*During the War Between the States, the mountains of North Carolina were a hotbed of internecine strife where the phrase "brother against brother" truly applied. By late 1863, the Confederate government took measures to tighten control of the region, establishing the Western District of North Carolina under command of General Robert Vance, covering the area from the Blue Ridge Mountains westward to the borders of adjacent states. In less than four months, in the largest military operation conducted by the fledgling department, General Vance was defeated and captured during an incursion into East Tennessee. Colonel John B. Palmer, Vance's replacement, had barely taken command at Asheville before Confederate General James Longstreet pulled his army from East Tennessee, leaving the Western District exposed and threatened by the growing Union presence at Knoxville. Palmer travelled to Richmond to plead for more troops, especially an artillery battery, to counter recent Federal raids where he was outgunned by Yankees armed with cannons. The Confederate high command found the Macbeth Light Artillery at Charleston, ordering the unit to Asheville where they arrived late May 1864. Hardened veterans of Second Manassas and Antietam, the Macbeth would see a different face of war in the mountains, fighting a different kind of enemy, often not in any uniform, native Southerners disloyal to the Confederate cause, conscript evaders, deserters, disparagingly called "Tories" and "Homegrown Yankees." This book is a panorama of the mountain war in Western North Carolina and Upper East Tennessee, of raids, skirmishes, and battles where rebel commander John B. Palmer defended the Western District against the likes of the notorious Yankee Colonel, George W. Kirk, and his raiders. The Macbeth Light Artillery is covered in a first book length account within the context of a comprehensive study of military operations during 1864 and 1865 in Western North Carolina and East Tennessee.*

*Explore the possibility of building truly native, cross-platform mobile applications using your JavaScript skill—NativeScript! About This Book Save your marketing time by building for iOS, Android, and Windows Mobile platforms simultaneously Be an ace at utilizing the features of NativeScript and its ability to communicate with each of the host device libraries natively Proficiently, build your fully cross-platform communication application exhibiting the fundamentals of NativeScript Who This Book Is For If you are a JavaScript developer and want to build cross-platform applications, then this book is just the right one for you! What You Will Learn Install and compile your application in NativeScript Get important know-how on the NativeScript project structure Develop and style your screens for multiple platforms Create a full-featured cross-platform communication application Import and use several third-party components Simplify and deal with device resolution and cross-platform issues Test and deploy your application In Detail NativeScript allows you to build a fast cross-platform application that has a native UI. NativeScript is a true cross-platform framework that generates native speed applications using the native components of the host platform, all using JavaScript. Although NativeScript allows you to build your application in JavaScript, you have full access to the host OS from your code, allowing you to easily tweak or use new platform features instantly at native code speeds. Whether you have already developed multiple applications or zero applications, this book will help you to develop your next application in a cross-platform framework quickly, saving you a massive amount of time and money. This book concisely shows you NativeScript's built-in framework that allows you to rapidly develop a fully-working compiled cross-platform application in just a few chapters. It starts by laying the foundation of NativeScript and working through the fundamentals to create a basic shell of the application. Moving on, you'll see how to build a full-fledged application step by step. We'll show you how to use plugins, and how to communicate with the native OS libraries easily so that you can customize your application as if your app was created in Java or Objective C. We then deal with the issues that arise from being cross platform and compensate for the different screen sizes, screen resolutions, and device abilities. Finally, we progress to testing and deploying your app. Style and approach A stepwise guide for building cross-platform mobile applications with the help of easy-to-understand examples.*

*A deeply personal travel memoir that combines alpine adventure, family connections, and spiritual encounters in two very different worlds: a Himalayan village and Vancouver, Canada. In 2012, Michael Schauch and his wife, Chantal, undertook an expedition deep in the Himalaya of northern Nepal, into a remote valley that had been closed off to outsiders for decades. They led a team of artists (a photographer, a musician, and a painter), with the objective of capturing a moment in time through their unique lenses. As a mountaineering fanatic, Michael had a second (and less conspicuous) goal to climb an unknown mountain he had only identified through a photograph. What unfolded in the mountains forced him to question his values and his own identity, and eventually resulted in meeting a little girl, which was the most profound encounter of his life. Little did either know that from that moment they would completely change the trajectory of each other's life. A Story of Karma recounts this journey, and the years that follow as Karma (the little girl), and Michael and Chantal grow their lives together amidst the confusing dichotomies and backdrop of Karma's 17th-century Himalayan village; the impoverished and polluted Kathmandu; and the modern world of Vancouver, Canada.*

An edgy, suspenseful thriller. An unforgettable story. Thriller, mystery, literary fiction. Zahlien Publishing Hardcover 414 pgs. ISBN: 978-0-9908782-0-9 Other versions: Paperback, Kindle, Epub DEATH OF A GURU It's 1992, and not all is paradise on the white sand beaches of Thailand. Magnus Larsen is a young American yearning for home when a strange series of events brings him face to face with a charismatic guru. A dynamic friendship ensues, and Magnus is drawn into an intrigue that exhilarates and terrifies him. Devon Clarke, a man with a tortured past, has reinvented himself as the guru Dadaram, and his plan for his own spiritual redemption is brutal. He uses Anna, a beautiful and obedient devotee, to ensnare Magnus in a scheme that tears his life apart, and leads him on an obsessive, murderous pursuit through the teeming cities of Southeast Asia. A tale of murder and revenge wrapped in layers of mystery, it's also an epic odyssey of the spirit for Magnus, with a shocking conclusion that shakes his life to the core. From the Blue Ink Review: "In this wildly complex and tautly composed thriller set in Southeast Asia, author Doug Greenall marries the ferocious beating heart of Joseph Conrad's Heart of Darkness ... to the exotic plunge into madness found in the 1990's cult classic The Beach by Alex Garland." "A rich, entertaining read ... a book that readers will not easily put down," and a ..shining example of literary brilliance." Lisa Brown-Gilbert, Hollywood Book Reviews (from the 5 Star Review) "A brilliant and complex literary thriller ... DEATH OF A GURU is one that you simply can't miss." Michael Gardiner, Penn Book Review .."a startlingly well-written, fast-paced and exciting novel with a heightened emotional tension and a poetic, noir-like prose that lends the book an ambitious, propulsive pace - not to mention a plot twist that lingers even after the final denouement has played out." From the starred Blue Ink Review United States Copyright Office - Case no. 1-1575257761 Copyright 2014 First printing: February, 2015 Printed in the United States

Get the recipes everyone is talking about in the debut cookbook from the wildly popular blog, Skinnytaste. Gina Homolka is America's most trusted home cook when it comes to easy, flavorful recipes that are miraculously low-calorie and made from all-natural, easy-to-find ingredients. Her blog, Skinnytaste is the number one go-to site for slimmed down recipes that you'd swear are anything but. It only takes one look to see why people go crazy for Gina's food: cheesy, creamy Fettuccini Alfredo with Chicken and Broccoli with only 420 calories per serving, breakfast dishes like Make-Ahead Western Omelet "Muffins" that truly fill you up until lunchtime, and sweets such as Double Chocolate Chip Walnut Cookies that are low in sugar and butter-free but still totally indulgent. The Skinnytaste Cookbook features 150 amazing recipes: 125 all-new dishes and 25 must-have favorites. As a busy mother of two, Gina started Skinnytaste when she wanted to lose a few pounds herself. She turned to Weight Watchers for help and liked the program but struggled to find enough tempting recipes to help her stay on track. Instead, she started "skinny-fying" her favorite meals so that she could eat happily while losing weight. With 100 stunning photographs and detailed nutritional information for every recipe, The Skinnytaste Cookbook is an incredible resource of fulfilling, joy-inducing meals that every home cook will love.

Skinnytaste One and Done

A Story of Karma

**A historical fiction horror epic set in St. Petersburg, Russia against the backdrop of the impending Russian Revolution of 1917. Evoking historical elements of Jack the Ripper and Dracula, The Nosferatu Conspiracy is an atmospheric and action-packed retelling of Rasputin's diabolical influence over the final days of the Romanov Dynasty.**

**Convention has it that Irish immigrants in the nineteenth century confined themselves mainly to industrial cities of the East and Midwest. The truth is that Irish Catholics went everywhere in America and often had as much of a presence in the West as in the East. In Beyond the American Pale, David M. Emmons examines this multifaceted experience of westering Irish and, in doing so, offers a fresh and discerning account of America's westward expansion. "Irish in the West" is not a historical contradiction, but it is — and was — a historical problem. Irish Catholics were not supposed to be in the West—that was where Protestant Americans went to reinvent themselves. For many of the same reasons that the spread of southern slavery was thought to profane the West, a Catholic presence there was thought to contradict it — to contradict America's Protestant individualism and freedom. The Catholic Irish were condemned as the clannish, backward remnants of an old cultural world that Americans self-consciously sought to leave behind. The sons and daughters of Erin were not assimilated, and because they were not assimilable, they should be kept beyond the American pale. As Emmons amply demonstrates, however, western reality was far more complicated. Irish Catholicism may have outraged Protestant-inspired American republicanism, but Irish Catholics were a necessary component of America's equally Protestant-inspired**

**foray into industrial capitalism. They were also necessary to the successive conquests of the "frontier," wherever it might be found. It was the Irish who helped build the railroads, dig the hard rocks, man the army posts, and do the other arduous, dangerous, and unattractive toiling required by an industrializing society. With vigor and panache, Emmons describes how the West was not so much won as continually contested and reshaped. He probes the self-fulfilling mythology of the American West, along with the far different mythology of the Irish pioneers. The product of three decades of research and thought, Beyond the American Pale is a masterful yet accessible recasting of American history, the culminating work of a singular thinker willing to take a wholly new perspective on the past.**

**Shares over one hundred recipes for dishes that are easy to prep, whether for cooking in the oven, on the stovetop or in a slow cooker, including such options as Korean-style beef tacos, pizza-stuffed chicken roll-ups, and peach-strawberry crumble.**

In a hellish city, the fate of a young boy rests on the very thing he fears most... Robbed of his childhood by tragedy and betrayal and forced onto the streets, only fury makes young Ninian feel whole - and in a world of gangs and fae, Ninian is more than willing to fight for his life. But it doesn't take much to topple a life which is already balanced on the edge of a knife. And by the time a desperate Ninian realizes he's crossed the wrong person, it is much, much too late. In his frantic struggle to right his collapsing world, Ninian's furious, bloody efforts are dredging up history he'd rather forget - the past is tired of being held at bay, and even fighting cannot protect Ninian from himself. So when he meets a crimson-eyed stranger, a boy so broken he refuses even to speak, Ninian does not believe he has the capacity to care. He is wrong. And that will change everything...

Relive the legendary first journey into the dystopian future of 2013 where Sentinels stalk the Earth, and the X-men are humanity's only hope.. until they die! Everyone has wanted their favorite book to be real, if only for a moment. Everyone has wished to meet their favorite characters, if only for a day. But be careful in that wish, for even a history laid in ink can be repaid in flesh and blood, and reality is far deadlier than fiction . . . especially on Addington Isle. Winterset Hollow follows a group of friends to the place that inspired their favorite book-a timeless tale about a tribe of animals preparing for their yearly end-of-summer festival. But after a series of shocking discoveries, they find that much of what the world believes to be fiction is actually fact, and that the truth behind their beloved story is darker and more dangerous than they ever imagined. It's Barley Day . . . and you're invited to the hunt. Winterset Hollow is as thrilling as it is terrifying and as smart as it is surprising. A uniquely original story filled with properly unexpected twists and turns, Winterset Hollow delivers complex, indelible characters and pulse-pounding action as it storms toward an unforgettable climax that will leave you reeling. How do you celebrate Barley Day? You run, friend. You run. Jonathan Edward Durham was born near Philadelphia in one of many rust-belt communities where he read voraciously throughout his youth. After attending the College of William & Mary, where he received a degree in neuroscience, Jonathan waded into the professional world before deciding he was better suited for more artistic pursuits. He now lives in California where he writes to bring a unique voice to the space between the timeless wonder of his favorite childhood stories and the pop sensibilities of his adolescent literary indulgences.

Understanding and healing the symptoms of traumatic brain injury.

75 recipes dedicated to making air fryer dinners easier and healthier, from the #1 New York Times bestselling author of The Skinnytaste Air Fryer Cookbook Gina Homolka returns with a must-have collection of deceptively healthy dinners for the beloved air fryer appliance. Air fryers allow you to cook meals with less oil and little clean-up by using hot, well-circulated air to evenly cook and crisp up foods in record time. Just Another Girl on the Road

The Skinnytaste Cookbook

Two years ago, I was congratulating a young Muslimah on her engagement. She was thrilled about starting married life and you could see the happiness emanating from her as everyone gave her their best wishes. A few months later, I could tell something was wrong. After some cajoling, she shyly admitted the truth. Her sex life was horrible. In fact, it was fast becoming non-existent. She had been a model Muslimah her entire life. Before marriage, she had never so much as held a non-mahram's hand, let alone become physically intimate with one. She had eagerly looked forward to marriage as a chance to finally indulging in all the physical intimacy she had postponed for the sake of Allah. But it wasn't working. Coming from the medical field, she knew all the relevant biology. She could draw and label all the parts of male and female anatomy. She had taken fiqh classes and knew the legal rulings of menstruation and intercourse. But she didn't know sex. Oh, she knew the mechanics. Insert penis into vagina. Climax. Withdraw. But she didn't know how to make her husband yearn for her in bed. She didn't know what he liked. She didn't even know what she liked! They had begun eagerly but after a few weeks, realized that neither of them was truly enjoying having sex with each other. And so began my impromptu sex skills workshop. I threw at her all the information I'd gathered over years of marriage. Things I'd learned from experience, tidbits I'd gleaned from friends, tips I'd picked up from magazine articles. One thing here, two things there. All those bits had accumulated into a very healthy and robust sex life between me and my husband. I gave her everything, fervently hoping that it would help her in her marital life. A month later, I saw her again. This time she had a gigantic smile on her face. "Please, write this down and share it with other Muslim girls. No one teaches this. We're thrown into marriage and only know the fiqh and the biology." I wrote down everything I told her on a Word document and emailed it to her. She shared it with her friends who were newly married. They shared it with their friends. Before long, word trickled back to me that people were asking me to write a book on the subject. So here it is.

Lola Harris, a gutsy twenty-year-old accustomed to surviving on her own, returns to the ramshackle house of her childhood in the tiny Western Australian Wheatbelt town of York to attend her foster mother's funeral. Once there, she's quickly pulled back into her old life through the familiar surroundings and the town rebel she once loved. When a parting gift from her foster mother reveals clues to a long-forgotten murder, Lola begins to piece things together, discovering truths that make her question everything. Desperate to keep the only home she's ever known, Lola must unravel the truth about York, about her foster mother's past, and above all, about herself.

Summer 1944: Stranded behind enemy lines in France, eighteen-year-old Katrinka Badeau escapes German deserters with the help of Major Willoughby Nye. Once an employee on her father's merchant ship, Nye is now part of an undercover Jedburgh operation, working for the Allies. When he offers her a job on his team, she accepts. Her work throws her together with Sergeant Wolfe Farr, the team's tough-talking radio operator, and they embark on an intense love affair. But Katrinka is not prepared to accept Wolfe's plans for the future. And her love for Nye, which has evolved from an adolescent crush to that of a young woman, still endures. With the liberation of France, both men are sent to the Far East. Realising what she has lost, Katrinka joins a small entertainment troupe, and sets out on an arduous journey around the world to find Wolfe. But when the three are finally reunited, which love will withstand the test of time? Praise for *Just Another Girl on the Road*: "Difficult history, abuse, war and love combine in this emotional examination of the end of World War II... A deep, evocative read ...inventive, finely-woven and captivating." – IndieReader "Well-plotted and often exciting... An informed, imaginative tale that adds some romance to a well-researched war story." – Kirkus Reviews

Publisher Annotation: For your Instant Pot, electric pressure cooker, air fryer, slow cooker, multi-cooker, Dutch oven, sheet pan, skillet, and more--140 healthy and delicious recipes that are big on flavor and low on calories and cleanup. 304pp., 500K.

An air fryer appliance uses high-powered, super hot, circulating air like a convection oven. It crisps up your favorite "fried" foods with barely any oil needed. Cook times are shorter than traditional oven methods and the process requires little clean-up. Homolka shares recipes that work in every type of air fryer, including basket models and countertop ovens with air fryer settings. You'll of course find crave-worthy recipes for traditionally fried foods, as well as some that will show how versatile the appliance can be. Many dishes are vegetarian, gluten-free, and keto-friendly. -- adapted from information provided

Sue Polanka brings together a variety of professionals to share their expertise about e-books with librarians and publishers. Providing forward-thinking ideas while remaining grounded in practical information that can be implemented in all kinds of libraries, the topics explored include an introduction to e-books and their different types, an overview of their history and development, e-book technology, why e-books are good for learning, and how librarians can market them to a wide range of users.--[backcover]

*"Why do we read stories!" yawned the I-am-not-sleepy little girl. Her grandmother asked back, "Why do you think? The characters? The worlds they create? Maybe as a way to escape?" "Yes," she replied through eyes full of sand. "Yes, all of that. And ..," " ... and we see our Self in the tale," her grandmother said like she knew it well. "We seek ourselves in who we meet, and choose which bits to lose and keep." So begins bedtime, as a grandmother reads her granddaughter the story she most loves to tell. The story of a girl who leaves home to seek a bigger world, meets three allies along the way, and travels a road much different than what she expected. Sound familiar?*

*Step into a story Morgan Llywelyn calls, "unlike any other yet hauntingly familiar. Both intimate and universal. Shimmering with magic to excite the senses." In verses charmingly brought to life in 29 full-page watercolor illustrations by Angel Dominguez, The Girl Who Wrote Her Own Fairytale wants to entertain, intrigue and empower readers of all ages, throughout the ages.*

*çed dreams of escaping the misery of the Maze, the dismal city of his birth, but his love for his makeshift family--his partner, Ninian, and an orphaned boy named Ronan--compels him to stay. When a crushing tragedy forces a new beginning, çed determines to break out of the Maze once and for all--but not before deeply buried secrets flare up with formidable consequences. formidable consequences.*

*When the Troubles broke out in Northern Ireland in the late 1960s, the Irish political party Fianna Fail was hopelessly ill-prepared for the ensuing crisis. Between the emotive years of 1969 to 1971, Fianna Fail was brought face to face with one of its most blatant contradictions: the gap between the party's habitual pronouncements of its desire for a united Ireland and the reality that the party could offer no practical solutions to deliver this objective. Why had this gap developed? This question and many more are answered in this book, tracing the historical reasons for why Fianna Fail failed to devise a realistic and long-term Northern Ireland policy from 1926 to 1971. As violence engulfed Northern Ireland by the late 1960s, the book explains why so many within Fianna Fail believed that the use of physical force represented official Irish government policy. It also analyzes Fianna Fail's relationship with Ulster Unionism and northern Nationalism, exposing the party's long held apathy for both political movements. Significantly, the book is an examination of Fianna Fail's attitude to partition and Northern Ireland, from cabinet level to the party's rank and file.*
