A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Anna is a writer, author of one very successful novel, who now keeps four notebooks. In one, with a black cover, she reviews the African experience of her earlier years. In a red one she records her political life, her disillusionment with communism. In a yellow one she writes a novel in which the heroine relives part of her own experience. And in a blue one she keeps a personal diary. Finally, in love with an American writer and threatened with insanity, Anna resolves to bring the threads of all four books together in a golden notebook. Doris Lessing's best-known and most influential novel, The Golden Notebook retains its extraordinary power and relevance decades after its initial publication.

A Lambda Literary Awards Finalist Named one of the best books of 2017 by NPR's Book Concierge A revelatory narrative of the intersecting lives and works of revered authors Virginia Woolf, T. S. Eliot, E. M. Forster and D. H. Lawrence during 1922, the birth year of modernism The World Broke in Two tells the fascinating story of the intellectual and personal journeys four legendary writers, Virginia Woolf, T. S. Eliot, E. M. Forster, and D. H. Lawrence, make over the course of one pivotal year. As 1922 begins, all four are literally at a loss for words, confronting an uncertain creative future despite success in the past. The literary ground is shifting, as Ulysses is published in February and Proust's In Search of Lost Time begins to be published in England in the autumn. Yet, dismal as their prospects seemed in January, by the end of the year Woolf has started Mrs. Dalloway, Forster has, for the first time in nearly a decade, returned to work on the novel that will become A Passage to India, Lawrence has written Kangaroo, his unjustly neglected and most autobiographical novel, and Eliot has finished—and published to acclaim—"The Waste Land." As Willa Cather put it, "The world broke in two in 1922 or thereabouts," and what these writers were struggling with that year was in fact the invention of modernism. Based on original research, Bill Goldstein's The World Broke in Two captures both the literary breakthroughs and the intense personal dramas of these beloved writers as they strive for greatness.

Book one of the New York Times-bestselling All Souls trilogy—"a wonderfully imaginative grown-up fantasy with all the magic of Harry Potter and Twilight" (People). Look for the hit TV series "A Discovery of Witches," streaming on AMC Plus, Sundance Now and Shudder. Season 2 premieres January 9, 2021! Deborah Harkness's sparkling debut, A Discovery of Witches, has brought her into the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford's Bodleian Library. Its reappearance summons a fantastical underworld, which she navigates with her leading man, vampire geneticist Matthew Clairmont. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar's depth to this riveting tale of magic and suspense. The story continues in book two, Shadow of Night, and concludes with The Book of Life.

What is the role of disgust or revulsion in early modern English literature? How did early modern English subjects experience revulsion and how did writers represent it in poetry, plays, and prose? What does it mean when literature instructs, delights, and disgusts? This collection of essays looks at

the treatment of disgust in texts by Spenser, Shakespeare, Donne, Jonson, Herrick, and others to demonstrate how disgust, perhaps more than other affects, gives us a more complex understanding of early modern culture. Dealing with descriptions of coagulated eye drainage, stinky leeks, and blood-filled fleas, among other sensational things, the essays focus on three kinds of disgusting encounters: sexual, cultural, and textual. Early modern English writers used disgust to explore sexual mores, describe encounters with foreign cultures, and manipulate their readers' responses. The essays in this collection show how writers deployed disgust to draw, and sometimes to upset, the boundaries that had previously defined acceptable and unacceptable behaviors, people, and literatures. Together they present the compelling argument that a critical understanding of early modern cultural perspectives requires careful attention to disgust.
