George Orwell set
out 'to make
political writing into

totalitarianism.

While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on

literature to a new
readership. In *Why

Orwell describes
his journey to

and his movement
from writing poems
to short stories to

He also discusses
what he sees as

'aesthetic

'historical

the importance of
keeping these in
