**Divided Nation: Cultures in Chaos & A Conflicted Church provides families and their churches biblical mandates to awaken and arise as influencers in today's turbulent times. As Christian persecution increases, the Body of Christ needs to prepare to take a bold stand. Ken Ham, CEO and founder of Answers in Genesis-US, the highly acclaimed Creation Museum, and the world-renowned Ark Encounter, sounds the call for Reformation bringing God's people back to the authority of the Word of God beginning in Genesis. Can the church regain a position of influence among this generation of "truth seekers" who reject God and His Word? To combat today's chaotic culture and the conflicted church, Ham addresses five specific issues: There is no neutral position There is no non-religious position There are ultimately only two religions Creation apologetics How to think foundationally to develop a truly Christian worldview Make a stand for the soul of this generation. Divided Nation shines an empowering light on the struggle of the church to retain young believers. Gleam from it the issues that must be addressed and find clarity amid the chaos of the culturally conflicted church. "Divided Nation is an excellent call to Christians, pastors and thinkers alike to return to the supreme authority of God's Word and the God of all truth." Jack Hibbs - Calvary Chapel: Chino Hills, CA**

**The pervasive unbiblical view of unbelievers is one that demands an answer from the body of Christ. Scoffers: Responding to Those Who Deliberately Overlook Creation and the Flood offers a strong defense for biblical authority equipping believers to stand firm, preach the truth, and make disciples. "The reality of the biblical account of the Flood is that it is a horrifying account of judgment but also one of glorifying redemption." The scoffers of Peter's day were very much like modern-day skeptics in that they deliberately overlook the facts of biblical history. The cost of their unbelief is catastrophic even within the Christian church. Author Simon Turpin, the executive director of Answers in Genesis in the U.K., prepares us to confidently counter the philosophical bias of scoffers by: Revealing how the Gospel of salvation can only be understood in light of the Genesis account of a six-day creation and the global Flood. Providing an in-depth analysis of 2 Peter 3 to defend the biblical account of Creation against the false notions propagated by scoffers. Presenting a strong defense for the coming of Christ and Christianity for those who have rejected the truths found in Genesis 1 - 11. Scoffers gives today's Christian families and leaders a strong defense for the authority of God's Word helping the Church to "withstand in the evil day, and having done all, to stand" Ephesians 6:13.**

But they also present a wonderful opportunity to share important biblical truths with eagerly questioning minds through answers that even the youngest believer can understand. Look inside to learn: How did God create everything from nothing? Why was the first person that God created a boy? Why did God have Adam name the animals? The new Answers Book for Kids series is a unique collection from Ken Ham and the creative team at Answers in Genesis.

Discover how many evangelical leaders, willingly or unwittingly, are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old/universe of billions of years unlocks a door of compromise Heed the wake-up call to the Church to return to the authority of God's Word, beginning in Genesis. Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors—and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church—2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word.

A Trip Through the 66 Books of the Bible

Having grown up in church, an alarming percentage of people have now traded in the timeless beliefs of Scripture for a more comfortable, postmodern faith or secular worldview. They have waded so deep into the culture that the current has swept them away with the pluralism of biblical compromise and secular indoctrination. Ready to Return explores: Why this is happening, and more important, how to get back to the Bible. This book is the result of a generation of believers who have been misled by a generation New persuasive research that clearly reveals shocking details about views on the Church and faith by people in their 20s, known as millennials Conclusive evidence we cannot ignore, showing a lack of effective biblical apologetics in homes and churches, compromise with secular beliefs, secular education, and failures on the part of previous generations, contributes greatly to this dilemma. The Church's current condition and how we got here. It's a simple and powerful call to return to the Church's fundamental mission to reach the world! If we are to bring back this lost generation, we need a proven strategy and willingness to present truth, a biblical battle plan, and spiritual soldiers.

Preaching to Convert offers an intriguing new perspective on the outreach strategies of U.S. evangelicals, framing them as examples of activist performance, broadly defined as acts performed before an audience in the hopes of changing hearts and minds. Most writing about activist performance has focused on left-progressive causes, events, and actors. Preaching to Convert argues against such an understanding of U.S. evangelism as a movement defined by its desire to win converts and spread the gospel. The book positions evangelicals as a diverse, complicated group confronting the loss of conservative Christianity's default status in 21st-century U.S. culture. In the face of an increasingly secular age, evangelicals have been reassessing models of outreach. In acts like handing out Bible

Bible in hand, in elaborately staged horror-themed morality plays or multimillion-dollar creationist discovery centers, in megachurch services beamed to dozens of satellite campuses, and in controversial "ex-gay" ministries striving to return gays and lesbians to the straight and narrow, evangelicals are redefining what it means to be deeply committed in a pluralist world. The book's engaging style and scholarly and students across a range of fields.

This book deals with professional creationist and anti-creationist organizations in America, and describes how the "conflict between science and religion" is the result of the interaction between these two groups. It retraces their history from the 1960s onwards, and identifies crucial turning points that led to new forms of creationism and anti-creationism. It explains their strategies, labels and arguments as effects of this history and structure. Taking a field theoretical approach, the book avoids problems of prior creationism research, making it possible to identify the mechanisms through which creationism generates new strategies, arguments, and media output. The field model is used as an interpretive tool to make sense of some of the most important creationist and anti-creationist publications and media statements.
