some Day My Heart Will Awake * Love Is the Reason * We'll Gather Lilies * Keep the Home Fires Burning (Till the Boys Come Home).

#1 NEW YORK TIMES BEST SELLER ◊ The epic story of the greatest quest in all of science/the holy grail of physics that would explain the creation of the universe/◊from renowned theoretical physicist and author of The Future of the Mind and The Future of Humanity When Newton discovered the law of gravity, he unified the rules governing the heavens and the Earth. Since then, physicists have been placing new forces into ever-grander theories. But perhaps the ultimate challenge is achieving a monumental synthesis of the two remaining theories/relativity and the quantum theory. This would be the crowning achievement of science, a profound merging of all the forces of nature into one beautiful, magnificent equation to unlock the deepest mysteries in science: What happened before the Big Bang? What lies on the other side of a black hole? Are there other universes and dimensions? Is time travel possible? Why are we here? Kaku also explains the intense controversy swirling around this theory, with Nobel laureates taking opposite sides on this vital question. It is a captivating, gripping story; what's at stake is nothing less than our conception of the universe. Written with Kaku's trademark enthusiasm and clarity, this epic and engaging journey is the story of The God Equation.

The second edition of A Catalogue of Vocal Solos and Duets Arranged in Biblical Order serves as a companion volume to A Catalogue of Choral Music Arranged in Biblical Order (Second edition, 1996, and supplement, 2001, both published by Scarecrow Press). It is a necessary tool for the church musician to coordinate music with the scripture readings and/or the sermon topic and a valuable aid to the vocal soloist seeking a work using a particular biblical text. The work serves as a working document for the church musician, soloist, or voice teacher. Titles are arranged in the same order as found in the Bible. Each entry contains title, composer, voice range/type, and publisher information. Two indexes are also included: a title index and a composer index.

(Piano/Vocal/Guitar Artist Songbook). While creating the perfect track listing for Bocelli's first-ever album of popular songs, Bocelli and his producers searched the musical eras from the 1920s to the 1980s for songs in Italian, Spanish and French. Bocelli also added some of his favorite international pop songs, including the Italian classics "L'Appuntamento" and "Quando M'Innamoro," the Latin American hit "Besame Mucho," and the French standard "Les Feuilles Mortes," which has become the much-loved English standard "Autumn Leaves." "Solamente Una Vez" (a hit as "You Belong to My Heart" for stars including Elvis Presley and Bing Crosby) and "Somos Novios" (famously an English-language hit as "It's Impossible" for Perry Como) are also highlights of the album. The end result is Bocelli's amazingly beautiful interpretation of classics made popular by legendary vocalists from Edith Piaf and Luis Miguel to Elvis Presley and Frank Sinatra. This folio includes all 14 tracks arranged for piano and voice with guitar chord frames.

The Complete Danteworlds

***A unique Companion to J S Bach's iconic Cello Suites from internationally-renowned cellist Steven Isserlis. 'Isserlis is the master of the material, yet always able to make it accessible. . . . It is an absolute treat to be led to this sublime music by such an enthusiastic expert.' MICHAEL PALIN 'The book I've always wanted: an accessible, eloquent guide to the world's greatest - and maybe most elusive - pieces of music. And written by the man I'd want to tell me about it. This is such a delight.'* DERREN BROWN**
Bach's six Cello Suites are among the most cherished of all the works in the classical music literature. Shrouded in mystery - they were largely unknown for some two hundred years after their composition - they have acquired a magical aura which continues to attract and fascinate audiences the world over. To cellists they represent a musical bible, to listeners, scarcely less. Through what are on the surface simple dance suites, Bach takes us on a spiritual journey like no other, leading us from joy to tragedy, concluding in jubilation, even triumph. Award-winning international cellist Steven Isserlis, whose recent recording of the Suites met with the highest critical acclaim, goes deep into that emotional journey, bringing to bear all his many years' experience of performing the Suites. His book is intended as a rewarding companion for all music lovers, ranging from the casual listener to the performing musician. By offering his own very personal observations of the music, Isserlis's aim is to take the reader further into the world of the Suites in order to enhance the experience of hearing some of the greatest works ever composed. Praise for Steven Isserlis' BACH: THE CELLO SUITES 'The most wonderful cello-playing, surely among the most consistently beautiful to have been heard in this demanding music.'
GRAMOPHONE 'Isserlis has done the impossible. He has given the listener something new, and indeed something outstandingly good. . . . This recording can sit proudly on the shelf alongside the great recordings of Casals and Rostropovich. In fact, I may find myself picking it up as the favourite.'

Presents three fables, two of which are in rhyming text, involving a grasshopper who does not think about the future, a mouse who wants to be more like a lion, and a snake with an attitude.
Using original sources--such as newspaper articles, silent movies, letters, autobiographies, and interviews--Iaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of immaginario with the Latin imago that felicitously blends the double English translation of the word as "imagery" and "imaginary." Imago is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags.

Dante Alighieri's Divine Comedy has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the Inferno, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire Divine Comedy, Raffa provides readers--experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between--with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, The CompleteDanteworlds charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

Why did prehistoric people start making music? What does every postwar pop song have in common? A "masterful" tour of music through the ages (Booklist, starred review). Music is an intrinsic part of everyday life, and yet the history of its development from single notes to multi-layered orchestration can seem bewilderingly specialized and complex. In his dynamic tour through 40,000 years of music, from prehistoric instruments to modern-day pop, Howard Goodall does away with stuffy biographies, unhelpful labels, and tired terminology. Instead, he leads us through the story of music as it happened, idea by idea, so that each musical innovation—harmony, notation, sung theater, the orchestra, dance music, recording, broadcasting—strikes us with its original force. He focuses on what changed when and why, picking out the discoveries that revolutionized man-made sound and bringing to life musical visionaries from the little-known Perotin to the colossus of Wagner. Along the way, he also gives refreshingly clear descriptions of what music is and how it works: what scales are all about, why some chords sound discordant, and what all post-war pop songs have in common. The story of music is the story of our urge to invent, connect, and entertain. Howard Goodall's beautifully clear and compelling account is both a hymn to human endeavor and a groundbreaking map of our musical journey.

A purely instrumental composition, both hopeful and romantic in mood, Mahler's seventh symphony possesses a harmonic and stylistic structure reminiscent of the journey from dusk till dawn. Miniature score study edition.
