

## Appia

*Adolphe Appia swept away the foundations of traditional theatre and set the agenda for the development of theatrical practice this century. In Adolphe Appia: Texts on Theatre, Richard Beacham brings together for the first time selections from all his major writings. The publication of these essays, many of which have long been unavailable in English, represents a significant addition to our understanding of the development of theatrical art. It will be an invaluable sourcebook for theatre students and welcomed as an important contribution to the literature of the modern stage.*

**Starting in Rome, the Appian Way takes travelers back to 312 BC. The Via Appia wends pasts the churches, tombs, catacombs and other monuments that dot the landscape. The view changes with the seasons, exploding in spring with purple wisteria and verdant year-round with tall cypress trees. Pass through the ancient wall of Rome and explore this ancient road with the full-color photos in Along the Via**

"Directing Poiesis" grows out of the theatre's need to develop and to formulate a poetics of theatre directing, applicable to all forms of theatre art. Since it is a relatively new phenomenon in the history of theatre, there are many views of what is the essence, nature and meaning of directing. This study addresses these questions from both theoretical and practical perspectives, and explores the expression of the director's individuality, imagination, and fantasy. Under this paradigm, the director is considered to be a theatre artist par excellence, and a true poet of the theatre. In this study, directing is recognized as an authorial art and act, and is considered to be the Alpha and Omega of the theatre.
