accounting standards. IAS 32 and 39 are the most complex. Applying International Financial Reporting Standards: Financial Instruments breaks down the intricacies of IAS 32 and IAS 39 into a step-by-step approach, explaining the requirements of the standards and how to apply them. Worked examples throughout cover a range of possibilities from straightforward situations to complex issues encountered by multinational enterprises. Vital areas covered include: how to classify financial assets into the four types defined by the standards, and what
