A new generation of children love Daniel Tiger's Neighborhood, inspired by the classic series Mister Rogers' Neighborhood! Wind down from a busy day and get ready for bed with Daniel Tiger in this 8x8 storybook. It's almost time for Daniel Tiger to say goodnight, but there's still so much to do! There's play time and then bath time...and don't forget tooth-brushing time! Finally it's time to get cozy under the covers for story time and a special goodnight song. Daniel Tiger's Neighborhood fans will love winding down their busy day with their favorite friend before snuggling into their own beds to say goodnight! © 2014 The Fred Rogers Company.

She's a sexually repressed control freak. He's a muscular ex-con with heavier baggage than Santa's toy bag. They're everything each other never wanted. Mary I'm usually the first person on my block to decorate for Christmas. This year? Humbug. My six-year-old son, Aidan, just had a meltdown after learning some hard truths from a drunk Santa impersonator, and I can no longer deny we both need help. Change is hard for Aidan, and right now he's dealing with several big ones, including A) his father abandoning us, B) our move to Asheville, and C) the Santa snafu. And me? I'm a control freak, and my life is more out-of-control than a sled on ice. That's why I agree to let Aidan join Butterfly Buddies, a group that matches kids with adult mentors. It's also why I agree to a mentor of my own—terrifying, pink-haired Nicole, who wants to help me live life on the wild side. Her advice is strangely compelling, especially after I meet Aidan's new "buddy," a gorgeous tattooed hunk of a man who makes me wish there weren't cobwebs in my...well, you know. Jace Mary O'Shea is sexy as hell, but she doesn't know it. She also doesn't know I'm an ex-con, and if she finds out that I served three years in prison, extenuating circumstances won't matter to her. The last thing I should do is get attached to her kid...or her, but I didn't get in this position by making good decisions.

***In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among Grit's most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).***

***This novel describes a summer Steve and his two best friends Jack and Angela will never forget. It all started with an innocent ghost story, only to find out it wasn't so innocent. Being thrown from a haunted dock by a ghost is definitely not the way to start a summer! However, Steve realizes that an unwanted guest follows him home, but not just one. He begins to understand that if he doesn't solve the mystery soon he won't make it to sixteen.***
