Secrets!

**Hector Hugh Munro (18 December 1870 – 14 November 1916)**, better known by the pen name **Saki** and also frequently as **H. H. Munro**, was a British writer whose witty, mischievous and sometimes macabre stories satirize Edwardian society and culture. He is considered a master of the short story, and often compared to O. Henry and Dorothy Parker. Influenced by Oscar Wilde, Lewis Carroll and Rudyard Kipling, he himself influenced A. A. Milne, Noël Coward and P. G. Wodehouse. Besides his short stories (which were first published in newspapers, as was customary at the time, and then collected into several volumes), he wrote a full-length play, *The Watched Pot*, in collaboration with Charles Maude; two one-act plays; a historical story, *The Rise of the Russian Empire* (the only book published under his own name); a short novel, *The Unbearable Bassington*; the episodic *The Westminster Alice* (a parliamentary parody of Alice in Wonderland); and *When William Came*, subtitled *A Story of London Under the Hohenzollerns*, a fantasy about a future German invasion and occupation of Britain. "The Unrest-Cure" - Saki's recurring hero Clovis Sangrail, a clever, mischievous young man, overhears the complacent middle-aged Huddle complaining of his own addiction to routine and aversion to change. Huddle's friend makes the wry suggestion that he needs an "unrest-cure" (the opposite of a rest cure), to be performed, if possible, in the home. Clovis takes it upon himself to "help" the man and his sister by involving them in an invented outrage that will be a "blot on the twentieth century". Famous works of the author Saki: "The Interlopers", "Gabriel-Ernest", "The Schartz-Metterklume Method", "The Toys of Peace", "The Storyteller", "The Unrest-Cure", "Esmé", "Sredni Vashtar", "Tobermory", "The Bull", "The East Wing".

**THE Book of Job** is among the other Old Testament Books both a philosophical riddle and a historical riddle. Controversy has long raged about which parts of this epic belong to its original scheme and which are interpolations of considerably later date. The doctors disagree, as it is the business of doctors to do; but upon the whole the trend of investigation has always been in the direction of maintaining that the parts interpolated, if any, were the prose prologue and epilogue and possibly the speech of the young man who comes in with an apostle at the end. This work contains Chesterton's assumptions and thoughts on this mysterious scripture.

For the second edition of her landmark study of Simone de Beauvoir, Toril Moi provides a major new introduction discussing current developments in Beauvoir studies as well as the recent publication of papers and letters by Beauvoir, including her letters to her lovers Jacques-Laurent Bost and Nelson Agren, and her student diaries from 1926-7.

Young Albert Weisz was spared the horrors of Auschwitz when his parents threw him and his brother from the transport train. Years later, with the help of other survivors of the holocaust, he explores the myriad ways of confronting not just the evil that robbed him of his childhood, but the guilt he feels for having lost his brother on that wintry night.Mosaic, non-linear and semi-autobiographical, this book is reminiscent in style of Kurt Vonnegut's Slaughterhouse-Five and in theme of the works of Primo Levi. In documenting the stories of child survivors, it is a moving and necessary addition to the literature of the Holocaust.

A large degree of success in Western civilization can be traced to six principal ideas - Christianity, optimism, science, economic growth, liberalism, and individualism. In theory, a synthesis of these ideas could provide a way for the West to recover its nerve and integrity. But in practice? This book seeks to find the answer.

**Ironic, playful, and multilayered**, winner of three major prizes for the best Yugoslav novel of 1988, this beguiling novel-about-a-novel is set at an international literary conference in Zagreb. It begins with the death of an anti-Franco poet who slips into the pool of the intercontinental Hotel and continues with a rapid and entertaining chain of events involving espionage, sexual intrigue, murder, and a good deal of one-upmanship among the assembled academics. In the style of David Lodge, the novel is filled with colorful characters and hilarious scenes; but amid the lighthearted action Ugresic provides a serious and doubly outsidere perspective on the differences between the worlds of Eastern Europe and the West. Through the eyes of her Yugoslav and Russian characters Ugresic expresses the incredulity that many in Eastern Europe felt at the Western tendency to romanticize the "communist" world; simultaneously, through her American character, she explodes many of the myths of the West in the minds of Eastern Europe. In addressing issues of mutual cultural misunderstanding without attempting to impose artificial solutions to the problems, Ugresic has produced a truly successful multicultural novel.

Shakespeare's plays are usually studied by literary scholars and historians and the books about him from those perspectives are legion. It is most unusual for a trained philosopher to give us his insight, as Colin McGinn does here, into six of Shakespeare's greatest plays--A Midsummer Night's Dream, Hamlet, Othello, Macbeth, King Lear, and The Tempest. In his brilliant commentary, McGinn explores Shakespeare's philosophy of life and illustrates how he was influenced, for example, by the essays of Montaigne that were translated into English while Shakespeare was writing. In addition to chapters on the great plays, there are also essays on Shakespeare and gender and his plays from the aspects of psychology, ethics, and tragedy. As McGinn says about Shakespeare, "There is not a sentimental bone in his body. He has the curiosity of a scientist, the judgement of a philosopher, and the soul of a poet." McGinn relates the ideas in the plays to the later philosophers such as David Hume and the modern commentaries of critics such as Harold Bloom. The book is an exhilarating reading experience, especially at a time when a new audience has opened up for the greatest writer in English.

Hailed by Albert Camus as "the only great spirit of our times", Simone Weil was one of great essayists and activists of the twentieth century. Her writings on the nature of religious faith and spirituality have inspired many subsequent thinkers. Wrestling with the moral dilemmas entailed by commitment to the Catholic Church, *Letter to a Priest* is a brilliant meditation on the perennial battle between faith and doubt and resonates today as much as when it was first written. This edition also includes one of her most inspiring and celebrated essays, "Human Personality", where Weil offers a moving and unorthodox account of the preciousness of human beings. With a new foreword by Raimond Gaita.

From the award-winning Serbian author David Albahari comes a devastating and Kafkaesque war fable about an army unit sent to guard a military checkpoint with no idea where they are or who the enemy might be. Atop a hill, deep in the forest, an army unit is dropped off to guard a checkpoint. The commander doesn't know where they are, what border they're protecting, or why. Their map is useless. The radio crackles with a language no one can recognize. A soldier is found dead in a latrine and the unit vows vengeance--but the killer, like the enemy, is unknown. Amid orgies and massacres, the commander struggles to maintain order and keep his soldiers alive, but he can't be sure whether they're fighting a war or caught in some bizarre military experiment. Equal parts Waiting for Godot and Catch-22, David Albahari's Checkpoint is a haunting and hysterical confrontation with the absurdity of war. Praise for Checkpoint: "A satirical take on war in the vein of Catch-22 and Slaughterhouse Five, Serbian author David Albahari's Checkpointis shocking and comic in equal turns, skillfully pulled together by the force of Albahari's wit.... Visceral, wild, and often hilarious, Checkpoint is a dark delight." --Ho Lin, Foreword Reviews, Starred Review "A worthy descendant of The Good Soldier Švejk and Catch-22." --Kirkus Reviews "Checkpoint is a tornado of a book.

David Albahari, a noted Serbian author who lives in Canada, muscles this Kafkaesque short novel into the war-is-absurd literary tradition in one tremendous 183-page paragraph... Stylistically, JP Donleavy and Gary Shteyngart come to mind at times, while imagistically one might think of Goya, Picasso, or the Surrealists. But Albahari has a distinctive voice, and it comes through vividly in Ellen Elias-Bursac's able translation from the Serbian." --Jon Sobel, Biogrritica "Between adventure and apocalypse... Kafka and Kubrick...combining in grotesque-comical manner all the ridiculousness, beauty, horror, subtlety and extravagance that literature can hold." --Neue Zürcher Zeitung
