Answers To
Business Studies
Fourth Edition

"Written with business, management, and finance and accounting students in mind, the authors put the law into a context that they can easily understand by introducing case studies in every chapter. These 'Business Scenarios' help the students contextualize the law by presenting the reader with an example of an everyday problem

Online Library

which demonstrates how the law can affect a company, employer, employee, or civilian.

Throughout each chapter the students are asked to pause and consider how the content applies to these routine business problems, enabling them to become active readers and think independently about how the law operates. The first
