*Education at a Glance is the authoritative source for information on the state of education around the world. The 2021 edition includes a focus on equity, investigating how progress through education and the associated learning and labour market outcomes are impacted by dimensions such as gender, socio-economic status, country of birth and regional location.*

*The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry: economic, demographic, employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners, contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.*

This new Encyclopedia of Coastal Science stands as the latest authoritative source in the field of coastal studies, making it the standard reference work for specialists and the interested lay person. Unique in its interdisciplinary approach. This Encyclopedia features contributions by 245 well-known international specialists in their respective fields and is abundantly illustrated with line-drawings and photographs. Not only does this volume offer an extensive number of entries, it also includes various appendices, an illustrated glossary of coastal morphology and extensive bibliographic listings.

Reviews the circumstances surrounding the Challenger accident to establish the probable cause or causes of the accident. Develops recommendations for corrective or other action based upon the Commission's findings and determinations. Color photos, charts and tables.

Expenditure to be met out of moneys granted by the Provisional National Defence Council and drawn from the consolidated fund. Part 1

The Survey assesses global and regional e-government development through a comparative rating of national government portals relative to one another. It is designed to provide a snapshot of country trends and relative rankings of e-government development in the implementation of the Sustainable Development Goals. It presents trends and relative rankings of e-government development across 193 Member States through a quantitative composite index, the E-Government Development Index (EGDI), with three separate components - the Online Service Index (OSI), Telecommunication Infrastructure Index (TII), and Human Capital Index (HCI). Includes addendum on COVID-19 (coronavirus) response

This new edition incorporates revised guidance from H.M Treasury which is designed to promote efficient policy

development and resource allocation across government through the use of a thorough, long-term and analytically robust approach to the appraisal and evaluation of public service projects before significant funds are committed. It is the first edition to have been aided by a consultation process in order to ensure the guidance is clearer and more closely tailored to suit the needs of users.

*responsibility of the educator and school board are discussed in such a way that individuals on the local level should feel confident in the knowledge of the planning process gained from this book. The relationship between the school board and the architect are described in detail and an example of an architect's contract is given. Other examples of contracts are provided. The process of contracting with a contractor is discussed in detail. In addition, some alternative methods of contracting for such services are provided. A section on green schools is included because this is an important way to construct buildings. A chapter on problem-based activities is provided, which should give the reader an opportunity to experience some of the problems educators actually face in this planning process.*
