2019 Outreach Magazine Resource of the Year: Apologetics • 2018 The Gospel Coalition Book Award: Evangelism & Apologetics *Apologetics at the Cross* describes a much-needed approach to defending Christianity that uses Jesus as a model and the letter of 1 Peter as a guiding text. This is a guidebook for how to defend Christianity with Christ-like gentleness and respect toward those who persecute the faith, making you a stronger witness to the good news of the gospel than many other apologetics books that focus on crafting unbreachable arguments. Joshua D. Chatraw and Mark D. Allen first provide an introduction to the rich field of apologetics and Christian witness, acquainting students and lay learners with the rich history, biblical foundation, and ongoing relevance of apologetics. Unique in its approach, *Apologetics at the Cross: Presents the biblical and historical foundations for apologetics. Explores various contemporary methods for approaching apologetics. Gives practical guidance in "how to" chapters that feature many real-life illustrations. But their approach pays special attention to the attitude and posture of the apologist, outlining instructions for the Christian community centered on reasoned answers, a humble spirit, and joy; rather than anger, arrogance, and aggression. Chatraw and Allen equip Christians to engage skeptics with the heart as well as the mind. Conversational in tone and balanced in approach, Apologetics at the Cross provides a readable introduction to the field of apologetics. You'll be informed and equipped for engaging a wide range of contemporary challenges with the best in Christian thought.*

Knight's Notes is a collection of twenty-five lessons on the apologetics of Isaiah. What did the prophet Isaiah believe about apologetics? Included are questions and answers in each chapter. Some sources used to draw from expert theologians. This volume may be helpful for personal devotions, home Bible studies, Sunday School, and behind the sacred desk.

How can you improve your effectiveness as teachers? Essentially, it is by imitating THE GREAT TEACHER: Jesus Christ. You may wonder, 'But how can we imitate Jesus?' 'He was the perfect, divine, Son of God.' Admittedly, you cannot be a perfect teacher. Nevertheless, regardless of your abilities, you can do your best to imitate the way Jesus taught. THE GREAT TEACHER: Jesus Christ will discuss how you can employ all of his teaching methods. When it comes to teaching, genuine Christians have a special responsibility. We are commanded to "make disciples of all nations . . . , teaching them." [Matt. 24:14; 28:19-20; Ac 1:8] Within the congregation, Scripturally qualified men are to serve as "shepherds and teachers," to build up the body of Christ (congregation). (Eph. 4:11-13) 'Women work together with men in spreading the good news.' (Phil. 4:2-3, CEV; Ac 18:26) All of us are urged to encourage fellow believers, and we can heed that admonition by using the Bible to build up others. (1 Thess. 5:11) All of us can share in saving some fellow brothers or sisters who may have begun to doubt. (Jude 1:3, 22-23) All of us are obligated to defend the truth. (1 Pet 3:15) What a privilege it is to be a teacher of God's Word and to share spiritual values that can have long-lasting benefits!

Many people see Mormons as just another branch of the Christian church, and to be admired, perhaps, for their family life, morality and upright culture. But the theology and spirituality of this cult are very far from an orthodox biblical understanding of true saving faith. And yet Christians are often fearful of engaging in conversations about the gospel with Mormons, knowing that there are suspicions and complex issues that lie beneath the surface. This short book is designed to help both Christians and whole churches to understand more about the beliefs, mindset and motivations of those who are members of the Church of Jesus Christ of the Latter Day Saints (Mormons), and to reach out to them with the good news of the gospel. Written at a level that everyone can understand, this book emphasizes the importance of forming loving, honest and open relationships as part of the way we engage with our Mormon friends and neighbors, and with those who may come knocking at our doors.

Dry, offbeat, and mostly profane, this debut collection of humorous nonfiction glorifies all things inappropriate and TMI. A compendia of probing essays, lists, profiles, barstool rants, queries, pedantic footnotes, play scripts, commonplace miscellany, and overly revealing memoir, How to Be Inappropriate adds up to the portrait of an artist who bumbles through life obsessed with one thing: extreme impropriety. In How to Be Inappropriate, Daniel Nester determines the boundary of acceptable behavior by completely disregarding it. As a twenty-something hipster, he looks for love with a Williamsburg abstract painter who has had her feet licked for money. As a teacher, he tries out curse words with Chinese students in ESL classes. Along the way, Nester provides a short cultural history on mooning and attempts to cast a spell on a neighbor who fails to curb his dog. He befriends exiled video game king Todd Rogers, re-imagines a conversation with NPR's Terry Gross, and invents a robot version of Kiss bassist Gene Simmons. No matter which misadventure catches their eye in this eclectic series of essays, How to Be Inappropriate makes readers appreciate that someone else has experienced these embarrassing sides of life, so that they won't have to.

Christians should always be ready to present the reason for the hope that we have in Christ. However, this is completely different than attempting to win people with arguments and words. What we often fail to remember is that the Holy Spirit is deeply involved in the process of saving souls. We need to rely less on ourselves, and more on Him. Either He opens eyes, or He does not. Debate often does nothing, except create pride and a false sense of being right, when the "winner" of the debate might be bathed in error. Presenting the Truth in love is what we - as authentic Christians - are commanded to do. Debating does not usher people into the Kingdom of God. The Holy Spirit does that. Our job is to tell them the truth, whether they listen or not.

Increasingly, Western culture embraces confusion as a virtue and decries certainty as a sin. Those who are confused about sexuality and identity are viewed as heroes. Those who are confused about morality are progressive pioneers. Those who are confused about spirituality are praised as tolerant. Conversely, those who express certainty about any of these issues are seen as bigoted, oppressive, arrogant, or intolerant. This cultural phenomenon led the compilers of the Oxford English Dictionary to name "post-truth" their word of the year in 2016. How can Christians offer truth and clarity to a world that shuns both? By accurately describing the Culture of Confusion and how it has affected our society, author Abdu Murray seeks to awaken Westerners to the plight we find ourselves in. He also challenges Christians to consider how they have played a part in fostering the Culture of Confusion through bad arguments, unwise labeling, and emotional attacks. Ultimately, Saving Truth provides arguments from a Christian perspective for the foundations of truth and how those foundations apply to sexuality, identity, morality, and spirituality. For those enmeshed in the culture of confusion, the book offers a way to untangle oneself and find hope in the clarity that Christ offers.

This is one man's journey to discover the truth about the Bible. Terry Read grew up in a Christian household and went to church. But Terry did not live in a bubble. Terry watched documentaries, read magazines, read encyclopedias, and went to public school. Terry knew that what he was learning about "science" from all of these other sources did not mesh with the Bible. Terry tried to make the two world views fit together somehow. But Terry discovered another option that he had never been taught--that a person could believe the Bible as it reads. The Bible does not contradict good science. Terry studied this. He learned that the biblical world view is actually the only world view that is consistent with even doing science. Terry's discovery was such great news to him that he wanted to share it. He knew that other people would be happy to hear this message. He knew that whether or not they admitted it, other people were doing mental gymnastics as he had done to make the Bible fit the "science." Terry could see the devastation brought on society because people do not believe the Bible. But when Terry tried to share his discovery, he became frustrated. The reason Terry had so much consternation was the unexpected source of the frustration--church leadership. Church leadership was actually afraid to share this message that people really can believe the Bible! This book document's Terry's struggles and tells what you can do.

The Bible is a cobbled-together selection of ancient writings that have been changed so many times by so many people over hundreds of years that surely the text can no longer be trusted - right? Certainly, there are plenty of people who take this view. Timothy Paul Jones here addresses the fact that the Bible is a difficult book to believe. It is full of incidents that seem highly improbable, if not impossible. Written for people who are sceptical of its accuracy, and of its authority, this book takes a reasonable look at the claims made about the Bible.

Where Is God in All the Suffering?

Christian Witness in a Postmodern Context
Will I Go to Heaven?

A faithful Lutheran scholar of "Old Missouri" (Lutheran Church-Missouri Synod) Surburg exposes the errors of those who attack the inerrancy of the Bible, the Genesis account of creation, and the historicity of Christianity. According to him, evolution is not a factual science. Surburg responds to atheists and skeptics who reject Christianity. He comments on the evolutionary speculation of the origins of languages. Exposes the defective theology of C. S. Lewis, Jaroslav Pelikan, and others. Surburg shows that Dietrich Bonhoeffer rejected the resurrection of Jesus Christ, the cornerstone of the Christian faith. This volume has articles on the Quran, Zoroastrianism, the Trinity, the Jerome Biblical Commentary, the New Catholic Encyclopedia, and traditional Roman Catholic ethics versus historical Lutheran ethics.

The modern apologetic enterprise, according to Myron Penner, is no longer valid. It tends toward an unbiblical and unchristian form of Christian witness and does not have the ability to attest truthfully to Christ in our postmodern context. In fact, Christians need an entirely new way of conceiving the apologetic task. This provocative text critiques modern apologetic efforts and offers a concept of faithful Christian witness that is characterized by love and grounded in God's revelation. Penner seeks to reorient the discussion of Christian belief, change a well-entrenched vocabulary that no longer works, and contextualize the enterprise of apologetics for a postmodern generation.

Suffering and evil affect us all, both at a general level, as we look at a world filled with injustice, natural disasters and poverty, and at a personal level, as we experience grief, pain and unfairness. And how we think about and process the reality of pain is at the heart of why many people reject God. Dr. Amy Orr-Ewing is no stranger to pain and gives a heartfelt yet academically rigorous examination of how different belief systems deal with the problem of pain. She explains the unique answer that is found in Christ and how he can give us hope in the reality of suffering. This empathetic, easy-to-read and powerful evangelistic book is good for both unbelievers and believers alike. It will help those hoping to answer one of life's biggest questions as well as those who are either suffering personally or comforting others.

Apologetics? What is that? Isn't that for theologians and pastors? These are the rebuttals one might receive when encouraging Christians to learn and engage in apologetics, the defense of the Christian faith. This book isn't about apologetics per se. Instead, it reviews the many benefits for Christians engaging in apologetics and learning about it. Dr. Almodovar reviews what aspects of the field helped strengthen her own faith and brought excitement in bringing the good news of the forgiveness of sins through Jesus Christ as she spoke with those who aren't Christians. Over the past years, Dr. Almodovar has actively engaged in encouraging Christians to actually do apologetics and many have come back to her saying it not only helped them answer the questions of non-believers but strengthened their own faith knowing now the great amount of evidence there is for the Christian religion. If you've never engaged in defending the faith, now is the time to learn how it will benefit you in your walk with Christ and perhaps excite you to dig a little deeper so you too can answer their questions about Jesus, his life, death, and resurrection for the forgiveness of all our sins.

The word apologetics can be intimidating. Some Christians wonder if we're apologizing for what we believe and others may think apologetics is only about arguing with others. This book aims to change those false perceptions. Written in clear and concise language, the hope is that you will walk away from this text not only being able to define Christian apologetics but with a desire to share the Good News as we're mandated by Scripture to do in 1 Peter 3:15. If you're new to apologetics, you'll learn the basics of how and why we are called to defend the Christian faith, and if you're already familiar with apologetics, you will be filled with a renewed sense of urging that churches should incorporate apologetics into what they offer their congregations. This book also includes a helpful glossary and a list of resources for further reading.

In his well-received Christless Christianity Michael Horton offered a prophetic wake-up call for a self-centered American church. With The Gospel-Driven Life he turns from the crisis to the solutions, offering his recommendations for a new reformation in the faith, practice, and witness of contemporary Christianity. This insightful book will guide readers in reorienting their faith and the church's purpose toward the good news of the gospel. The first six chapters explore that breaking news from heaven, while the rest of the book focuses on the kind of community that the gospel generates and the surprising ways in which God is at work in the world. Here is fresh news for Christians who are burned out on hype and are looking for hope.

Much of the New Testament was written in urban settings, in which the Christian communities had to deal head-on with issues such as race, equality, justice, sexuality, money, and economics. But much of today's apologetics (engagement with the questions that people are asking about Christianity) come from suburban churches and academic studies. Urban believers—those who live and minister in America's inner cities—often face unique issues, not often addressed by the larger Christian community. These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life. Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training. In Urban Apologetics, he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities—such as poverty, violence, and broken families. He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides.

Secular historians are interested in the wider impact of Puritanism in Anglo-American history. They are interested in Puritan theology only insofar as this theology explains the origins of Puritanism's wider impact.

The gospel really is the best news anyone will ever receive. So why do Christians shy away from talking about Jesus outside of church? And, when they do speak of Jesus, why do they often get a disinterested or scornful response? Mack Stiles offers a wealth of answers, ideas and stories in this heads-up, hands-on evangelism handbook. His creative strategies for reaching an ethnically, culturally, economically, educationally, geographically and ideologically diverse world with the best news ever are drawn directly from his own work as an evangelist in today's student world. In Speaking of Jesus he shows readers how to keep their eyes open for "divine appointments," how to approach others with a servant spirit, how to cross relational barriers, how to simply tell one's own story of faith, and how to answer questions with honesty and confidence. Speaking of Jesus may well be an Out of the Saltshaker for the 1990s and beyond. With contagious enthusiasm, Stiles stresses that evangelism isn't about exhibiting superhuman courage or perfecting specialized techniques or exercising extraordinary gifts. Instead, he shows that people of faith can use everyday situations and everyday language to pass on the simple--and simply wonderful--news about Jesus.

This book claims that the God of the Bible is the true God and that we are all his children. He has prepared heaven as a place for his children to spend eternity. The text explains how you can be assured that you can enter Heaven.

Fear, uncertainty, intimidation. These are some of the common responses that prevent Christians from telling the gospel to others. In "Telling the Good News" you will gain a growing confidence to tell the gospel to those around you. Through studying the theology of the gospel and learning practical methods your hunger to tell others will increase.

An introduction to what Jewish people believe and how Christians can reach out to them with the Gospel Many Christians are fearful of engaging in conversations about their faith with Jewish people—knowing that there are complex issues and suspicions that lie deep beneath the surface.

And yet there are many points of contact, and much common ground. This short book is designed to help both Christians and whole churches understand more about the variety of Jewish people we might work with, meet or know, and to reach out to them with the good news of the gospel. Written at a level that everyone can understand, this book emphasizes the importance of forming loving, honest and open relationships as part of the way we engage with our Jewish friends. Former Gay Activist Paves the Way to Peaceful Conversation Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age. There's no escaping the inevitable conversations--so how does a Christian respond with love and biblical truth without adding fuel to the fire? Drawing on nearly thirty years of counseling people struggling with homosexuality, former gay activist Joe Dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality. He helps readers understand the views of LGBT people they may know and respond with clarity, confidence, and compassion. He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points, dialogue, approach, and tone, and even provides sample dialogue. Anyone who has been searching for ways to have productive, loving conversations surrounding this critical topic will find this incredible resource a must-have. "At one time or another every twenty-first-century Christian is likely to be confronted about his or her views on homosexuality. But how can we approach this challenging issue in a way that faithfully reflects Jesus's heart and mind? Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth."--Jim Daly, president, Focus on the Family "I've often said no one understands the subject of same-sex sexuality better than my friend Joe Dallas. This book, his best yet, only confirms my conviction. I'm not speaking merely of Joe's formidable knowledge of truth, but also the wisdom of its application through crystal-clear and concise communication. In the wake of the June 2015 US Supreme Court's redefinition of marriage, Speaking of Homosexuality will equip you to engage a topic that is foundational to human civilization."--Hank Hanegraaff, president, the Christian Research Institute; host of the Bible Answer Man broadcast "Speaking of Homosexuality is one of the most clear and informative books on the subject. Dallas responds to the most common Revisionist arguments with clarity, but also genuine kindness. If you want one book to offer biblical and historical truth about homosexuality, but also how to lovingly put that truth into action, then you won't find a better book."--Sean McDowell, PhD, professor of Christian apologetics, Biola University; author, Same-Sex Marriage and Apologetics for a New Generation "In answer to the urgency of our world's current situation, Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies. Speaking of Homosexuality is essential for every person in need of answers for themselves, a family member, or a friend struggling with same-sex attraction."--Joni Lamb, cofounder, Daystar Television Network "There is no question that one of the most difficult issues facing the church today is the subject of homosexuality. But God didn't leave us in the dark on the topic of human sexuality. He gave us clear directives for this part of our lives so that we might experience the abundant life He promises. But speaking those guidelines to a confused church and a hardening culture isn't easy. No one does it better than Joe Dallas. Like no other voice I hear, Joe both lives and ministers with that continual balance of truth and love on this most contentious topic. In a day where Christians are growing more silent, we need a book like this to teach us how to winsomely engage while never retreating from God's protective Truth. This is a must-read for the church today!"--Janet Parshall, nationally syndicated talk show host

For centuries the moral argument—that objective morality points to the existence of God—has been a powerful apologetic tool. In this volume, David and Marybeth Baggett offer a dramatic, robust, and even playful version of the moral argument, showing that it not only points to God's existence but that it also contributes to our ongoing spiritual transformation.

R. C. Sproul surveys the history and fundamentals of apologetics to show that reason and scientific inquiry can be strong allies in defending the existence of God and the authority of the Bible.

The Apologetics of Isaiah, Part One

An Unexpected Journal: Dystopia

Apologetics is the art of understanding the Good News, and explaining it to others. Many Christians are lost, without an understanding of the Gospel, even though they claim to fully understand it. It is the duty of all Christians to properly understand the Gospel (good news) and once understood, to explain it to others so that they may participate in the new Covenant offered by Christ. Most Christians already participate in the Gospel, but many who think they know the Gospel are completely mistaken, and do not participate in the one Church established by Christ. They are cut off from the Body of Christ. Please reach out and help your lost brothers and sisters - How? In this book we present the method for practical Apologetics, as well as initial resources to help understand and deliver the facts of Christianity to Christians.

Theologian and jazz pianist William Edgar places jazz within the context of the African American experience and

explores the work of musicians like Miles Davis and Ella Fitzgerald, arguing that jazz, which moves from deep lament to inextinguishable joy, deeply resonates with the hope that is ultimately found in the good news of Jesus Christ.

For the average Christian who longs to share their faith effectively but doesn't know where to begin, **Every Believer Confident** is the ultimate guidebook. All believers are called to make disciples and "give an answer" when objections are raised against the faith. Most Christians want to share and defend their beliefs, but they often feel ill-equipped. They desire to reach friends, family, coworkers, and classmates with the good news of Jesus Christ, but lack confidence and skill. They want to be like Jesus and effectively engage the lost with the powerful truth of the gospel. They just don't know how. What's needed is a way to simplify apologetics and make it accessible to the average church member who will never study philosophy or science. If every church member was indeed a skilled evangelist, churches would not have to depend on come-and-see events to reach the community, because every member would be practicing the go-and-tell approach Scripture assumes. **Every Believer Confident: Apologetics for the Ordinary Christian** simplifies the basic principles of apologetics and provides effective strategies for use in actual encounters with unbelievers. It provides a structure whereby any Christian can engage anyone they meet, move the conversation to spiritual matters, answer objections raised against the Christian faith, and present the gospel of Christ in all its glory and rationality.

I believe the reason many in the media, in academia and in politics have not accepted the gospel is we as Christians have not explained the gospel to them in a manner that makes sense. If people understood the gospel they would receive it. When the gospel message is understood, they would like it because it is good news that brings happiness to a hopeless soul. The central goal for Christian Apologetics is most purely stated as handling objections and further honest objections standing in the way of individuals coming to faith. In this compact book designed concisely for busy people who need solid answers about the Christian belief system one will come away with solid answers and with the awakening of logical and critical thinking regarding biblical claims. Disciplines such as Archeology, History, Astronomy, Jewish Studies and Natural Sciences are separate disciplines that support bible claims and when explored give peace of mind to adherents of Christianity but also to those of other belief systems who seek an objective scholarly study of the Christian Bible. Apologetics which means a defense of the faith, to defend a position, to persuade, providing evidence sufficient to bringing a trial from an arraignment stage to a full blown trial, which was recorded by the Apostle Peter and engaged by the Apostle Paul, in a literal sense when he stayed in Corinth for a year and a half just to teach, to reason with and to answer questions for the Corinthian believers and seekers who had honest questions. The Apostle Paul also engaged apologetics when persuading King Agrippa and Festus. The great Apostle Paul knew by the leading of The Holy Spirit when to preach, when to teach and when to sit with people and when to answer their questions so that the barriers to their believing would be removed. See Acts 18:11 which records "So Paul stayed in Corinth for a year and a half, teaching them the word of God." I believe the reason many in the media, in academia and in politics have not accepted the gospel is we as Christians have not explained the gospel to them in a manner that makes sense. If people understood the gospel they would receive it. You are in for a treat and instant growth just by reading this 103 page book. The contents are concise but derived from a first year seminary level course in Christian Apologetics formatted for a busy person to read in short bites. You wont be the same. God Bless You.

Take a journey from doubt to belief It can be hard to share your faith with others, especially when people can't agree on whether there is even any actual truth. With that in mind, Chad Meister has developed a simple, logical way for you to help others move past relativism to a place where Christian belief makes sense: the Apologetics Pyramid. In **Building Belief**, Meister leads you up each step of the pyramid, beginning where many find themselves today--doubting if anything is really true. From there, he powerfully builds a case for absolute truth, the existence of God, universal morals and values, the reliability and divine inspiration of the Bible, the resurrection of Christ, and ultimately, the good news that Jesus is the Son of God who offers salvation to the world. "Join Chad Meister in this concise, clear, and compelling book as he builds a persuasive case for the truth of Christianity."--Lee Strobel, author, *The Case for Christ* and *The Case for Faith* "An excellent book to lead earnest enquirers from doubt to conviction about the basic truths of the Christian faith."--Norman L. Geisler, dean, Southern Evangelical Seminary and Bible College "Chad Meister is a force to be reckoned with, and this delightful little book is a timely resource to be studied by Christians and given to non-Christians."--J. P. Moreland, distinguished professor of philosophy, Talbot School of Theology; author, *Love Your God with All Your Mind* "Building Belief is thoughtful, fresh, and full of personal and practical illustrations. Meister strikes just the right balance, providing a model for how apologetics ought to be done."--Paul Copan, Pledger Family Chair of Philosophy and Ethics, Palm Beach Atlantic University "Meister offers both the tools and the method for making discussions with skeptics more fruitful."--Jay W. Richards, research fellow, Acton Institute; coauthor, *The Privileged Planet*
