Anthony Joshua, whose name is now synonymous with strength and victory, was not always known for his athleticism and power. Joshua has risen from the streets, narrowly avoiding a life of drugs and crime, to become one of the top b fame after winning Gold at the London Olympics of 2012, since then he has gone from strength to strength, amassing a large and loyal fan base as he has slowly climbed the ranks of the ring. The fight on April 29th, 2017, against Wladimir Klitschko, lasting 12 rounds, but it was Joshua who finally came out on top. More than 90,000 people were witness to Joshua's sheer brilliance, as he secured his title as the WBA Super Heavyweight Champion--the largest crowd seen since the last time fans, Joshua, with over a million followers on twitter and 2 million on Facebook, is bringing legions of new fans to the sport. The future is bright for Anthony Joshua, who, at the top of his game, is now the man to beat.

In 2016, Booklist observed, “Thomas Hauser is a treasure. Whatever he writes is worth reading. Boxing is blessed that he has focused so much of his career on the sweet science.” There Will Always Be Boxing continues this tradition of ex Ali—whose life was celebrated throughout the world following his death on June 3, 2016—highlights this collection of Hauser’s work. The year’s biggest fights are, as always, put in perspective. And once again, Hauser takes readers behind the scenes with boxing’s biggest power brokers as he reveals the inner workings of the sport and business of boxing. There Will Always Be Boxing is sure not to disappoint the readers, writers, and critics who look forward to Hauser’s annual collection of boxing scene. This collection shows, once again, why Hauser is one of the last real champions of boxing and one of the very best who has ever written about the sport.

This is the story of the new King of the Kop. When Mohamed Salah signed for Liverpool from Rome in 2017, his record fee was initially greeted with some scepticism. While he'd been singled out as a future star back in Egypt, and performed better than predicted the impact he was to have at Anfield. Scoring an unprecedented thirty-two goals in thirty-six games for the club, he became the sensation of the Premier League. Not only that, but he has also won over fans of all stripes with his versatility and flair on it. Few players have inspired such fervent admiration so quickly, with chants of his name still reverberating around Anfield, and after just one season, he’s already on his way to becoming a Liverpool legend. In this insightful book, Frank Worrall examines Salah’s electrifying debut season at Liverpool and the highs and lows that brought him there.

***Inside Another Year in Boxing***

Each year, readers, writers, and critics alike look forward to Thomas Hauser’s newest collection of articles about the contemporary boxing scene. Reviewing his 2019 collection, Booklist proclaimed, “It’s hard to think of another sports journalist who knows more about his or her sport of choice. As it does every year, Hauser’s anthology laps the field. The man is a treasure.” Staredown continues this tradition of excellence with inside reporting from the dressing room before some of last year’s biggest fights, in-depth investigations into corruption in boxing, and more. Hauser also moves beyond the norm to explore incidents like street fights and examine boxing’s storied history in new and creative ways.

With the help of his trusted friend, Einarr, and a strange mystic, Damien launches a bold offensive that will decide the future of the free lands. Short on time, and even shorter on men, the fate of a once vibrant culture and its people rests on the outcome of the next battle. Meanwhile, Betanthia’s crown prince, Gareth Bethard, faces dangers of his own. With his family coming apart at the seams and a growing conspiracy afoot, he tries desperately to hold everything together. Even as Gareth grapples with inner demons, he must learn to take up his father’s mantle as the protector of civilization and defeat Damien’s invading horde. It’s only the fate of a thousand-year dynasty resting on his shoulders, after all.

A propulsive, incendiary novel about faith, race, class, and what it means to have a home, from Joshua Cohen, “a major American writer” (The New York Times) NAMED ONE OF THE BEST BOOKS OF THE YEAR BY VULTURE AND BOOKFORUM One of the boldest voices of his generation, Joshua Cohen returns with Moving Kings, a powerful and provocative novel that interweaves, in profoundly intimate terms, the housing crisis in America’s poor black and Hispanic neighborhoods with the world’s oldest conflict, in the Middle East. The year is 2015, and twenty-one-year-olds Yoav and Uri, veterans of the last Gaza War, have just completed their compulsory military service in the Israel Defense Forces. In keeping with national tradition, they take a year off for rest, recovery, and travel. They come to New York City and begin working for Yoav’s distant cousin David King—a proud American patriot, Republican, and Jew, and the recently divorced proprietor of King’s Moving Inc., a heavyweight in the tri-state area’s moving and storage industries. Yoav and Uri now must struggle to become reacquainted with civilian life, but it’s not easy to move beyond their traumatic pasts when their days are spent kicking down doors as eviction-movers in the ungentrified corners of the Bronx, Brooklyn, and Queens, throwing out delinquent tenants and seizing their possessions. And what starts off as a profitable if eerily familiar job—an “Occupation”—quickly turns violent when they encounter one homeowner seeking revenge. Praise for Moving Kings “A Jewish Sopranos . . . utterly engrossing, full of passionate sympathy . . . Cohen is an extraordinary prose stylist, surely one of the most prodigious at work in American fiction today.”—James Wood, The New Yorker “Brilliant . . . It feels master-planned to slowly unsettle your convictions, as the best novels do. . . . Cohen has a brain-on-fire intellect and a Balzac-grade enthusiasm for understanding varieties of experience.”—Los Angeles Times “Moving Kings “is a lit fuse, a force left loose, a creeping flame heading for demolition, and Cohen himself is a master of alg and wit.”—Cynthia Ozick “A dazzling and poignant book.”—Rachel Kushner “Cohen’s writing is filled with sharp turns of phrase and elegant rhythms. . . . The denouement is as vengeful as an Old Testament plot twist. . . . Cohen has become one of America’s top young novelists.”—Time

When it comes to sports and entertainment, the glitz and the glamour of celebrity life, most of us only aspire to gain something small such as an autograph. Few of us ever have the chance to sit down with stars and discuss their lives, or rub shoulders with those closest to them. Being up close and personal with UFC, boxing and entertainment stars is just part of Fiaz Rafiq's daily routine. He's worked closely with some of the most revered champions and pioneers of UFC. In this gripping memoir he shares riveting behind-the-scenes stories of the top MMA and boxing champions and legends - from Randy Couture, Royce Gracie, Brock Lesnar, Daniel Cormier and Conor McGregor to Muhammad Ali and Bruce Lee (to many the Godfather of MMA) - their gritty beginnings and their most triumphant moments. The result is the culmination of over two decades of work, gaining the trust and confidence of the greatest fighters and personalities in MMA and combat sports. To the Top is a fascinating odyssey that uncovers the hidden history of the most brutal combat sport on the planet.

The estate was Joshua Pinson's inheritance from his oddball uncle Elijah: isolated in the deep Florida woods, with a half-built solar house stocked with enough supplies to weather a siege. Josh decided it was time to take his two young children away from New York and the memories of their murdered mother. Time to make a new life in sunny Florida. There was just one thing that Josh hadn't counted on. The place was haunted.

Birmingham has a tradition of individualism and experimentation, giving rise to a fragmented but innovative culture. This applies to the city ’ s contemporary music scene just as it does to the rest of its cultural heritage, which explains why the Birmingham sound is hard to define. Whereas other cities are known for a certain sound, this city celebrates its diversity. In this new decade, the plethora of exciting indie bands, sick rappers and emotive singer-songwriters are surrounded by a collective of DJs, producers, promoters, venues, bloggers and vloggers who promote them. There ’ s an agglomeration building, coalescing around the Birmingham Music Awards, whose mission is to amplify this uprising to the world. In this book, Stephen Pennell ’ s reviews and musings shine a light on Birmingham ’ s finest up-and-coming performers playing the city ’ s most iconic venues, taking us on a unique journey around Birmingham ’ s music scene.

Randy Gordon has spent over 40 years in the world of professional boxing, as a broadcaster, ring announcer, New York State ’ s athletic commissioner, editor of theRing magazine, and host of SiriusXM Radio ’ s At the Fights. No one else has ever seen the sport from so many different angles and from such lofty seats. In Glove Affair: My Lifelong Journey in the World of Professional Boxing, Gordon recounts never-before-heard stories of the boxing industry and offers insights into some of its most famous figures, including Hall-of-Famers Bert Sugar, Alexis Arguello, Bob Arum, and Mike Tyson. With the perspective only an insider can offer, Gordon also reflects on his times with Muhammad Ali—including the champ ’ s mind-dazzling magic tricks and his thoughts on the “ Thrilla ’ in Manila ” —and provides a glimpse into the boxing commissioner ’ s office with stories of a wild and fiery hearing and a commission employee ’ s betrayal of the agency. From his days as a wheelchair bound, severely injured boy in 1959 to the most-widely-listened-to boxing talk show host on the radio, Gordon recalls his life story with passion, humor, and love. More than just another book on the Sweet Science, Glove Affair is a journey through the world of boxing through the eyes of a man who has seen it all.

Behind the Mask

***On the night of 29 April 2017, at Wembley Stadium, Anthony Joshua knocked down and defeated the Ukraine's former world heavyweight champion, Vladimir Klitschko. In doing so, he added the WBA and IBO heavyweight titles to the IBF belt he already held. That bald statement of fact does little justice to what proved to be one of the finest heavyweight contests of all time, in which a brilliant but relatively inexperienced fighter took on, and eventually defeated, one of the finest boxers of his or any other age. It was a twelve-round fight before a record post-War crowd, and for eleven of those rounds it could have gone either way; indeed, in Round 6 it looked as though Joshua was finished when a massive right hand from Klitschko sent him to the canvas. But the fight also harked back to an earlier era of true sportsmen, far outshining the hype and flummery of lesser fighters, with Joshua as graceful and generous in victory as Klitschko was in defeat. For once, boxing lived up to its description as 'the Noble Art', and is all the richer for it. In this, the first post-Klitschko fight study of this remarkable boxer, bestselling sports writer Frank Worrall looks at the life and career of a young man who has won all nineteen of his professional fights by KO. Since that glorious day in 2012, when Joshua won gold at the London Olympics, he has shown himself to be a true gentleman - but a fighter to the core. At twenty-seven, he has a glittering career ahead of him, and it seems certain that he is poised to revive heavyweight boxing and usher in a new Golden Age.***

Out now: the autobiography of the legendary sports promoter, Barry Hearn. THE SUNDAY TIMES BESTSELLER 'I am the largest sports promoter in the world. I promote 11 sports to a global audience of billions of people every day of my life' \_\_\_\_\_ A larger than life working class hero, Romford born and bred - always ready with the perfect soundbite - Barry Hearn was famously described as 'roguish but never a rogue'. Hearn is credited with turning snooker into one of the biggest sports in Britain. He essentially turned a sport in which competitors wear bowties into a massive, globally televised event. Away from the table, his promotions empire casts its net over a dozen sports - from professional boxing to darts, fishing to ten-pin bowling - and his career spans four decades. He also previously owned Leyton Orient football club. Packed with hilarious anecdotes from the golden age of snooker, and behind-the-scenes insight into boxing negotiations and darts bust-ups, Hearn's book is a joy to read from start to finish.

Larry Holmes is a boxing legend and often ranked by boxing historians as one of the best fighters to ever lace up the gloves. He held the heavyweight title for nearly eight years during what many fans and scribes consider the Golden Era of the sport. He fought his way to the pinnacle of success despite (and because of) unscrupulous promoters, crooked officials, naysayers, and the shark-infested waters of boxing's movers and shakers. But he kept on winning. This is his story. Unfiltered and raw. It's told with the help of business associates, competitors, broadcasters, friends, and family. This is Larry Holmes's tell-all view of his career and the boxing world. His observations, opinions, and insights bring you into the ring for his most noted fights (Norton, Ali, Cooney, Shavers, and Tyson) and shares with the reader what he thinks and how he feels. This book is a must-have for boxing fans.

The Tyson Fury Files

*Prior to liberalization, there was little scope for predatory behaviour in the aviation market. However, following deregulation, new entrants sought to compete with entrenched incumbents. Low-cost carriers (LCCs) gained significant market share, which in turn provoked many different kinds of defensive response. Having put pressure on established carriers, low-cost airlines are themselves feeling the pressure of competition from new operators. While it is normal and natural for airlines to react to competition - modifying their services, the ways in which they offer them and their prices - when does aggressive commercial behaviour go too far and become predation? This book considers what exactly is meant by 'predation' in the aviation environment, and explores the strategies LCCs adopt in order to gain market share, as well as the strategies of the established airlines in response to competition from new entrants to the market. It also addresses the key question of what competition policy should do to ensure intensive competition. Competition versus Predation in Aviation Markets brings together contributions from around the world, from airlines, government agencies, leading academics and consultants, providing a wealth of perspectives on a business practice crucial to airline survival.*

*Follow the life of Chandrika "Rika" Ramanujan, a wild young woman of Tamil Indian descent who moves to the City of Ottawa, Ontario, from the City of Montreal, Quebec, to get away from her Conservative relatives. A clever and seductive thief, scammer and trickster, Chandrika meets her match in Ibrahim Adewale of Nigeria, a Carleton University scholar, do-right man and chronic do-gooder who believes that anyone can change. Ibrahim sets out to rescue Chandrika from her bad self...and falls hard for her. Chandrika feels for Ibrahim too, but perhaps not enough to change her kleptomaniac lifestyle. Can the sexiest thief in the world really change her ways? Stay tuned for more.*

*A perceptive, moving novel about life and death in the Basque Country, from the author of Nevada Days. Bernardo Atxaga's Water over Stones follows a group of interconnected people in a small village in the Basque Country. It opens with the story of a young boy who has returned from his French boarding school to his uncle's bakery, where his family hopes he will speak again. He's been silent since an incident in which he threw a stone at a teacher for reasons unknown. With the assistance of twin brothers who take him to a river in the forest, he'll recover his speech. As the years pass, those twins, now adults, will be part of a mining strike in the Ugarte region, and so take up the mantle of the narrative, just as others will after them. Water over Stones is similar in nature to Atxaga's earlier books Obabakoak and The Accordionist's Son, as it weaves in themes of friendship, nature, and death. Yet in capturing a span of time from the early 1970s, when the shadow of the Franco dictatorship still loomed, to 2017, when these boys must learn to leave their old beliefs behind and move on, Atxaga finds new richness and depth in familiar subjects. As threads of water run over stones in the river, so these lives run together, and, over time, technology and industry bring new changes as the wheel of life turns.*

*"A Dangerous Journey is a collection of Thomas Hauser's writing on boxing over the course of the 2018 season. He turns his award-winning investigative reporting skills on the scandal surrounding the use of illegal performance enhancing drugs in boxing today and the failures of corrupt and incompetent state athletic commissions. Hauser also takes readers into Canelo Alvarez's dressing room in the hours before and after his rematch against Gennady Golovkin, the biggest fight of the year, and offers in-depth portraits of boxing's biggest stars--past and present--as well as reflections on fight-related curiosities ranging from Ronda Rousey to David and Goliath"--*

*Football has never seemed so distant from its fans. Many have been alienated by the greed and shameless self-interest of the Premier League, and no one can predict how the global game will look post-pandemic. In Whose Game Is It Anyway?, Sunday Times best-selling author Michael Calvin searches for a reason to believe. Written at the height of the Covid-19 crisis, the book is a thought-provoking, deeply personal account of the role sport - and particularly football - plays in everyday life. Part memoir, part manifesto, it takes the reader on a tour of the world's greatest sporting occasions and into its outposts in sub-Saharan Africa, the Amazon Basin and the Southern Ocean. Drawn from Calvin's experience as an award-winning sportswriter, covering every major sports event over 40 years in more than 80 countries, it offers first-hand insight into such icons as Muhammad Ali, Maradona and Sir Bobby Charlton.
